AYER'S SARSAPARILLA,
A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will a complish this cure must be of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—
Scrofula and Scrofulous Complaints, Eruptions and Eruptive Diseases, Ulcers, Pimples, Blotches, Tumors, Salt Rheumm, Scald Head, Syphilis and Syphilitic Affections, Mercurial Disease, Dropsy, Neuralgia or Tic Douloureux, Debility, Dyspepsia and Indigestion, Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity of the Blood.
This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud.—Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores;—cleanse it when you find it is obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.
Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it contain but little of the virtue of Sarsaparilla, or anything else.
During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Aence bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly suspected, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have grounds for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.
PREPARED BY
DR. J. C. AYER & CO.,
LOWELL, MASS.
Price, $1 per Bottle; Six Bottles for $5.

Ayer's Cherry Pectoral
Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills.
FOR THE CURE OF
Costiveness, Jaundice, Dyspepsia, Indigestion Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Worms, Gout, Neuralgia, as a diuner Pill, and for Purifying the blood.
They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.
Price, 25 cents per box; five boxes for $1.
Great numbers of Clergymen, Physicians, Statesmen and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agent below named furnishes gratis our Ameritan Almanac, in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.
Do not be put off by unprincipled dealers with other preparations they make more profit on.—Demand AYER's, and take no other. The sick wan the best aid there is for them, and they should have it.
All our remedies are for sale by W. R. Preston, Portsmouth, and by all druggists and merchants in the civilized world. 6m—je14

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her
SOOTHING SYRUP,
For Children Teething.
Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay All Pain and spasmodic action and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS
We have put up and sold this article for over ten years, and *can say, in confidence and truth,* never been able to say — NEVER HAS IT GLE INSTANCE, when timely used. Never instance of dissatisfaction used it. On the contrary, all are delighted with its operations, and recommendation of its marvelous virtues. We speak, in this matter, "*what we know,* after ten years experience, and *pledge our reputation for the here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.
This valuable prepa tion is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success,* in THOUSANDS OF CASES.
It not only relieves the child from pain, but it invigorates the stomach and bowels, corrects, acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, AND WIND COLIC, and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and SUREST REMEDY IN THE WORLD IN ALL CASES OF DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own prejudices, or the prejudices of others,* stand between your suffering child and the relief that is SURE — yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper. Sold by Druggists throughout the world. Principal Office, No. 13 Cedar st. New York
Price only 25 cents per bottle.

Morning Chronicle.

Portsmouth, N. H.

MONDAY, SEPT. 19, 1859.

☞ Not many days ago, we published a little article on the Virginia Searching of vessels for runaway slaves,—on which among other things the Gazette says:—

In what particular manner the Chronicle would have us refuse to 'submit to the law' in question, we do not understand. Shall we declare war against Virginia, because she will take care that her negroes are not carried away in our vessels? or shall we divide the Union, or turn Virginia out of the Union. None of these causes could cure the evil complained of, unless we suppose the glorious Old Dominion fairly subdued by the force of our arms, and reduced to the condition of a conquered province. We are not perfectly sure that we should be sorry to see some of our fanatical Union haters personally engaged in this doughty undertaking.

We have no proposition whatever;—and the article happened to be from a correspondent, tho' it did not appear so, as this signature was carelessly omitted,—the last paragraph being written with the term I, saying "I subjoin," &c.

There *is* no way, that we *see*, to refuse, and if the case were our own, we should pay the bankrupt chivalry their five dollar search tax, with the same grace with which we pass the money to any huckster who swindles us out of a ten cent piece.

The search clause is doubtless necessary, as the Gazette suggests, to the safety of the property in men and women, down that way,—but the vessel in question happens to belong in *Maryland*. And so one slave state happens to tax another, in this case.

The evil, so far as we see, can't be cured, while slavery lasts—and this $5 negro search tax, is one of the ways in which the North has something to do with slavery.

WHO? WHO?—The Manchester American says the question, who is responsible? is asked frequently in regard to the destruction of property in the houses of ill repute in that city, and then answers as follows:

"Of course the members of the City Government dare not assume the the authority to pay the liability. If the question becomes a legal one, we are informed by high authority that the uses of the property at the time are to be investigated before a jury. It is not difficult to foresee what their decision would be."

Whatever the result there may be, as to *payment*, the event is a natural chapter in the history of drinking and gambling dens, and of a state of society that tolerates such holes.

☞ A valued and well-meaning cotemporary has been very severe upon Elder Himes and his course in reference to the Advent Camp Meeting prosecution case.—We regret this, because we deem the Ballot's course as tending to subvert justice and private rights, and to encourage the spirit of mobs and rowdyism. Elder Himes certainly had the right to get up a meeting, so long as he disobeyed no law or gospel; and of course all laws made in reference to such gatherings are to *protect them*, not to furnish instruments of annoyance, or disturbance, or interruption. No sound law, because no justice, could interfere with the arrangements of such a meeting, unless illegal in themselves. Elder Himes had as clear a moral and legal right to sell a song book in his tent, as the editor of the Ballot has to sell a copy of his paper in his own office; and the offender in the case had not and could not have either, unless derived from the managers of the meeting. The whole case turns upon the difference between sound law, justice, right—and pettifogging. The law restraining the selling of articles in or near the camp-ground, could by no fair construction be made to refer to the *managers* of that meeting any more than to the regular occupants of permanent houses or shops situated near it; or than the peddler law could be applied to one member of a household exchanging articles with another.

NEW ERA IN STEAM.—The steamer Guatemala, from New York to Panama, was sixty-three days at sea, travelling 11,000 miles exclusively under steam, without touching at any port for coal, thus conclusively proving the competency of steamships to accomplish long sea voyages without the necessity of coaling on the way. The Guatemala is a vessel of about 1250 tons.

TIPSY WIT.—Sheridan was staggering home one night, when he was observed by a policeman, to whom he observed confidentially: "My name is Wilberforce—I am a religious man—don't expose me."

The wit here consisted in telling a mischievous lie, bearing false witness against his neighbor.

☞ That we may understand the price of bread in Ireland, a gentleman cuts the following item from a Belfast paper.

Weight of Bread at E. Crawford's Bakery, 167 and 169 North street.

4 lb. Household Loaf,	5 1-2d. or 11 cts.
4 lb. Superfine do.,	6d. or 12 cts.

Belfast, Ireland, Aug. 24th, 1859.

A WOMAN KILLED BY HER HUSBAND'S FOLLY.—We learn from the Traveller, that a man and wife, named Davis, from the South, have been stopping lattely at Natick, Mass. The gentleman bought a horse and carryall, that he might drive around the neighboring country at pleasure. Friday evening as the 5 1-2 o'clock steamboat train from Boston for New York, was approaching the crossing at the depot, Mr. Davis drove up. The train never stops at Natick, but goes right through at a good travelling rate. The flagman was waving his flag, almost under the horse's nose; several gentlemen were shouting to Mr. Davis to stop; but after a single glance at the approaching train the gentleman jerked the rains forcibly down on the horse's back—the flagman had to spring out of the way or be injured—and the horse dashed ahead across the track.

Mrs. Davis was on the back seat, and Mr. Davis on the front seat. The horse and front wheels of his carryall escaped, but the cowcatcher of the engine struck the hinder axletree and shivered the vehicle.—Mrs. Davis was thrown in the air obliquely about fifteen feet over the corner of a one and a half story wooden building, and fell into a mowing field. The left side of her head and body had been crushed by the collision, and her mangled corpse was taken into the railroad station and covered with a cloth. Davis was thrown out forward a few feet, striking on his head. He rose to his feet, reeled, and was assisted into the apothecary shop. There was a bad wound on his head, but he could speak and will recover.

Prom this account, we should say he was guilty of manslaughter, in the eye of the law, though it is not probable he will be prosecuted. The question naturally arises, Was the man sober? or had he been drinking something which made him potvaliant and headstrong.

HUMMING BIRDS IN BROADWAY.—Living specimens of these tiny members of the feathered tribe may be seen in the window of Taylor's Saloon, Broadway. It is popularly supposed that these beautiful little creatures are too delicate to endure captivity; but this is a mistake. Instances are numerous in which they have been kept for months, and even for a year, encaged, in England as well as in this country, and we believe a large collection has for some time existed in the Zoological Garden, London. The humming-birds in Broadway were caught by a German, who succeeds in taming them very easily. They subsist, when caged, upon honey, or sugar and water.—He has placed them in little crystal cages, with pretty spray perches and bunches of glass flowers, in whose cup their food is placed. They have been caged two months, and are now so tame that they will readily learn to thrust their long, slender, thread-like tongues between the lips of their keeper for the sweets on which they subsist. In their natural state they also feed upon the minute insects which infest flowers, and no doubt if this sort of food was supplied to them, together with honey, they might be kept alive for as long a time as some of the more hardy pets of the aviary. The birds at Taylor's attract a crowd of people, from morning to night, who never seem to grow weary of watching. They are evidently a 'new sensation' to the habitues of Broadway.

A NEGRO ARRESTS A WHITE MAN AS A FUGITIVE SLAVE.—The Edwardsville (Ill.) Journal says, "a white carpenter was startled by the presentation at his head of a pistol, a few days since, while walking near the town, by a negro living in the neighborhood. The surprised pedestrian was ordered by his husky assailant (who was aided by a white man) to submit to having his hands tied, and be marched back to this place, his doughty captors not vouchsafing any reason therefor. On arriving in town, the luckless traveler was informed that he was arrested as a runaway slave, for whom a reward of $200 had been offered. Fortunately, the prisoner met with residents to whom he was not altogether a stranger, and on whose evidence he was released—no doubt to the chagrin of his captors; the negro, especially, who has aforetime fingered "filthy lucre," earned by the arrest of fugitives from the "peculiar institution," of his own color, and for aught we know to the contrary, of his own blood and kin."

☞ Our old friend Jonas King, many years a missionary in Greece, and now an old resident there, has a Greek wife; this wife has a Grover & Baker sewing machine; and she has written a recommendation of the same in the Greek language, being her vernacular. This Greek letter, with a translation, is published the Boston Evening Gazette.

☞ The city of Boston has decided to rebuild the burnt portions of the east wing of the Deer Island Alms House, and to add another story to the whole wing as well as to each of its exterior towers. This new story—together with the present upper story recently destroyed by fire, are loth to be fitted up as the "House of Reformation for juvenile offenders."

☞ Mr. H. H. Peters, of Southboro, Mass., has given to that town a fine High School House with an acre of land, to be used for a High Schol only. The building was formerly a church, but is finely fitted up for a school, at the donor's expense.

☞ At Chicago, on the afternoon of Sept. 16, a trot took place over the Garden City Course between Flora Temple and Princess. The former won in three straight heats: time 2.31, 2.21, and 2.25 1-2.

A lady, after performing with the most brilliant execution a fantasie on the pianoforte, in the presence of Dr. Johnson, turned to the philosopher and inquired if he was fond of music. "No, madam," replied the doctor; "but of all noises, I think music is the least disagreeable."

PRICES GREATLY REDUCED.

WHEELER & WILSON'S

Medal Family Sewing Machines.

A NEW STYLE MACHINE.

PRICE $50.

This Machine makes the Lock Stitch, which is the only stitch that cannot be raveled, and that presents the same appearance upon each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

The Wheeler & Wilson Manufac'g Co.

Invites the attention of Housekeepers, Seamstresses, Dressmakers, Tailors, Manufacturers of Shirts, Skirts, Cloaks, Mantillas, Clothing, Hats, Caps, Corsets, Ladies' Gaiters, Linen Goods, Umbrellas, Parasols and Silk Goods, to the perfect adaptation and unrivalled excellence of these SEWING MACHINES for their uses.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, and suited to the workshop—applicable alike to the use of the family and the manufacturer.

Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses.—Substituting as they do, healthful exercises and rational employment for the soul-and-body destroying drudgery of hand-sewing, they are hailed as WOMAN'S FRIEND.

Among their undoubted advantages are:

1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which, hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public; and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

Several varieties are manufactured, adapted to various purposes. So far as public opinion has been formed and uttered, the preference is emphatically accorded to the Wheeler & Wilson machine for family use, and for manufactures in the same range of purpose and material.

During the present autumn the trials have been numerous, and all the patents of any pretension have been brought fairly into competition. In every case, the Wheeler & Wilson machine has won the highest premium.

We may instance the State Fairs of New York, New Jersey, Pennsylvania, Kentucky, Illinois, Wisconsin, Virginia, Michigan, Indiana, Mississippi, Missouri and California, and the Fairs in Cincinnati, Chicago, St. Louis, Baltimore, Richmond, and San Francisco.

At the Fair of the St. Louis Mechanical Association, the Examining Committee was composed of twenty-five Ladies of the highest social standing, who, without a dissenting voice, awarded for the Wheeler & Wilson machine, the highest and only premium, a Silver Pitcher, valued at $75. If these facts do not establish a reputation, we know not what can.

We prefer the Wheeler & Wilson Sewing Machine for family use."—[N. Y. Tribune.

"Wheeler & Wilson's Sewing Machines are the favorites for families."—[N. Y. Times.

"The Wheeler & Wilson Machine has secured and justly maintains the pre-eminence for sewing every kind of material."—[N. Y. Express.

"There is not an invention of this inventive age that honors American genius more than the Sewing Machine. No family ought to be without its benefits."—[Independent.

"A Sewing Machine is among the most useful and economical articles a housekeeper can purchase. In looking out for the best, see the machines of Wheeler & Wilson."—[Examiner.

"Wheeler & Wilson is the machine par excellence for family use, and we recommend it most emphatically."—[Advocate and Journal.

"Wheeler & Wilson's Sewing Machines combine everything that can be required in the manufacture of garments. Our friends abroad may be assured that to purchase one of them is a safe investment."—[Observer.

"Wheeler & Wilson is beyond all question THE machine for family use."—[Life Illustrated.

NOTICE.

An adjourned meeting of the Portsmouth Washington Total Abstinence Society will be held on WEDNESDAY evening, Sept. 21, in the basement of the Temple, at half past 7 o'clock. The Executive Committee, just chosen, will meet at the same time and place.

F. W. ROGERS, Secretary.

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have scattered to have in vain attempted to cure their *Coughs, Colds, Bronchial or Pulmonary Complaints*, make use of an unequalled remedy.

The following Certificate from a distinguished Clergyman is equally conclusive.

From Rev. Henry Wood, formerly Editor of the Congregational Journal, Concord, NH., more recently American Consul at Beyrout, Syria, now Chaplain in the Navy.

CONCORD, N. H., March 1, 1858.

Messrs. SETH W. FOWLE & CO.,—*Gentlemen*—Two years ago, a sudden and violent attack on my Lungs confined me to my bed for several weeks, and when I recovered, I was so much oppressed by difficulty in breathing, that I was unable to sleep or rest upon a bed by night. My suffering was extreme, and judging from the tendency of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of *Wistar's Balsam of Wild Cherry*, without confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow sufferers induces me to make this public statement, and recommend the article to others similarly afflicted.

With respect, yours truly,

HENRY WOOD.

Prepared by S. W. FOWLE & CO., Boston, and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Rollins, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spnot 4wdly

R. R. R.

Wm. B. Oliver, Esq., F. M., of Drayton, Dodge county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; they were not sound flesh enough on her whole body to hold a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 20th of April, 1858, she commenced the Resolvent, on the 20th of May, twenty-one days after she commenced its use,

SHE WAS SOUND.

Not a sore or blemish was upon her skin—she was free from any disease lingering in her system.

Mr. Oliver has cured many people in Dr. Mac's of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.

R. R. Remedies are sold by Druggists generally.

W. R PRESTON agent for Portsmouth.

☞ Why will people go and have a poor miserable picture taken of themselves? Because, those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

SALEN'S DAGUERREAN GALLERY,

in Congress Block, where the most superior Ambrotypes are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (clipper) pictures, are taken at this establishment, with a double lens Camera, (100 per day) by the celebrated Parisian artist—Monsieur Heavtontitorunnos.

Jaundice.

This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

☞ **Mrs. Winslow**, an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflamation—will allay all pain, and it is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

Local Items.

☞ On Fridaynight just before 11 o'clock, an alarm of fire was raised in this city; but as the North Church bell stopped after ringing a little while, (simply to allow the clock to strike,) and no flames could be seen from the centre of the city, the story told by persons coming down Congress St., that there was no fire, seemed credible; even though the North bell soon started again, and one or two others were rung for a little while.—But there was a fire, after all; and the little old barn on Islington street, opposite Creek street, was turned to the merest heap of ashes in an incredibly short time. The building belonged to Joseph Cooper, and contained a load of hay and a large quantity of bones gathered for some mechanical purpose. Mr. Cooper's entire loss, he informs us, is about $80. No insurance, of course; for any direct agent would demand 90 per cent. on lone buildings of that kind, after the last few year's experience about here. It would be some consolation to all decent people, if the bones of the miserable vagabonds who kindled this and several similar fires, were now smouldering with those of the *other* calves which were consumed. If some doctrines are true, they'll get scorched yet.

☞ The alarm of fire Sunday evening, was occasioned by the burning of a window curtain in Pleasant street, near Court st.

☞ On Friday evening, about 8 o'clock, as three boys or young menwere passing up Congress street, they were beset by four cowardly half-drunken louts; and two of the boys were finally struck some pretty severe blows—one being knocked kown and not a little bruised. The leader in the assault was a young loafer, who was only acting up to his well known character; and he was accompanied by others as worthless but at this time not so offensive as himself. The lads thus abused are all as quiet, well-behaved boys as can be found, and far from equal in size to their assailers.

If all sorts of assault cases were not measured by one guage in our Police Court, irrespective of the circumstances under which they are committed,—thus placing every decent manwho appears there, on a level with the common street or pot-house brawler,—there would be some satisfaction in bringing these rascals up on a complaint for aggravated assault.

☞ On Saturday evening last, some miscreants proceeded through the south part of this city, tearing off gates, breaking down fences, unhanging window blinds, breaking out glass, and in some instances, even staving in the whole lower window sash. The blinds and gates were found in the street and river, on Sunday morning.

☞ It is the opinion of many good judges of such matters, who were present from this city and elsewhere,at the Firemen's Muster, Manchester,—that our Atlantic would have stood an excellent chance for one of the prizes at least, but for the misfortune of bursting her hose at the critical moment, just before putting on full pressure and speed. On another trial, next morning, we are told she threw 156 feet, through a hose borrowed from a Dover Company; and would have made still larger figures, had not that hose also given way.

People's Lyceum.—The old Portsmouth Lyceum, the Mechanics Lyceum, and the Mercantile Lyceum, all having left the lecture field unoccupied, the past season, and no signs being apparent of any resuscitation for the coming winter—it is probable that the People's Lyceum will once more endeavor to provide an attractive and acceptable series of lectures, poems, readings, concerts, &c., for our citizens, during this seasason—the managers being Messrs. J. M. Edmonds and Frank W. Miller. It is designed to provide good music at each entertainment; and to intersperse two or three first class concerts with the lectures. The arrangements will doubtless be speedily perfected, and the course commenced early in October.

THE BEST LIGHT!!!

Cancemine Oil.

Every one is naturally desirous of obtaining the BEST LIGHT, at the SMALLEST COST; and this can secured by the use of Cancemine Oil,—a new article which is rapidly superseding the Kerosene Oils, for the following reasons, viz.:—It costs LESS, GIVES MORE LIGHT, WILL NOT SMOKE, AND HAS NOT THE OFFENSIVE ODOR OF KEROSENE.

This Oil can be used in the ordinary Kerosene lamps; but an improved burner can be fitted to any lamp at a small expense.

This is by far the best light yet offered to the public. The subscriber has this Oil for sale in any quantity, also a supply of Lamps, &c.—A lamp may be seen in operation at store

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been

THOROUGHLY TESTED

by experienced Plowmen, who pronounce them

The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

The News.

☞ About noon Saturday, Dr. J. C. Ayer of Lowell, one of the largest stockholders in the Middlesex Mills Corporation, called at the office of the Treasurer of the Company, Richard S. Fay, Jr., 13 Pearl st., Boston, and requested to see the books of the Corporation. Mr. Fay complied with the request, when an altercation ensued between Mr. Ayer and Mr. Fay, which was succeeded by an assault upon the person of the Treasurer by Mr. Ayer, who with a pocket knife stabbed Mr. Fay, inflicting a wound in the abdomen, just above the groin.

Capt. Perry, agent of the Mills at Lowell, immediately interfered, and seizing Dr. Ayer by the throat, drew him off. Police were called in, who took Dr. Ayer into custody.

Mr. Fay's wound bled freely, and the floor of the counting room, where the affray took place, was bespattered with blood.

It is is said there has been an old feud between Ayer and Fay; but that the Dr. was cleaning his nails with his knife, and being assaulted by Fay, after hard words from each, in the course of the ensuing tussle tried to cut his hand, and by a miss, inflicted the wound.

☞ The celebration of the anniversary of the settlement of the city, and the inauguration of the Webster Statue, were a holiday in Boston Saturday; but the storm spoilt it. The inauguration ceremonies which were to have taken place on the State House Grounds, were held in the Music Hall, the Procession being omitted. The bells were rung at sunrise and at one o'clock, and a salute was fired. In various parts of the city there was a fine display of decorations. The Balloon ascension was postponed to the first fair day.

☞ A very destructive fire took place at East Attleboro', Mass., Saturday morning, about 3 o'clock. It broke out in a large factory owned by the Steam Power Co., occupied by manufacturers of various kinds, which was entirely destroyed, throwing five hundred operatives out of employment.—Loss $100,000, mostly insured. There is no engine in the place, so that the fire had full headway. Probably set by an incendiary.

☞ A great fire took place in Chicago, on the night of Sept. 15; fire broke out at about 9 o'clock, in the stable of M. Mehring & Co., and entirely destroyed it, together with its contents, including four valuable horses; and spread over several squares, lumber yards, planing mills, lead works, &c.

The total loss is probably not less than $500,000, and the total insurance will not exceed $250,000, the greater part of which is in New York, Providence, Hartford and Springfield companies.

☞ A fire took place at Nashua on Friday night, beginning in the livery stable of Saml. Wright, which was destroyed, with the Universalist church, and other buildings.

☞ Late accounts from Hayti, state that the daughter of President Geffrard was shot dead while sitting in her father's chair, from the Palace Gardens, on the evening of the 3d inst. There was great excitement in consequence.

Flour was dull at 240, Haytian money. But little business was doing.

Gen. Prophite, ex-Minister of the Interior of Hayti, and his son, have arrived at New York.

☞ The Athens (Ga.) Southern Banner recommends the renomination of Franklin Pierce. It declares that his Administration was "purely constitutional and unexceptionable." The editor is Albion Chase, a native of Deering, in this State.

☞ Messrs. Gould & Lincoln of Boston have just issued a neat duodecimo volume of a little more than 300 pages, entitled "British Novelists and their Styles: being a Critical Sketch of the History of British Prose Fiction." The author is David Masson, M. A., Professor of English Literature, University College, London; author of the "Life and Times of John Milton, &c.

The substance of this book was delivered by the author, in the form of lectures, to the members of the Philosophical Institution of Edinburg, in 1858. It is a book of rare interest to the English scholar, and, while it cannot be read with any patience by the uncultivated, will find an army of admirers as well as readers, among the thousands in this country whose taste has been formed by reading the novels of Walter Scott.

The volume itself is no mean accession to English Literature.

☞ Godey's Lady's Book for October contains a fine engraving of a distressed family, "Waiting for the Verdict," which is to consign their relative to infamy, perhaps to death. It is copied from an English painting.

☞ The New Hampshire Journal of Education, judging by the number for September, not only holds its own, but gains in interest.

☞ The Old Farmer's Almanac for 1860, by Robert B. Thomas, has been received from Hickling, Swan & Brewer, publishers, Boston.

DR. SWETT'S
CORDIAL OF DANDELION,

SPIKENARD & BONESET,

A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.

Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.

[From Mrs. Ira Burnham, Exeter, N. H.]

I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.

Exeter, June 1, 1859.

This testimony of my wife is correct.

IRA BURNHAM.

[From Mrs. Ebenezer Blazo.]

GREENLAND, Nov. 20, 1858.

DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,

SALLY BLAZO.

EXETER, Sept. 8, 1859.

Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.

A. K. CURRIER.

This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 12 CABOT ST., Portsmouth, N. H.

Dr. C. P. Bronson's New Cures

—FOR—

Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from over-work, General Debility, or Nervous Prostration.

These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.

THEIR RANGE OF CURE:

CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &C. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.

THEIR PARTICULAR SPHERE.

It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known.

Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c, the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, one will suffice.

There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants; (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.

From numerous testimonials we select the following:

A VERY INTERESTING CASE.

Mr. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Horace Greeley and J. C. Bronson, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:

Mr. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city daring all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 562 Hudson-street, New York.

Dr. Bronson can be consulted either by letter, addressed to Box 3398, P. O., or at the office of the General Agents from 9 to 12.

These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price 1 per Bottle, with full directions. All orders must be addressed to

AMERICAN & FOREIGN PATENTS.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington,
answer to receipt of letter.

76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches into American and Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superio. to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate, or the immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.

I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them early and favorable consideration at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents.

BOSTON, February 8, 1858.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.

From Sept 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.

Boston, Jan. 1, 1859. R. H. EDDY.

CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES

OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SURE PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In *most* instances the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * Out of twenty-two cases in *the third or last stage*, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

BE SURE TO PURCHASE WINCHESTER'S GENUINE PREPARATION,

which is certified by Dr. James R. Chilton to be "PROPERLY MADE and *chemically pure*. My *fac simile* signature is upon every bottle.

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this **Salve**, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, made from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

☞ **"My Mother's Salve"** is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

☞ **"My Mother's Salve"** in a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using **"My Mother's Salve"** are simple. Every mother and nurse knows how to spread a plaster and bind it on secure, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A.M.Beck BURRILL & HUNTING, SOLE PROPRIETORS,

THE ONLY ARTICLE

UNRIVALLED IN THE MARKET,

WITH IMMENSE

HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all disease of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & Co.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasoning it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done me good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPERED BY DR. SANFORD,

COMPOUNDED ENTIRELY FROM GUMS,

Is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, purifying the BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine, after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER and AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

Only one dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 376 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 1y

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. Its pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path. Be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivaled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is to be found.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. jz dly

Morning Chronicle.

A WARNING.—In an article headed "Drunkenness—Poverty—Ruin," the Newburyport Herald says:

There are but very few young men who adhere to total abstinence. If they do not drink at home on every day of the week, on holidays, or in travelling, or pleasure parties, or in social circles, they indulge, thinking to add to their health and happiness.—Of all the delusions the devil has ever invented, there is none more false—none more fatal. The poison of an adder and the sting of an asp is in that indulgence;—and none—and especially the young—can trifle with that temptation; for no man is safe who drinks. When least he dreams of it, he may awaken appetites that are unconquerable, and bring forth hereditary desires that will be quenched only at the touch of death. We have within a twelve month had a striking illustration of this truth in the fate of a well known and much lamented citizen of Essex county, whose prospects of usefulness and happiness were almost unsurpassed. He had lived out half a century of the most abstemious life, till his wealth had accumulated, his influence spread wide, and seven years ago there was not a man in this county whose prospects of being governor of this ancient and honored commonwealth were better than his. All along he had resisted temptation, and at last unwillingly used alcoholic liquors for a medicine; but in a few months, even at that age of life, he was ruined, nor did he stop till he closed his career in a mad house.

Nor is this an uncommon case. They are before our eyes every day; they reel through the streets, and tumble down in the gutters, men who might have filled the most eminent stations in life; and on whom, but as yesterday, pa ts and brothers and sisters and friends ted in pride and admiration. Not p ion or learning, love of family or weal nor dread of the most infamous repro es, can save one who is a slave to the cup; and there is no safety for him tha ooketh upon the wine when it is red, or loveth the foaming goblet.—Within *twenty years* we have known *two* settled clergymen in Newburyport, and *one* of them the most talented young man we ever knew in the town, who have fallen by the way, from this same cause. One of them has since retrieved himself in a distant State, and the other is now a fugitive from home and from justice.

We should all say that the man who would stand in a thunder storm and hold the point of a lightning rod in his mouth, was defying the very God of heaven, and turn from him at once; but he could do that with much more safety than he could put the intoxicating cup to his lips. We should say that he who in sport would paddle a skiff amidst breakers where one half who ventured were lost or injured, was no better than a madman; yet the young man who commences the habit of liquor drinking, relying on his own untried powers of self-control, is no wiser. All along where he sails the waters are full of floating wrecks, and the shore far and near is covered with the remnants of foundered vessels.

☞ The New York Independent says

"No small excitement has been raised in West Woodstock, Ct., by the failure of Mr. Wm. Martin, who until recently has been considered a man of considerable wealth. Various speculation, it is said, have produced this calamity, for such it will indeed be. The sufferers are numerous, including many small lenders of money, from whom almost every spare dollar has been taken.—One endorser, a farmer, lately independent, has had his entire property attached, and it will probably be taken from him. Another, a lawyer, had his farm stripped of all his cattle, horses, &c. Mr. Martin, it is said, has left town for the 'West.' His creditors look for small dividends."

☞ The largest Organ ever built in this country has just been completed by Messrs. Simmons & Willcox, of Boston, for St. Joseph's (Catholic) Church in Albany, N. Y. It is 29 feet wide, 40 feet high, and 36 feet deep; the longest pipes being 32 feet. It contains three Manuals, making 58 notes; and a Pedal, 30 notes. The key action is reversed, the organist looking away from the organ.

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, SEPT. 20, 1859.

WEBSTER STATUE.—The inauguration of the Webster Statue, in Boston, took place on Saturday, notwithstanding the very severe storm. No portion of the programme was omitted, the services intended for the platform in front of the State House taking place in the Music Hall. The hall was filled, and presented a fine appearance. The oration of Mr. Everett was one of the finest he ever delivered, and was fully appreciated by the audience, and honored with the most enthusiastic applause. The address of Gov. Banks was one of his happiest efforts, and was well received by his many hearers. The Governor had just returned from Vermont, where, twenty-four hours before, he had delivered a long agricultural address. He spoke as freshly and forcibly as if this effort had not been preceded by the hard labor referred to. The addresses of Prof. Felton and Mayor Lincoln were excellent. A large number of distinguished persons were on the platform, among whom was ex-President Pierce.

OUTLAWS AND A VIGILANCE COMMITTEE.—The Vigilance Committee of Lafayette Parish, La., to the number of about five hundred, armed and equipped, and having with them a piece of artillery, proceeded to a place called Bayo Tortu, where an encampment of outlaws, who had long robbed, plundered, passed counterfeit money, and murdered with impunity, were encamped to the number of one hundred and fifty, well guarded, with a house in the centre of their position, loop-holed and otherwise thoroughly prepared for enduring a siege or resisting a storming party. The sight of the cannon, however, struck terror into the outlaws, and they attempted to escape. Seventy were captured. A court martial was instituted, and the question of whipping, instead of death was carried by a majority of two, when thirty-six hundred blows were equally administered. One fellow committed suicide, by shooting himself, to avoid the paddle. Subsequently, five others of the gang were found dead from gunshot wounds. The news of this affair caused the greatest pleasure among all the honest and decent inhabitants of the parish where it occurred, and the adjacent Attakapas parishes, which have long suffered from the depredations of the powerful and dangerous gang.

☞ The latest attempt to establish a newspaper in foreign parts by American influence, that we have heard of, was made by Rev. Mr. Wood, formerly of Concord, N. H., who was chaplain of the Powhatan, on her visit to Japan. He opened a school, the first English school in that country, and taught some Japanese youth to read and write, and laid before the authorities a copy of the Journal of Commerce, pointing out its character and value, and recommending them to establish a Journal of Commerce for Japan. The idea of a Japanese newspaper, he says, was a new one, but struck them favorably; and in all probability they have put it to practical application before this, as they have printing presses and type and paper for the purpose.

WHY AMERICAN NEWSPAPERS DO NOT PUBLISH BIRTHS.—A peculiarity, not so much of American newspapers as of American society, is that while marriages and deaths are invariably announced in their journals, births are excluded. On asking for an explanation, the answer of one person was that there *was* no reason, except ancient custom; whilst a second informant explained that it was considered indelicate to parade such matters before the public; but how a birth could be more indelicate than a marriage or a death, was not stated. —*Dr. McKay's Life and Liberty in America.*

That's just what we should like to know. If not as important a record as the marriages, the births are certainly of ten times more consequence to have recorded than the deaths. As to the indelicacy—pshaw! any one who doesn't feel obliged to substitute limb for leg, needn't fear that. So if you want your babies tallied, just fetch 'em on. We intend to publish the list of Births, weekly, so soon as we can arrange to get the record in full each week.

☞ The only two printing presses identified with the name of Benjamin Franklin, are, one on which he worked in Boston, when employed on the New England Courant, in 1720, which has been preserved for more than a century in the office of the Newport Mercury,—established by James Franklin, brother of the philosopher; and the other which Franklin worked in Watt's printing house, near Lincoln's Inn Fields, London, in 1725-6. Both are now the property of John B. Murray, Esq., of the firm of John B. Murray & Co., bankers, New York city.

So says the Boston Transcript:—but there is an ancient printing press now in this city, formerly the property of John Melcher, who was for many years State Printer here. This old press bears the marks "T. D.," and Mr. Melcher has often said that Franklin sold that press to Thomas Draper.

☞ Some or our adopted fellow citizens from the Green Isle, appear to be getting into a bad way, at Roxbury, Ms., where, at an Irish funeral, on Saturday, a row occurred between some of the mourners, during which the coffin, with the body of the deceased, was upset, and the lid split open. The deceased was Luke Foley, and the quarrel arose between some of his relatives and those of the widow, in relation to priority of position in the procession. It terminated in a grand general melee, while he procession was being formed. The police arrested the only person whom they caught in the act of fighting, but it does not appear that his conduct was any more culpable than that of most of the other persons engaged in the fight. He was locked up for examination, and the procession moved on without him. His name was Patrick Spellman, and he was a relative of the widow.

On the same day the police arrested Patrick O'Flaherty whose nationality is sufficiently indicated by his name, for cruelly beating his father-in-law. O'Flaherty keeps a grog shop, and is notorious for cruelty to his family; only a few days since he kicked his wife down stairs, breaking one of her arms.

"ALCOHOL: ITS PLACE AND POWER.—By James Miller, Professor of Surgery in the University of Edinburgh, Surgeon in ordinary to the Queen for Scotland, &c., &c. From the 19th Glasgow edition.—18mo., 180 pp. Philadelphia: Lindsay & Blakiston." This tract was written at the request of the Scottish Temperance League, in order to give a temperance view of the question, the author presenting the MS. as a gift, only stipulating that it should be published at such a price as would bring it within the reach of all classes. It speaks of alcohol as a poison, a medicine, as a food, and as a luxury; and shows its power as a support in labor, in heat and cold, and in averting and producing disease, as affecting the mind and as an instrument of vice, and its final effect on the system. It is one of the most valuable tracts on the subject ever issued. Received by A. Williams & Co., Boston.

☞ In the stabbing case in Boston, in which Mr. Fay was wounded by Dr. Ayer, Judge Maine decided to admit the prisoner to bail in the sum of $20,000. The required bonds were readily obtained, and the Doctor left the Court.

Dr. Ayer gave evidences on his person of having had rough treatment. Mr. Fay admits that he was the aggressor, and therefore at fault. Dr. Ayer says he acted entirely from self-defence; he only stabbed Mr. Fay when he found he was in danger of being killed by him, knowing he had lost all command of himself.

THE ACCIDENT AT NATICK.—The name os the lady killed at Natick, Friday evening, was Mrs. Chessman a widow of about 50 years of age, residing at Winchester, Mass. She was visiting at the house of Mr. Davis of Natick, who drove the carriage and barely escaped with his life. Mrs. Chessman was the widow of Mr. C., who formerly did business in Boston. The daughter, on learning of her mother's death, gave way to the most painful grief. Coroner Coolidge held an inquest on the body of Mrs. Chessman, and the jury returned a verdict in accordance with the facts already given. They exonerated the flag-man and the employees of the road from all blame. There is no gate at the crossing.—*Atlas.*

We see no one to blame but the reckless driver.

☞ The Quakers of North Carolina are said to have voted at the last election, giving a gain of two opposition members of Congress, and all on the strength of Mr. Gilmer's anti-Lecompton votes in the last House. Mr. Gilmer himself is said to owe his own increased majority to this fact, one Quaker town in Guilford county (which gave him 1600 majority, by the way) rolling up 164 majority, against 1 majority the other way two years ago, when he had just participated in a meeting which banished two abolition Quakers.

[All Quakers are abolition Quakers.]

WANTS THE SUPPORT OF THE LADIES. Douglas believes in woman and in woman's rights too. He has written a letter to Lucy Stone, assuring her of "the full confidence of his individual sympathy." We don't know what Mrs. Douglas will say to that. But then if these strong-minded women should get their "rights," and be allowed to vote for the next President, his "individual sympathy" may be worth something.

☞ At the Firemen's Muster, at Manchester, the trial was merely a game of chance. The wind blew almost a gale, and the companies that were lucky enough to secure a lull at the time of playing, did the best on height. The second company in turn were fortunate enough to have an apparent calm, giving them an advantage over those that followed, whereby they secured the first prize.

☞ The stables of the U. S. Hotel, at Easton, Pa., were burned Sunday morning. Twelve circus horses, belonging to Dan Rice, were smothered. The fire was caused by bursting a fluid lamp.

The way to make a tall man short, is to ask him to lend you a few dollars.

MUSIC.

Music, all powerful o'er the human mind,
Can still each mental storm,—each tumult calm,—
Soothe anxious care on sleepless couch reclin'd
And e'en fierce anger's furious rage disarm.

Oh! surely melody from heaven was sent
To cheer the soul when tired with human strife,
To soothe the wayward heart by sorrow rent,
And soften down the rugged road of life.

BUFFALO, Sept. 17.—A convention of self-styled reformers has been sitting here two days, comprising the abolitionists, spiritualists, free-lovers, infidels, women's-rights men and women of the country. They have been searching for the origin of evil and its cure, while their speeches for the most past have been disgusting and blasphemous. The convention adjourns to morrow, (Sunday,) and the public will experience a feeling of relief when the city is rid of their presence.

☞ Steamer Persia, from Liverpool 3d inst., reports a gale and rough sea on the 31st ult.

Affairs in Italy seem quite settled, and the papal government rejects all reforms.

The sailing of the Great Eastern is postponed till Sept. 29.

☞ The Irishmen on Bergen tunnel have engaged in a strike and riot. They have stopped all the trains of the New York and Erie Road. Militia and government troops are ordered to the spot, as the rioters are armed with cannon and other weapons.

NORFOLK, Va., Sept. 17.—Sch. Alexander, of Rockaway, has been seized in Northampton Co., for violating the inspection laws, but was released on payment of the penalty—$500.

☞ It is said that Hon. Edward Everett will supply the pulpit one Sunday at the South Congregational Church, in Boston, during the absence in Europe of Rev. E. E. Hale.—Contradicted.

☞ The adjourned meeting of the Washing Temperance Society will be held in the vestry of the Temple, Wednesday evening.

☞ Elder Himes will preach in the Advent Chapel, this (Tuesday) evening.

WHEELER & WILSON'S
Medal Family Sewing Machines.

A NEW STYLE MACHINE.

PRICE $50.

This Machine makes the Lock Stitch, which is the only stitch that cannot be raveled, and that presents the same appearance upon each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

The Wheeler & Wilson Manufac'g Co.

Invites the attention of Housekeepers, Seamstresses, Dressmakers, Tailors, Manufacturers of Shirts, Skirts, Cloaks, Mantillas, Clothing, Hats, Caps, Corsets, Ladies' Gaiters, Linen Goods, Umbrellas, Parasols and Silk Goods, to the perfect adaptation and unrivalled excellence of these SEWING MACHINES for their uses.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, and suited to the workshop—applicable alike to the use of the family and the manufacturer.

Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses.—Substituting as they do, healthful exercises and rational employment for the soul-and-body destroying drudgery of hand-sewing, they are hailed as WOMAN'S FRIEND.

Among their undoubted advantages are:

1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which, hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public; and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

Several varieties are manufactured, adapted to various purposes. So far as public opinion has been formed and uttered, the preference is emphatically accorded to the Wheeler & Wilson machine for family use, and for manufactures in the same range of purpose and material.

During the present autumn the trials have been numerous, and all the patents of any pretension have been brought fairly into competition. In every case, the Wheeler & Wilson machine has won the highest premium.

We may instance the State Fairs of New York, New Jersey, Pennsylvania, Kentucky, Illinois, Wisconsin, Virginia, Michigan, Indiana, Mississippi, Missouri and California, and the Fairs in Cincinnati, Chicago, St. Louis, Baltimore, Richmond, and San Francisco.

At the Fair of the St. Louis Mechanical Association, the Examining Committee was composed of twenty-five Ladies of the highest social standing, who, without a dissenting voice, awarded for the Wheeler & Wilson machine, the highest and only premium, a Silver Pitcher, valued at $75. If these facts do not establish a reputation, we know not what can.

We prefer the Wheeler & Wilson Sewing Machine for family use."—[N. Y. Tribune.

"Wheeler & Wilson's Sewing Machines are the favorites for families."—[N. Y. Times.

"The Wheeler & Wilson Machine has secured and justly maintains the pre-eminence for sewing every kind of material."—[N. Y. Express.

"There is not an invention of this inventive age that honors American genius more than the Sewing Machine. No family ought to be without its benefits."—[Independent.

"A Sewing Machine is among the most useful and economical articles a housekeeper can purchase. In looking out for the best, see the machines of Wheeler & Wilson."—[Examiner.

"Wheeler & Wilson is the machine par excellence for family use, and we recommend it most emphatically."—[Advocate and Journal.

"Wheeler & Wilson's Sewing Machines combine everything that can be required in the manufacture of garments. Our friends abroad may be assured that to purchase one of them is a safe investment."—[Observer.

"Wheeler & Wilson is beyond all question THE machine for family use."—[Life Illustrated.

"There is but ONE Sewing Machine, and that is Wheeler & Wilson's."—[Judge Meigs, of the American Institute.

Ayer's Cherry Pectoral.

DR. SWETT'S
CORDIAL OF DANDELION,
SPIKENARD & BONESET,

A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.

Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.

[From Mrs. Ira Burnham, Exeter, N. H.]

I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.

Exeter, June 1, 1859.
This testimony of my wife is correct.
IRA BURNHAM.

[From Mrs. Ebenezer Blazo.]

GREENLAND, Nov. 20, 1858.

DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,
SALLY BLAZO.

ENFIELD, Sept. 8, 1859.

Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.
A. K. CURRIER.

This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 12 CABOT ST., Portsmouth, N. H.

F. W. ROGERS, Secretary.

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have actually been compelled, by the force of facts, to recommend the use of DR. HOSTETTER'S STOMACH BITTERS, for those diseases which are particularly prevalent during the summer and fall. They have ascertained that there are no remedies in the pharmacopia which can compare with this wonderful compound for derangements of the system. Thousands of families residing along the low grounds of the Western and South rivers, are now convinced that they have found a medicine peculiarly adapted for their situation while in other portions of the country, during the summer months, the demand for the article is equally large.

Sold by druggists and dealers generally, everywhere.

Agent for Portsmouth, J. H. THACHER, cor of State and Pleasant Sts., and No. 12 Market st. Weeks & Potter, Boston, General Agents for the New England States.

Dr. Wistar's Balsam of Wild Cherry.

Ballou's Pictorial of 24th July says:—Realizing a true sense of responsibility attaching to the Editor or of and Publisher of a widely circulated journal, we should deem it little less than a crime to recommend any medical compound the real virtue of which we could not conscientiously endorse. This balsamic compound has become a home fixture; and all persons who suffer, and have in vain attempted to cure their *Coughs, Colds, Bronchial or Pulmonary Complaints,* make use of this unequalled remedy.

The following Certificate from a distinguished gentleman is equally conclusive.

From Rev. Henry Wood, formerly Editor of the Congregational Journal, Concord, NH., more recently American Consul at Beyrout, Syria, and now Chaplain in the Navy.

CONCORD, N. H., March 1

Messrs. SETH W. FOWLE & CO.,—*Gentlemen*—Two years ago, a sudden and violent attack upon my Lungs confined me to my bed for three weeks, and when I recovered, I was so much oppressed by difficulty in breathing, that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and judging from the efficacy of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of *Wistar's Balsam of Wild Cherry,* without confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow sufferers induces me to make this public statement, and recommend the article to others similarly afflicted.

With respect, yours truly,
HENRY WOOD.

Prepared by S. W. FOWLE & CO., Boston, and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hutchins, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. epuot 4wdaw

R. R. R.

Wm. B. Oliver, Esq., P. M., of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to fill a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 20th of April, 1858, she commenced the Resolvent; on the 20th of May, twenty-one days after she commenced its use,

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.

R. R. Remedies are sold by Druggists generally.

W. R PRESTON agent for Portsmouth.

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

SALEN'S DAGUERREAN GALLERY,

in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (cheap) pictures, are taken at this establishment, with a double lens Camera, (100 per day) by the celebrated Parisian artist—Monsieur Heartontitormanos.

Jaundice.

This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflamation—will allay all pain, and it is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

Local Items.

☞ Late on Saturday night, a gang of rowdies (of course half drunk or more) passed down Pleasant street, and round through Water and other streets—judging from the marks of violence left—committing various acts of outrage as they went. The heavy gate at the front of Rev. Dr. Burroughs' residence was torn from the hinges, and his door blinds taken off; the fence of the old Dwight mansion was broken in several places; glass was smashed in the houses of James F. Shores, John Nutter, S. Shervive and others; door or window blinds removed from their houses, and also from the residences of Henry Lord, John Rider, Thatcher Emery, and others; and various similar acts of useless and brutal vandalism committed. It does seem as though, if we we really *had* a City Watch worthy of the name, they might catch *some* of the villains who commit with impunity the numerous crimes which are rendering our city a byword and reproach to all lovers of law, order and good discipline.

☞ An alarm was given a little past 4 P. M. on Monday, which proceeded from a fire in the wood-house in the rear of No. 76 Market street, belonging to Mr. Wm. D. Fernald, and soon burning through it caught the corner of an old house adjoining. The engines were on the spot very soon, and the fire was speedily drowned out.—Damages small.

☞ We hear loud complaints and denunciations of our City Government everywhere, for not putting a stop, or at least *trying* to stop, the rowdyism so prevalent in our city of late. But so long as rum and rowdyism is allowed to control our city elections, so long shall we reap discord and chaos as the legitimate crop. If the people are united, let it go on; if not, why don't they vote it down at the proper time?

Horse Runaway.—A horse, belonging to one of our merchants, was left unhitched near the Concord R. R. depot, and on the starting of the engine took fright, and ran directly across the track; the engine, not being under much headway, was stopped within a few feet of the unlucky nag, who soon kicked himself clear of the harness and ran up the track, seemingly disposed to try his speed with the engine. J.

The Great Eastern.—We understand that the yachts of Boston have been engaged by parties contemplating visiting Portland on the arrival of the Great Eastern; and that the schooners Otis, Hiram E. Bishop, yachts Sybil and Magnolia of this port, are also chartered for the same purpose. The advantage gained in going in this way, is a security of bed and board while there. J.

Anchors for the "Great Eastern." A telegraphic message was received at our Navy Yard, on Saturday, by Commodore Pope, requesting the loan of a number of navy anchors to the city authorities of Portland, for the use of the "Great Eastern." The request was granted, with the proviso that ample security should be given for their safe return. J.

A Monkey About Town!—The citizens in the neighborhood of Court and Pleasant Streets were, a few days since, not a little agreeably surprised by the visit of a monkey of the largest species, who created much fright, and not a little damage. His first call was at a house where the family were just sitting down to the tea table; his sudden appearance through an open window soon cleared the room, and Mr. Monkey soon shared the *table* of the hot cakes, &c. He then dropped into the kitchen of the next house, where the two servants were engaged in ironing; they made a rush for each other, each thinking the other was the monkey, to their fright. A flourish of broomstick, by one of the male members of the house, soon cleared the premises of the intruder. Several other houses were visited, where specimens, snuff-boxes and other articles were appropriated by Jocko. He finally took his abode in a well-stocked garden on Pleasant street, and for a number of days regaled himself on choice grapes, delicious Bartlett pears, peaches, &c., and here it was found necessary to dispatch his monkeyship, by shooting him. J.

New Hall.—We hear that the new and commodious hall in the Goodrich Block, on Market st., has been leased by Mr. Saml. Gaffney for a term of years—to be used as a Dancing Academy. J.

Isles of Shoals.—The Sybil last week brought in the last of the boarders at Appledore, with the exception of two persons who intend to spend the Winter there. She makes her last regular trip of the season today. J.

Life Boats.—Two valuable life boats, which cost about $800, each one lying at Isles of Shoals, and the other at Fort Constitution, are rapidly decaying for want of a little attention from Uncle Sam. J.

Wild Cow.—A wild cow created quite a sensation on one of our principal thoroughfares yesterday—but fortunately no one was injured. J.

CLIPPER PLOWS
Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been
THOROUGHLY TESTED
by experienced Plowmen, who pronounce them
The Best in the Market!
These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size; and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.
We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."
Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

The News.

☞ The rain of Saturday and Saturday night, was very seasonable and refreshing. The wind was high, but in this city not very violent, and did no damage.

Elsewhere it was much more violent. In New York, in the afternoon, a five story warehouse, in process of erection in Duane street, was partially blown down, demolishing a tenement house adjoining, and burying the inmates in the ruins. Several have been rescued, badly injured, and others are believed to be under the rubbish.

In Baltimore, the rain storm began on Friday, and was heavy. An item of Saturday says it "still continues, although somewhat abated in violence. All the streams and rivers are very high. The water is quite high on the line of the Ohio and Philadelphia Railroad, The noon train failed to connect with the Washington Road to-day, in consequence of the water in Bush river. The storm entirely suspended business."

☞ Steamship De Soto, from Havana 13th, arrived at New York on Sunday.

A royal decree has been published in the official paper of Cuba, which gives the inhabitants a nearer approach to popular representation than they have heretofore enjoyed.

A northerly wind, with rain, had been blowing for 24 hours, rendering the atmosphere cool and pleasant. The public health has wonderfully improved, in fact there is scarcely any sickness in Havana.

The sugar and molasses market was stagnant, precluding the giving of quotations.—Freights are without improvement. Exchange very dull.

4 DAYS LATER FROM EUROPE.

New York, Sept. 18.—Steamship Borussia arrived this morning from Southampton, bringing London and Liverpool dates of the 3d inst., and 350 passengers.

There is no allusion to the steamship Persia in the London papers of Saturday evening.

A cyclone passed over Calcutta on the 26th of July. Forty-six vessels, including two steamers, were lost in the river Hoogly. Immense damage was done on shore, and many lives lost. No particulars.

At a meeting of the Zurich Plenipotentiaries, Sept. 1st., the regulations of the Lombardian frontiers and the separation of civil ecclesiastical jurisdiction were discussed.

Uneasiness was felt in Paris on account of the Zurich Conferences, and Rentes had declined.

Accounts from Madrid state that Spain had withdrawn her Consul from Tangier, and had decided to demand satisfaction of Morocco for the outrages at Centa. Orders had been given for the formation of an expeditionary corps of 10,000 men.

Advices from Vienna state that Austria had decided to discount that portion of the Austrian debt which is to be apportioned to Lombardy, and also to sell the public domains.

A Paris telegram of Friday says the French government has intimated to Turkey that France would support the Suez Canal project.

Advices from Trieste state that a tax is to be levied at Smyrna on all foreigners doing business there.

A report was in circulation at Gibraltar on the 27th ult., that the Emperor of Morocco was dead, and that a serious affray had taken place on the Island of Centa between the Spaniards and Moors. The troops were called out. Seven thousand Moors had collected and at last accounts these parties were in battle on the night of the 26th, and several were killed on both side.

The first National Assembly of the Romagna was opened at Bologna, Sept. 1st, by the Governor-General, who in a speech congratulated the people on the aclacrity with which they had hastened to the electoral districts to record their votes. He had, he said, provided for the defence of the country from aggressions on all sides, by forming a league with the neighboring States.

A letter from Bologna states that at the popular elections, priests deposited their votes as freely as the citizens, and that the result was an immense majority in favor of the Liberal ticket, which goes against the re-establishment of any condition of the temporal power of the Pope. The aristocracy were at the head of the movement.—The finances of the Romagna were in excellent condition, and no doubt the new government would be able to go on without a loan.

Since the overthrow of the temporal power of the Pope, the banditti and smugglers, who had invested the Romagna, had entirely disappeared.

A letter from Paris says the Queen of Spain had sent to the various Courts a protest against the ejection of her Bourbon cousin from Pama.

Cols. Charras and Barbes refuse the Emperor's amnesty, the former in a furious invective against Napoleon.

The Newfoundland mails at Paris brought the announcement of a full triumph of the French Admiralty over the English in the questions concerning the fisheries.

Advices from Italy state that the people were becoming impatient at the inactivity of the Zurich Conference, and the various contradictory reports touching their doings.

It is also stated that Piedmont demands from Austria the cession of Mantua and Peschiera.

☞ The Supreme Court of Alabama has recently decided that the law by which it was provided that no liquor should be sold within five miles of the town of Greensboro, where the Southern University is located, is constitutional. This settles the question.—The liquor shops have all been closed.

A HYMN.

JESUS! the ladder of my faith
Rests on the jasper walls of Heaven;
And through the veiling clouds I catch
Faint visions of the mystic Seven!

The glory of the rainbowed Throne
Illumes those clouds like lambent flame;
As once, on Earth, Thy love divine
Burned thro' the robes of human shame.

Thou art the same, O gracious Lord!
The same dear Christ that thou wert then;
And all the praises angels sing
Delight thee less than prayers of men!

We have no tears thou wilt not dry;
We have no wounds thou wilt no heal;
No sorrows pierce our human hearts
That Thou, dear Saviour! dost not feel.

Thy pity, likethe dew, distils;
And thy compassion, like the light,
Our every morning overfills,
And crowns with stars our every night

Let not the world's rude conflict drown
The charmed music of thy Voice,
That calls all weary ones to rest,
And bids all mourning souls rejoice!

MUNICIPAL MATTERS.

Messrs. Editors:—Few towns in New England, it will readily be admitted, present so many attractions as our own to those anxious to escape for a time from the heat and turmoil of our larger and more populous cities, and to pass the few summer months in a quiet and secluded retreat where the weary become reinvigorated by the pure sea-breeze, and where at last they may return with renewed vigor to the active scenes of business life. This fact may not seem agreeable to those of our citizens who are confidently looking forward to the advent of that "good time coming," when Portsmouth shall take its place, as they fondly hope, among the commercial cities of New England, and be, what nature intended it should be, the channel through which the supplies for the state shall enter. But whether agreeable or not, such is the fact; Portsmouth is quiet, and in summer affords a desirable residence for that class of persons of whom we have spoken. And undoubtedly it will long remain such.

It then behooves us to endeavor, as far as in us lies, to render the city still more pleasant and agreeable; and not a little might be done in this respect. During the pleasant evenings, when the burning sun has sunk beneath the horizon,—when the cool air and the moon unobscured by clouds, invite us as well as our visitors to a pleasant ramble, one of our best promenades is entirely shut off from us by the disgusting presence and still more disgusting language of knots of loafers, who station themselves at the corners and destroy utterly all the pleasure which we anticipated receiving. Could not our vigilent police have already done something to remove this? But this is a small matter, comparatively. Many other streets are usually free from this annoyance, and to these we can go, even if we do feel a little disgust for a government which suffers such things.

The ancient cities were usually surrounded by a high wall to prevent the entrance of any intruder. How soon will Portsmouth be "protected" somewhat in the same way? Judging from present appearances, it really seems as if in a few years a completely encompassing circle of breweries and slaughter houses will be thrown around the city, effectually preventing the entrance of any one who has a regard for his health and comfort. These may be very necessary institutions, and may—particularly the former—serve to "give a name and reputation to the city." But even if this is so, we ask—have we not a right to demand?—that they shall be built in such a position that they "shall not be an annoyance to any dwellers on public thoroughfares;" and more than this, that when built, "no offensive matter shall be allowed to collect and remain in the house or vicinity to the annoyance of any inhabitant." To that effect the city ordinance *on paper* protects us! but how are the facts? Every citizen, probably, can answer; every citizen propably knows that this ordinance is daily violated in the very face and eyes of our "virilent police;" that the air in certain quarters of our city is continually polluted by the exhalations which arise from offensive matter which is allowed to remain in slaughter houses in spite of the renewed protests of those dwelling in the vicinity; that the order of the Mayor and Board of Health has, in one case at least, been utterly disregarded, and in spite of this insult to the city government, that same city government has done nothing to compel the proprietor to close this slaughter-house—nothing to assert the supremecy of law; that access to this most beautiful spot in our city—the sacred abode of the dead—is almost entirely cut off, to those who would visit the graves of "the friends who have gone before," by the offensive presence of these buildings. It will grate harshly upon the ears of person of any refinement to hear these things connected in the same sentence, but we are not waiting an essay, we are dealing with facts,—and tell me if the mention of these things is unpleasant, how is the reality?

But there is one standing excuse for all these things,—the proprietor, forsooth, pays taxes on such property and thus benefits the city. Cast aside then all regard for the health, happiness and comfort of our citizens; dollars and cents the city needs, and these it must have—no matter how; now shut up these slaughter-houses, and we lose the taxes. Such is the excuse. But answer us, ye economists, if you fulfil your oaths and execute the city ordinance by removing these abominations, will not the rise in value of the property in the vicinity and the increased taxes consequent thereupon (paid for more willingly than now) more than compensate for such loss?

Perhaps the other excuse might be offered. The political parties are very nearly equal and no one must be offended. *Is* this the excuse? But shall nothing be done to abate such nuisances? Shall the necessity longer exist of closing the windows of one of our school-houses, when the west-wind blows, because a stable pollutes the air? Shall slaughter-houses be placed in the most pleasant and frequented portions of our city till at last even *horses* are with difficulty driven by them?—Shall one man destroy the health and comfort of many of the citizens by means of a slaughter-house almost on the street in the southern portion of the city? *Shall nothing be done?* F. CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SUE PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In *most instances* the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy." Out of twenty-two cases *in the third or last stage*, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered in a green forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SCALD RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" is a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using "My Mother's Salve" are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ailments, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A.M.Beck BURRILL & HUNTING, SOLE PROPRIETORS,

THE ONLY ARTICLE

UNRIVALLED IN THE MARKET,

WITH IMMENSE

HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all danduff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPERED BY DR. SANFORD,

COMPOUNDED ENTIRELY FROM GUMS,

Is one of the best PURGATIVES and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER AND AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 345 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 1y

LOTTERIES.

THE LOTTERIES OF

WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of

WOOD, EDDY & CO.,

are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington, Delaware, and twice a week at Augusta, Ga. All orders received being filled in the drawing next to take place after same comes to hand.

Whole tickets are $10; halves, $5; and quarters, $2.50.

No ticket sent unless the money accompanies the order. Prizes vary from $20 to $50,000.

Every prize is drawn, and the result of drawing forwarded to all purchasers.

☞ A circular showing the plan of receiving it. All communications strictly confidential.

Write your address plainly, and direct to

WOOD, EDDY & CO.,
Wilmington, Delaware.

Or to WOOD, EDDY & CO.,
Augusta, Georgia.

☞ All letters to our address will be promptly acknowledged—and prizes cashed without delay.

NOTICE TO CORRESPONDENTS.

Those who prefer not sending money by mail, can use the "ADAMS EXPRESS COMPANY," whereby money for tickets, in sums of ten dollars, and upwards, can be sent us

AT OUR RISK AND EXPENSE,

from any city or town where they have an office. The money and order must be enclosed in a "GOVERNMENT POST OFFICE STAMPED ENVELOPE," or the Express Company cannot receive them.

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empirics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 12 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—19 Howard street, Boston.

P. S.—The best of accommodations furnished with kind and attentive nurses if they wish, at a reasonable rate. j2 ly

The Newporters are calling for the Great Eastern. They certainly have the claim to her that comes from possession of a magnificent harbor. By the way, if the slave trade should be revived, would it not be a good idea to secure the Great Eastern's services, so that we might civilize Africa in bulk? Her name might be changed to the Great Southron, and Gov. Wise be appointed to her chaplaincy, and so she would have sermons that would agree with her dimensions, length, breadth, and depth.—*Traveller.*

THE MANCHESTER RIOT.—The New York Commercial Advertiser, after quoting from the speeches of Chief Engineer Hunt and Mayor Harrington of Manchester, welcoming the fireman to that city the morning after the riot, without any mention of that disgraceful affair, remarks:

That will do. Manchester invaded, stormed, captured, powerless, its chief executive officer tenders a welcome to the invaders, and speaks of the rules of good order and decorum, and the consideration entertained for the firemen by the prostrate community, as if the citizens had not been demoralized by the anarchy of the night before, and New England scandalized by this exhibition of the "dangerous classes" within its peaceful limits.

WEDNESDAY, SEPT. 21, 1859.

BIBLE TALK.—The biblical information which some advocates bring to bear on the question of slavery in all its aspects, is remarkable and refreshing. The Democratic candidate for Governor in Ohio, in a speech in Adams county, justified the fugitive slave law on the precedent of Hagar in the wilderness, who was told by the angel to return with "her slave-born child" to her master. He argued that if the angel had been opposed to the fugitive slave law, he would have told Hagar "to make tracks for Canada."

The truth of the scripture story is, that the angel sent Hagar (before she had her son) back, not to her master, towards whom she probably had none but kind feelings,—but to her mistress, with whom she had a jealous quarrel, very like some in modern days; and that, after the birth of Isaac, Hagar's mistress, the princess Sarah, urged her husband, Abraham, to send away or cast out the bond woman Hagar and her son; whereupon Abraham demurred; but God directed him to comply;—and Abraham actually did so;—and Hagar and Ishmael "made tracks" into the wilderness.

☞ The Portland Argus sums up the Maine election thus:—

Gov. Morrill is reelected by about 11,000 majority, or thereabouts, being an increase of some 3000 from the majority of last year. Our vote has fallen off from nearly 53,000 to about 45,000.

Our opponents have done a little better than this. Their vote has diminished less in proportion, and hence their apparent gain on us.

The party cast 60,380 votes for Morrill last year. This year he receives with all their efforts but a few more than Mr. Smith obtained last year. *If* the full strength of the Democratic party had come out this year, Gov. Morrill would have been elected only by the skin of his teeth.

Out of these facts, and such as these, the Argus very ingeniously ciphers up a majority for itself next year, as follows:—

If these voters come out next year, as they will be *sure* to do,it will be on the side of the Democracy. These, with the fifty-three thousand who bravely breasted the battle last year, and will do it again next year, will make a clear majority of the voters of the State!

☞ In the Universalist Society at Manchester, N. H., there has been difficulty for a year or more, in relation to their minister, Rev. Mr. Tillotson, connected with some anonymous letters. A meeting of that society was held last Saturday evening, at which Mr. T. was present—and after stating the need of harmony and unity, he proposed (as we find it reported in the Mirror) "that he might have the whole care of the troubles now in the society; that he might be allowed to fill the pulpit as long as he pleased, and leave when he pleased, assuring them that in a short time he would show them that it was all for the best."

This proposition, after debate, was, on motion of Mr. T., referred to the Directors, to report in ten minutes: they reported in favor—and the proposition was accepted by a very large majority.

☞ The Manchester Union Democrat says:

Much evidence might be adduced to prove that the real object in originating reports in regard to landing negroes in Florida and elsewhere, is either to see abolition fanatics "howl and rave," or to test the Southern sentiment on the proposition to re-open the trade.

If this evidence were true, then the liars who invented the reports have waked up the wrong passenger—for the reports have doubtless had a political effect.

☞ In the Middle States apples are quite plentiful. A late Rochester (N. Y.) paper says that 25,000 bbls. of apples had been shipped to the East from that city, and an equal amount remains to be sent forward. The prices there have ruled from 75c. to $1.25 per barrel, according to quality. The New York Express of Friday evening says, "with what reaches New York city from other sections of the country, there need be no apprehensions that the market will not be well supplied with appples—and, what is more, there is a prospect that they will be obtainable at more favorable prices than at present. The fall crop, while it is lighter than usual, seems to be tolerably fair in quality. The same is probably true of winter apples."

AMERICAN BOARD.—The meeting of the American Board of Missions will be held at Philadelphia on the 5th, 6th, and 7th of October. We learn that an arrangement has been effected by which those who propose to attend can leave Boston on or after the 28th inst., and returning, can leave Philadelphia on or before the 12th of October.—This will give considerable time to those who may wish to remain in or about the Quaker City. The fare, by the way of Norwich, will be $9; by Springfield, Hartford, &c., $10. Tickets can be procured of M. H. Sargent, at the Massachusetts Sabbath School Depository.

NEW PROVERB.—A thorn in the bush is worth two in the hand.

☞ A marriage ceremony of a peculiar and interesting nature was performed at a town near Peoria, Illinois, a few weeks since. The parties were Major Alex. Culbertson and Natowista, daughter of the chief of the Blackfeet Indians. Major Culbertson is the well known Indian trader, and was married to his present wife according to the Indian ceremony sixteen or seventeen years ago, but was anxious that the ceremony might be performed according to civilized rites.

☞ The Manchester American says of the late Firemen's Muster, that the great body of three thousand firemen, assembled from most of the larger towns of New England, exhibited in the aggregate a gentlemanly bearing, such as becomes honorable men and substantial citizens, the cases of intoxication being mostly among "outsiders." The American thinks this muster will compare very favorably with any similar gathering ever held in this State.

☞ A black rascal in Boston has sold lots of good hay at low prices to stable keepers; till a false bottom was discovered in his wagon, and a quantity of mud and sand was found in it which weighed four hundred and forty-one pounds,—which of course was discharged before it was taken back for weighing after a load of hay had been delivered.

☞ At the horse trot at Manchester, the other day, H. H. Smith's horse Ajax won the purse of $75, in two mile heats, making 2:41 and 2:44.

In the pacing match, Cataract won the purse of $50, over Tecumseh, mile heats, in 2:32, 2:32.

☞ It appears by statistics that upwards of 30,000,000 of pounds of tobacco are annually consumed in England, more than a pound to every man, woman and child in the United Kingdom, an amount sufficient to injure the constitution of the young, and ultimately to become a great national calamity. What is applicable to England is equally applicable to the United States, where the use of the weed is rapidly on the increase.

☞ The North Adams tragedy of May last, which caused the death of Miss Mattie Butler under the most painful circumstances, has had another victim. On Saturday last, Charles Butler, father of the unfortunate young lady, died of grief. Since the fatal day he had been gradually pining away, until death came to his aid.

BABIES.—The man who carries the babies round, must have tipped his basket over in our neighborhood. Such a shower of babies as we have had up here! The minister, and the lawyer, and the doctor, are all in for it, not to mention other parties not pertaining to learned professions.—*Nashua Telegraph.*

☞ There are about twenty spots, arranged in three clusters, now to be seen on the surface of the sun. They are of interest just at this time, inasmuch as there is some reason to believe in a concurrence between the periods of their maximum and minimum abundance and that of the aurora or magnetic storms.

Massa Greeley's sermons to the Mormons did not win their hearts. The Rev. Herber Kimball, in one of his "discourses," speaking of Horace, said:—"What a fruitful imagination he must have! He is the greatest liar on the face of the earth. Why, bless your souls, he is the father of all liars. He will go to hell and be the father of liars there. Amen." [Amen sounded throughout the congregation].—*Post.*

☞ The Central Congregational Society of Lawrence, whose church was consumed in the recent fire, have determined to erect a new church upon a new lot facing the Common. The dimensions of the building are sixty-two feet by ninety-three feet. The tower will be placed on the corner.

TESTS OF CHARACTER.—If you find a man disposed to complain of the coldness of the world, be sure that he has never brought anything into the world to warm it, but is a personal lump of ice set in the midst of it. If you find a man who complains that the world is all base and hollow, tap him, and he will probably sound base and hollow. And so, in the other way, a kind man will probably find kindness everwhere about him.—*Dr. Chapin.*

☞ There was a run upon the Carroll County Bank at Sandwich, N. H., on Friday. Between nine and ten thousand dollars of their bills were presented for redemption, but they redeemed only two hundred and sixty dollars in five hours.

ALL TEXT AND NO SERMON.—A neat little book has recently been published containing only Christ's Sermon on the Mount, profusely illustrated. A lady purchased the book, and, after perusing it, complained of having been created. "I bought the book supposing it to be a sermon," said she, "but this is only the text!"

☞ The annual autumnal Sunday School Convention of the Unitarian denomination will be held in Boston Oct. 12.

HOME COMFORTS.—A man's comfort is like his cigar—if he cannot get it at home, he will go in search of it elsewhere.

☞ Hon. N. B. Baker, formerly Governor of New Hampshire, is a candidate for the Legislature of Minnesota.

How is the sun supported? Why, by its *beams*, of course.

A CARD.

The Officer and members of Atlantic Engine Co. No. 6 would return their sincere thanks to Foremen Deering, Mason, and Cornelius, for the loan of the many articles from their respective houses on our late trip to Manchester; to J. G. Hadley, C. E. Main and W. B. Grogan, Esqrs., for the many favors which we have experienced at their hands. Mrs. C. E. Main, for those beautiful boquets presented on the morning of our departure, will please accept our warmest thanks.—Granite State Co. No. 1—we feel, Gentlemen, under great obligations for your timely assistance in working our brakes, and filling our ranks; a favor we shall not soon forget. To Fountain No. 3 of Dover, we owe you one; and hope at sometime to return your many favors. To Tiger No. 2 of Dover, accept our thanks for the loan of your hose; to Conductors Brooks and Noyes, we return many thanks for the prompt and obliging manner in which we were treated while under their care; and for the many accommodations which we experienced. To Merrimac No. 1 of Manchester, we would express our thanks for Collation on our arrival; and for the many favors which we experienced during our stay in their beautiful city. To W. H. D. Cockran, Engineer Martin, Rev. Mr. Peabody and other friends, for their untiring efforts to make our stay pleasant; we can only say, may we be able at some future time to repay you. To Mrs. Martin and other ladies of Manchester, (names unknown to us) for the profusion of boquets with which we were supplied while on the route of procession; we can only return our thanks. To our Volunteers, we can only say you run old Three well, and did the honest thing by her. And last, but not least, to Laconia No. 2;—you have caught us; but, gentlemen, words are but empty sounds when we return our thanks for that splendid supper, prepared at the City Hotel on our return; again you have caught us, and proved that to your motto: "We'll Try," you can add, "and can accomplish what we try;" but we hope at some future time to repay you in part for your many kindnesses;—and if there are any we have not mentioned, may they each and all accept our warmest thanks.

ALBERT FOYE, Foreman.
J. L. RICE, Clerk.

This Machine makes the Lock Stitch, which is the only stitch that cannot be raveled, and that presents the same appearance upon each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

The Wheeler & Wilson Manufac'g Co.

Invites the attention of Housekeepers, Seamstresses, Dressmakers, Tailors, Manufacturers of Shirts, Skirts, Cloaks, Mantillas, Clothing, Hats, Caps, Corsets, Ladies' Gaiters, Linen Goods, Umbrellas, Parasols and Silk Goods, to the perfect adaptation and unrivalled excellence of these SEWING MACHINES for their uses.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, and suited to the workshop—applicable alike to the use of the family and the manufacturer.

Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses.—Substituting as they do, healthful exercises and rational employment for the soul-and-body destroying drudgery of hand-sewing, they are hailed as WOMAN'S FRIEND.

Among their undoubted advantages are:

1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which, hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public; and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

Several varieties are manufactured, adapted to various purposes. So far as public opinion has been formed and uttered, the preference is emphatically accorded to the Wheeler & Wilson machine for family use, and for manufactures in the same range of purpose and material.

During the present autumn the trials have been numerous, and all the patents of any pretension have been brought fairly into competition. In every case, the Wheeler & Wilson machine has won the highest premium.

We may instance the State Fairs of New York, New Jersey, Pennsylvania, Kentucky, Illinois, Wisconsin, Virginia, Michigan, Indiana, Mississippi, Missouri and California, and the Fairs in Cincinnati, Chicago, St. Louis, Baltimore, Richmond, and San Francisco.

At the Fair of the St. Louis Mechanical Association, the Examining Committee was composed of twenty-five Ladies of the highest social standing, who, without a dissenting voice, awarded for the Wheeler & Wilson machine, the highest and only premium, a Silver Pitcher, valued at $75. If these facts do not establish a reputation, we know not what can.

We prefer the Wheeler & Wilson Sewing Machine for family use."—(N. Y. Tribune:

Ayer's Cherry Pectoral.

DR. SWETT'S
CORDIAL OF DANDELION,
SPIKENARD & BONESET,

A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.

Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.

[From Mrs. Ira Burnham, Exeter, N. H.]

I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.

Exeter, June 1, 1859.
This testimony of my wife is correct.
IRA BURNHAM.

[From Mrs. Ebenezer Blazo.]

GREENLAND, Nov. 20, 1858.

DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,

SALLY BLAZO.

ENFIELD, Sept. 8, 1859.

Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.

A. K. CURRIER.

This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 12 CABOT ST., Portsmouth, N. H.

Special Notices.

$200 REWARD.

The above reward will be paid to any person or persons, who shall produce such evidence as shall bring to conviction the persons who on Tuesday morning last, stove and broke the windows of the Lafayette school-house, and broke the railing of the Lafayette road Bridge. By order of the Mayor and Aldermen.

JOHN BENNETT, City Clerk.

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have actually been compelled, by the force of facts, to recommend the use of DR. HOSTETTER'S STOMACH BITTERS, for those diseases which are particularly prevalent during the summer and fall. They have ascertained that there are no remedies in the pharmacopia which can compare with this wonderful compound for derangements of the system. Thousands of families residing along the low grounds of the Western and South rivers, are now convinced that they have found a medicine peculiarly adapted for their ailments, while in other portions of the country, during the summer months, the demand for the article is equally large.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry.

Ballou's Pictorial of 24th July says:—Realizing the true sense of responsibility attaching to the Editor or and Publisher of a widely circulated journal, we should deem it little less than a crime to recommend any medical compound the real virtue of which we could not conscientiously endorse. This balsamic compound has become a home fixture; and all persons who suffer, or have in vain attempted to cure their *Coughs, Colds, Bronchial or Pulmonary Complaints,* make use of this unequalled remedy.

The following Certificate from a distinguished gentleman is equally conclusive.

From Rev. Henry Wood, formerly Editor of the Congregational Journal, Concord, NH., more recently American Consul at Beyrout, Syria, now Chaplain in the Navy.

CONCORD, N. H., March 2.

MESSRS. SETH W. FOWLE & CO.,—*Gentlemen:* Two years ago, a sudden and violent attack upon my Lungs confined me to my bed for several weeks, and when I recovered, I was so much depressed by difficulty in breathing, that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and judging from the inefficacy of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of *Wistar's Balsam of Wild Cherry,* without confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow sufferers induces me to make this public statement, and recommend the article to others similarly afflicted.

With respect, yours truly,
HENRY WOOD.

Prepared by S. W. FOWLE & CO., Boston, and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hutchins, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spnot 4wd&w

R. R. R.

Wm. B. Oliver, Esq., P. M., of Drayton, Dodge county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to fill a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 20th of April, 1853, she commenced the Resolvent; on the 20th of May, twenty-one days after she commenced its use,

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.

Jaundice.

This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Both itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

MORE RASCALITY.—A new *hawser* was stolen from the deck of a schooner lying at the wharf above the Spring, one night last week. We did not hear that the watch caught the thieves—for they did not see them do it.

No—neither did the police arrest a half-drunken brute of an Irishman, who one day last week, in broad daylight, struck at a man in a wagon with a slung-shot, then threw that outlaw weapon at him, and followed it with a large stone. And they *did* do this done—at least one of the police did see the stone thrown, on Congress street. Portsmouth seems ripening for a Vigilance Committee, like Manchester.

☞ The one-story wooden building erected last year near the new Post-office, for the accommodation of the Superintendent af construction,—we learn has been purchased by Mr. T. H. Odion, and is to be removed to Water street forthwith.

The Superintendent now has his office in a room in the new building; the beautiful exterior of which begins to wear quite a finished appearance.

☞ We are informed on good authority that the attention of the proper officers at Washington has been called to the situation of the Life Boats, now decaying at the Shoals and Fort Constitution, by an officer of the U. S. government here, and there is no appropriation for the repairs of life boats,—consequently, there is no fund at the disposal of the department, out of which the expenses for repairing could be defrayed.

☞ We are informed that the fire near the corner of Market and Deer streets, on Monday, had its origin in a wood-house belonging to one of the Irish dwellings, and not in that of Mr. Fernald. It was probably kindled by the carelessness or ignorance of boys at play.

☞ A good chance to safely invest some of the money laying about idle, will be noticed among our new advertisements this morning.

☞ John Halifax writes from this city to the Boston Journal, that—

"Mr. James H. Head, whose excellent taste has been displayed for many years past in our floral processions and in the decoration of arches and buildings on gala occasions, is about to issue a work called the "Tableaux," which particularly will give detailed information in regard to forming tableaux—with directions as to costume, position, &c. The new author has had much experience on this science, and his work, which is in the hands of an enterprising Boston publishing house, will, when issued, doubtless be appreciated by many to whom it will afford a fund of information.

The author of Ruth Blay, another local celebrity, is said to be yet undetermined to whom the profit of that much looked for book shall be given."

☞ The Newburyport Herald wants the people of Essex County to make their Fair day a holiday for all. That's just what *our* people, here in Rockingham County, ought to do; and give all a chance to go to the Fairs at Exeter and Dover. The Market Day at the Fair is a new and important feature, and affords an opportunity worth improving.

A VERY NEAT ARTICLE.—The Initial Note Paper and Envelopes advertised by Mr. Harvey. They cost no more than paper of the same quality, not stamped, and are very handy for gentlemen and ladies' correspondence.

THE MUSICAL PASTOR.—The Rev. Dr. Buckminster, of Portsmouth, N. H., was a fine singer, and on one occasion he used his vocal talents with admirable effect. The whole choir of his church, like the singers in many other parishes, took offence and deserted their posts without the least intimation of their purpose. After reading the hymn as usual, on Sunday morning, and finding no voice raised, Dr. Buckminister stood up in the pulpit and began to sing alone. His voice was of a peculiarly sweet and silvery tone, and thrilled through the church, and touched every heart. He sang the whole of the first stanza alone, but at the beginning of the second some timid voices were heard joining in from different parts of the house; one after another the voices were tuned, and before the hymn was finished the whole congregation united in one burst of music. The singing had never been so agreeable to the worshippers, and it was found that the pastor could conduct all the religious services. The next Sunday the choir were all in their places. —*Boston Transcript.*

☞ A man who previous to the crisis of 1857 was a partner in a large house in Paris, doing a business of more than $5.000,000 per annum, has recently enlisted as a clerk in a New York dry goods store.

WHITNEY'S IMPROVED SELF-SEALING
Air Tight Preserving Cans!
UNRIVALLED YET!

For four years these cans have stood the test of competition and experience, and with renewed confidence in their peculiar adaptation, and perfect efficiency for the preservation of
VEGETABLES, FRUITS, BERRIES, &c., &c.,
They are now offered for the fifth season, deeming the unprecedented sale of about 60,000, and an increasing popularity, sufficient guarantee for their merits.

The top has been improved in appearance, and the opening made larger, which may be considered a real improvement.

All sizes for sale, as usual, by

PRESERVING KETTLES
OF ALL SIZES.

THE BEST LIGHT!!!
Cancemine Oil.

Every one is naturally desirous of obtaining the BEST LIGHT, at the SMALLEST COST; and this can secured by the use of Cancemine Oil,—a new article which is rapidly superseding the Kerosene Oils, for the following reasons, viz.:—IT COSTS LESS, GIVES MORE LIGHT, WILL NOT SMOKE, AND HAS NOT THE OFFENSIVE ODOR OF KEROSENE.

This Oil can be used in the ordinary Kerosene lamps; but an improved burner can be fitted to any lamp at a small expense.

This is by far the best light yet offered to the public. The subscriber has this Oil for sale in any quantity, also a supply of Lamps, &c.—A lamp may be seen in operation at store

THE
BAY STATE RANGE,
COMBINING
ALL THE GOOD QUALITIES
—OF A—
RANGE AND STOVE.

The Subscriber invites the attention of the public to the BAY STATE RANGE, a new cooking apparatus of great capacity, having
TWO LARGE OVENS
AND
SIX BOILING PLACES.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

Wood or Coal may be used for fuel, the castings being of
DOUBLE THICKNESS,
will resist the action of a coal fire and the abuse of servants.

These Ranges have been in use in this city during the past year, and been found perfect in operation.

THE RANGE IS PERFECT IN ITSELF,
and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been
THOROUGHLY TESTED
by experienced Plowmen, who pronounce them
The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

The News.

GEN. SCOTT TO THE PACIFIC.—The Washington correspondent of the Tribune says Gen. Scott is to sail for the straits of Fuca, via California and Oregon, to look after the San Juan difficulty. He will be accompanied by Assistant Adj. Gen. Thomas, Lt. Col. Lay, and Assistant Surgeon Crane. Upon arriving at San Francisco, he is to be forwarded to the seat of difficulties by a special steamer, unless the regular one is ready to depart. He is also empowered to control the movements of mail steamers after reaching his destination.

NAVAL.—The U. S. steam frigate Fulton went ashore on Santa Rosa Island, near Pensacola, during a gale on the 16th. The hull lies high and dry, and is breaking up. The crew and stores were saved.

The U. S. sloop-of-war Brooklyn left Pensacola on the 14th inst., for New York.

☞ The case of Dr. J. C. Ayer, in the Police Court of Boston, for assaulting R. S. Fay, Jr., was postponed on Monday, and Dr. Ayer continues to be held in $20,000 bail. Mr. Fay, though dangerously wounded, bids fair to recover.

☞ In Worcester, Mass., Monday, a Mrs. Wheelock applied a cowhide to the head and face of a Mr. Messenger, who keeps a ladies' fancy store,—said Messenger being held by the husband of the indignant wife, assisted by other individuals. This female dexterity was supposed to be caused by some insult from Mr. Messenger,—he says 'twas because he presented a bill that was due some time.

☞ The "American Republican State Convention" of Massachusetts, was held at Fitchburg on Tuesday, and Gov. Banks was nominated for re-election, having 627 votes out of 712.—The whole State ticket was nominated, in the same manner.

☞ The Boston papers make varied comments on the Ayer and Fay stabbing case. At all events, any man who owns forty shares in a corporation, is not to blame, in these days of defaulters, if he keeps a sharp watch over the books.

HISTORICAL.—A young Prince of the illustrious House of Monaco was asked why he had married a rich old woman. '*Ma foi,*' was the gay young Prince's reply; "let me ask you, what poor man in a hurry to get an enormous bank note cashed troubles himself to look at the date of it?"—*Punch.*

☞ At the trial of the *Manchester* engines, No. 6 played 185 feet—fifteen feet higher than the tub which carried off the $400.

☞ Punch says—The only love in which a man has no rival, but has it all to his own self, is in the wonderful Love he generally has for himself.

☞ A Cincinnati paper calls the N. Y. Tribune a sort of literario-political slop-bucket, into which every one is permitted to pour his slops.

"Old Bullion" once said, "Douglas can never be President, sir! His coat tail is too near the ground, sir! too near the ground, sir!"—*N. Y. Daybook.*

☞ While attempting to stop a runaway horse, on Washington street, Roxbury, Mr. J. T. Smith, carriage maker, was knocked down, and had two ribs broken, besides receiving other severe injuries.

☞ The Pittsburg Chronicle says that Lieut. James C. Chapin, U. S. N., was married, on Tuesday evening, to Miss Mattie Harris. The bride was apparelled very simply and tastefully in white, one of her bridesmaids in blue, and the other in red—together representing the red, white and blue of our national bunting.

☞ "Nothing like *backing* one's friends," said the lazy loafer when he made his wife lug him across the brook to save wetting his boots.

☞ The Bridgeton Reporter thinks Bishop Onderdonk, if restored to his bishoprick, should be dubbed Bishop Onder*donkey.*

"Do you drink hale in New York," asked a cockney who had just arrived, of a compositor. "Hail! No; we drink ruin, smash and Jersey lightning."

Solid breakfasts are fit only for those who have much solid exercise to take after them

"Strike while the iron is hot," is an excellent motto; but a still more *striking* one for a man is this:—'*Make* the iron hot by *striking* it."

THE BEGINNING AND THE END.—The first thing a man takes to in life is milk—the last is his *bier.*

If dull weather affects you, marry a warm hearted girl, and make sunshine four yourself. Bachelors will find this superior to either billiards or burgundy.

Mrs. Smike says the reason children are so bad this generation, is owing to the ladies wearing gaiter shoes instead of old-fashioned slippers. Mothers find it too much trouble to untie gaiters to whip children, so they go unpunished; but when she was a child, the way the slipper used to do its duty was a caution to snakes.

PRODUCTIVENESS OF LOUISIANA.—The Plaquemine Sentinel has a curiosity in the Indian corn line—a bunch of *twenty-eight* ears on a single stalk.

From the Journal.

PORTSMOUTH AQUEDUCT.—One of the richest blessings of Portsmouth is the Fountain from which our city has for more than sixty years been supplied with water. Mention is made of the springs two centuries ago—when from the circumstance that they did not close in winter, they were called the *Warm Springs*. From a careful observation it is found that the temperature of water at the fountain varies only five degrees through the whole year. In summer when the temperature of the air has been at 100 degrees, the temperature of the water has only to risen 55 degrees. In winter when the mercury has been 10 degrees below zero, the temperature of the fountain has only sunk to 50 degrees. There has never been a drought which has had any perceptible effect on the springs.

The company are now opening a new spring, on the borders of the Concord & Portsmouth Railroad track, just above the Plains. The supply promises to add at least one-fourth to that afforded by the old springs, which are within half a mile of that now opening.

GEN. PIERCE'S VISIT.—The Ex-President came down from Concord in the cars on Monday, unattended, and with so little mark of position that the cabman who took him to the Rockingham House, did not know two hours after, that the General had arrived! After spending a few days with his friends, he returned to Concord on Wednesday night. He looks in good condition, and is as prominent a candidate for the next Presidency and of as much personal popularity as any of his party yet named. It is said that he intends to spend the winter, with his lady, at Bermudas, a group of islands in the Atlantic, about 600 miles east of the coast of South Carolina, where the thermometer scarcely varies more than four degrees during the year, ranging usually from 71 to 75 degrees.

NOBLE TRIBUTE.—One of the best marks of respect to the memory of the late Capt. M. D. Ricker, who, with his lady, was drowned in India a few months since, has been paid by the shipmasters and merchants of his acquaintance in India, who have contributed a thousand dollars for the benefit of his son Clinton, a lad of eight years, who was on board the ship Colorado at the time of the disaster. The lad is now on his way home with Capt. Hickey, in ship Alice Ball.

AYER'S SARSAPARILLA,

A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power as to afford an effective antidote for the disease Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will a complish their cure must be of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud.—Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursing through the skin in pimples, eruptions or sores;—cleanse it when you find it is obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it' contain but little of the virtue of Sarsaparilla, or anything else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence Bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly cspised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have grounds for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

Ayer's Cherry Pectoral

Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more tean assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the Blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price, 25 cents per box; five boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agent below named furnishes gratis our American Almanac, in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on.—Demand AYER'S, and take no other. The sick wish the best aid there is for them, and they should have it.

All our remedies are for sale by W. R. Preston, Portsmouth, and by all druggists and merchants in the civilized world. 6m—jel4

CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES
OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE NERVES OR THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SUE PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In most instances the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. . . . Out of twenty-two cases *in the third or last stage*, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

THE GREAT ENGLISH REMEDY.

Sir Jas Clarke's celebrated Female Pills

Prepared from a prescription of Sir Jas. Clarke, M. D., Physician Extraordinary to the Queen.

Unfailing in the cure of all those painful and dangerous disorders to which the female constitution is subject.

TO MARRIED LADIES it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

Each bottle, price One Dollar, bears the Government Stamp of Great Britain, to prevent counterfeits.

For sale, wholesale and retail, by W. R. PRESTON, Portsmouth, and by Druggists in every town in the United States.

CAUTION.—*These Pills should not be taken by females that are pregnant, during the* FIRST THREE MONTHS, *as they are sure to bring on Miscarriage, but at every other time they are perfectly safe.*

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics, and Whites, these Pills will effect a cure when all other means have failed, and do not contain any thing hurtful to the constitution.

Full directions accompany each package.

Sole Agent for the United States and Canada,
JOB MOSES, ROCHESTER, N. Y.

$1 and 6 postage stamps enclosed to any authorized Agent, will insure a bottle of the Pills by return mail. july9

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained a convertible WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, entirely harmless, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" in a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their *friends* is a test of its worth.

Directions for using **"My Mother's Salve"** are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgement may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in Rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A. M. Beck.

THE ONLY ARTICLE
UNRIVALLED IN THE MARKET,
WITH IMMENSE
HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & Co.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country; My hair has been slightly diminishing for several years, caused, I suppose, from my being born when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 494 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPARED BY DR. SANFORD,

COMPOUNDED ENTIRELY FROM GUMS,

Is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

BILIOUS ATTACKS are cured, and. what is better, prevented by the occasional use of the Liver Invigorator.

Only one dose needed to throw out of the system all sallowness or unnatural color from the skin.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

One dose taken as a cathartic, removes all foul humors, and yields almost to the first dose.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures CONSTIPATION.

A few bottles will cure DROPSY by exciting the absorbents.

One dose taken after each meal will cure DYSPEPSIA.

We take pleasure in recommending this medicine as a preventive for FEVER AND AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 345 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 ly

LOTTERIES.

THE LOTTERIES OF

WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, or consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Testimonials treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

AYER'S SARSAPARILLA,
A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will a complish their cure must be of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—
SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUMM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.
This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud.—Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores;—cleanse it when you find it is obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.
Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it contain but little of the virtue of Sarsaparilla, or anything else.
During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have grounds for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

DR. J. C. AYER & CO.,
LOWELL, MASS.
PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.

Ayer's Cherry Pectoral
Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills.
FOR THE CURE OF
Costiveness, Jaundice, Dyspepsia, Indigestion Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.
They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.
Price, 25 cents per box; five boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agent below named furnishes gratis our Ameritan Almanac, in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.
Do not be put off by unprincipled dealers with other preparations they make more profit on.—Demand AYER'S, and take no other. The sick want the best aid there is for them, and they should have it.
All our remedies are for sale by W. R. Preston, Portsmouth, and by all druggists and merchants in the civilized world. 6m—jo14

AMERICAN & FOREIGN PATENTS.
R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington, UNDER DATE OF 1857.
76 STATE, OPPOSITE KILBY ST., BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent obtained by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
BOSTON, February 8, 1858.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.
From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications. SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.
Boston, Jan. 1, 1859. R. H. EDDY.

THURSDAY, SEPT. 22, 1859.

FREE NEGRO EXPULSION LAW OF LOUISIANA.—The recent Louisiana statute in relation to free negroes, went into active effect on the 1st inst. By this law free negroes born without the State must leave it within sixty following days, or go into slavery, being allowed to choose their own masters in the event of taking the latter alternative. It has caused a great panic among them of course, and while some are "mounting in hot haste" to go beyond the limits of contravention, others are busied in selecting or soliciting masters, or in devising means of evading the law. Some buy up white witnesses, to swear that they are natives. A good many free negroes have already selected their masters, and though in most instances they find little difficulty in persuading the chosen ones to add, gratis, to their personal wealth, there are many instances where a refusal has been met.—One lucky individual rose in the morning, hitherto guiltless of being a slaveholder, and went to bed that night the holder of the right and title to ten valuable slaves, who had forced themselves upon his acceptance. The negroes, with their quick appreciation of character, understood his, and hence their selection.—*Boston Courier.*

There is, in the above item, matter for reflection, of different kinds.

The first and most obvious thought suggested, is, that the statutes alluded to, treat the Negro exactly as if "he had no rights which any white man is bound to respect," and therefore he may be bought and sold,—nay he *must* be; for if he will not *give* himself away to a master who can sell him next day, he must either leave the State, or be sent to the State Prison!

Didn't somebody give a howl, just now, (says Uncle Toby,) when we quoted the language of Judge Taney's sermon in favor of Dred Scott's slavery? We think there was a piteous and pitiful howl of that kind, and a "bless your heart—Judge Taney said it was difficult to conceive *now*, how the *old times* people used to think the negro had no rights." Old times seem to have come back again, in this poor mean statute; but they come back in vain.

Look at the fact that *many* people there will not take freemen as a gift to make them slaves; and then at the other fact, that *ten* valuable negro slaves, sharp enough to appreciate character keenly, have found the very master whose character they understood and desired. Let us see whether *these* negroes don't know how to take care of themselves! and see also, what is the value of that stupid old lie, that negroes at the South, if free, would rush to the north with all speed.

On the contrary we see in the case before us, that even this cruel and contemptible statute does not drive them away,—but they pay their money and get white men to swear falsely, in order that they may stay in their southern home.

It will be observed, that the operation of the law is only on negroes *not born* in Louisiana. Is not this almost as bad as the Know Nothing scheme, or the *two years* Amendment?—Do, somebody, get up a howl over this.

☞ In the Police Court of Worcester, Mass., Sept. 23, Mrs. Wheelock and her husband were each fined $10 and costs for the assault on Mr. Messinger. Two other men implicated in the affair were fined $5 each. This was the case where the woman got credit in an embroidery store for 87 cents; did not pay; was dunned; and in dudgeon cowhided the shop-keeper. Now, she and her aids and abettors have to pay $30 in fines, and a small sum in costs.—Serves them right—only the man and woman who didn't pay their bills, ought to have had the hiding, and not the poor trader, who had already been sufficiently abused and wronged.

☞ The New Orleans Delta says that in place of the yellow fever, so long a scourge to that city, a new epidemic has broken out, which is adding not a few victims to the weekly bills of mortalities—the epidemic of suicide. "We could imagine nothing better calculated to drive one to self-murder," says the Delta, "than the effects of such villainous compounds as the Western whisky and New England rum."

☞ They are so hard up for priests in Zacatecas, in consequence of the liberal decrees against the Church being reduced to practice, that marriages by the civil magistrates are there formally authorized. This is a change indeed for a Catholic country, if it shall but last. Catholics hold marriages to be a sacrament, so that Zacatecas must be regarded as a Protestant country. Perhaps the troubles of Mexico are necessary to enable her to get rid of Papal tyranny and humbug.

PISCATAQUA FIRE AND MARINE INSURANCE COMPANY.—The public should be on their guard against a company with the title above, hailing from South Berwick, Me., with a capital which appears not to be subscribed as yet, and owning for one of its executive officers a man who has before this time worked through two similar institutions. We understand the Insurance Commissioners have taken measures to prosecute the agents in Massachusetts.—*Trans.*

☞ Truly does the New Orleans Picayune say:—"Experience has fully demonstrated that where a man, in a commercial community, has anything to sell, he must not keep dark about it; he must hold it up in contact with that universal and powerful illuminator—the public press; he must, paradoxically, light it up with ink—printer's ink; and he must do this not once, or twice, or three times, but persistently, systematically. There is as much skill and tact, and oftentimes as much boldness, to be displayed in advertising, as in conducting the most expensive and difficult business operation.

"To advertise properly costs money, but it invariably repays the investment a hundred fold. You will find many sensible man who will calmly utter the paradox, that they have often advertised, but it has never benefitted them an iota. They expect the public to walk into their stores, and holding their poor, little advertisement, inserted once a month in some out-of-the-way corner of a big paper, exclaim—'you have candles—give me candles; you have fish-hooks—give me fish-hooks!' Egregious error! The main object of advertising is to impress this Mr. Public with an inefaceable idea of your name and locality and special occupation; so that if he ever see or hear the one, he will instinctively, impulsively, irresistibly think of the other."

☞ Two very adroit female thieves were recently arrested by the Philadelphia police. A "detective" observed one of them leaving a store in a great hurry, and, suspecting that she had been at mischief, arrested her. The lady assumed great indignation, but the officer silenced her by drawing aside the skirt of her dress and disclosing a piece of silk worth sixty dollars stowed away in a "lift pocket." The silk had just been stolen from the store. The skirt was so arranged that about one-half of it formed a single enormous pocket. The ladies were both married, and supported their husbands comfortably by larcenies. Now the poor chaps must shift for themselves, as a two years' sentence of imprisonment will cause a "legal separation."

☞ Mr. Huntoon of Lowell, the young man who was injured some time since, on the railroad above Northampton, while returning from Keene, N. H., with the Holyoke excursion party, died at Holyoke, where he has since been confined to his room, on Saturday night, from the effects of the accident, and his remains were taken to Salisbury, N. H., for interment.

The other day a gentleman in Alloa received a letter of which the following is an extract:—"Edinburg, Aug, 25th, 1859.—Dear Sir: Enclosed I send you four postage stamps, being your second and final dividend on the sequestrated estate of ——, late of Waterloo place, Edinburgh."

☞ The Smithsonian Institute received a parcel by mail, which on being opened was found to contain two thriving, living specimens of the curious animal known as the Texas horned frog. They came all the way from Huntsville, Texas, in the mail bag without food or water.

THE MAINE ELECTION went all one way. The Democratic party instead of growing larger, as the administration papers promised us it would, has grown smaller, and there appears nothing left of it away down east, save in the persons of the federal officials, and the few old fogies who don't take the papers, and think every year that they are voting for Andrew Jackson.—*Charlestown Advertiser.*

QUITE A "PIN."—The crank pin of the steamer Persia, which broke on her last passage, is an immense piece of iron, three feet in length, weighing 1800 pounds.

If the poor-house has any terror for you, never buy what you don't need. Before you pay three cents for a jewsharp, see if you can't make just as pleasant a noise by whistling, for which nature furnishes the machinery.

HOUSE RENT.—Adam Smith was of opinion that no one ought to pay more than one-eighth of his income in rent.

WHEELER & WILSON'S

Medal Family Sewing Machines.

A NEW STYLE MACHINE.

PRICE $50.

This Machine makes the Lock Stitch, which is the only stitch that cannot be raveled, and that presents the same appearance upon each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

The Wheeler & Wilson Manufac'g Co.

Invites the attention of Housekeepers, Seamstresses, Dressmakers, Tailors, Manufacturers of Shirts, Skirts, Cloaks, Mantillas, Clothing, Hats, Caps, Corsets, Ladies' Gaiters, Linen Goods, Umbrellas, Parasols and Silk Goods, to the perfect adaptation and unrivalled excellence of these SEWING MACHINES for their uses.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, and suited to the workshop—applicable alike to the use of the family and the manufacturer.

Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses.—Substituting as they do, healthful exercises and rational employment for the soul-and-body destroying drudgery of hand-sewing, they are hailed as WOMAN'S FRIEND.

Among their undoubted advantages are:

1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which, hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public; and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

Several varieties are manufactured, adapted to various purposes. So far as public opinion has been formed and uttered, the preference is emphatically accorded to the Wheeler & Wilson machine for family use, and for manufactures in the same range of purpose and material.

During the present autumn the trials have been numerous, and all the patents of any pretension have been brought fairly into competition. In every case, the Wheeler & Wilson machine has won the highest premium.

We may instance the State Fairs of New York, New Jersey, Pennsylvania, Kentucky, Illinois, Wisconsin, Virginia, Michigan, Indiana, Mississippi, Missouri and California, and the Fairs in Cincinnati, Chicago, St. Louis, Baltimore, Richmond, and San Francisco.

At the Fair of the St. Louis Mechanical Association, the Examining Committee was composed of twenty-five Ladies of the highest social standing, who, without a dissenting voice, awarded for the Wheeler & Wilson machine, the highest and only premium, a Silver Pitcher, valued at $75. If these facts do not establish a reputation, we know not what can.

We prefer the Wheeler & Wilson Sewing Machine for family use."—[N. Y. Tribune.

"Wheeler & Wilson's Sewing Machines are the favorites for families."—[N. Y. Times.

"The Wheeler & Wilson Machine has secured and justly maintains the pre-eminence for sewing every kind of material."—[N. Y. Express.

"There is not an invention of this inventive age that honors American genius more than the Sewing Machine. No family ought to be without its benefits."—[Independent.

"A Sewing Machine is among the most useful and economical articles a housekeeper can purchase. In looking out for the best, see the machines of Wheeler & Wilson."—[Examiner.

"Wheeler & Wilson is the machine par excellence for family use, and we recommend it most emphatically."—[Advocate and Journal.

"Wheeler & Wilson's Sewing Machines combine everything that can be required in the manufacture of garments. Our friends abroad may be assured that to purchase one of them is a safe investment."—[Observer.

DR. SWETT'S

CORDIAL OF DANDELION,

SPIKENARD & BONESET,

A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.

Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.

[From Mrs. Ira Burnham, Exeter, N. H.]

I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. GREENLAND, Nov. 20, 1858.

DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, which has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,

SALLY BLAZO.

ENFIELD, Sept. 8, 1859.

Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.

JOHN R. PALMER,
Chief Marshal.

☞ Persons wishing to attend the Fair at Exeter, can go over the Concord & Portsmouth railroad in the morning train, 10 50, from Portsmouth and other towns to South New Market Junction, and arrive at Exeter at 12 M. Half fare on the Concord road; full fare on the Boston & Maine.

☞ In order to give *all* the Chroniclers opportunity to attend the Rockingham County Fair, at Exeter, to-day, Thursday—we shall print no Daily Chronicle on Friday morning. The Weekly Chronicle, usually printed on Friday, will be delayed in issue until *Saturday* morning, at which time we expect to present to our readers a full report of the Fair, including the list of premiums awarded. All this, *if* fair weather.

UNITARIAN S. S. CONVENTION.

The Annual Autumnal Convention of the members of Sunday Schools connected with the Unitarian Parishes of New England, will be held in Portsmouth on Wednesday, October 12th.

At a meeting of the Parish, at the Stone Church, after forenoon service, Sunday last, Hon. C. S. Toppan was called to the chair, and J. H. Foster was chosen Secretary. After remarks by J. P. Lyman, Dr. Peabody, and W. H. Y. Hackett, Esq., in reference to the proposed convention, the following committee was appointed to make arrangements for the occasion:

Messrs. John Chase, W. H. Rollins, J. P. Lyman, J. H. Foster, C. M. Laighton.

Mrs. A. L. Jones, Mrs. J. A. Grace;—Misses A. C. Tredick, Hope Goodwin, Barnabee, Lambert, Emily F. Jones, Mary Peabody, Julia Pray.

☞ Arrangements are in progress for the "People's Lyceum," the coming winter.—Lectures are expected from Rev. T. S. King, Rev. J. C. Fletcher, Rev. J. G. Adams, Dr. Windship "the strong man," and others; Readings by Hon. Hampden Cutts; Poems by B. P. Shillaber and Albert Laighton; with Concerts or other lectures to occupy the usual ten Tuesday evenings. There will be good and attractive music each evening. The season tickets will be $1, evening tickets 25 cts.; and when the list of speakers shall be fully decided upon, the citizens generally will be called on, to ascertain the number of course-tickets which will be taken; and if five hundred or more are disposed of, the course will be commenced about the middle of October.

MORE ROWDYISM.—A few nights since, a gang of rowdies,—probably the same rascals who have been so busy in this city—went through the town of Rye, tearing down fences, cutting down field corn, besides committing other outrageous acts.

In one instance they built a fence across a public road, as a result of which, a horse fell over the obstruction and broke his leg.

☞ We learn that two or three little Irish boys were arrested on Wednesday, charged with incendiarism. They confessed to making several attempts to fire the planing mill. It is supposed that the recent fires in this city are the results of their labors.

Air Tight Preserving Cans!

UNRIVALLED YET!

For four years these cans have stood the test of competition and experience, and with renewed confidence in their peculiar adaptation, and perfect efficiency for the preservation of

VEGETABLES, FRUITS, BERRIES, &c., &c.,

They are now offered for the fifth season, deeming the unprecedented sale of about 60,000, and an increasing popularity, sufficient guarantee for their merits.

The top has been improved in appearance, and the opening made larger, which may be considered a real improvement.

All sizes for sale, as usual, by

PRESERVING KETTLES

OF ALL SIZES.

THE BEST LIGHT!!!

Cancemine Oil.

Every one is naturally desirous of obtaining the BEST LIGHT, at the SMALLEST COST; and this can secured by the use of Cancemine Oil,—a new article which is rapidly superseding the Kerosene Oils, for the following reasons, viz.:—IT COSTS LESS, GIVES MORE LIGHT, WILL NOT SMOKE, AND HAS NOT THE OFFENSIVE ODOR OF KEROSENE.

This Oil can be used in the ordinary Kerosene lamps; but an improved burner can be fitted to any lamp at a small expense.

This is by far the best light yet offered to the public. The subscriber has this Oil for sale in any quantity, also a supply of Lamps, &c.—A lamp may be seen in operation at store

THE

BAY STATE RANGE.

COMBINING

ALL THE GOOD QUALITIES

—OF A—

RANGE AND STOVE.

The Subscriber invites the attention of the public to the BAY STATE RANGE, a new cooking apparatus of great capacity, having

TWO LARGE OVENS

AND

SIX BOILING PLACES.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

Wood or Coal may be used for fuel, the castings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

These Ranges have been in use in this city during the past year, and been found perfect in operation.

THE RANGE IS PERFECT IN ITSELF,

and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been

THOROUGHLY TESTED

by experienced Plowmen, who pronounce them

The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "it cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

The News.

FROM RIO DE JANEIRO.—Since the 9th of July, the United States ship Levant, Com. Hunt, arrived after a passage of 39 days from Boston, and sailed again some days after her arrival. All well on board.

The sloop-of-war John Adams, Com. Mason, a brother of Senator Mason of Virginia, put in here on the 31st of July, leaking and very much strained, owing to bad weather experienced on the voyage, and the immense weight of her batteries. The John Adams was on her way to the East Indies, but the result of a survey held at sea, declaring the vessel to be in an unfit state to proceed to her destination, induced the Commander to bear away for this port. Since his arrival here, in the absence of any other of our government vessels, an additional survey of some eight or ten of our merchant captains has been held, and fully coincided with that made by the ship's officers at sea.

FROM CALIFORNIA.—OVERLAND.—*St. Louis, Sept. 20.*—The overland mail, with San Francisco dates of the 26th ult, reached Jefferson City this morning.

Business at San Francisco showed more activity, but the demand was mainly of a speculative character, and confined principally to candles and provisions.

A report from Oregon states that Capt. Wallen's command, consisting of 140 men, of the Fourth Infantry, had been massacred by the Snake Indians at Warm Springs, east of the Cascade Mountains. The report was credited at Fort Dallas.

Dates from San Juan island are to the 20th ult. Affairs there continue without change. The American troops were still in possession of the island, and their numbers had been increased to 400 men.

Overland immigration continued to pour in. Much suffering is reported on the Plains among broken-down Pike's-peakers. A large number of immigrants were stopping at Alkera River and other gold diggings, east of the Sierra Nevada Mountains.

The town of Murpheys was nearly destroyed by fire on the 21st ult., involving a loss of $100,000.

Honolulu dates are to July 30th. The American barque Lancaster, of Philadelphia, en route from San Francisco to Australia, with a cargo of rice valued at $32,000, foundered off Moloki, July 10th. The vessel and cargo were a total loss, but were fully insured. No lives were lost.

The American whaler Twilight, of New Bedford, was wrecked on one of the Marquesas Islands, June 18th. Loss $45,000. Crew saved.

Victoria papers of the 22d ult., says that five companies of Infantry, four of Artillery, and a battery of eight thirty-two pounders from the United States steamer Massachusetts, were at the Island of San Juan.

The House of Assembly on the 12th, adopted an address to Gov. Douglas, urgently requesting him to enforce upon the English government the necessity of demanding from the government of the United States the immediate withdrawal of all its troops, but strenuously and at all risks to maintain her right to the Island, and also to all the other Islands in the same Archipelago, now clandestinely, dishonorably and dishonestly invaded. A motion was also adopted urging Gov. Douglas to form volunteer military companies. All was quiet at the latest dates.

The shipments of gold from Victoria during the previous fortnight amounted to $144,000.

CONCORD, N. H., Sept. 20.—The Governor and Council have nominated Samuel D. Bell of Manchester for Chief Justice, and H. A. Bellows of Concord, and Chas. Doe of Dover, for Assosciate Justices of the Supreme Judicial Court.

☞ In Philadelphia, on Tuesday, Hiram P. Leslie, the music teachers' swindler, was sentenced to three years' hard labor in the Penitentiary, the extreme penalty of the law, for the larceny of the wearing apparel of one of his victims.

☞ Wilson, the Colt Guard, arraigned for murder in bayoneting young Banks at the Seymour reception, is described as rather slim in his build, a little above the medium height, with a nose of hawks-bill contour, dark eyes, quite a thick and glossy black moustache, dark hair, und an altogether free-and-easy, dare-devil sort of style generally. He is said by his friends to be quite "a good fellow" when he is sober, bot savage when he is drunk. He is supposed to have been partially drunk at the time of his reckless and fatal conduct.

SAD CAUSALITY AT TUFTONBORO'.—We learn that a son of Josiah Tate, aged 12 years, came to his end in the following manner:—He went to the store of John Stockbridge, in Melvin Village and purchased some three ounces of powder, and put it in the pocket of his pantaloons, in which were friction matches. On his way home the matches got on fire and communicated with the powder, which exploded, burning him terribly. He lingered some nine days, when death came and set him free from his terrible sufferings. May all take warning in using gun powder.—*Lacania Democrat.*

Morning Chronicle.

BEEN TO MUSTER.—At all sorts of great shows, there is as much *not* to see as there is to be seen—he is wise who knows how to select. The editor of the Nashua Telegraph went to Camp Massachusetts, and says:—

Of course there was no end to the "side shows." There were a thousand sights to see, and things to do, which we neither saw or did. We did not see the wax figures of the Parkman murder, the Burdell murder, Mrs. Cunningham and the "Blessed Baby," nor scores of other abominations designed to gratify the popular taste for the horrible. We did not attend any of the concerts given by the scores of the most bogus kind of bogus nigger minstrels. We did not try the strength of our lungs on the "lung tester," nor the strength of our muscle on the strength tester. We did not lodge at the "*Martinee* Lodging House," nor eat at any of the eating-houses with high-sounding titles. We did not try our luck at roulette nor *rouge et noir*. We neither 'shook' nor "set 'em again," at the little tables with green baize covers. We did not run the guard or quarrel with the faithful and unfortunate soldier who was obliged to act in that capacity. When the "Ostentatious Dragoon" came galloping along on his cowgaited charger, and told us to "fall back," we did so without wasting any words with that individual, considering, that with that long sword of his, which he flourished so fearfully, he had us at an advantage. We did not knock the chip from any man's hat, nor knock down the individual who trod on our favorite corn.

A NEW FLANNEL FACTORY is talked of in Salisbury, at Fowler's Brook, half way between Salisbury Point village and Rock Hill, in a fine location for that purpose.—The site is owned by Mr. True, who has built a dam there to have a power for manufacturing plugs and wedges to be used in ship building. In addition to his establishment there is ample room for the proposed factory, and some manufactures named Guild, at Northfield, Vt., who are natives of Amesbury or Salisbury, are interested in the project. We are informed that all the stock required is taken up, and more could be had if needed.—*Newburyport Herald.*

FANCY FARMERS.—An old acquaintance of ours wishes to become a farmer, and says he understands and can perform all kinds of farm work except mowing, pitching and raking hay, building fences, driving team and taking care of stock, ploughing, hoeing, planting, harvesting, and other *similar* labors. The truth is, he wants a farm with a large orchard, a fast team and a rich "old man," so that he can sleigh-ride with the girls when the moon shines, and when it con't, sit before a good fire winter evenings and eat apples, drink cider and tell stories! In the summer season he would attend to the gunning and fishing department!—*Bath Times.*

The Annual Autumnal Unitarian Convention is to be held in Lowell during the third week in October. Sermons will be preached by Rev. T. S. King of Boston, and Rev. D. N. Sheldon, D. D., of Maine, formerly President of Waterville (Baptist) Theological Seminary. Essays are expected from laymen on important topics. Arrangements are nearly perfected for a reduction of fare on the several railroads, and a large gathering is anticipated.

NEW KIND OF BOILERS.—Burleigh says: "A patent has been granted this week at Washington for a new steam boiler. The scientific men who have seen it say that it will supersede and revolutionize the whole matter of boilers for shops, foundries and houses. It is of cast iron. It can be made of any size from that of a man's hat to that of a house. It can take any shape, be put any where, handled by one man and be afforded at a low rate. The inventor is a Philadelphian, and one of them is in full opperation in this city."

Postmaster Cook of Chicago, between whom and Senator Douglas there is no love lost, notwithstanding the postmaster laid by, several years since, a demijohn of his favorite whisky with the label "not to be drunk till Douglas is elected president,"—has been in Washington for several days, and says that the senator's late magazine manifesto is injuring his prospects in the West.

☞ The fathers of two young ladies swindled by Leslie, alias Johnson, have published a card in the Philadelphia papers, in which they say that there were only nine victims, and not fifteen, as represented, and that none of the ladies are missing.

CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES

OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon A DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SUE PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In *most instances* the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * Out of twenty-two cases in *the third or last stage*, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

BE SURE TO PURCHASE WINCHESTER'S GENUINE PREPARATION,

which is certified by Dr. James R. Chilton to be "PROPERLY MADE and *chemically pure*. My *fac simile* signature is upon every bottle."

☞ Price $2 per bottle, or three bottles for $5, with full directions for use. Write for Circulars, which will give RELIABLE INFORMATION, and save from all possibility of deception. YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" in a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using **"My Mother's Salve"** are simple. Every mother and nurse knows how to spread a plaster and cure a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A.M.Beck BURRILL & HUNTING, SOLE PROPRIETORS,

No. 6 Tremont Street,
(Two doors south of Court st.,) BOSTON.

Will be found at all Apothecaries and Family Stores in the country. o15 1y

THE ONLY ARTICLE

UNRIVALLED IN THE MARKET,

WITH IMMENSE

HOME AND EUROPEAN DEMAND.

The reason why is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPERED BY DR. SANFORD,

COMPOUNDED ENTIRELY FROM GUMS.

Is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

One dose taken for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER and AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 345 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 1y

LOTTERIES.

THE LOTTERIES OF

WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, currently deceived by the mischievous practice of rendering their lives to the insidious wiles of the dangerous Quacks, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—18 Howard street, Boston.

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her
SOOTHING SYRUP,
For Children Teething.
Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS
We have put up and sold this article for over ten years, and *can say, in confidence and truth,* never been able to say of it, what we have of any other medicine, —NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with it, and speak in terms of highest magical effects and medical merit, "*what we know,*" after ten years experience, and *pledge the reputation for the fulfillment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.
This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILFUL NURSES in New England and has been used with *never-failing success,* in THOUSANDS OF CASES.
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects, acidity, and gives tone and energy to the whole system. It will almost instantly relieve
GRIPING IN THE BOWELS, AND WIND COLIC.
and overcome convulsions, which, if not speedily remedied, end in death. There is no doubt but it is the BEST and SURE REMEDY IN THE WORLD in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own prejudices, or the prejudices of others,* stand between your suffering child and the relief that will ABSOLUTELY SURE—yes, ABSOLUTELY SURE—follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper. Sold by Druggists throughout the world.
Principal Office, No. 13 Cedar st. New York
Price only 25 cents per bottle.
Will be sent free of postage to any one who has not found it to answer the recommendation here given of it.

FRIDAY, SEPT. 23, 1859.

SAD NEWS IF TRUE.—Gerrit Smith says:

"The cause of temperance in this country is dead. In vain are all the efforts of Temperance Societies and temperance newspapers and temperance lecturers to galvanize it into life. Never was the use of tobacco and intoxicating drinks increasing so rapidly. All that have any discernment must see that it is this boundless inconsistency and unprincipledness at the ballot box which has killed this dear cause; and that it can never be revived by temperance societies and temperance lecturers that go for the election of rum-drinkers. Such stupendous and shameless hypocrisies must give place to agencies characterized by sincerity and self-denial, before temperance can come to life."

Let us try, says Uncle Toby, to illustrate this doleful view, by applying some of the same language to another subject, thus:

The cause of religion in this country is dead. In vain are all the efforts of ministers and churches to galvanize it into life. Never was heresy, never was free-thinking, never infidelity so rife. All that have any discernment must see that it is the inconsistency of ministers and church members, in preaching and professing good things, but doing evil, that has killed this dear cause; and that it can never be revived by hypocrites in the pulpit or the pew. Hypocracies must give place to piety, and rogues to honest men, before religion can come to life.

There is just about as much truth in one of these pictures as in the other. Both of these contain some truth, mingled with more fallacy.

Hypocrites are not very rare people; and *inconsistent* men may be found at every corner; nevertheless, there is no good cause without more or less honest and sincere supporters; and above all, no one of them is without the Divine support. Herein is the true strength of those who strive to do good to their fellow men.

UNITED STATES FAIR.—The U. S. Agricultural Society has realized thirty-three thousand dollars as the proceeds of the exhibition at Chicago, just closed.

The steam fire engine Hope, of Philadelphia, got the premium on engines.

Saturday was the day appointed for the $1000 sweepstakes, citizens' premium. Expectations had been raised throughout the week from the impression that Flora Temple and Princess would be present, and indeed they were both entered. But as the decision was governed by the same principle as other awards, speed to count with other good points only, the owners of these noted trotters refused to subject them to the test thus imposed, and they did not trot. A large handsome bay, Ike Cook, carried off the purse.

A German mother, prolific though poor exhibited her triplets in a basket together, and though not down in the schedule, President Tilghman presented the three with a silver spoon each, and addressed the assembled multitude in a humorous and encouraging address. A contribution was also handed to the mother, larger than her eyes had ever gazed upon before, probably.

Upon arriving at the gates of the fair ground, the happy mother had not money enough to purchase a ticket of admission; but a lady, conceiving the happy idea of both assisting the mother and affording a fund of entertainment for the visitors, procured the admission of the mother and her numerous offspring.

☞ In New Orleans, the other day, at a big fire, a man named Jules Dreux, of Hook and Ladder Company No. 2, being in danger of burning, saved his life in some miraculous manner, upon the exact particulars of which the papers disagree, some saying that he jumped across the street to the roof of the houses opposite, and other insisting that he came down a five-story ladder in three jumps. An honest Dutchman, who saw the whole affair, says that Jules took the "grapple-rope," fastened one end of it to the roof of the burning building, threw the other end, to which was attached the iron grapple, across the street, caught it on the roof of the house opposite, and hauled it taut. Having thus extemporized a tight rope, he took a crow-bar for a balance-pole, and deliberately walked across. Where's Blondin?

☞ Punch has a very good sketch illustrating the amnesty recently issued by Louis Napoleon. It represents a school-room, on the wall of which is a map of Europe. The school-mistress is Liberty herself, who is teaching Master Louis Napoleon how to write. On the ground are the broken drum, a toy sword, and a little dancing figure of Punchinello. On a huge blackboard Master Napoleon, with a small body encased in a child's tunic with lace pants, has just chalked the word Amnesty in good fair letters, his hand having been guided in that good work by his celestial monitress. This is one of the best things Punch has recently done.

☞ In the Massachusetts Legislature, the House have struck the word *white* out of the militia law by a vote of 144 to 31.

THREE POINTS.—It is very well understood, that Senator Douglas, in his great article in Harper, describes the three views of sovereignty in the territories. Judge Black, in his rejoinder, exposes what he deems the weak points in the Douglas document.

The Boston Atlas, in a review of both, makes the following remarks:

The doctrine of popular sovereignty means anything, or nothing. The people are to be left to form and regulate their own domestic institutions in their own way. If this means what Judge Black says, to form a state constitution with or without slavery, they have always had that privilege, but Congress also had the power, if dissatisfied with the constitution, to send it back and refuse the applicant admission.—It has that power now. This means nothing. But if, as Judge Black further says, that till that time the territories are open to the free laborer and the slave-holder, the one with his brute cattle and the other with his human chattels, this involves *two* great *fallacies*. First, that there is *no* positive natural status of mankind, and secondly that a status determined by local law *can* exist out of the jurisdiction of that local law, *both* of which he *disproves* by the statement that the territory is bound to protect slave property by a quasi slave code. And yet, this, fallacious as it is, is plausible, and means something.

Senator Douglas' theory, as far as we can make it out, and his article is so ingeniously written as to be very obscure in the statement of distinct propositions, but lucid enough in the glorification of popular sovereignty in a general way, is—we borrow the illustration from Judge Black—that the Constitution leaves the people of a territory perfectly *free* to do anything the Constitution will *allow* them to! It is intended evidently at the north to signify to the mind, a territorial legislature *may* exclude slavery—and at the south to be understood, that as the territorial legislature *can't* forbid the exercise of proprietary rights, wherever acquired within its jurisdiction, but ought to protect them, that a territorial legislature ough to enact a slave code. This means anything.

In this sketching and indicative way we have endeavored to hint at the position of the Republican party in this country as we understand it, that manhood is better than money, that the rights of man are above the rights of property, that the natural condition of mankind is freedom, only to be disturbed by violation of the social compact or by local law, and that the history of the country confirms these propositions.

☞ The Concord Patriot says, in speaking of the Maine election:

"There was not great interest manifested on either side in this election, and the Democrats seemed to spend much of their strength in fighting each other. We take it that the want of harmony among them was the main cause of their failure to reduce the majority against them. And this should be a lesson to the Democracy of New Hampshire. If we allow ourselves to become divided and excited in regard to the *abstraction* which some are seeking to make an issue and a test within our own ranks, we shall come out of our next contest shamefully beaten and dishonored. But if we repudiate this test, and firmly resolve that we will not be divided upon a question that has no present practical importance, we may win an enduring victory."

The same *abstraction* enters into every election this fall, and will be the main subject before Congress this winter. It is only the question, shall slavery rule supreme? or is there any such thing as liberty and right?

☞ The Concord (N.H.) Patriot of Sept. 31 contains a column and a half of extracts from Judge Black's review of Douglas, and then says:

"In whatever else we may differ with this writer, we entirely agree with him that this question is an *abstraction*, and that no good can come to the country nor to the Democratic party from its discussion."

The Patriot does not say whether it agrees with Black or Douglas, or point out wherein it differs from the former, or express any opinion on the subject, other than the one above cited.

☞ The Albany Atlas and Argus states that the Hon. John Stryker, who was *beaten* at the Syracuse Democratic Convention, is more seriously *injured* than was at first supposed. He remains at the Voorhis House in Syracuse.

John C. Heenan, of pugilistid notoriety, publishes an affidavit in a New York paper, stating that he went to the Syracuse Democratic Convention out of his own curiosity and not as a friend of Mayor Wood; that he was there the guest of United States Mayshal Rynders, who paid his bills and offered him $50 to take an active part in the Convention, which last proposition he declined, because he "cannot be hired for any riotous purposes;" that he was indebted to Hon. Daniel E. Sickles for his place in the Custom House, and to Mayor Tiemann's city government for a liberal offer within a short time past.

☞ Not having any place for the keeping of such company, the people of Groton Junction, a few days since, convicted a man for violating the liquor law, and shut him up in a railway baggage car. During the night the car was attached to a freight train and the culprit was carried 200 miles away, unknown to the railroad people. Did he run away?

ILLITERATE ENGLISHWOMEN.—The London papers state that in the county of Lancashire, England, in 1857, only forty-four women in one hundred could write their names.

☞ Dr. Robert M. Graham, of New Orleans, was killed on the night of Sept. 19th, by a pistol shot, at the hands of Ernest Toledance, caused by a political dispute. The doctor was convicted in New York a few years ago for killing Colonel Loring in a personal rencontre at the St. Nicholas Hotel, and was sentenced to two years imprisonment at Sing Sing prison, but was subsequently pardoned.

Dr. Robert Graham was a genteel drinker of nice wines and brandies. Under their influence he murdered Col. Loring—and now he dies in the same way, most probably by the hand of a man somewhat like himself.

P. S.—The Coroner's jury acquitted Mr. Toledance for shooting Dr. Graham. The verdict was that he shot him in self-defence.

HONOR TO WHOM HONOR IS DUE.—In the Massachusetts Republican Convention, at Fitchburg, the following resolutions were passed in honor of the late Horace Mann:

Resolved, That this Convention deplores the loss to the community and the world of Horace Mann, whose pure and earnest life has lately been cut short by his labors in a noble cause.

His zealous and successful efforts in behalf of the insane, in the cause of temperance, in the various moral reforms; but above all, in the great cause of public education, entitle him to a grateful remembrance, especially in his native State.

A zealous politician, he never placed his party before the right; an ardent patriot, he never placed his country before mankind; an able lawyer and legislator he never opposed the statutes of men in the commandments of God; an ardent philanthropist, he strove to elevate our common humanity, with equal love and equal justice to all.

In passing these Resolutions, the members of the Convention rose en masse, and thus passed it unanimously.

☞ The Manchester American, speaking of the late riot, says:

"Instead of 2000 firemen participating in the row, we know from personal knowledge that not over eighty firemen lifted a hand in these disorderly proceedings; and of nearly fifty-five companies encamped in and around the city, not a dozen of them had a single member as spectator of the disturbance. The whole number of firemen on Elm street at eleven o'clock was perhaps three hundred and fifty."

☞ The editor of the Manchester American (who was present by request) says that the vote of the Universalist society, accepting Rev. Mr. Tillotson's proposition — to preach as long as he pleases, and to go or stay as he pleases—was passed as follows:

"About one-half of those present voted yea—about one-half of the other half voted nay, and the rest were silent. The meeting then adjourned."

ASSAULT UPON AN EDITOR.—A violent assault was made in New York, upon Mr. Thompson, one of the editors of the Daily News, by one Frank McCabe, a Tammany politician. The editor's nose was broken, and he was otherwise injured. The assault grew out of some remarks in the News upon the recent Syracuse Convention.

☞ The Maine State Fair, inaugurated with such brilliant prospects of success on Tuesday, was on Wednesday brought to a sudden close for the present, by the storm. It will resume when the weather permits.

☞ The Rev. Mr. Wright, Methodist clergyman of Cleveland, Ohio, is under a heavy cloud, being charged with licentious conduct in connection with nine young ladies of his congregation.

☞ The spire on Grace Church, Providence, commenced thirteen years ago, is to be completed by another year.

DR. SWETT'S

CORDIAL OF DANDELION,

SPIKENARD & BONESET,

A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.

Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.

[From Mrs. Ira Burnham, Exeter, N. H.]

I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.

Exeter, June 1, 1859.

This testimony of my wife is correct.

IRA BURNHAM.

[From Mrs. Ebenezer Blazo.]

GREENLAND, NOV. 20, 1858.

DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,

SALLY BLAZO.

ENFIELD, Sept. 8, 1859.

Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.

Special Notices.

$200 REWARD.

The above reward will be paid to any person or persons, who shall produce such evidence as shall bring to conviction the persons who on Tuesday morning last, stove and smashed the windows of the Lafayette school-house, or broke the railing of the Lafayette Pond Bridge. By order of the Mayor and Aldermen.

JOHN BENNETT, City Clerk.

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have actually been compelled, by the force of facts, to recommend the use of DR. HOSTETTER'S STOMACH BITTERS, for those diseases which are particularly prevalent during the summer and fall. They have ascertained that there are no remedies in the pharmacopia which can compare with this wonderful compound for derangements of the system. Thousands of families residing along the low grounds of the Western and Southern rivers, are now convinced that they have found a medicine peculiarly adapted for their ailments, while in other portions of the country, during the summer months, the demand for the article is equally large.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry

Ballou's Pictorial of 24th July says:—Realizing the true sense of responsibility attaching to the Editor of and Publisher of a widely circulated journal, we should deem it little less than a crime to recommend any medical compound the real virtue of which we could not conscientiously endorse. This balsamic compound has become a home fixture; and all persons who suffer, and have in vain attempted to cure their *Coughs, Colds, Bronchial or Pulmonary Complaints*, make use of this unequalled remedy.

The following Certificate from a distinguished gentleman is equally conclusive.

From Rev. Henry Wood, formerly Editor of the Congregational Journal, Concord, NH., more recently American Consul at Beyrout, Syria, and now Chaplain in the Navy.

CONCORD, N. H., March 2

Messrs. SETH W. FOWLE & CO.,—*Gentlemen*:—Two years ago, a sudden and violent attack upon my Lungs confined me to my bed for several weeks, and when I recovered, I was so much oppressed by difficulty in breathing, that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and judging from the inefficacy of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of *Wistar's Balsam of Wild Cherry*, without confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow sufferers induces me to make this public statement, and recommend the article to others similarly afflicted.

With respect, yours truly,

HENRY WOOD.

Wm. B. Oliver, Esq., P. M., of Drayton, Dodge county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to inlay a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 26th of April, 1858, she commenced the Resolvent; on the 20th of May, twenty-one days after she commenced its use,

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.

Jaundice.

This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

ITY GOVERNMENT.—A correspondent plains of several evils in the manners morals of our streets and places, as van- sm, drunkenness, indecent and profane guage, brawling, rowdyism, gambling,&c. is proposals for the remedy of these s, are,—

. Enforce the law for the suppression of mperance,—because the root of most of evils is in the tippling shops.

. If there are officers not willing to en- e the laws for the abatement of the ve evils, then displace them at the next tion, by a citizen's ticket, and choose who are willing, and who are known to nen of firmness, decision and discretion.

. Be sure and have a City Council who do what they can to aid and sustain officers in this arduous duty.

. Have a public meeting of citizens, to centrate public sentiment against the s—especially let *conservative* citizens e forward and show themselves on the of law, order, and reform.

The above suggestions look well, as prop- ons on paper—but the practical diffi- ies in the way of their adoption are nei- few nor small.

Out of the vice and folly of the sot and gambler's victim, and the deluded vota- of other wretched courses, a number of coin money. These money makers trol some votes,—and they and their ims commonly go together in a solid y, to oppose every real reform.

Then, some conservative, quiet men, do like to take any steps that call for ef- t;—and the timid are afraid to offend ebody, afraid to lose a vote, or to pro- e the anger of a ruffian or incendiary.

A gentleman who has had much experi- e in enforcing the laws, suggests, that sters who have apprentices in their fami- should know where they are in the eve- g, and at all events have them housed in son: that fathers should do the same by ir sons, or even better; and that no po- officer should be appointed, who is not self an orderly man, and who does not trol his sons, if he has any.

We are told, by an officer now on duty, t the citizens would be surprised, if they ew to what families some of the nocturnal turbers belong. His idea is, that public orms should begin at home.

PICKPOCKETS, BEWARE!—That tall gen- man, with light hair and other uninter- ing particulars, who on Saturday P. M. ely pressed against a lady entering the rs at the Eastern Depot, and stole from r pocket a portemonnaie, (luckily con- ning but $2.75,) is hereby cautioned ainst remainining in these parts, for his idness caused the lady to note his disa- eable *personale*, and if he remains here- out he will be taken into such custody as ay prevent the pursuance of his skillful fi- ncial operations in this quarter. He is obably practicing for the great gathering watches and purses at Portland on the ar- val of the Great Eastern, and he is thus nely warned, for it would doubtless be a eat disappointment for him to lose that lendid chance for his sleight of hand prac- e in the immense crowd to be then gath- ed in our neighboring city. ***

☞ The London Illustrated News, in its notice of the deceased essayist, says:—Mr. Leigh Hunt's life was a warfare for freedom and truth, and a warfare so manfully fought that Messrs. Cobden and Bright owe in a large degree their estates and epergnes to Leigh Hunt. The vigorous thinker and exquisite English writer suffered penalty and imprisonment for light offences—for offences so manly that to Mr. Hunt we may safely say that very much of the independence of the English prees at the present day is unquestionably due.

THE NEW FRENCH WHEELBARROW.—The new wheelbarrow is attracting much attention. The novelty of the machine consists of the two legs of the barrow being replaced by two wheels, smaller than the one in front, which are fixed immediately under the body of the barrow.—The handles are raised so as to be on a level with the hands of the workman; and thus upon a level road, a slight push is all that is necessary lor the transport of the heaviest load. The three wheels being almost close together, the act of turning the barrow in the smallest space becomes as easy as possible. The workman has but to lean on one of the handles, and the front wheel is lifted from the ground, leaving the barrow free to be maneuvered like a common handcart.

LEDGER DAY.—Burleigh, the New York correspondent of the Boston Journal says:

"The 'Ledger day' in New York, is one of the great institutions of our city. The day of publication is Monday, the hour 12. The whole block from Ann street, running back to the lane near the Park, including the large store and appendage, are crowded a full hour before the Ledger appears—express men, newsmen from all parts of the city, teams, wagons, barrows, handcarts and all kinds of conveyances, ready for their load and their departure. A scramble follows like a rush for corn in the time of famine; and then the street is full in an instant. Hundreds of men, boys, teams, carts, start on the run for their different destinations. Cars, omnibusses, wagons are seized, ferry boats are full and the air is ringing and full of the cry, "Here's the New York Ledger!" I have stood by the hour with intense surprise to see the rush crowd the Ledger establishment, and to see what can be done by money well spent in judicious advertising."

THE WEEKLY CHRONICLE,

Containing the news of the week, at home and abroad, as published in the six previous issues of the Daily Chronicle,—is printed on *Friday* morning, and immediately delivered by our carriers to subscribers in the city, or sent by mail to any part of the State or the world.

FALL AND WINTER CLOTHING.—J. W. Smith & Co., Dock Square, corner of Elm street, Boston, have just opened the largest and most superb stock of Fine Ready-made Clothing ever seen in the city of Boston, together with a large and well selected stock of piece goods, embracing all the newest and best styles, which are made to order in the most stylish and thorough manner. This house is well known for introducing an entirely new system in the business,—that of keeping on hand a large assortment of all kinds of gentlemen's garments, equal in style, quality and workmanship, to custom work, and at the same time selling at the lowest possible prices for cash.—They began by promising to do this, and making the fact extensively known. Their course has been so well appreciated, that within the last two months they have been obliged to double the capacity of their store, in order to accommodate their increasing trade. The extensive alterations and improvements which have been just completed, give them unsurpassed facilities for prosecuting their business on the same popular principle as heretofore. Mr. Smith has gained an enviable reputation for the excellence of his Ready-made Clothing, and he maintains it, by acting fully up to the promises made to those in want of superior garments. Implicit reliance may be had in the representations of this firm; and our friends have only to make one trial, and they will find the truth of what we state. In Fall and Winter Coats, Vests and Pants, they have an endless variety, made from the choicest fabrics, in the most substantial and workmanlike manner—Don't fail to visit their store, when you go to Boston. Their advertisement to-day gives full particulars.

CARPETS AT LOW PRICES.—Those who about redecorating or furnishing their dwellings with carpets, should read the advertisement in our paper, of the New England Carpet Company of Boston.

WHEELER & WILSON'S

Medal Family Sewing Machines.

A NEW STYLE MACHINE.

PRICE $50.

This Machine makes the Lock Stitch, which is the only stitch that cannot be raveled, and that presents the same appearance upon each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

The Wheeler & Wilson Manufac'g Co.

Invites the attention of Housekeepers, Seamstresses, Dressmakers, Tailors, Manufacturers of Shirts, Skirts, Cloaks, Mantillas, Clothing, Hats, Caps, Corsets, Ladies' Gaiters, Linen Goods, Umbrellas, Parasols and Silk Goods, to the perfect adaptation and unrivalled excellence of these SEWING MACHINES for their uses.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, and suited to the workshop—applicable alike to the use of the family and the manufacturer.

Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses.—Substituting as they do, healthful exercises and rational employment for the soul-and-body destroying drudgery of hand-sewing, they are hailed as WOMAN'S FRIEND.

Among their undoubted advantages are:

1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which, hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public; and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

Several varieties are manufactured, adapted to various purposes. So far as public opinion has been formed and uttered, the preference is emphatically accorded to the Wheeler & Wilson machine for family use, and for manufactures in the same range of purpose and material.

During the present autumn the trials have been numerous, and all the patents of any pretension have been brought fairly into competition. In every case, the Wheeler & Wilson machine has won the highest premium.

We may instance the State Fairs of New York, New Jersey, Pennsylvania, Kentucky, Illinois, Wisconsin, Virginia, Michigan, Indiana, Mississippi, Missouri and California, and the Fairs in Cincinnati, Chicago, St. Louis, Baltimore, Richmond, and San Francisco.

At the Fair of the St. Louis Mechanical Association, the Examining Committee was composed of twenty-five Ladies of the highest social standing, who, without a dissenting voice, awarded for the Wheeler & Wilson machine, the highest and only premium, a Silver Pitcher, valued at $75. If these facts do not establish a reputation, we know not what can.

"Wheeler & Wilson's Sewing Machines are the favorites for families."—[N. Y. Times.

"The Wheeler & Wilson Machine has secured and justly maintains the pre-eminence for sewing every kind of material."—[N. Y. Express.

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been

THOROUGHLY TESTED

by experienced Plowmen, who pronounce them

The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

The News.

☞ A temporary agent of the American Express Company at Terre Haute, within the past two or three weeks, took money passing through that office in sums reaching nearly $40,000. This was all staked and lost at gaming tables. The last sum taken was an entire package of $14,000, for the Pike County Bank. This was lost in one night at a gambling saloon. Growing desperate at his heavy loss, the last of a series of considerable length, the express agent pulled a pistol from his pocket, and demanded the life or the money of the winner of the pile. The money was handed back to him, and his depredations at the express office discovered next day.

SABBATH SCHOOL CONVENTION.—The Committee appointed by the General Association of orthodox congregational and presbyterian ministers in New Hampshire, have called a Sabbath School Convention,to meet at Manchester on the 25th of October, at 10 1-2 o'clock, A. M., to continue two days. The exercises will consist of essays, discussions and addresses. Each School is expected to send two delegates, together with Pastors and Superintendents,for whom gratuitous entertainment will be provided.

A severe frost occurred in the neighborhood of Kingston, C. W., on the 15th inst. The Whig says: "The ice was an inch thick in standing water, and the consequence was that all the melons, all the tomatoes, and all like productions were utterly destoyed. Such a complete devastation was never before experienced in Canada."

A HARD MONEY MARKET AT THE WEST.—The telegraphic report that exchange on New York at Chicago has again advanced to 2 per cent., is indicative of a continuance of hard times in that quarter, and is not reconcilable with the glowing accounts of prosperity and great activity in the movement of produce, which have come to us by the mail accounts.

A LAWYER ARRESTED FOR FORGERY. *Bangor, Sept.* 21.—Benjamin Kimball, a practising attorney at law of this city, was arrested to-day on a charge of forgery of a deposition purporting to be made by Joseph Greely, Jr., of Sutton, N. H., and of a magistrate's certificate to the same, which he successfully used at the Supreme Judicial Court in this county in obtaining a divorce from his wife residing in New Hampshire. He was arraigned before the Police Court, this afternoon. The alleged deponent and magistrate were present to deny their signatures, and cognizances of the documents. Kimball waived examination, and in default of $2000 bail, was committed for trial.

ITALY.—The letters and papers from Italy announce that the reply of the King of Sardinia to the Tuscan Deputation is understood to mean that he accepts the annexation absolutely and irrevocably.

Garibaldi has put forth an order of the day contradicting the report about the Tuscan troops being unserviceable. He says he finds them fit for any exploit, and their discipline perfect.

The votes respecting the annexation of the Duchy of Parma to Piedmont are 63,403 votes in favor of the annexation,and 506 against.

ROME.—A letter from Rome, dated 3d inst., says it was supposed that the Pope would make an effort to occupy the Romagna; but the papal force in that quarter does not exceed 7000 to 8000 men, while the army of Romagna is said to amount to 20,000, excellently equipped, and well provided with artillery.

☞ Senator Clay of Alabama, having repudiated the name of "National" Democrat, and declared that in certain contingencies he will not support the Charleston nominee, the Cincinnati Enquirer says: "Clay should be treated exactly as Hale and Trumbull were—as a renegade to the party. The doors of our organization should be slammed in his face."

☞ E. Rogers, of North Adams, has a shoe that was worn 85 years ago, by a woman at her wedding in Northampton; the heel is made of wood, three inches high, running to a triangular point, one-half inch broad, and tipped with leather.

☞ Hon. John P. Hale has gone to Minnesota, and the papers of that State announce that he is to meet Stephen A. Douglas in discussion at Spring Valley on the 28th inst.

☞ The New York Herald classifies the Charleston delegates from that State as follows:—Dickinson 26, Douglas 21, Seymour 8, Guthrie 6, Wise 4, Hunter 4, Cobb 1, Holt 1, Buchanan 2, Orr 1.

☞ Attorney General Black recently gave an opinion that citizenship attaches to child born in this country, the parents of whom are foreigners, and only temporary sojourners.

☞ The National Intelligencer devotes twenty-four of its broad columns to the elucidation and defense of the old doctrine that Congress has power to prohibit slavery in the Territories, and then finally acknowledges that it shall resist any other but the modern Democratic view of this subject.

CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES

OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SUN PRESERVATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In most instances the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * Out of twenty-two cases *in the third or last stage*, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

BE SURE TO PURCHASE WINCHESTER'S GENUINE PREPARATION,

which is certified by Dr. James R. Chilton to be "PROPERLY MADE and *chemically pure*. My *fac simile* signature is upon every bottle.

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for the generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" in a BURN OR SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using **"My Mother's Salve"** are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A. M. Beck BURKILL & HUNTING, SOLE PROPRIETORS,

No. 6 Tremont Street,
(Two doors south of Court st.,) BOSTON.

Will be found at all Apothecaries and Family Stores in the country. o15 1y

THE ONLY ARTICLE
UNRIVALLED IN THE MARKET,
WITH IMMENSE
HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to come for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPERED BY DR. SANFORD,
COMPOUNDED ENTIRELY FROM GUMS.

Is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER AND AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 345 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 1y

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by unscrupulous pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. ja 1 ly

Dr. C. P. Bronson's New Cures
—FOR—
Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from overwork, General Debility, or Nervous Prostration.
These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.
THEIR RANGE OF CURE:
CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &c. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.
THEIR PARTICULAR SPHERE.
It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known.
Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c, the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, *one* will suffice.
There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants; (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.
From numerous testimonials we select the following:
A VERY INTERESTING CASE.
Mr. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Horace Greeley and W. C. Bryant, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:
Mr. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite protusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till from 3 in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 502 Hudson-street, New York.
Dr. Bronson can be consulted either by letter, addressed to Box 3398, P. O., or at the office of the General Agents from 9 to 12.
These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her
SOOTHING SYRUP,
For Children Teething.
Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS
We have put up and sold this article for over ten years, and *can say, in confidence and truth,* of it, what we have never been able to say of any other medicine, —NEVER HAS IT FAILED, IN A SINGLE INSTANCE, when timely used. Never did we know an instance of dissatisfaction used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its medicinal virtues. We speak, in this respect, what we *do know,* after ten years experience, and *pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.
This valuable preparation is the prescription of one of the MOST EXPERIENCED AND SKILLFUL NURSES in New England and has been used with *never-failing success,* in THOUSANDS OF CASES.
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve
GRIPING IN THE BOWELS, AND WIND COLIC.
and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and surest REMEDY IN THE WORLD, in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your prejudices, or the prejudices of others,* stand between your suffering child and the relief that will be SURE — yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions are used in using it accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper. Sold by Druggists throughout the world. Principal Office, No. 13 Cedar st. New York
Price only 25 cents per bottle.
Mrs. Winslow's Soothing Syrup.

SATURDAY, SEPT. 24, 1859.

UP HILL WORK.—W. S. Grayson, in the National Intelligencer, is laboring hard to upset the principles of the Declaration of Independence. But (says the Boston Post) it is too late in the day. The tories of 1776 tried their hand at it, but made poor work, and Mr. Grayson does not get on any better. The soundest thinkers hold that Truth is one and the same everywhere; that one truth cannot blot out, or be against, or contradict another truth; while Mr. Grayson lays down the following basis, or starting point:

All that I contend for is simply that *natural* philosophy opposes *moral* philosophy. But man is a free agent, and hence he may obey *either*. If he follow the developments of nature, that rise by natural law, he thereby opposes moral philosophy; if, on the other hand, he obeys the latter, he opposes natural disposition.

Mr. Grayson holds that nature is very defective, and hence Jefferson was in error in writing the proposition about the laws of nature and of nature's God!

We are very glad indeed to see the Post take this ground, the ground of eternal truth. There are not two contending Gods; nor has the great Creator, the Living God, who made Heaven and Earth, made two *contradictory, opposite* codes of law.

If any philosophers (falsely so called) hewed out a couple of broken cisterns, each of which exhausts the other, and yet both are dry, so much the worse for them and their disciples.

But the Creator, who wrote his law on the rocks and mountains, is also the Redeemer and Sanctifier, who writes the law on men's hearts, and puts the word of faith into their mouths.

☞ Wm. J. Lane, jr., who is a clerk in the Fulton Bank, New York, and who is also the son of the cashier, is a defaulter there for $60,000; and the fraud was so managed that his father, (who is 70 years of age,) will bear most of the loss, which is as much as as he is able to do.

The swindler Lane is a married man, aged about thirty, and without children.—He resided with his father, and though he was spending more money than his salary as clerk would warrant, it was accounted for by his friends on his explanation that he was receiving compensation for the employment of his leisure hours as a book-keeper, and as agent for the firm for whom he pretended to act in New Jersey. The money obtained, with the exception of about $12,-000, which he refunded, it is supposed has been spent in the purchase of lottery tickets, &c., and as is common in such cases, a woman's name is mentioned in connection, with whom, however, the delinquent denies any improper acquaintance.

☞ Warren Aiken, opposition, but still Democratic, candidate for Governor of Georgia, has written a letter in reply to inquiries, declaring that he will not vote for Douglas even if he receives the Charleston nomination. He also says that in his opinion it is the duty of Congress to legislate for the protection of slavery in the territories, whenever it may be necessary.

☞ A case was tried at Middletown, Ct., before the Superior Court, last week—an action for assault and battery, damages $500, and the offenses charged were trying to frighten the plaintiff, who was a woman, by "assuming the horrible habiliments of a ghost," and inflicting severe injuries by blows, &c., while in that "horrible disguise." Verdict for plaintiff—damages thirty-five dollars and costs.

☞ Fanny Fern, in the New York Ledger, says that "a *true* woman's heart most craves sympathy, appreciation, love.—She may be rich in everything else; but if she be poor in these, and is a *good* woman, she had better die. Almost every wife would be a good and happy wife, *were she only loved enough*. Let husbands, present, and prospective, think of this."

☞ Religious statistics of Germany, compiled in 1858, show that whole congregations of Catholics, or at least a majority of them, in a number of instances, become Protestants, and that Rome has lost to Protestantism four times as many priests as she has attained proselytes from the Protestant clergy. The whole number of Protestants in the States of the German confederacy is at present 20,000,000; that of Catholics, 23,150,000.

☞ A son of Josiah Tate, of Tuftonborough, N. H., aged 12 years, purchased three ounces of powder at the village store, and put it into the pocket of his pantaloons, in which were friction matches. On his way home the matches got on fire and communicated with the powder, which exploded, terribly burning him. He lingered nine days when death set him free from his sufferings.

☞ The great balloon, the "City of New York," with which it is the intention of Mr. Lowe, the aeronaut, to cross the Atlantic, when fully inflated, will be 350 feet in hight.

☞ Official returns from nearly all the State of Maine are published in the Augusta Journal and Portland Advertiser, in which the vote for Governor is, for

Morrill, - - - - - - - 56,348
Smith, - - - - - - - - 44,348

thus giving a Republican majority of exactly 12,000 in the towns heard from. The Advertiser says:

Twenty-seven towns and plantations remain to be heard from, which last year gave Morrill 750, Smith 1247. But a large fraction of this vote for Smith last year was in the Madawaska plantations, where hundreds of fraudulent votes were thrown, which have not been repeated this year. The returns to come in will but slightly change the above result.

If they were to come in exactly the same as last year, the majority will be over 11,-500. The vote is about 103,000. Compared with last year, Gov. Morrill has lost 4000 votes; and Mr. Smith has lost 8000.

The Senate contains 30 republicans and 1 democrat; the House is 119 to 32; republican county officers in 13 counties;—democrats in 2.

☞ We learn from the Congregational Journal, that the County Conference of (old) Strafford, approved of the lay delegations to the General Association, and chose five lay delegates.

They also recommended the employment of a Theological Teacher at Gilmanton Academy, in connection with the Seminary building and library.

We see no reason why they *cannot* do it, and we can hardly see why they *do not*.

FRESHETS.—There are heavy freshets on the Delaware and Schuylkill rivers. Two men were drowed on Thursday morning by being washed over the dam.

From Easton, Pa., Sept. 22, we learn that the freshet in Lehigh river is subsiding. No damage had been done to the Canals, as far as could be ascertained, but considerable injury had befallen the Railroads. Travel on the Lehigh Valley Road is obstructed in consequence of several slides. The tressle-work at Allentown is also injured so badly that trains cannot pass. The East Pennsylvania Road is also considerably injured, and the embankment at Millertown washed away.

☞ A little girl, twelve years of age, named Mary Louisa Noonan, living in New York, was so badly beaten by a girl about her own age, named Mary Goff, and two little boys named Samuel Clark and Robert Fisher, on the 9th inst., that she died on Sunday. It seems that the Noonan girl called a brother of the Goff girl nicknames, and hence the assault.

RUN UPON THE CARROLL COUNTY BANK.—The run, we understand, grew out of the hostility of an Ex-Director, who having been left out of the Board at the last annual meeting, collected his resources to break the concern. The Bank will probably be able to stand it as long as he can.—*Dover Enquirer.*

☞ Miss Lydia Barnard died at Amherst, N. H., on the 15th inst. She was the oldest person in the town and county, and probably in the State. She had retained her faculties and strength up to within two weeks of her death.

☞ The Isabella grape vines in New York, of which there are thousands in the back yards of private residences, are sickly and feeble, and great fears are expressed whether they will not prove a total failure.

The success attending the movement to sea of the Great Eastern, has been quite an event in England. There can be no doubt of the success of the mechanical experiment in the construction of the Great Erstern, but the pecuniary success of the monster ship is not likely to prove so fortunate.—*True.*

☞ On Monday last, a fire raged to a fearful extent on the plains of Chatham, C. W., and it is estimated that at the time the fire occurred, there were upwards of 300 stacks of hay put up, each stack containing, on an average, 14 tons, all of which were destroyed.

THE FISHERIES.—The vessels on the banks have most of them been heard from, and they are doing very slim, getting, on the average, about half the quantity of fish that they usually have at this season of the year.

DIED, in Medford, Mass., Sept. 15th, Thomas Harris Angell, of Providence, R. I., aged 26 years, a graduate of Tufts College, class of 1858—a Universalist preacher of much promise, amiable character, and courteous manners.

☞ Another Methodist preacher, by the name of McKinney, has been accused of inculcating anti-slavery doctrines in Texas, and has been ordered out of the State by a public meeting held at Dallas.

☞ The marriage of John Cochrane, the bachelor Congressman from New York, is announced. He married a Miss Sarah M. Tompkins, of Greensburg.

☞ The Manchester Mirror says that one James Lewis, whose real name is James Lewis Curtis, and who has been employed at the Bag and Duck Mill, ran away on Monday, because it was discovered that he had one wife in Manchester, and another at Lawrence.

☞ Professor Agassiz, wife and daughter, were among the passengers on the Arabia.

MARRIED.

NEW PUBLICATIONS.

A HISTORY OF ALL RELIGIONS:
CONTAINING
A Statement of the Origin, Development, Doctrines and Government of the Religious Denominations in Europe and the United States, with Biographical Sketches of Eminent Divines. By Samuel M. Smucker, LL. D. Published by DUANE RULISON, Quaker City Publishing House, 33 South Third Street, Philadelphia, Pa.
The subject of Religion and the Doctrines of Sects must always have an absorbing interest for the thoughtful observer, and a work which affords the desired information, in a convenient and accessible form, at a moderate price, has been urgently demanded, and must command a large sale
In the present work, the origin, development, doctrinal belief, Church government, and peculiarities of over eighty different religious sects, are treated in a style clear, compendious and accurate, and will afford all the information which might be procured with great difficulty and expense, and much labor and research, from the largest polemical works and encyclopedias.
Dr. Smucker has evidently prepared this work with much care, and it exhibits great ability and learning. The articles on the different religions are very impartially written, and show the careful study of an unprejudiced and sound mind;—and the importance and value cannot be too highly estimated of such superior and unbiased effort in a work of this kind, as too often, those pretending to give correct information upon such subjects, are prejudiced in favor of some particular sects or denominations. Mr. Rulison has brought out the work in a very handsome form, and the public is indebted to him for a very valuable, instructive and useful book. The price, $1, is remarkably low for such a work, and in order that it may have a rapid and extensive circulation, he will send it to any address, accompanied with a valuable Gift, on the receipt of the price and twenty cents to prepay postage.
Mr. Rulison will send free, on application, his new, enlarged and revised Catalogue of Books and Gifts, containing all information relative to the establishment of Agencies in the Gift Book business. Address DUANE RULISON,
Quaker City Publishing House,
33 South Third Street,
Philadelphia, Pa

DR. SWETT'S
CORDIAL OF DANDELION,
SPIKENARD & BONESET,
A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.
Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.
[From Mrs. Ira Burnham, Exeter, N. H.]
I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.
Exeter, June 1, 1859.
This testimony of my wife is correct.
IRA BURNHAM.
[From Mrs. Ebenezer Blazo.]
GREENLAND, Nov 20, 1858.
DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,
SALLY BLAZO.
ENFIELD, Sept. 8, 1859.
Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.
A. K. CURRIER.
This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 12 CABOT ST., Portsmouth, N. H.

Special Notices.

TO DYSPEPTICS
And all who suffer the tortures which this disease inflicts in one form or another of its many phases, cure yourselves permanently and speedily by using the OXYGENATED BITTERS.
The "Weekly Novellette" of Sept. 18, says:
Dyspepsia is one of the prevailing diseases of our country. This is owing both to climate and the almost universal habit of eating our meals too rapidly to admit of proper digestion. But in spite of these adverse circumstances, this disease, even when it has become chronic, disappears rapidly by the use of the Oxygenated Bitters, which have been found to prove an infallible remedy.
From the publisher of a widely circulated Magazine.
BOSTON, July 1, 1858.
MESSRS. S. W. FOWLE & CO.,—I have taken 5 bottles of the Oxygenated Bitters, and have derived great benefit from their use. I have been much troubled with Dyspepsia for several years and found nothing that afforded me any relief until I used the Bitters. I most cheerfully recommend them to all who are afflicted with this troublesome and *stubborn* complaint.
JAMES ROBINSON, of the "Student and Schoolmate."
From Gen. A. C. Dodge, our Minister to Spain.
WASHINGTON, D. C., May 18.
DR. GEO. B. GREEN,—*Dear Sir*:—The *Oxygenated Bitters* with which you were to furnish me have had a most salutary effect in my case. I was troubled with Dyspepsia for four years, during which time I tried many remedies, but never met with any so good as your Bitters. I am now in the enjoyment of good health, and I hope, and believe, that all who use the Oxygenated Bitters will find them as serviceable as I found them.
With high respect, your obt. servant,
A. C. DODGE.
Prepared by S. W. FOWLE & CO., Boston, and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hutchins, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spnot 4wi&w

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have actually been compelled, by the force of facts, to recommend the use of DR. HOSTETTER'S STOMACH BITTERS, for those diseases which are particularly prevalent during the summer and fall.—They have ascertained that there are no remedies in the pharmacopia which can compare with this wonderful compound for derangements of the system. Thousands of families residing along the low grounds of the Western and Southern rivers, are now convinced that they have found a medicine peculiarly adapted for their ailments, while in other portions of the country, during the summer months, the demand for the article is equally large.
Sold by druggists and dealers generally, everywhere.

Wm. B. Oliver, Esq., P. M., of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to lay a twenty-five cent piece on.
SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.
The fourth day she was much better. On the 20th of April, 1858, she commenced the Resolvent; on the 20th of May, twenty-one days after she commenced its use,
SHE WAS SOUND.
Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.
Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.
R. R. Remedies are sold by Druggists generally.

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at
SALEN'S DAGUERREAN GALLERY,
in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.
N. B.—The beautiful little "give away" (cheap) pictures, are taken at this establishment, with a double lens Camera, (100 per day) by the celebrated Parisian artist—Monsieur Heavtontitorumenos.

Jaundice.
This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflamation—will allay all pain, and it is sure to regulate the bowels. Local Items.

☞ Friday not having been, by any means, *Fair* weather, the Rockingham County Exhibition was wisely postponed to Tuesday and Wednesday next; or (if rainy then) to the first fair weather thereafter. Meantime, the attractions offered are daily increasing; and the affair, on paper, looks decidedly more promising than any previous show of the County Society; and likely to be eclipsed in extent, rather than variety, by the State Fair itself. The old ladies of both sexes, who have heretofore feared the introduction of fast horses, must stand back this time and let the most noble of all dumb animals have a chance.

☞ The Great French Exhibition of the War in Italy will open at the Temple on Monday evening, for two nights only, Monday and Tuesday evenings, Sept. 26 and 27. This is "the only thing of the kind in America—placing before the public over 100 incidents connected with the late fearful struggle for liberty on the plains of Lombardy and Piedmont. The exhibition portrays in startling reality the battles of Montebello Palestro, Buffalora, Magenta, Malegasso, and the great final battle of Solferino."

Doors open at 7 o'clock—to commence at half-past 8. Price of admission 15 cents.

☞ If our friend of the Ballot will look at one of our paragraphs in the extract he copies from us last week, he will see we only say S. W. C. "*enjoyed* the reading of the Chronicle," &c.; not that we *agreed* to furnish it in consideration for contributions, &c. We have a word to say to S. W. C. himself, below.

As to copying items from the Ballot without "credit,"—that paper probably owes us something on that score. We have had many of our items thus appropriated, as all editors have, and if we *were* wronged or defrauded by this course, we never *felt* the grievance.

We think the statement of friend Miller in the Chronicle last week is rather "steep," charging us with reading his paper for the past seven years without paying a dollar therefor. We are aware that we have read the Chronicle daily, but have never done so at his expense, never have received *a copy* from the publisher, although having acted as correspondent. As for the item referred to by him, we know nothing about it, and even if we did, that would not justify him in robbing the Portsmouth column of the Ballot. S. W. C. *in Ballot.*

Let us see how "steep" is the "statement" in every bit of which our good friend S.W.C. allows to be true before he drops it. Only surmising that the item above copied, and the item that began this discussion, were written by the *same* pen; we would like to ask S. W. C. who *has* borne the expense of his reading the Chronicle, if he has not, as he owns? We contend that all who borrow copies of our paper, of neighbors or others, use *our* property—and thereby defraud us more vitally than appropriating items can. The list of such in the city is not small—though the practice itself does seem rather small to us. We certainly would allow S. W. C. that privilege (if privilege it is to be thus mean) as soon as any one. As to "correspondence," we will simply say that in all papers many an article is inserted, more for the writer's sake than that of the editors or readers.

The N. H. Historical Society held a meeting in Concord on Friday the 16th inst. The meeting was well attended and good interest in behalf of the Society manifested. Since the last meeting, June 15th, 1859, the Treasurer, has received $103.76, a considerable portion of which was back assessments—collected by William F. Goodwin, Esq. It is commendable in the members of the Society residing in Portsmouth, that they have paid *all* assessments due from them to the Society.—If the members generally will follow the example of our Portsmouth friends, it will be a very great aid to the Society.—*Independent Democrat.*

☞ It is expected that Rev. Mr. Armitage will supply the desk at St. John's Church on Sunday next.

☞ Rev. Francis Reed, of Contoocookville, N. H., will preach at the Freewill Baptist church on Pearl street to-morrow.

If the Great Eastern should not work well on her trial trip, and *if* she should conclude to postpone her trans-atlantic voyage at present, what *would* our Portsmouth friends do? What a waste of pies, and liquor and gas would follow! How the Insane Asylum would need to be enlarged! We tremble for our neighbors when we reflect that the ocean is *water* and that the Great Eastern is made of *iron!*—*Bath Times.*

Death of George Bethune.—George Bethune, Esq., one of the oldest native citizens of Boston, died at his residence in Tremont street, Thursday, in the 90th year of his age. The deceased was an excellent representative of "a gentleman of the old school,"—courteous, intelligent, and highly honorable. He survived most of his contemporaries and lived to witness vast changes in the city of his birth. His father, of the same name, in October, 1754, married Mary Faneuil, neice of Peter Faneuil, the donor of the "the Cradle of Liberty" to the town of Boston. The deceased was the possessor of the family plate, pictures, etc., of the Faneuils, and has left many interesting documents respecting the Huguenots, from which he descended.—*Transcript.*

PRESERVING KETTLES

OF ALL SIZES.

THE BEST LIGHT!!!

Cancemine Oil.

Every one is naturally desirous of obtaining the BEST LIGHT, at the SMALLEST COST; and this can secured by the use of Cancemine Oil,—a new article which is rapidly superseding the Kerosene Oils, for the following reasons, viz.:—IT COSTS LESS, GIVES MORE LIGHT, WILL NOT SMOKE, AND HAS NOT THE OFFENSIVE ODOR OF KEROSENE.

This Oil can be used in the ordinary Kerosene lamps; but an improved burner can be fitted to any lamp at a small expense.

This is by far the best light yet offered to the public. The subscriber has this Oil for sale in any quantity, also a supply of Lamps, &c.—A lamp may be seen in operation at store

WHEELER & WILSON'S

Medal Family Sewing Machines.

A NEW STYLE MACHINE.

PRICE $50.

This Machine makes the Lock Stitch, which is the only stitch that cannot be raveled, and that presents the same appearance upon each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

The Wheeler & Wilson Manufac'g Co.

Invites the attention of Housekeepers, Seamstresses, Dressmakers, Tailors, Manufacturers of Shirts, Skirts, Cloaks, Mantillas, Clothing, Hats, Caps, Corsets, Ladies' Gaiters, Linen Goods, Umbrellas, Parasols and Silk Goods, to the perfect adaptation and unrivalled excellence of these SEWING MACHINES for their uses.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, and suited to the workshop—applicable alike to the use of the family and the manufacturer.

Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses.—Substituting as they do, healthful exercises and rational employment for the soul-and-body destroying drudgery of hand-sewing, they are hailed as WOMAN'S FRIEND.

Among their undoubted advantages are:

1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which, hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public; and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

Several varieties are manufactured, adapted to various purposes. So far as public opinion has been formed and uttered, the preference is emphatically accorded to the Wheeler & Wilson machine for family use, and for manufactures in the same range of purpose and material.

During the present autumn the trials have been numerous, and all the patents of any pretension have been brought fairly into competition. In every case, the Wheeler & Wilson machine has won the highest premium.

We may instance the State Fairs of New York, New Jersey, Pennsylvania, Kentucky, Illinois, Wisconsin, Virginia, Michigan, Indiana, Mississippi, Missouri and California, and the Fairs in Cincinnati, Chicago, St. Louis, Baltimore, Richmond, and San Francisco.

At the Fair of the St. Louis Mechanical Association, the Examining Committee was composed of twenty-five Ladies of the highest social standing, who, without a dissenting voice, awarded for the Wheeler & Wilson machine, the highest and only premium, a Silver Pitcher, valued at $75. If these facts do not establish a reputation, we know not what can.

We prefer the Wheeler & Wilson Sewing Machine for family use."—[N. Y. Tribune.

"Wheeler & Wilson's Sewing Machines are the favorites for families."—[N. Y. Times.

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been

THOROUGHLY TESTED

by experienced Plowmen, who pronounce them

The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

Notwithstanding the immense advantages which those Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

ROCKINGHAM FAIR POSTPONED TO NEXT WEEK.

Just as we were going to press we received notice from Exeter, stating that the Fair had been postponed, and will take place on TUESDAY and WEDNESDAY of next week, Sept. 28th and 29th, or commencing on the first fair day thereafter.

The exercises will be agreeably to the previous arrangements, with the addition of a trotting match for $300. The Germania Band will be in attendance with the Citizens Guards of Georgetown, Mass.

Persons wishing to attend the Fair at Exeter, can go over the Concord & Portsmouth Railroad in the morning train, 10 50, from Portsmouth and other towns to South Newmarket Junction, and arrive at Exeter at 12 M. Half fare on the Concord road; full fare on the Boston & Maine.

Brass Knuckles.—We have had this week a sight of one of those brutal appendages, which some officers have at hand to punish those who are under their control. The article weighs a pound, and must fall on the offending individual with deadening effect. As a terror to evil doers it may be well enough—but its use is brutal.

The Christian Temple.—We are informed that the Christian Baptist Society in this city have concluded to purchase and render more suitable their place of worship, the Temple, as soon as a small balance to furnish to the requisite amount can be raised.

Rev. Mr. Holmes of the Christian Baptist Society, is to preach his farewell sermon on Sunday next.

From the N. H. Gazette.

Police Court.—Dennis Dwire and Daniel Kane, two lads of 14 and 15 years of age, were arrested on Wednesday last and brought before Justice Odell, on a charge of setting the fire in Deer street, on Monday afternoon. The Justice considered that there was sufficient cause to hold the respondents, and they were therefore ordered to give bonds in the sum of $400 each for their appearance at the next term of the S. J. Court to be held in this city on the 3d Tuesday of October next.—In default of bail they were committed.

Brutal Assault.—On Thursday evening, about half-past six o'clock, in Penhallow street, Mr. John R. Oxford, a truckman, was struck over the head by an Irishman, with some sharp instrument, and a severe wound about two inches long, inflicted, which fractured the bone, and rendered him insensible for some hours. When able to speak, Mr. Oxford stated, that the Irishman had several times stopped his (Oxford's) horse, and the man still persisting in obstructing his passage, he (Oxford had pushed him one side. After that time he knew nothing until he found himself at home in bed. The assault must have been seen by some other men who had assisted Mr. Oxford in loading his team, and who brought him to his brother's store in an insensible state.

The Result in Maine.—The returns of the election in Maine on Monday of last week, show that the Black Republicans have swept the State by an increased majority from last year of 3000 or more. This result, with that of the late election in Vermont, indicates pretty plainly how much, or rather how little potency there is in the popular sovereignty issue, to promote the health and strength of the Democratic party. The canvass in both of these States was conducted mainly on this issue. The Democratic members of the Legislature of Maine, last winter, unanimously passed resolves endorsing Douglas and his doctrine, and the larger part of the Democratic press both there and in Vermont have labored with an irrational zeal in support of the squatter sovereignty dogma, and the result is before us: an increased Black Republican majority in both States.

This is what might have been anticipated. It is but the natural and necessary result of an unsound and unjust issue, and will be likely to take place in the Northern States generally, so long as this issue is kept open. When a doctrine is interpreted and construed by its own champion to set at naught the Constitution, and to involve a violation of the rights of half the Union, it is absurd to suppose that it can give strength to its advocates. The Democratic party can never be a unit in support of such a doctrine, and without union they can scarcely hope to be successful. Those who claim that the country can be swept with this issue of "popular sovereignty"—Mr. Douglas's popular sovereignty—may plainly see the folly of their idea, in the results in these two States, and we kindly and sincerely commend these results to their attentive consideration.

The Review of Douglas.—We had intended to present the review of Mr. Douglas's magazine article referred to in our last, in a condensed form in this week's paper, but upon repersuing it with that view, we could not easily decide what passages to mark out and what to give, so connected and concise is it throughout. It is very candid, logical and conclusive, and no material part of it can be omitted without doing injustice both to the writer and the subject. We have therefore determined to publish it entire on our first page next week. In the meantime we bespeak for it a careful perusal by all who desire to clearly understand whether Mr. Douglas is actuated by patriotic or selfish considerations in the issue he is so zealously stirring up in the Democratic ranks, and whether his positions are sound, consistent and constitutional, or the reverse.

The U. S. District Court commenced its session at Portsmouth on Tuesday, before Harvey, J. The first case heard was the libel of George L. Treadwell vs. schooner Moses Warren, of the New York and Portsmouth line of packets, for damage to a certain quantity of sheet zinc, transported by the schooner from New York to Portsmouth. Evidence was introduced in relation to the state of the zinc when shipped, and the manner of stowage on board the vessel, which was examined by the port warden on her arrival here. The court decreed that the libellant should recover $35 for the damages claimed. Webster for libellant, Goodall for respondent. The court adjourned on Wednesday, to meet at Exeter, Oct. 8.—*Ballot.*

AYER'S SARSAPARILLA,

A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power as to afford an effective antidote for the disease Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will a complish their cure must be of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUMS, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR THE DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud.—Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores;—cleanse it when you find it is obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this fount of life discordant, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it contain but little of the virtue of Sarsaparilla, or anything else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Acrid bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly cspised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have grounds for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure these virtues unadulterated from the system, the remedy should be fullciously taken according to directions on the bottle.

DR. J. C. AYER & CO.,
LOWELL, MASS.

PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.

Ayer's Cherry Pectoral

Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more tean assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price, 25 cents per box; five boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agent below named furnishes gratis our American Almanac, in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on.—Demand AYER's, and take no other. The sick want the best aid there is for them, and they should have it.

All our remedies are for sale by W. R. Preston, Portsmouth, and by all druggists and merchants in the civilized word. 6m—je14

AMERICAN & FOREIGN PATENTS.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington, [illegible] years 1847.

76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE MEASURE OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him t accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.

I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure to them an early and favorable consideration at the Patent Office. EDMUND BURKE,
Late Commissioner of Patents.

BOSTON, February 1, 1858.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN LAGGART.

From Sept 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made ON TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR by the Commissioner of Patents.

Boston, Jan. 1, 1859. R. H. EDDY.

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENCY OF VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SUE PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In most instances the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * Out of twenty-two cases in the third or last stage, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. Sir Jas Clarke's celebrated Female Pills

Prepared from a prescription of Sir Jas. Clarke, M. D., Physician Extraordinary to the Queen.

Unfailing in the cure of all those painful and dangerous disorders to which the female constitution is subject.

TO MARRIED LADIES it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

Each bottle, price One Dollar, bears the Government Stamp of Great Britain, to prevent counterfeits.

For sale, wholesale and retail, by W. R. PRESTON, Portsmouth, and by Druggists in every town in the United States.

CAUTION.—*These Pills should not be taken by females that are pregnant, excepting the THREE TIMES MONTHS, as they are sure to bring on Miscarriage, but at every other time, they are perfectly safe.*

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics, and Whites, these Pills will effect a cure when all other means have failed, and do not contain any thing hurtful to the constitution.

Full directions accompany each package.

Sole Agent for the United States and Canada,

JOB MOSES, ROCHESTER, N. Y.

$1 and 6 postage stamps enclosed to any authorized Agent, will insure a bottle of the Pills by return mail. july9

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" is a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using "My Mother's Salve" are simple. Every nurse and nurse knows how to spread a plaster and dress sores, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with the Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A.M.Beck BURRILL & HUNTING, SOLE PROPRIETORS,

No. 6 Tremont Street,

(Two doors south of Court st.,) BOSTON.

Will be found at all Apothecaries and Family Stores in the country. o15 1y

THE ONLY ARTICLE

UNRIVALLED IN THE MARKET,

WITH IMMENSE

HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fail or become gray; then, render, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudice which I, in common with a great many persons, had against all patent or of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you and for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being ocular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have not used any other article without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPERED BY DR. SANFORD,

COMPOUNDED ENTIRELY FROM GUMS,

In one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all yellowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures CHRONIC DIARRHŒA, in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER AND AGUE, CHILL FEVER, and all Fevers of a BILIOUS type. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 345 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 1y

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. Its pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the fatal consequences of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicine sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

AMERICAN & FOREIGN PATENTS.
R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington,
Continued on 1st of 1857.
76 STATE, OPPOSITE KILBY ST., BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Research made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting one Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
BOSTON, February 8, 1858.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.
From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.
Boston, Jan. 1, 1859. R. H. EDDY.

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her
SOOTHING SYRUP,
For Children Teething.
Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS
We have put up and sold this article for over ten years, and *can say, in confidence and truth,* of it, what we have never been able to say of any other medicine,—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak, in this matter, "*what we do know,*" after ten years experience, and *pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.
This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success,* in THOUSANDS OF CASES.
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve BOWELS, AND GRIPING IN THE BOWELS, AND WIND COLIC.
and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and surest remedy in the world in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your prejudices, or the prejudices of others,* stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper. Sold by Druggists throughout the world. Principal Office, No. 13 Cedar st. New York
Price only 25 cents per bottle.

MONDAY, SEPT. 26, 1859.

THE POST OFFICE DEPARTMENT.—A Washington telegram of Sept. 22d says:—Notwithstanding the failure of Congress to make an appropriation for the service of the Post Office Department, the latter has so far been enabled to transact its business without serious difficulty. However, the balance due to contractors up to the 1st of July, after deducting their usual collections from Post Offices, and from and after that time the entire amount of their pay must be suspended till Congress shall provide the necessary relief. The first quarterly service of contractors for the year commencing the first of July last, will not have been performed so as to entitle them to their pay until the first of October, and by the terms of their contracts 60 days more must elapse before their accounts can be finally settled, which will postpone the day of payment till the first of December—within less than a week from the regular meeting of Congress. According to the contracts payments are due in November for the quarter ending on the 30th of September, and in February for the quarter ending the 31st December.

PETTY FRAUDS OF GREAT CITIES.—One of the petty frauds of great cities is the insertion in the papers of an advertisement announcing that on the reception of a certain number of postage stamps, information in regard to a chance of making money, or opportunity for employment will be given. There are many in New York, and even in Boston, says the Traveler, who have obtained a good living for a considerable period in this way. In London, recently, one of these sharpers has been arrested. He inserted an advertisement in a London paper, stating that four hundred respectable persons of both sexes were wanted in applying a new invention, at from twenty to thirty shillings per week, and that in a few weeks, about 1000 more could be employed. All that was required, was the enclosure, in the letter of application of one postage stamp for reply, and one for each of not less than two respectable references. Of course a large number were fleeced in this way, but at last the rogue was arrested, and committed for trial.

☞ Anthony J. McCarty, of the New York Common Council, has been arrested for being concerned with other rowdies in severely beating a custom house employee at a liquor saloon. There appears to have been a general scrimmage, resulting in black eyes and bruised heads all round. When brought before the magistrate, McCarty was too drunk to answer to the charge made against him, and his case was deferred until he "came to."

☞ Mr. G. P. Shaw, who had a store at Cedar Creek, twelve miles west of Bastrop, Texas, committed suicide some time since by taking laudanum. He had been drinking, and some persons had painted him over with green paint, and sewed him up in a sack.—On awaking, and not succeeding in washing the paint from his hair—mortified at his condition, he committed the fearful act.

Pity *all* the drinkers could'nt be painted green! That's their fitting color.

SINGULAR FACT IN NATURAL HISTORY. The Honorable Grantley F. Berkeley, in his last chapter of 'Recollections of a Sportsman,' mentions a very curious circumstance which had come under his observation—that amongst the many does he had at various times killed, he had frequently found them quick with a healthy fawn, at the same time that "the remains of the previous year's fawn, with which she had miscarried, had not come from her."

☞ An appeal from Judge Ames's decision in the Thorndike will case has been filed in the Probate Court of Boston, and the validity of the will must be tested by by the court above. What the law may decide, no one can predict, as it is a rather capricious thing; but justice (says the Traveller) would not be long in settling the matter by deciding that so wilful a will should have no way in a sane and Christian community.

NEGRO SOLDIERS.—The Traveller, in speaking of the allowance of negro militiamen, says:—

We are always glad to have colored men help us to fight, both ashore and on the sea. They have often done good service for the country, and been true to the flag. Many of them fought in the revolutionary armies, and some of them received pensions. They helped defend Louisiana against the English, and were thanked therefor by Gen. Jackson. It was a negro soldier who, at Bunker Hill, shot the man who gave the first order against us in the war which that year began.

☞ We are glad to hear that the friends of Mr. Moses A. Plummer, who recently lost two valuable horses by accident on a wharf in Newburyport, have presented him a purse of $330 toward making good his his loss. The horses were worth $500.

☞ A man calling himself W. H. Allen from Worcester, Mass., is in jail at Concord, N. H., for breaking and entering the grocery store of Odlin & Hardy, and the jewelry store of N. W. Carr, on Thursday night. In the store of Odlin & Hardy, he was preparing to blast open the door of the safe by filling the key-hole with powder, when he was detected by a citizen on the opposite side of the street, who heard the breaking of glass, and who gave the alarm. Several men responded, when the burglar broke through another light of glass in another direction, and leaped to the sidewalk, receiving sundry blows from those nearest, who tried to secure him; but it being very dark and stormy, he effected his escape, leaving behind an extensive set of burglar's tools, a coat, cap, and one shoe. He was found about two hours afterward. He *may* be the breaker of the safe at the Eastern Railroad depot in Portsmouth.

CONCORD, N. H., Sept. 23.—W. H. Allen, the supposed burglar, was brought before the Police Court to-day, and, for want of $1200 bonds, was committed to appear before the Supreme Judicial Court at the February term.

THE BRITISH NATIONAL DEBT.—A paper published by order of the House of Commons, gives an interesting account of the forms, origin and purposes of the national debt of Great Britain from 1693 to March, 1858. The force of contrast will be exhibited by a statement of the fact that in 1694 the funded and unfunded debt amounted to £6,534,298, and the charge for interest in that year was £818,296. In 1858–9, on the other hand, the funded debt amounted to £786,801,154, and the unfunded to £18,277,400; or a total of £805,078,557.—In 1793, the year of the outbreak of the French Revolution, the amount was £247,874,434; and in 1816 the year after the great peace, to £861,039,049.

☞ They had snow in Florida, on the 14th—but it was Florida in Massachusetts. This was rather early for snow, but it is not equal to what Lord Cloncurry says happened in Ireland at the close of the last century. He was serving in the camp of Loughlinstown, where many balls and dinners were given. "Upon the occasion of one of these," he says, "given in the month of July, I remember the singular occurrence of a hail storm so heavy that sufficient ice to cool the wine and refreshments was collected from the roofs of the huts."

THE "OLD" SPIRIT OF THE TIMES.—We deem it an act of editorial courtesy to our *ancient* friend, the "Old" Spirit of the Times, and one of the oldest weekly papers in the Union, to say that it is not identified or involved in any way in the controversy recently brought before the public through "Porter's Spirit," and "Wilkes' Spirit of the Times," a mistake that is not altogether unavoidable, the names of the papers mentioned being nearly the same. "The 'Old' Spirit," as it is familiarly termed by its friends and subscribers, still flourishes, a leading journal of the Turf and of the Field, and we are happy to hear that its subscription list was never larger than at present, or its editors and publishers more prosperous.

☞ The Coos (N. H.) Republican tells the following:

We saw, on Saturday last, a piece of manuscript that day written by a gentleman standing upon snow five inches deep, with ink detached by the pen from the frozen mass in the inkstand. The spot favored by this degree of cold was the summit of Mt. Washington. John H. Spaulding, Esq., of Lancaster, informs us that while digging around the foundations of his mill on the 29th of August, he found large masses of ice and saw-dust, and also smaller cakes of pure ice, clear and hard as in January.

"In Belgium and France the (Jewish) synagogues are empty; the rabbis without influence and without congregations; and thousands of Jews denying their origin, have lost all nationality and love for their own country and Jerusalem. They have Gentilized their names and their manners; and, in a few years, when the census is again taken in Belgium, there will perhaps be not one who declares himself a Jew.—In France, if possible, it is even worse. A Jewish French periodical says of the majority of the Jews in France, 'that they do not visit the synagogues, that they send their children to Gentile schools, do not have their sons circumcised, and are rarely present at any real Jewish ceremonies.'"—*Notes of a recent tour on the Continent, by a Jew.*

☞ Harper's Magazine for October 1859, is received by A. Williams & Co., Boston, and J. F. Shores, jr., Portsmouth. It begins with the Life of Daniel Boone, illustrated. We long to know who it was that cheated him out of the land he desired to cultivate, what lawyer brought the suit,—and what Court was so much fonder of red tape than of equity and common sense as to oust him.

☞ The October Atlantic is also out, and may be had at Locke's new Periodical and newspaper store, near the Atheneum.

THE WAR IN ITALY.

☞ The Great French Exhibition of the War in Italy will open at the Temple on Monday evening, for two nights only, Monday and Tuesday evenings, Sept. 26 and 27.

This is "the only thing of the kind in America—placing before the public over 700 incidents connected with the late fearful struggle for liberty on the plains of Lombardy and Piedmont. The exhibition portrays in startling reality the battles of Montebello Palestro, Buffalora, Magenta, Malegasso, and the great final battle of Solferino."

"The grand and imposing spectacle of the French army crossing the Alps—towns—cities—rivers—magnificent scenery in Italy—and all events connected with the late brilliant campaign of Napoleon—from the departure of the Emperor from Paris to the meeting of the Emperors at Villafranca, and the conclusion of peace."

Doors open at 7 o'clock—to commence at 1-4 to 8. Price of admission 15 cents.

The great French Exhibition of the War in Italy opens to-night at the Temple.—The following from the Halifax Journal will give to the public some idea of this interesting exhibition.

On the Declaration of War between France, Austria and Sardinia, the great project was conceived of placing before the people of Paris, in startling reality, the brilliant campaign of the French army. Secretly sanctioned by the Emperor, a corps of artists was immediately dispatched to the seat of war. At every stage of development, every point of interest connected with the war was truthfully sketched, and produced at the theatre in Paris. This was densely crowded night after night to witness this novel and magnificent spectacle. The great success attending this mammoth enterprise induced the originators to visit England and America.

Special Notices.

TO DYSPEPTICS
And all who suffer the tortures which this disease inflicts in one form or another of its many phases, cure yourselves permanently and speedily by using the OXYGENATED BITTERS.
The "Weekly Novellette" of Sept. 18, says:
Dyspepsia is one of the prevailing diseases of our country. This is owing both to climate and the almost universal habit of eating our meals too rapidly to admit of proper digestion. But in spite of these adverse circumstances, this disease, even when it has become chronic, disappears rapidly by the use of the Oxygenated Bitters, which have been found to prove an infallible remedy.
From the publisher of a widely circulated Magazine.
BOSTON, July 1, 1858.
MESSRS. S. W. FOWLE & CO.,—I have taken 3 bottles of the Oxygenated Bitters, and have derived great benefit from their use. I have been much troubled with Dyspepsia for several years, and found nothing that afforded me any relief until I used the Bitters. I most cheerfully recommend them to all who are afflicted with this troublesome and *stubborn* complaint.
JAMES ROBINSON, of the "Student and Schoolmate."
From Gen. A. C. Dodge, our Minister to Spain.
WASHINGTON, D. C., May 18.
DR. GEO. B. GREEN,—*Dear Sir*:—The *Oxygenated Bitters* with which you were so furnish me, have had a most salutary effect in my case. I was troubled with Dyspepsia for four years, during which time I tried many remedies, but never met with any so good as your Bitters. I am now in the enjoyment of good health, and I hope, and believe, that all who use the Oxygenated Bitters, will find them as serviceable as I found them.
With high respect, your obt. servant,
A. C. DODGE.
Prepared by S. W. FOWLE & CO., Boston, and for sale by Wm. R. Preston, David Kimball, Nathan F. Thacher, J. H. Thacher, and B. Hutchins, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spn01 4wd&w

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have actually been compelled, by the force of facts, to recommend the use of DR. HOSTETTER'S STOMACH BITTERS, for those disease which are particularly prevalent during the summer and fall.—They have ascertained that there are no remedies in the pharmacopia which can compare with this wonderful compound for derangements of the system. Thousands of families residing along the low grounds of the Western and Southern rivers, are now convinced that they have found a medicine peculiarly adapted for their ailments, while in other portions of the country, during the summer months, the demand for the article is equally large.

Wm. B. Oliver, Esq., P. M., of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to lay a twenty-five cent piece on.
SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.
The fourth day she was much better. On the 29th of April, 1853, she commenced the Resolvent; on the 20th of May, twenty-one days after she commenced its use,
SHE WAS SOUND.
Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.
Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief, and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.
R. R. Remedies are sold by Druggists generally.

Jaundice.
This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

CITY OF PORTSMOUTH.

meeting of the School Committee of istrict No. 2, held Friday evening, Sept. 1859, it was voted—

, while they regret very much to be liged to cause Mr. Demeritt and Miss ms and their scholars to re-occupy the d school house of Cabot street, which r wants repairing even for the coming ter, they cannot omit a slight censure on the City Government, which has lected to replace the old building by e new one, authorized by the appropriion of taxes, raised for that purpose.

L. D. SPAULDING,
Sec. School Com. Dist. No. 2.

d, that a copy of the above vote be d by the Secretary to the City Govment.

e Hon. the Mayor and Aldermen and mmon Council, city of Portsmouth.

The complaint of the School Committee directly just. They asked only for a school house of moderate cost—built wood, one story high—and the Common ncil voted to build such an one,—but Aldermen, in their superior wisdom, d to build it of two stories, and seemed ared to build it so, or not at all.

w, the proper season for building has d away, and the new school house is ully postponed to next year.]

☞ A notice of a Teacher wanted, for of our public schools, will be seen among new advertisements this morning. The ty offered does not look heavy, but it is bt doubt larger than the average inof those who pay the taxes to supour schools; and is also considerably er than the current earnings of good anics and tradesmen, who bring to on their respective callings an amount dent fully equal to that here required; certainly apply themselves as assidu, and usually occupy more time than teachers—and besides are not sure of y reward at all for all their pains.

We are not slow, we trust, to allow that laborer is worthy of his hire;" but we r could see why one kind of work d receive so much larger remuneration others, in every way its equal in cost, e and importance. These are no new ions of ours, and were drawn out at this by the remark of a friend at our el, that "the salary is not very large."

Mr. Charles A. Shannon is now keeping Gravelly Ridge School, for which the her is wanted. Mr. Daniel W. Jones, he Franklin School, Christian Shore, cepted a situation in Roxbury, at a y of $1200; and Mr. Shannon is to ed Mr. Jones at the Franklin School. y the salary we think is $750. We are of this well-merited promotion of both e worthy young men. Mr. Shannon always given good satisfaction as a her, and Mr. Jones' removal will be regretted by the committee, parents scholars of the first district.

PEOPLE'S LYCEUM.—Rev. T. Starr King deliver the opening lecture, probably Monday evening, Oct. 17th,—should it cided to *have* the proposed course in mouth, this winter. Rev. J. C. Fletchhe accomplished traveller, writer and rer, is ready to follow, with his valuand attractive lecture on "The Land of ," illustrated and interspersed with opriate music; and Hon. Hampden to read from Shakespeare, or other hors, on the third evening. Rev. J. G. ms and Dr. Windship have also agreed cupy each an evening. B. P. Shillaber t exactly in the lecture market this on, and it is at least doubtful if he will ar. The lectures will generally be n on Tuesday evening—but Mr. King's nous earlier engagements rendered a ge necessary in his case.

ough is known, as above, to show that con readily secure as good a Lyceum as have ever had. The question is, do the ple *want* it? will the public *pay* for it? bscription will be circulated, probably week, to decide the matter—and it isential that every person desiring the ess of the proposed course, shall secure ts then, so as to decide the matter at pro or con. If five hundred dollars be readily raised among our citizens such an enterprise, it would seem to be bject for regret. We believe it can.

A CURIOSITY.—We have in our countroom, a beautiful cluster of 21 (*twenty-*) Pears, growing on the end of a small ch or twig, not more than three inches ngth! They are of medium size and ller, red-cheeked, fair and handsome—d to be of fine flavor; and resemble a ch of grapes in their manner of growThe twig grew in the garden of Mr. Trafton, in Rock street.

☞ Two of the men concerned in the assult on Mr. John R. Oxford have been arned and held to bail in $600, for examination to-day.

WATER, PURE WATER.—A correspondent wishes to call public attention to the discovery of a fountain or spring of water, on the line of the Concord & Portsmouth Railroad, half a mile or so from the Plains; and suggests the propriety or duty of the City Government's securing the springs, and supplying the people with water at a cheaper rate than it is done by a private corporation.

If there is a large supply of good water there, and if the elevation above the general level of the city is sufficient to bring it with a rush, by all means let us have it, either by the city or in some other way. R.

☞ At New Castle, on last Friday evening, as we are told, a company of young men went into a liquor shop, and called for sundry drinks of rum, gin, &c., which were furnished and drank. This repast over and they full of liquor, they commenced the work of destruction, smashing barrels, bottles and jugs, until they, and others who came in, had destroyed the whole stock in trade of intoxicating drinks, and cleaned out the establishment, Then, moving in a body to a beer shop not far off, they cleaned that out in like manner—thus closing the liquor trade in New Castle for that night at least.

The people there, of all classes who wish well to the rising generation, hope that no one will venture there with a stock of liquors—and many of them express their purpose to try the law on him, if any one comes.

This is an exhibition of popular sovereignty in New Castle, as the people there understand it, and the sober people are disposed to exercise unfriendly legislation towards the groggeries: even the drinkers go for smashing the bottles.

THE PORTSMOUTH N. H. ASSOCIATION OF BAPTISTS held its recent session at Great Falls. Rev. James Barnaby, Moderator; Rev. J. J. Peck, Clerk, and Dea. G. C. Brown, Treasurer. Annual sermon by Rev. Mr. Clapp, of Dover.—One new church, recently organized at Seabrook, under very encouraging auspices, was received, to whom the Moderator gave the hand of fellowship. Sermons were preached by brethren Barnaby, Tibbetts and Lamson—seasons for social worship were good, and the session was harmonious and pleasant.

THE BEST LIGHT!!!
Cancemine Oil.
Every one is naturally desirous of obtaining the BEST LIGHT, at the SMALLEST COST; and this can secured by the use of Cancemine Oil,—a new article which is rapidly superseding the Kerosene Oils, for the following reasons, viz.:—IT COSTS LESS, GIVES MORE LIGHT, WILL NOT SMOKE, AND HAS NOT THE OFFENSIVE ODOR OF KEROSENE.
This Oil can be used in the ordinary Kerosene lamps; but an improved burner can be fitted to any lamp at a small expense.
This is by far the best light yet offered to the public. The subscriber has this Oil for sale in any quantity, also a supply of Lamps, &c.—A lamp may be seen in operation at store

WHEELER & WILSON'S
Medal Family Sewing Machines.
A NEW STYLE MACHINE.
PRICE $50.
This Machine makes the Lock Stitch, which is the only stitch that cannot be raveled, and that presents the same appearance upon each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

The Wheeler & Wilson Manufac'g Co.
Invites the attention of Housekeepers, Seamstresses, Dressmakers, Tailors, Manufacturers of Shirts, Skirts, Cloaks, Mantillas, Clothing, Hats, Caps, Corsets, Ladies' Gaiters, Linen Goods, Umbrellas, Parasols and Silk Goods, to the perfect adaptation and unrivalled excellence of these SEWING MACHINES for their uses.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, and suited to the workshop—applicable alike to the use of the family and the manufacturer.
Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses.—Substituting as they do, healthful exercises and rational employment for the soul-and-body destroying drudgery of hand-sewing, they are hailed as WOMAN'S FRIEND.

Among their undoubted advantages are:
1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which, hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public; and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

Several varieties are manufactured, adapted to various purposes. So far as public opinion has been formed and uttered, the preference is emphatically accorded to the Wheeler & Wilson machine for family use, and for manufacturers in the same range of purpose and material.

During the present autumn the trials have been numerous, and all the patents of any pretension have been brought fairly into competition. In every case, the Wheeler & Wilson machine has won the highest premium.

We may instance the State Fairs of New York, New Jersey, Pennsylvania, Kentucky, Illinois, Wisconsin, Virginia, Michigan, Indiana, Mississippi, Missouri and California, and the Fairs in Cincinnati, Chicago, St. Louis, Baltimore, Richmond, and San Francisco.

At the Fair of the St. Louis Mechanical Association, the Examining Committee was composed of twenty-five Ladies of the highest social standing, who, without a dissenting voice, awarded for the Wheeler & Wilson machine, the highest and only premium, a Silver Pitcher, valued at $75. If these facts do not establish a reputation, we know not what can.

DR. SWETT'S
CORDIAL OF DANDELION,
SPIKENARD & BONESET,
A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.
Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.
[From Mrs. Ira Burnham, Exeter, N. H.]
I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.
Exeter, June 1, 1859.
This testimony of my wife is correct.
IRA BURNHAM.
[From Mrs. Ebenezer Blazo.]
GREENLAND, Nov. 20, 1858.
DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, with has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,
SALLY BLAZO.
ENFIELD, Sept. 8, 1859.
Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.
A. K. CURRIER.
This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 12 CABOT ST., Portsmouth, N. H.

CLIPPER PLOWS
Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been
THOROUGHLY TESTED
by experienced Plowmen, who pronounce them
The Best in the Market!
These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.
We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."
Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

The News.

THE NORTHWESTERN BOUNDARY DIFFICULTY.—*New York, Sept. 24.*—The Victoria (British) Gazette says there is a report that a council of war was held at Government House, on the 18th, on the subject of the difficulties growing out of the occupation of Bellevue Island by American troops, and more particularly their avowed intention of erecting fortifications. The war party have taken renewed offense at the proceedings of Lieut. Col. C. Casey to fortify the island, which they declare under present circumstances is little less than an open declaration of war, and this council was called at their instigation. Very excited speeches are said to have been made.

Explanations from the United States officers were strongly insisted upon by several members of the Council, which if unsatisfactory, then active hostilities were to be inaugurated. The final result was that the fire eaters failed in their efforts, and the previously agreed upon course of waiting orders from home was determined upon. We cannot vouch for the entire truth of these rumors and street conversations, and merely put them in print as portions of current history. The Victoria Colonist of the 22d intimates that a memorial to the Queen is in preparation.

The latest report is to the effect that the American force on the Island will soon be increased to two thousand men.

☞ Bridget Riley, 25 years of age, was found dead in a shed at Manchester, Friday morning, having in the night been murdered, her head cut open and bruised, her throat choked, and her body terribly disfigured. She was turned away from her boarding place on Tuesday for being drunk. Wednesday night she slept in the lock-up, and was let out Thursday afternoon. She has passed by several names. No clue to the murderer was found.

This is smart work.

DEATH OF GEORGE BUSH.

Many of our readers may remember one of the most learned and most modest lecturers that ever came before a Portsmouth audience, viz., Rev. George Bush, D. D., who gave a course of lectures on Symbols and Prophecy, something like 20 years ago.

The New York Tribune of Sept. 22 contains the following notice of his life and death:—

The death of Rev. Dr. George Bush, a noted Swedenborgian clergyman, is announced as having occurred at Rochester on Monday evening. Professor Bush was a man of marked character, and as distinctly marked personal appearance. He graduated at Dartmouth in 1818, was ordained in the Presbyterian Church, and was for four years a missionary in Indiana. Having an especial taste for Biblical studies, he soon became celebrated, and in 1831 was elected Professor of Hebrew and Oriental Literature in the University of New York. The next year he published a life of Mohammed, and the year following a treatise on the Millennium, in which he argued that the Millennial was the period in which Christianity triumphed over Roman Paganism. About the same time he compiled from tourists, archæologists, and commentators, a volume of "Scriptural Illustrations;" published in 1835 a Hebrew grammar, and in 1840 began the issue of a series of learned and ingenious commentaries on the Old Testament. He edited, in 1844, the "Hierophant," a monthly magazine, in which appeared striking articles from his pen on the nature of the prophetic symbols. In the same year he published his "Anastasis," in which he opposed that view of the resurrection which implies a physical reconstruction of the body. This work attracted much attention, and he answered the many attacks which were made upon it in a treatise entitled the "Resurrection of Christ."

In 1845, he connected himself with the Swedenborgian Church, translated from the Latin the diary of Swedenborg, and has, since that time, in numerous addresses and short treatises, and as editor of the "New Church Repository," labored to develope and maintain the principles of that philosopher. In 1847, he published a work on the higher phenomena of Mesmerism, which he deems a confirmation of the truths of Swedenborg's revelations. Personally, Prof. Bush was distinguished for his simple manners and the geniality and kindness of his disposition.

RASCALLY.—A year ago, George M. Flanders, then a lawyer of Manchester, says the American of Sept. 22, was indicted for forgery, and found guilty by the petit jury at Amherst after a full and fair trial. No one pretends that the jury was not an *impartial* one. Its foreman was Elijah Monroe, Esq., of Hillsborough, an experienced and intelligent man. Before sentence was passed by Judge Fowler, his counsel bro't forward a "legal quibble," an error of statement, on account of which the Judge saw it to refer the case to the full bench, which at the law term last summer granted to Flanders a new trial. This week the new trial is to come on at Amherst. His counsel *know* that no new evidence in his favor can be presented, and that before any jury of twelve honest men he *must be convicted*.—Hence yesterday a petition was circulated among the members of the bar of this county, asking that the case may be deferred to the next term of the Court, and that no other security for Flanders' appearance be required except his own personal recognizance. The argument used to induce the bar to sign this petition is that "it will be a disgrace to the Hillsboro' Co. Bar to have one of its members sent to the State Prison!" The American says:

We have no personal feeling in this affair but every laboring man in our county believes that if George M. Flanders had been moneyless and without relatives and friends of influence, this opportunity for a second trial would not have been granted; nor would the petition for his virtual acquittal be now circulated at Amherst. The object of this petition is manifestly to relieve his bondsmen from the $2000 liability which they must meet should he now leave for parts unknown. If such special favors as are asked for by this petition be granted, the judiciary system of this state will be regarded by the people as a farce.

There are other cases of persons, some of them now in Manchester, who have forfeited their recognizances on criminal charges, and are yet at large. Who is at fault? The people are asking light upon a subject that to them looks rather dark.

Courts, judges, and lawyers, are by no infallible;—and quibbles too often defeat law and justice. If the statements above are substantially true, the proceeding is *rascally*,—and not only should the culprit go to prison like any other rascal,—but the *officers*, or judges even, who connive at such shams as are exposed, should be *removed* by *address*.

A NEW PICTURE BY BARRY.—Our art-loving readers will be gratified to learn that the same genius which created "The Motherless" will soon bring out a picture perhaps even more beautiful. Mr. Barry is so pleased with the new novel, "The Rectory of Moreland," that he says he never has met with a book better adapted for the illustrative pencil of the artist, and in the full ardor of his enthusiasm he is at work upon a head which will soon be attracting the attention of all those who admire the finely drawn character of "The Rector's Ward." The many personal friends of Mr. Barry, the readers of "The Rectory of Moreland," and the public generally, will be interested in this new picture.—*Tyne.*

CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES
OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SUE PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In most instances the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * * Out of twenty-two cases in the third or last stage, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

BE SURE TO PURCHASE WINCHESTER'S GENUINE PREPARATION,

which is certified by Dr. James R. Chilton to be "PROPERLY MADE and *chemically pure*. My *facsimile* signature is upon every bottle.

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"**My Mother's Salve**" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"**My Mother's Salve**" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"**My Mother's Salve**" in a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"**My Mother's Salve**" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using "**My Mother's Salve**" are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism, and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ills, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A.M. Beck

THE ONLY ARTICLE
UNRIVALLED IN THE MARKET,
WITH IMMENSE
HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; makes it soft, glossy, healthy and beautiful, and if used by the young two or three times a week it will never fail or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & Co.

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and I think it only just as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being ocular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried many preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds three quarters of a pint, and in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPERED BY DR. SANFORD,
COMPOUNDED ENTIRELY FROM GUMS.

Is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

One dose often repeated is a sure cure for CHOLERA MORBUS, and proves to be a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER and AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 345 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 1y

LOTTERIES.

THE LOTTERIES OF
WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of

WOOD, EDDY & CO.,

are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington, Delaware, and also at Augusta, Ga. All orders received being filled in the drawing next to take place after same comes to hand.

Whole tickets are $10; halves, $5; and quarters, $2.50.

No ticket sent unless the money accompanies the order. Prizes vary from $20 to $50,000.

Every prize is drawn, and the result of drawing forwarded to all purchasers.

☞ A circular showing the plan of receiving it. All communications strictly confidential.

Write your address plainly, and direct to

WOOD, EDDY & CO.,
Wilmington, Delaware.
Or to WOOD, EDDY & CO.,
Augusta, Georgia.

☞ All letters to our address will be promptly acknowledged—and prizes cashed without delay.

NOTICE TO CORRESPONDENTS.

Those who prefer not sending money by mail, can use the "ADAMS EXPRESS COMPANY," whereby money for tickets, in sums of ten dollars, and upwards, can be sent us

AT OUR RISK AND EXPENSE,

from any city or town where they have an office. The money and order must be enclosed in a "GOVERNMENT POST OFFICE STAMPED ENVELOPE," or the Express Company cannot receive them.

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

The present important question with the people of Warsaw, is,
"Will Poland soon be an independent Kingdom."
AUERBACH & CO.
believe it will not take place very soon, but they do believe in thanking their Customers and the public generally, for past and present favors, at their present small location,
NO. 32 Penhallow Street,
And it gives them pleasure to announce to their patrons that notwithstanding their Stock of
CLOTHING AND FURNISHING GOODS
is rapidly diminishing, yet they will, in return for past favors, sell their remaining Stock at REDUCED PRICES.
This opportunity affords a rare chance to everybody in want of such articles; and more especially for mechanics; for they can buy at the above place a suit of clothes cheap enough to correspond with their low wages.

Dr. B. S. Goodwin, Indian Physician,

Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 9 Market street. Dr. G. would respectfully invite all in need of Medical advice to call on him.

ADVICE FREE.

Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.

THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN.

Consumption in the first stages, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhœa, Cholera Morbus, Cancers, Dropsey, Worms, all Diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.

No Mercury! No Bleeding! No Blisters! Our philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of experience and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 14, 1858.

AMERICAN & FOREIGN PATENTS.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington, under the act of 1837.

76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.

I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office. EDMUND BURKE,
Late Commissioner of Patents.

BOSTON, February 8, 1858.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.

From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.
Boston, Jan. 1, 1859. R. H. EDDY.

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP,
For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS

We have put up and sold this article for over ten years, and *can say, in confidence and truth,* of it, what we have never been able to say of any other medicine, — NEVER HAS IT FAILED, IN A SINGLE INSTANCE, to EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of the highest commendation of its magical effects and medical virtues. We speak, in this matter, "*what we do know,*" after ten years experience, and *pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success,* in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, AND WIND COLIC.

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the REST and surest REMEDY IN THE WORLD in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any other disease, or the precursors of disease, stand between your suffering child and the relief that will be SURE — yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper. Sold by Druggists throughout the world. Principal Office, No. 13 Cedar st. New York.

Price only 25 cents per bottle.

TROUBLE WITH CHINA.—The latest steamers from England, give a brief account of the partial destruction of the British squadron at the mouth of the Peiho river by the Chinese. The squadron, commanded by Admiral Hope, with Plenipotentiaries on board, attempted to force a barrier which had been placed across the river, no proper officers having been found to receive pacific despatches, when they were suddenly met by a raking fire from the forts, and after several attempts to land, repulsed, with the loss of three gun-boats, and 461 killed and wounded. The French also had 14 killed and wounded. The murderous effect of the guns from the fort is attributed to the superior skill of the Europeans, who are supposed to have manned the batteries.

The English and French Secretaries of Legation to China had returned home in the mail steamer.

This news, of course, created much sensation, and the violation of the Treaty in such a treacherous manner, called forth demands for terrible vengence. The Times says: "Henceforth negotiation must be carried on in Pekin, where no one can doubt Europeans will soon be as much at home and as safe as at Paris." It concludes an article with the following uncomplimentary reflections on the American Ambassador:

The American Ambassador without force of arms, is said to have been admitted to Pekin. Of course he had a peculiar claim to this exceptional privilege, on account of the assistance given to the Chinese mandarins to deprive us of the just fruits of the late successful war. Whether this, or some new claim of the same character, rendered him more admissable than those who had opened the way to him, does not yet appear. If the Americans can open China to all nations by peaceful methods, let them do it; but, thus far, they seem better able to help themselves than do anything for the work at large.

Government despatches state that the English forces engaged in the action at Pei-ho comprised the flag ship Chesapeake, six large steamers and ten gun-boats, and the French had one frigate and steamer.

The London Times says "that nearly a year must elapse before any decided movement can be attempted in China, owing to the insufficiency of forces. It is supposed, however, that the China trade will not be interrupted."

THE COSMOPOLITAN ART JOURNAL.—The September number of this elegant Journal of Art is delivered to subscribers. Life's Happy Hours is a bright, beautiful picture. Every subscriber to this journal will receive a copy of "Shakspeare and his Friends," a very splendid large engraving, and a chance in the distribution of works of art for the next year, which takes on the first of January. Frank W. Miller is the Honorary Secretary here. Further particulars will be advertised in a few days.

☞ There are two John Cochranes in New York city, one that is married and one that isn't, and the one that isn't is the Congressman from No. 6. The beleagured bachelor, in contradicting the story of his wedding, writes that he may die, but, tho' close sieged, never surrender. He says he prefers the obituary to the matrimonial column.

Prentice says, "Heaven ever renders her dews to the earth; but earth seldom, or never, renders her dues to Heaven."

Earth would seem to be running up a heavy debt of late, judging from the dews which have been showering down upon us.

☞ The Boston Transcript says that B.J.Lang, organist of the Old South Church, has been appointed Organist and Pianist of the Handel and Haydn Society, a post for which he has the most ample qualifications.

A REVEREND BOOK THIEF.—A Methodist minister, belonging to Lynn, has been detected in taking books from a bookstore in Boston without paying for them.—During his last visit, he was caught in the act, charged with the crime, confessed, and has sent to the firm a package of books, valued at $5, previously stolen.—*Trans.*

☞ Speaking of the difference between laying out money in land, or investing it in the funds, it was said by Soame Jenyns, that one was principal without intest, and the other interest without principal.

Of one hundred and ninety-six men and eight women, who hold themselves in readiness to lecture audiences the coming season, only three are of New Hampshire—Rev. A. P. Peabody of Portsmouth, William Stark of Manchester, and Parker Pillsbury of Concord.—*Statesman.*

☞ There is a sort of pod, a native of Texas, and a substitute for "snap beans," which measures fully 12 yards.

All attempts to govern without the consent of the people, have ever been and will ever be fruitful of popular discord, as well as disastrous to those attempting it.

☞ Newcastle Bridge, which has been undergoing extensive repairs for the past four weeks, and which seems so often in this mending condition, is now open for travel.

THE LARGE OXEN.—We have referred, some time since, to the yoke of oxen belonging to Mr. Towle of Hampton, weighing some three tons. They are four years old, and still objects of *growing* interest. They will be exhibited at the New Hampshire State Fair at October. Mr. Towle has been offered and refused $3000 for this yoke of cattle, which are destined to be *the* oxen of New England. The Newburyport Herald says they have some traits besides their great size, not common to such beasts. One of them has a singular fancy for a chicken, that perches nightly at his head. When the hour of roosting comes, the chicken approaches the animal's head, and by signs understood between them, indicates its desire to reach its place of rest. The ox at once stretches out his nose, when biddy accepts his proffered assistance, hops on and is elevated to the beam above, where she alights. In the morning, master ox is equally attentive; and no lady was ever more politely helped from the saddle, than Miss Chick is lowered from her morning couch.

These fine cattle are to be exhibited at Exeter.

WHAT IS FAME?—The Boston Transcript has a notice of a new book by Rev. Dr. Joseph Belcher, Philadelphia—"Historical Sketches of Hymns, their writers and their influence." "This volume contains brief biographical sketches of one hundred and seventy-five persons who have composed hymns. The notices are of unequal value, as the author's religious opinions enter largely into his critical judgment, and he is not always just or judicious in his comments upon poets who do not agree with his rigid creed. Dr. Belcher omits many of his countrymen, whose sacred poetry will live long after his own memory is forgotten; and his notices of many others are in bad taste, to use a mild term. Rev. Dr. A. P. Peabody, of Portsmouth, will doubtless smile at seeing his name included in Dr. Belcher's list of hymn writers. Our friend of the North American Review has credit for the poetry of the late Rev. W. B. O. Peabody, of Springfield, Mass., who has been dead a dozen years. It would be difficult to crowd more errors into the same number of lines, than will be found in this Philadelphia sketch of Dr. Peabody."

FRESH AIR.—Give your children plenty of fresh air, night and day, everywhere. Let them snuff it until its sends the rosy current of life dancing joyfully to their temples. Air is so cheap and so good, and so necessary withal, that every child should have free access to it. Horace Mann beautifully said: "To put a child on short allowance of fresh air is as foolish as it would have been for Noah, during the deluge, to have put his family on a short allowance of water. Since God has poured out an atmosphere fifty miles deep, it is enough to make a miser weep to see our children stinted in breath."

☞ The editor of the Waltham Sentinel has a "gobbler" with maternal instincts.—Early in the summer he (not the editor but the bird) seemed fully determined to "set," and kept at it persistently for some weeks, upon an earthen egg, until a box was placed so as to prevent him. Driven from this he began fighting the hen-turkey, giving her no peace nor rest until he possessed himself of her brood, which he carefully cared for day and night, with all the earnestness and assiduity of a mother of one chicken: carrying it so far as to brood them at night, and not allow the rightful mother even to sit upon a tree to overlook her brood. He has brought them up finely, and they are much larger than another brood of the same age brought up by a hen. His last fancy was to swallow, one morning this week, for his breakfast, five young Bantams,—which will prevent the Waltham editor from giving his Boston contemporaries a chicken supper.

RAILROAD HEARING.—The Boston Herald says an important railroad hearing is now going on at the American House in that city. The dispute is between the Boston and Maine Railroad and the Concord, Manchester and Lawrence road, concerning tariffs, and the referees are ex-Gov. Haile, of New Hampshire, Gen. C. H. Peaslee and Israel Spelman. F. S. Coggswell, Esq., on Thursday made the argument on the part of the Boston & Maine, and on Friday Judge Upham made the argument in behalf of the Concord, Manchester & Lawrence.

☞ A boat from Groveland, in which were three men, upset near the Essex Merrimac Bridge. The men clung to the bottom of the boat, and were rescued at Salisbury Point. When they had reached the shore it was found that they had been upset by rum—as thousands of others, on land and water, are every day — and they were anxious to have their bottle returned, which had been taken from them; and when it was refused, one of them threatened to assault their rescuers with a stone!

☞ The Duke of Argyle thinks highly of Mrs. H. B. Stowe—thinks she can't be spoiled; but the Duke does not approve of a woman appearing on the platform in public, unless she is going to be hanged, when he says, "it is unavoidable."

TO DYSPEPTICS

And all who suffer the tortures which this disease inflicts in one form or another of its many phases, cure yourselves permanently and speedily by using the OXYGENATED BITTERS.

The "Weekly Novellette" of Sept. 18, says:

Dyspepsia is one of the prevailing diseases of our country. This is owing both to climate and the almost universal habit of eating our meals too rapidly to admit of proper digestion. But in spite of these adverse circumstances, this disease, even when it has become chronic, disappears rapidly by the use of the Oxygenated Bitters, which have been found to prove an infallible remedy.

From the publisher of a widely circulated Magazine.

BOSTON, July 1, 1858.

MESSRS. S. W. FOWLE & CO.,—I have taken bottles of the Oxygenated Bitters, and have derived great benefit from their use. I have been much troubled with Dyspepsia for several years and found nothing that afforded me any relief until I used the Bitters. I most cheerfully recommend them to all who are afflicted with the troublesome and *stubborn* complaint.

JAMES ROBINSON, of the "Student and Schoolmaster."

From Gen. A. C. Dodge, our Minister to Spain.

WASHINGTON, D. C., May 18, 1859.

DR. GEO. B. GREEN,—*Dear Sir:*—The Oxygenated Bitters with which you were so furnished, have had a most salutary effect in my case. I was troubled with Dyspepsia for four years, during which time I tried many remedies, but met with any so good as your Bitters. I am now in the enjoyment of good health, and I hope, I believe, that all who use the Oxygenated Bitters will find them as serviceable as I found them.

With high respect, your obt. servant,
A. C. DODGE.

Prepared by S. W. FOWLE & CO., Boston, and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hutchings, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spnot 4wdlw

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules. Thus many of the disciples of Esculapius have actually been compelled, by the force of facts, to recommend the use of DR. HOSTETTER'S STOMACH BITTERS, for those diseases which are particularly prevalent during the summer and fall. They have ascertained that there are no remedies in the pharmacopia which can compare with this wonderful compound for derangements of the system. Thousands of families residing along the low grounds of the Western and Southern rivers, are now convinced that they have found a medicine peculiarly adapted for their ailments while in other portions of the country, during the summer months, the demand for the article is equally large.

Sold by druggists and dealers generally, everywhere.

Wm. B. Oliver, Esq., P. M., of Drayton, Dodge county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to make a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 1st of April, 1853, she commenced the Resolvent, and the 20th of May, twenty-one days after she commenced its use.

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Mr. Oliver has cured many people in Dr. R's of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.

R. R. Remedies are sold by Druggists generally.

☞ Why will people go and have a poor miserable picture taken of themselves? Because they those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" ([illegible] pictures, are taken at this establishment, with the double lens Camera, (100 per day) by the celebrated Parisian artist—Monsieur Heavtontiton[illegible]nos.

Jaundice.

This yellow coloration of the skin is characteristic of an increased secretion of bile, or a passage into the blood, in consequence of an obstruction in the circulation of the liver. This itself but a symptom, the cause must be sought in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP cures in a wonderful manner in stimulating the liver to a proper performance of its duty.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflamation—will allay all pain, and it is perfectly to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

Local Items.

It Don't Speak Well for the good city of Portsmouth, to have "Rewards" offered so frequently and so fruitlessly, for the arrest of depredators on property within her limits. When the Eastern Railroad station was robbed, $100 was offered by the Company for the thief. Then there is a bill posted at the corners of our streets, in which the City offers $200 for the discovery of the ruthless invaders of Lafayette School House; $100 for the incendiary who fired Cooper's barn at the Creek; $50 for the vandal destroyers of fences, windows, &c. at the South End, the other night. And this morning we publish a notice from the managers of the South Road Cemeteries, offering $50 for the detection of the perpetrators of various outrages there.

Now most of this unpardonable conduct is mere wanton mischief,—the railroad robbery being the only case in which any gain could be hoped for. And it is not to be entirely or mainly cured by the most active and efficient execution of law. The laws of any people are almost always better than the people themselves; and our city is no exception. We have laws against liquor-selling, snioking in the streets, lounging on corners, &c., but yet all these things are done; and blame "the Police" as you will—*the public will not sustain the officers* in executing these laws!

What we need, is a higher public sentiment, a more general dissemination of good taste and good manners—a more elevated standard of morality—a greater self-respect, public and private. Having this, it becomes all good citizens, irrespective of "party," to see to it their influence is *exerted* to elect good officers first, and no less to support them afterwards. This responsibility is not to be shirked—it belongs to every man to "do what he can" for law and order, and not lay back and find fault with what he does not try to remedy.

POLICE COURT, Sept. 26.

Before Justice Odell,—Harriet Goodwin was accused of keeping a disorderly and ill-governed house. Plea not guilty.—Continued to Thursday; bail ordered $200; mittimus issued.

Michael Cassiday, Timothy Sullivan and John Leary, the three Irishmen who assaulted John R. Oxford, were again before the court on that charge—but Mr. Oxford not being sufficiently restored to appear as a witness, the case was postponed to Saturday, Oct. 1, and the respondents ordered to find bail in $200 each:—Cassiday and Leary found bail,—Sullivan was committed.

New City Hall.—*Fellow Citizens:* Is it not high time that the public were awakened to the necessity of building a new City Hall? If the report is true in reference to the Temple being soon remodelled into a church, we shall then find ourselves without a Concert Hall, or Lecture Room, as well as a suitable place for a ball or assembly,—in fact, we shall have no place where a large company can be accommodated. The public generally are in favor of a new City Hall; but talking and regrets that we have *not* one, will never build it—we must all *work* together in this matter.

Let there be half a dozen petitions circulated in various public places about the city, and let us have the voice of the people on this subject. Some will say that to build a City Hall we shall have to increase our city debt; that may be true; but will we *ever* erect such a building without running in debt? and why not do it now? was there a time when the public needed a City Hall more than at the present? There is not the slightest doubt but what the income of the building for public purposes will pay the interest of any debt incurred. If the majority of the tax payers sign these petitions, I think there can be no reason why we should not have a well-arranged and commodious edifice, that will be an ornament to our city. These petitions ought to be circulated immediately. Keep the movement away from state and city elections, and the work will be accomplished. H.

For the Chronicle.

The Great French Exhibition of the War in Europe.—The Temple was crowded last evening, to witness this novel and interesting Exhibition. Seldom does an entertainment visit our city, possessing so much interest as this. No one should neglect visiting it. The events recently enacted on the plains of Piedmont and Lombardy have agitated the whole world, and at any moment the news that Europe is again engaged in another war may reach us. In view of this, the public should witness the terrible scenes which have but just transpired in Italy, in seeming reality which this truthful Exhibition places before them—all events of importance, from the departure of Napoleon from Paris, to the conclusion of peace, are portrayed in startling reality. To-night is positively the last.

Doors open at 7 o'clock—to commence at 1-4 to 8. Price of admission 15 cents.

☞ Arrangements have been effected which render it practicable for Rev. T. S. King to appear before his Portsmouth friends on Tuesday evening, Oct. 11,—and if our citizens decide in favor of a Lyceum this winter, he will commence the course on that evening with a lecture on "Personal Power and its Voices."

WHEELER & WILSON'S

Medal Family Sewing Machines.

A NEW STYLE MACHINE.

PRICE $50.

This Machine makes the Lock Stitch, which is the only stitch that cannot be raveled, and that presents the same appearance upon each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

The Wheeler & Wilson Manufac'g Co.

Invites the attention of Housekeepers, Seamstresses, Dressmakers, Tailors, Manufacturers of Shirts, Skirts, Cloaks, Mantillas, Clothing, Hats, Caps, Corsets, Ladies' Gaiters, Linen Goods, Umbrellas, Parasols and Silk Goods, to the perfect adaptation and unrivalled excellence of these SEWING MACHINES for their uses.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, and suited to the workshop—applicable alike to the use of the family and the manufacturer.

Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses.—Substituting as they do, healthful exercises and rational employment for the soul-and-body destroying drudgery of hand-sewing, they are hailed as WOMAN'S FRIEND.

Among their undoubted advantages are:

1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which, hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public; and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

Several varieties are manufactured, adapted to various purposes. So far as public opinion has been formed and uttered, the preference is emphatically accorded to the Wheeler & Wilson machine for family use, and for manufactures in the same range of purpose and material.

During the present autumn the trials have been numerous, and all the patents of any pretension have been brought fairly into competition. In every case, the Wheeler & Wilson machine has won the highest premium.

We may instance the State Fairs of New York, New Jersey, Pennsylvania, Kentucky, Illinois, Wisconsin, Virginia, Michigan, Indiana, Mississippi, Missouri and California, and the Fairs in Cincinnati, Chicago, St. Louis, Baltimore, Richmond, and San Francisco.

At the Fair of the St. Louis Mechanical Association, the Examining Committee was composed of twenty-five Ladies of the highest social standing, who, without a dissenting voice, awarded for the Wheeler & Wilson machine, the highest and only premium, a Silver Pitcher, valued at $75. If these facts do not establish a reputation, we know not what can.

DR. SWETT'S

CORDIAL OF DANDELION,

SPIKENARD & BONESET,

A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.

Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.

[From Mrs. Ira Burnham, Exeter, N. H.]

I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.

Exeter, June 1, 1859.

This testimony of my wife is correct.

IRA BURNHAM.

[From Mrs. Ebenezer Blazo.]

GREENLAND, Nov. 20, 1858.

Dr. Swett—Dear Sir:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,

SALLY BLAZO.

ENFIELD, Sept. 8, 1859.

Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.

A. K. CURRIER.

This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 12 CABOT ST., Portsmouth, N. H.

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been

THOROUGHLY TESTED

by experienced Plowmen, who pronounce them

The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

The News.

THE GREAT EASTERN.

One of the most interesting items of news from England relates to the Great Eastern Steamship, on board of which there was a considerable explosion on the 9th September, by which five of her crew were killed, one lost overboard, and several others wounded; and the Grand Saloon demolished, with a loss of £5000. No passengers were killed, however; the engines did not stop; and as soon as repairs can be made, she is to sail from Portland, Eng. to Portland, Me. The following are the details:—

It appears that, on the afternoon of the 9th, when off Hastings, a feed-pipe casing in the forward funnel, which had been introduced on the ground of the economy in heat, and to keep the heat of the funnels from the cabins, exploded with terrific force, blowing the funnel into the air, and tearing to pieces the grand saloon and the lower deck cabins through which the funnels passed, and otherwise doing very great damage to the internal fittings. Great consternation prevailed on board, and prompt efforts were made to get at the unfortunate men in the engineering department, who were either buried in the rubbish or prostrated by the steam.

Three firemen were found in a dying state, and soon expired, while eight others were more or less injured, two of whom subsequently died. One fireman was lost overboard, having either fallen into the water or jumped into it to escape scalding.

The injured men were generally progressing favorably, although two or three of them were in a very precarious condition.

The numerous guests on board had only quitted the grand saloon through which the funnel passed, and in which they had been dining a few minutes before the explosion took place. But for this the consequences would have been most serious.

The explosion is stated to have probably been one of the most terrific which a vessel has ever survived, and which none in the world could have withstood save a structure of such marvelous strength as the Great Eastern. She not only resisted it, her frame sustaining no injury whatever, but it made so little difference to the movement of the vessel that the engines were never once stopped till she reached Portland.

It is stated that great objections had been made to casing around the funnels, but the directors persisted in adopting the plan, notwithstanding that it was tried and abandoned in the Collins and other steamers.

A coroner's inquest commenced at Weymouth, on the 12th. The evidence clearly showed the cause of the explosion to be, 1st, the supply of the boilers through the water jacket of the funnel was stopped because of the failure in the auxiliary pumping power; 2d, a stand pipe, which acts as a safety valve, had in it a tap when the casing was hydraulicly tested, and that tap was turned, apparently intentionally, so that the pipe was useless. The inquest adjourned till the 17th.

Prior to the accident the performance of the vessel was satisfactory, and she was almost without motion, while large vessels in her vicinity were pitching and tossing in a stormy sea. A survey of the vessel had been held, and estimates sent in, to forthwith repair the damage, at a cost of not more than £5000, the injury being far less considerable than was at first supposed.—Little, if any, delay would take place in the departure of the ship on her first voyage, but a rumor prevailed that she would not proceed to Holyhead, but sail direct from Portland. The accident caused a slight decline in the shares of the Company, but did not influence the general confidence in the ship.

☞ News from Europe received to Sept. 15. Besides the news from China, and the Great Eastern, we have the following items.

Paris, Wednesday. The Moniteur, in an article detailing treachery of the Chinese, says: The governments of France and England are about to take measures together to inflict chastisement and obtain every satisfaction which so flagrant an act of treachery requires.

Italy.—The National Assembly of Parma unanimously voted, by ballot, the decadence of the Bourbon dynasty, and perpetual expulsion from the government of all princes of that house. In the same sitting a vote of thanks to Napoleon was agreed upon. On the following day the same body voted unanimously, by ballot, annexation to Sardinia.

The Florence correspondent of the London Times says it is reported that Pope Pius had received the extreme unction or sacrament administered to the dying.

Advices received at Madrid from Tangier, state that in consequence of the agitation caused by the death of the Emperor of Morocco, all foreign Consuls at that place had barricaded their houses and armed their dependents; also that all Christians in the Empire were leaving in haste. Another account says the families of the Consuls had taken refuge on board a Spanish steamer in the harbor.

Assault.—*New York, Sept.* 25.—Three young men named Wm. Smith, Phillip Fitzsimmons and John Cole, clerks in Barclay street, were assaulted last night on the corner of Broadway and Canal strets by a gang of rowdies, when Smith turned upon one of the assailants and shot him down.—The person shot is a notorious rowdy named James Willson. He will probably die.

☞ The Old South Sabbath School, under the supervision of Mr. E. P. Kimball numbers over 60 members, and is in a flourishing condition.

Morning Chronicle.

SELLING A NEGRO BY THE TON.—We had a little item the other day, about a black man who sold hay in Boston, with mud or gravel in a false bottom cart. Now the Traveller tells the following story of another dark looking trick. We hope nobody will say these cheating 'blacks "can't take care of themselves."

Since then another fraud by this dealer, as novel as the other, has been discovered. The hay was so loaded that a person could crawl into a hole left near the bottom of the cart, and in this place a colored man, in the employ of the hay speculators, was in the habit of concealing himself while the hay was being weighed. Of course the live freight was upon the top of the load, when it was delivered, and the purchasers little suspected that either themselves or the one hundred and fifty pound lump before them, had been sold.

Some of the purchasers have paid for him a dozen times over, and begin to think that it is about time to take possession, and an animated but good-natured controversy is going on between two of the largest purchasers, as to which has the best claim on the fellow. Perhaps a personal fear of the Personal Liberty Law, or some other of the safeguards of freedom enactments, will prevent them from endeavoring to enforce their claims, but if there is any Statute by which the man-seller can be reached, they will gladly see it enforced. At any rate, this case is worthy the consideration of the Vigilance Committee, and we commend it to their attention.

A LICENTIOUS CLERK.—William Lane, Jr., who robbed the Fulton Bank, New York, of $60,000, was a married man, but not content with one wife, he established an intimacy with a young woman named Messarale, who lived with her mother in a house on West Nineteenth street, for which he paid an annual rent of $1000 (which is $100 more than than the total of his annual salary at the bank), furnished it in great style; gave his mistress presents of jewelry to the value of $6000, and rich dresses worth $4000 more; and supported her mother and brother. He was the owner, too, of $6000 worth of horse flesh, and had a stable of his own, and carriages rich and rare. The officers have seized "Miss Messarale's" jewelry and dresses, and the horses and carriages. When asked why, among his luxuries, he had not included a yacht, he replied that he had not time to sail it. It is said that the young woman was formerly a favorite of Huntington, the forger, and received equally magnificent presents from him.

Mrs. Messarale, the mother of the young lady, has addressed a note to the New York Express, saying that she has taken legal measures that will prove the falsity of the statements in regard to her family.—*Boston Journal.*

"A home without a girl in it is only half blessed; it is an orchard without blossoms and a spring without a song. A house full of sons is like Lebanon with its cedars, but daughters by the fireside are like the roses of Sharon."

But then the rascally boys will break over the garden fence and pluck the roses—often before they are full blown.—*Bath Times.*

Dr. C. P. Bronson's New Cures

—FOR—

Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from over-work, General Debility, or Nervous Prostration.

These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.

THEIR RANGE OF CURE:

CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &c. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.

THEIR PARTICULAR SPHERE.

It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known.

Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c. the 2d; or Dyspepsia, (when invalids are 2d and 3d,) the alternation, are more successful. In moderate cases, *one* will suffice.

There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants; (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.

From numerous testimonials we select the following:

A VERY INTERESTING CASE.

Mr. D. L. ELDER, (of this city,) is well known as one of Consumptive cases of Consumption. Messrs. Horace Greeley and W. C. Bryant, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:

Mr. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 502 Hudson-street, New York.

Dr. Bronson can be consulted either by letter, addressed to Box 5526, P. O., or at the office of the General Agents from 9 to 12

These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES
OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SURE PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In *most instances* the benefit derived from it has FAR EXCEDED what could at first have been hoped for when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * Out of twenty-two cases *in the third or last stage*, treated at my Dispensary during the past year, SIXTEEN HAVE completely recovered, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

BE SURE TO PURCHASE WINCHESTER'S GENUINE PREPARATION,

which is certified by Dr. James R. Chilton to be "PROPERLY MADE and *chemically pure*. My *facsimile* signature is upon every bottle.

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Barks of great Medicinal virtues, possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and kindred diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" is a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands of those having used it will recommend it to their friends is a test of its worth.

Directions for using "My Mother's Salve" are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportion, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ills, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A. M. Beck

THE ONLY ARTICLE
UNRIVALLED IN THE MARKET,
WITH IMMENSE
HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fail or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & Co.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 404 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

AMERICAN & FOREIGN PATENTS.
R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington, under the act of 1837.
76 STATE, OPPOSITE KILBY ST., BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
Boston, February 8, 1858.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.
From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.
Boston, Jan. 1, 1859. R. H. EDDY.

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her
SOOTHING SYRUP,
For Children Teething.
Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS
We have put up and sold this article for over ten years, and *can say*, in *confidence and truth*, never been able to say of it, what we have of any other medicine, —NEVER HAS IT FAILED, IN A SINGLE INSTANCE, to EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of the comendation of its marvellous effects and medical virtues. We speak, in this matter, "*what we do know*," after ten years experience, and *pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.
This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success*, in THOUSANDS OF CASES.
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve
GRIPING IN THE BOWELS, AND WIND COLIC.
and overcome convulsions, which, if not speedily remedied, end in death. We believe this article to be the best and surest remedy in the world, in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child *suffering from any of the above complaints—do not let your own prejudices, or the prejudices of others*, stand between your suffering child and the relief that will be SURE — yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper. Sold by Druggists throughout the world. THURSDAY, SEPT. 29, 1859.

ROCKINGHAM FAIR.

The County Fair at Exeter, Tuesday and Wednesday, was a very pleasant and no doubt profitable re-union of the old friends and acquaintances, of various towns and villages, as well as a creditable display of their live stock, fruits, vegetables and fancy articles. The day was at first made for another wet one, but finding that the Fair was to take place "whether or no," the clerk of the weather cleared away the clouds, and let us have most delightful weather.

Exeter was full of people, and everybody who had nothing else to do *but* that, seemed to enjoy themselves hugely—the exceptions being waiters at hotels, and the like, who tried so hard to promote other people's comfort that they had no time to enjoy any themselves.

THE PROCESSION

was not very long, but made a fine display. Mr. Palmer being sick, Stephen W. Dearborn, at the last moment consented to act as Chief Marshal; and of course led off in good style,—having for assistants, J. B. Cilley of Deerfield, Wm. O. Sides of Portsmouth, B. L. Merrill and Gardner Gilman of Exeter, and E. Sperry French of North Hampton. All were well mounted, and looked finely, except that their low caps gave them a squat appearance.

The Palmer Guards, Capt. C. H. Bell, a citizens' volunteer company of 42 muskets, gotten up for the occasion, made a very creditable appearance; and the forming of the corps evinced no little public spirit on the part of Mr. Palmer, Capt. Bell, and other gentleman connected with its organization, and also in the rank and file. The uniform was dark blue, with white trimmings. With this company was the Fremont Cornet Band, 15 pieces, Granville Wood leader.

The Georgetown Citizens Guard, 61 muskets, in black, trimmed with white and gold, and cocked hats, looked remarkably well. The trio Guards were among the finest looking companies we ever saw. The Georgetown Company had the Boston Brass Band, 18 pieces, and a Drum Major with a huge bearskin cap and immense cane or staff.

Then came the officers of the Fair, Committees, distinguished guests, &c., led by the Epping Cornet Band, 19 pieces, A. B. Clifford leader.

Fountain Engine Co., No. 1, had the Exeter Cornet Band, 16 pieces, A. Batchelder leader, (he with four other former members of this band, belonging now to the Boston Cornet Band, and coming home for this occasion.)

These four were all the Bands present at the Fair—the Boston Brass, Epping, Exeter, and Fremont Cornet—the three last only competing for the prizes, of course. The Northwood Band came to Exeter on the day first announced for the Fair, and it would seem but fair for the Committee to have paid their expenses on the occasion, in which case they would have come again.—The other Bands in the County, at Portsmouth and Newmarket, did not appear at all, although their absence was much regretted by the Committee and numerous visitors. It was generally thought that the Exeter Band would take the first premium, unless the Boston members were ruled out.

There were but five Town Teams entered—from Nottingham, Hampton, Kensington, and Exeter; and of these, old Hampton was the only town that attempted any display or decoration.

Nottingham sent 14 yoke of fine cattle, all dark reds, save one yoke of speckled full blood Durhams.

Hampton 17 yoke, mostly dark reds, drawing a neatly thatched cottage, elegantly adorned with fruit, vegetables, evergreen and flowers, and filled with ladies who had aided in so tastefully decorating it. Much credit is due to M. M. Coffin, one of the trustees of the society, and other Hampton gentlemen, for their exertions in bringing this attractive and really beautiful feature into the procession.

North Hampton, 18 yoke, with a handsome white bull on the lead.

Kensington, 27 yoke, drawing a wagon filled with tillers of the soil and their implements.

Exeter brought up the rear with 28 yoke of handsome oxen, and a platform wagon.

ON THE FIELD

the scene was lively and interesting. The grounds are admirably adapted for such use; and a capital half-mile track has been laid out just within the enclosure. The attendance, no doubt in great measure due to this new feature, was larger than ever before, about five thousand tickets being sold to Field and Hall on the first day.

The show of Horses was larger than heretofore, but the animals entered were not by any means generally among the best in the county. The show of neat stock was good but not large, and few or no large cattle there. The famous Hampton yoke were not present, owing to the illness of the owner. Below will be found the entries on the field, as complete as it was possible to get them.

No. 80—one stallion, 2 years old, owned by James Carswell, Newmarket; handsome.

The following animals were outside of the pens:—

One work horse—7 years old—owned by J. H. Dow, Rye.

One Messenger family horse, 7 years old—owned by G. F. Senter, Windham; a splendid animal.

One black stallion, owned by John Scammon, Stratham; and others.

Working Oxen.—Edward Giddings, Daniel Smith, Daniel F. Hayes, Exeter.—James H. Butler, John E. Tilton, Nottingham; John L. Hobbs, North Hampton;—John Smith, Brentwood, and John O. Cilley, Nottingham, entered one yoke each.

Prominent among the many fine turn-outs on the ground, was the splendid matched span of long-tailed bays, owned by Albert Blaisdell, Esq., and driven in fine style by himself—beautiful, fleet, docile and well trained—beyond doubt the finest team in the county, and probably in the State.

N. P. Cram, Esq., of Hampton Falls, called the Committees together early, and made a few pleasant remarks, which seemed to promote good humor. The crowd enjoyed themselves looking at the animals and one another, and witnessing the fast horses spinning up and down the track, for the forenoon.

THE PLOWING MATCH took place soon after dinner, on a loose loam, in a field adjoining the enclosure. There were 12 entries of 2 yoke of oxen each, and 4 pairs of horses.

Ox Teams.—Solomon J. Perkins, John R. Palmer, Edward Giddings, George Dow, Exeter; John C. Evans, South Hampton; John Weare, Joseph H. Weare, Seabrook; John L. Hobbs, John F. French, North Hampton; Joseph E. Tilton, Nottingham; John P. Blake, Kensington; F. G. Moulton.

Horse Teams.—James R. Leavitt, Oliver Brown, North Hampton; James F. Bartlett, Kingston; James Creighton, Hampton Falls.

The work was done rapidly rather than well, though there was some nice plowing. A cast iron plough operated finely. The "universal" plow won.

THE PACING MATCH for a purse of $100, mile heats, best three in five, to harness, came off at 3 o'clock. The race was an exciting one, and was witnessed by a vast throng of people. Two horses were entered—b. m. Lady Drew by H. H. Smith, and b. g. Slider by J. L. Cutler. "Slider" was the winner in three straight heats—time, 2.45, 2.52 1-2, 2.50.

THE ADDRESS, immediately after the race, was delivered by C. G. Davis, Esq., of Plymouth, Mass. It was necessarily brief, as the orator was compelled to leave for Boston; but was a good, sensible, practicable talk of farmers and farming. These out door speeches, in the midst of all sorts of excitements and other attractions, are rather a farce—so thought that speaker, and so thinks most everybody. Better leave them out of the bill.

THE HALL.

The Show at the Town Hall was not so abundant as usual, the fruit crop being scant; but much taste was displayed in the decorations and arrangement, and enough was exhibited to show that our promise of harvest has not yet failed. Below is what was intended for a complete list of entries.

In the evening the large and fine Hall was crowded to excess, and capital music was furnished by the Boston and Exeter Bands, which the social, happy crowd enjoyed to a late hour.

SECOND DAY.

The attendance at the Field on Wednesday morning was even larger than on the first day, and the spectacle presented was brilliant and pleasing. A very large number of finely dressed ladies were on the grounds throughout the entire Fair; and the general appearance of the assemblage was unusually prepossessing.

The horses (after the ladies of course) were the chief attraction, especially when the ladies rode them. At the request of the fair and punctilious riders themselves, the premiums offered for female equestrianism were withdrawn. Nine young ladies, well mounted, each gallantly attended by a Sir Knight, entered the enclosure, to the music of the bands, and escorted by the two military Companies. The whole formed one of the prettiest sights imaginable. The ladies were all unmarried, two or three of them being mere children. Their names were, Misses Shaw, Towle, Beecher, Smith, of Exeter; Miss Neal, of New Market;—Misses Rider, of So. New Market; Miss Cilley, of Nottingham; Miss Healey, of Hampton Falls. All appeared unexceptionably and rode well, Misses Shaw and Towle in particular. At the request of many spectators, Miss Towle let her pacer, Lady Drew, spin round the half-mile course once, in 1:30!

Just before this, was a trot between Humming Bird and Black Billy, mile heats, best two in three—Billy to sulky, Humming Bird to wagon. Won by Billy in 2:54 and 3:00. In the afternoon, Humming Bird and Brown Billy had a similar trot, both to sulkies. Humming Bird won, in 2:56, 2:54.

The shower just after dinner frightened some, but hurt nobody; and as the gates were opened for free admission, a large crowd was present

There was all sorts of irregular trotting and racing, and not a little fun. At 4 o'clock the Premiums were declared, the sale of stock, &c., took place; and the crowd left for home.

There were other articles favorably considered by the Committee, but they had awarded the $40 allowed them.

No premiums offered for Wines or Jellies, but the Committee speak highly of the specimens sent, and recommend that premiums be offered hereafter.

On account of the committee on Working Oxen making up their report prematurely, and many of the cattle being consequently taken home on Tuesday night, the Drawing Match for Wednesday afternoon was dispensed with.

Thus closed the out door part of the seventh Rockingham Fair—and it must be pronounced successful, and creditable to the managers. It is proposed to have the next Fair in Portsmouth.

In the evening the proceedings were much the same as on Tuesday evening: the hall was jammed full. At the close, the Band premiums were awarded.

Epping Band, 1st premium, $75
Exeter Band, 2d " 50

The committee report that the Fremont Band deserve great credit for the improvement they have made since their organization.

☞ John P. Payson, Esq., who has taught so long and so successfully, in District No. 1, of this city, has just been appointed teacher of a school in Chelsea, Mass., with a salary of $1000, and an annual increase of $100 for four years.

We understand that there were about one hundred and fifty applicants for the place, of whom forty were examined, and ten were selected for a further trial; then five from the ten; then two from the five; and between the last *two* there was no test examination,—but Mr. Payson, was then appointed by *ballot* of the committee.

"WENT AND DID IT."—We noticed last evening an industrious and swift typo, dressed in his best, with white kids, walking rapidly and erect on the street with a young lady. The mystery is solved in the list of marriages.—*Bangor Times.*

If report speaks truly, a young and "fast" disciple of Faust in Portland, is about to "go and do likewise."—*Advertiser.*

A little more than a year ago, four bachelor editors, in Portsmouth, rejoiced in their independence. Now there is not one.—Three went and got married; and the other, either thinking his a hopeless case, or else fearing his weakness after all the others had surrendered, has moved out of town!

☞ A respectable, though hard-working and poor old woman, complains to us (tho' we don't see that we have any power or authority in the premises,) that some girls—who probably think themselves young *ladies,*—call after her and insult her in the street. They may be ladies, but this conduct is certainly not ladylike—and no one who knew what belongs to good manners, or what they owe to self-respect, would be guilty of it.

Ladies, do you know that the attachment of your friends to Tobacco is absolutely idolatrous? that they probably love it better than they love you? If they use much, and have used it long, this is a fair inference. And you here have a rival which is quite a match for you. This appetite is distinctly artificial, usually created in defiance of every law and instinct of nature; hence it is a monstrosity, in point of strength, which easily masters every native appetite of its victim.

☞ By the latest dates from Liverpool, 18th Sept., it appears that Brunel, the engineer of the Great Eastern, is dead. His death was caused by an attack of paralysis.

It is officially announced that the great Eastern will leave Holyhead, for her trip to Portland, U. S., on the 28th of October.

It is said in a letter from China, to the New York Evening Post, that the British and French made a mistake, taking the wrong mouth of the river Peiho, where they found no Commissioners to receive them; but the Commissioners, were waiting at the proper mouth, the one intended.

The British and French attempted to break the barricade at the wrong mouth, were attacked by the Chinese forts, and badly beaten.

VERMONT ITEMS.—The Bellows Falls Times states that "Mrs. Prescott Lawrence, of Windwall, died on Wednesday of last week, of consumption, and as a number of the family had previously died of the same disease, the friends went through the farce of burning the lungs, heart and liver of the deceased, to prevent any more from dying of the same disease! This is a fact and can be substantiated."

A new school house in Montpelier was dedicated on the last day of Aug. The Watchman says "the Montpelier people are proud of it. It cost $20,000. A library of 1200 volumes has been purchased. It will contain the Washington Co. Grammar school—two departments—and the Union School, in five departments. We have visited it and think it one of the finest school houses we have ever seen outside the cities."

The prevailing style of skirts allows ladies in hot weather to "lay off everything else and set in their *bones,*" as Rev. Sydney Smith once wished to do.—*N. Y. Post.*

WHEELER & WILSON'S
Medal Family Sewing Machines.

A NEW STYLE MACHINE.
PRICE $50.

This Machine makes the Lock Stitch, which is the only stitch that cannot be raveled, and that presents the same appearance upon each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

The Wheeler & Wilson Manufac'g Co.
Invites the attention of Housekeepers, Seamstresses, Dressmakers, Tailors, Manufacturers of Shirts, Skirts, Cloaks, Mantillas, Clothing, Hats Caps, Corsets, Ladies' Gaiters, Linen Goods, Umbrellas, Parasols and Silk Goods, to the perfect adaptation and unrivalled excellence of these SEWING MACHINES for their uses.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, and suited to the workshop—applicable alike to the use of the family and the manufacturer.

Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses.—Substituting as they do, healthful exercises and rational employment for the soul-and-body destroying drudgery of hand-sewing, they are hailed as WOMAN'S FRIEND.

Among their undoubted advantages are:

1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which, hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public; and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

Several varieties are manufactured, adapted to various purposes. So far as public opinion has been formed and uttered, the preference is emphatically accorded to the Wheeler & Wilson machine for family use, and for manufactures in the same range of purpose and material.

During the present autumn the trials have been numerous, and all the patents of any pretension have been brought fairly into competition. In every case, the Wheeler & Wilson machine has won the highest premium.

We may instance the State Fairs of New York, New Jersey, Pennsylvania, Kentucky, Illinois, Wisconsin, Virginia, Michigan, Indiana, Mississippi, Missouri and California, and the Fairs in Cincinnati, Chicago, St. Louis, Baltimore, Richmond, and San Francisco.

At the Fair of the St. Louis Mechanical Association, the Examining Committee was composed of twenty-five Ladies of the highest social standing, who, without a dissenting voice, awarded for the Wheeler & Wilson machine, the highest and only premium, a Silver Pitcher, valued at $75. If these facts do not establish a reputation, we know not what can.

We prefer the Wheeler & Wilson Sewing Machine for family use."—[N. Y. Tribune.

"Wheeler & Wilson's Sewing Machines are the favorites for families."—[N. Y. Times.

"The Wheeler & Wilson Machine has secured and justly maintains the pre-eminence for sewing every kind of material."—[N. Y. Express.

"There is not an invention of this inventive age that honors American genius more than the Sewing Machine. No family ought to be without its benefits."—[Independent.

"A Sewing Machine is among the most useful and economical articles a housekeeper can purchase. In looking out for the best, see the machines of Wheeler & Wilson."—[Examiner.

DR. SWETT'S
CORDIAL OF DANDELION,
SPIKENARD & BONESET,
A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.
Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.
[From Mrs. Ira Burnham, Exeter, N. H.]
I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.
Exeter, June 1, 1859.
This testimony of my wife is correct.
IRA BURNHAM.
[From Mrs. Ebenezer Blazo.]
GREENLAND, Nov. 20, 1858.
DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,
SALLY BLAZO.
ENFIELD, Sept. 8, 1859.
Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.
A. K. CURRIER.
This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 12 CABOT ST., Portsmouth, N. H.

CLIPPER PLOWS
Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been
THOROUGHLY TESTED
by experienced Plowmen, who pronounce them
The Best in the Market!
These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.
We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."
Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

AYER'S SARSAPARILLA,

A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will a complish their cure must be of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores;—cleanse it when you find it is obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it contain but little of the virtue of Sarsaparilla, or anything else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Accordingly disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justlyd espised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have grounds for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.

Ayer's Cherry Pectoral

Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills.

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price, 25 cents per box; five boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages, have lent their names to certify the wonderful benefits of these remedies, but our space here will not permit the insertion of them. The Agent below named furnishes gratis our American Almanac, in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on.—Demand AYER'S, and take no other. The sick wan the best aid there is for them, and they should have it.

All our remedies are for sale by W. R. Preston, Portsmouth, and by all druggists and merchants in the civilized word. 6m—j214

Dr. C. P. Bronson's New Cures

—FOR—

Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from over-use, General Debility, or Nervous Prostration.

These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.

THEIR RANGE OF CURE:

CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &c. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.

THEIR PARTICULAR SPHERE.

It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known.

Be particular, in ordering, to mention which of the three Preparations is required. For Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c, the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, one will suffice.

There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their sympathetic consents; (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.

From numerous testimonials we select the following:

A VERY INTERESTING CASE.

Mr. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Horace Greeley and W. C. Bryant, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:

Mr. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued about two months, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about throughout the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 502 Hudson-street, New York.

Dr. Bronson can be consulted either by letter, addressed to Box 3298, P. O., or at the office of the General Agents from 9 to 12.

These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES

OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SUE PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In most instances the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * Out of twenty-two cases in the third or last stage, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

BE SURE TO PURCHASE WINCHESTER'S GENUINE PREPARATION,

which is certified by Dr. James R. Chilton to be "PROPERLY MADE and *chemically pure*. My *fac simile* signature is upon every bottle.

☞ Price $2 per bottle, or three bottles for $5, with full directions for use. Write for Circulars, which will give RELIABLE INFORMATION, and save from all possibility of deception. Sold wholesale, at the lowest discount for cash, at the Sole General Depot in the United States, by J. WINCHESTER, American and Foreign Agency, 49 John street, New York.

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and efficacious, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" in a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using **"My Mother's Salve"** are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A. M. Beck

THE ONLY ARTICLE

UNRIVALLED IN THE MARKET,

WITH IMMENSE

HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headaches; will be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPARED BY DR SANFORD,

COMPOUNDED ENTIRELY FROM GUMS,

Is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and the system better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DYSPEPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER and AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the month with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 345 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 1y

LOTTERIES.

THE LOTTERIES OF

WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of WOOD, EDDY & CO.,

are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington, Delaware, and also at Augusta, Ga. All orders received being filled in the drawing next to take place after same comes to hand.

Whole tickets are $10; halves, $5; and quarters, $2.50.

No ticket sent unless the money accompanies the order. Prizes vary from $20 to $50,000.

Every prize is drawn, and the result of drawing forwarded to all purchasers.

☞ A circular showing the plan of receiving it. All communications strictly confidential.

Write your address plainly, and direct to

WOOD, EDDY & CO.,
Wilmington, Delaware.

Or to WOOD, EDDY & CO.,
Augusta, Georgia.

☞ All letters to our address will be promptly acknowledged—and prizes cashed without delay.

NOTICE TO CORRESPONDENTS.

Those who prefer not sending money by mail, can use the "ADAMS EXPRESS COMPANY," whereby money for tickets, in sums of ten dollars, and upwards, can be sent us

AT OUR RISK AND EXPENSE,

from any city or town where they have an office. The money and order must be enclosed in a "GOVERNMENT POST OFFICE STAMPED ENVELOPE," or the Express Company cannot receive them.

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empirics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiment with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

AMERICAN & FOREIGN PATENTS.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington, under the act of 1837.
76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
BOSTON, February 8, 1858.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.
From Sept 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.
Boston, Jan. 1, 1859. R. H. EDDY.

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, SEPT. 30, 1859.

SCHNAPPS AND BAD LIQUORS.—Mr. Wolfe, the great New York Schiedam Schnapps man, sends us a pamphlet, in which he goes on to show, first, that 29-30ths of all the so called *French* liquors sold in this country are made here. 2d, that 3-4ths of all the *imported* brandies and gins come to mixers and jobbers, for the purpose of mixing; and 3d, that the *greater* portion, i. e., more than one half, of the *French* brandy imported was made in France from American whiskey.

When he has told us all this, for fear his *expose* of so much bad stuff should make everybody teetotalers, he tells how needful it is to have *good* liquors for the old and sick. And as the conclusion of the whole matter, he winds up by telling us he not only sells Schnapps, (i. e., Holland gin,) but that *he* can supply all orders for *pure* imported brandies, gins, wines, rums, &c. This is Mr. *Wolfe's* remedy for bad liquor.

Uncle Toby's remedy is, let *all* the filthy stuff alone—neither trust Mr. Wolfe nor anybody else in the matter. If there is real need of spirit for medical uses, buy pure, strong *alcohol*, easily found, and know, by actual measure, the dose the doctor orders. There is, we believe, a vast deal more *medical* use of liquors than does any good.

Wolfe tells us that while in the New York Custom House the returns show an actual importation of 20,000 half casks of brandy, 35,000 quarters, and 23,000 eighths, twenty or thirty times that number have been sold by mixers and jobbers to retailers and country dealers, as genuine French brandy, newly imported, and of the choicest brands; with one gallon of pure brandy will be mixed twenty gallons of a spurious compound. "Three-fourths of all foreign brandies and gins," it is said, "are imported for the express use, in adulterations, of the mixers and jobbers of the day." But comparatively few of the self-styled importers of brandy and other liquors are such in reality, says Mr. Wolfe. They may import enough to furnish a cloak for their practices, but that is all. One man, who has sold thousands of gallons of a certain kind of "foreign" liquor, has not imported more than five pipes in five years! This is shown by the Custom House books.

In the work of adulteration, subtle *poisons*, taken from the vegetable and mineral kingdoms, are recklessly employed. From the vegetable, says Mr. Wolfe, opium, tobacco, henbane, strychnine, colculus Indicus; from the earths various elements too numerous to detail; from the acids, oil of vitriol, muriatic acid, and many other medicinal poisons. These baneful ingredients, mixed with other articles, are dispensed to the public under the names of Scotch, Irish, Bourbon and Monongahela whiskys, rum, gin, brandy, lager beer, &c. The bulk of the "Bourbon whisky," so called, was never within the limits of Kentucky. It is made of inferior common whisky, refined by a peculiar process, softened down by various baneful ingredients, and is produced at a cost not exceeding twenty-two or twenty-three cents per gallon. Cincinnati has several manufactories of "Bourbon" whisky, which is sold at the rate of five to seven dollars per dozen.

Mr. Wolfe also reiterates what has been stated before, that the greater portion of the importations in foreign brandies, so called, once left our shores in the shape of whisky, and after having been "doctored" in France and stamped with a French brand, are returned to this coutry, and sold as genuine French liquors.

SHOE BUSINESS.—At Dover, a new shoe factory, 36 by 56 feet, is being built on Fourth street by Mr. Benj. Pray. Over 80,000 pairs of shoes are made per month in Dover, and the increase of the trade is large. The new building is to be three stories high.

At Boston, says the Traveller, a few of the weak houses in the shoe trade have suspended within a week or two, owing to the dullness of the trade, coupled with the fact that they purchased large stocks at high prices. On Tuesday a house in Pearl street stopped payment, with liabilities of $50,000.

☞ The first meeting of the creditors of Phillips, Sampson & Co. was held in Boston, Wednesday, in the Insolvency Court, before Judge Ames. Some forty claims were presented, all amounting to about $150,000. The whole amount of the indebtedness of the firm is about $240,000. The firm of Rice, Kendall & Co., presented claims to the amount of $25,000. Messrs. Alexander H. Rice and Harvey Jewell were chosen assignees. They were authorized to continue the publication of the Atlantic Monthly.

TRUTH AND POETRY.—The following truthful lines occur in Tennyson's last poem:

Never yet
Was noble man but made ignoble talk.
He makes no friend, who never made a foe.

RUM AND ATTEMPTED SUICIDE.—Edward W. Smith was found in a state of intoxication on Monday night, in Newburyport, and taken to the watch house. On Tuesday morning, after the watchmen had left, the devil entered the head of Edward, where rum had cleared the way for him, and prevailed upon him to produce a jack knife; and baring his bosom he made a plunge for his heart, the knife striking the ribs. The loss of blood sobered him into consciousness, and he concluded not to follow up the attack. The Doctor was called to dress the wound, after which Smith was removed to the Alms House.

TOBACCO.

Ladies, do you know that the attachment of your friends to Tobacco is absolutely idolatrous? that they probably love it better than they love you? If they use much, and have used it long, this is a fair inference. And you here have a rival which is quite a match for you. This appetite is distinctly artificial, usually created in defiance of every law and instinct of nature; hence it is a monstrosity, in point of strength, which easily masters every native appetite of its victim.

The drunkard prefers his pipe to his bottle; the glutton prefers his tobacco with one meal a day, to three without it. The politician, disappointed at the polls, finds consolation in his cigar, not in his wife. Ladies, you ring the changes on the *filthiness* of this thing, but your friends prefer it to the finest delicacies you spread before them, or to the whole magnificent array of luxuries which God pours around them from every clime. Money, strong drink, and opium, have no such charms. The love of it sometimes rises to the dignity of a passion, swaying its victim hither and thither in life, and showing itself to be the ruling passion strong in death.

Mothers, your sons love you, but they love their idols better. Your husband, should he follow you to the grave, would weep and mourn; but, if he is like other tobacco sots, he could forget you more easily than his tobacco. Among the possibilities, he might find a substitute for you; but, in the name of all the sons of smoke up and down the globe, I ask, where is there a substitute for tobacco? There is many a fine girl who, should she say to her lover, "Give up tobacco totally and forever, or give up me," would soon learn that she has a rival who has the throne and will *keep it!*

Ladies, I have no wish to move you to jealousy; but you profess to be Christian women, and when I see you treat anti-tobacco efforts with indifference or scorn, I am compelled to ask, are you willing that "lover and friend" should use tobacco "to their hearts' content," when they bestow on it more time, more attention and love, than they bestow on you?—*Anti-Tobacco Tract.*

☞ The arbitrators on the case of the Essex county court house which was burned at Lawrence, before the contractors had surrendered it to the county, have decided that the loss should fall on Essex county.—The commissioners will take steps to rebuild immediately.

"THIS TOO SHALL PASS AWAY."—Many of our readers probably remember the reply of the philosopher to the monarch, who desired some sentence, easily remembered, that would alleviate the pressure of calamity, and check the exuberance of prosperity. "This too shall pass away," was the chosen motto.

☞ "The Ferry Bee" is the name of a neat Weekly paper, not quite so large as the Daily Chronicle, just started at Knight's Ferry, California, at $5 a year. It looks well and reads well; and a good paper is worth that sum each year, even if only printed once a week,—though we only charge $1 for the Weekly Chronicle!

Farmers finding no traces of the potato rot during the dry weather of August and September, began to regard the disease as a "defunct institution." But the long rain of the past week has developed the malady, and the farmers of Bedford say that the crop now in the ground is badly speckled with the marks of decay.—*Man. American.*

☞ The Florence correspondent of the London Times says that a treaty was signed on the 26th of August between the Papal Government and the Queen of Spain, by which the latter engages to occupy the Roman States with her troops when the French forces are withdrawn.

The most remarkable case of indecision that we have heard of, was that of the man who sat up all night, because he could not decide which to take off first, his coats or his boots.

☞ It is worthy of notice, that during the last week deposits of gold were received at the Mint, in Philadelphia, from the following sources, viz.:—North Carolina, Virginia, California, Kansas, Nebraska, Oregon and Frazer River.

The Spiritual Age of Boston recommends that the Spiritualists go into politics as a separate party, and nominate a Spiritualistic ticket.

There is said to be one spiritual empire now for which the proposed party would be likely to have a strong affinity, but the Chief Magistrate is not elective. His name is "*Beelzebub!*"—*Bath Times.*

A SERIOUS QUESTION.—The Richmond Enquirer wants to know if the hopelessly Black Republican States are to control the nominations for President.

A young man being in church and inattentive to the service, asked an old gentleman who was in the next pew, "Do you know, sir, a rule without an exception?—"Yes," replied he, "a gentleman *always* behaves himself well, and especially in church."

It is better to stoop at a high doorway than to run against a low one.

THE MORTGAGE.

The house is high, and decorated round
With architecture's cunningest inventions;
Within, arts hold harmonious contentions,
And luxury a temple there has found.
But o'er the roof and all the ample ground,
Noiseless, yet of the most malign intentions,
A viewless thing the master never mentions,
Though unto his sole vision it is bound,
Whether he wakes or sleeps, has settled firm;
Henceforth to hang unbidden ever nigh,
Haunt all his hours close as the undying worm;
And when he feeds his guests, unceasingly
Before him stalk, unseen of others' eyes,
Threatening to drive him from his paradise.

DR. SWETT'S
CORDIAL OF DANDELION,
SPIKENARD & BONESET,

A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.

Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.

[From Mrs. Ira Burnham, Exeter, N. H.]

I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.

Exeter, June 1, 1859.

This testimony of my wife is correct.
IRA BURNHAM.

[From Mrs. Ebenezer Blazo.]
GREENLAND, Nov. 20, 1858.

DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,
SALLY BLAZO.

ENFIELD, Sept. 8, 1859.

Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.
A. K. CURRIER.

This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 12 CABOT ST., Portsmouth, N. H.

TO DYSPEPTICS

And all who suffer the tortures which this disease inflicts in one form or another of its many phases, cure yourselves permanently and speedily by using the OXYGENATED BITTERS.

The "Weekly Novellette" of Sept. 18, says:

Dyspepsia is one of the prevailing diseases of our country. This is owing both to climate and the almost universal habit of eating our meals too rapidly to admit of proper digestion. But in spite of these adverse circumstances, this disease even when it has become chronic, disappears rapidly by the use of the Oxygenated Bitters, which have been found to prove an infallible remedy.

From the publisher of a widely circulated Magazine.
BOSTON, July 1, 1858.

MESSRS. S. W. FOWLE & CO.,—I have taken bottles of the Oxygenated Bitters, and have derived great benefit from their use. I have been much troubled with Dyspepsia for several years and found nothing that afforded me any relief until I used the Bitters. I most cheerfully recommend them to all who are afflicted with the troublesome and *stubborn* complaint.
JAMES ROBINSON, of the "Student and Schoolmate."

From Gen. A. C. Dodge, our Minister to Spain.
WASHINGTON, D. C., May 18.

DR. GEO. B. GREEN,—*Dear Sir*:—The *Oxygenated Bitters* with which you were to furnish me have proved a most salutary effect in my case. I was troubled with Dyspepsia for four years, during which time I tried many remedies, but never met with any so good as your Bitters. I am now in the enjoyment of good health, and I hope, as I believe, that all who use the Oxygenated Bitters will find them as serviceable as I found them.

With high respect, your obt. servant.
A. C. DODGE.

Prepared by S. W. FOWLE & CO., Boston, and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hutchings, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spnot 4wd&w

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have actually been compelled, by the force of facts, to recommend the use of DR. HOSTETTER'S STOMACH BITTERS, for those diseases which are particularly prevalent during the summer and fall. They have ascertained that there are no remedies in the pharmacopia which can compare with this wonderful compound for derangements of the system. Thousands of families residing along the low grounds of the Western and Southern rivers, are now convinced that they have found a medicine peculiarly adapted for their ailments while in other portions of the country, during the summer months, the demand for the article is equally large.

Sold by druggists and dealers generally, everywhere.

Agent for Portsmouth, J. H. THACHER, cor. of State and Pleasant Sts., and No. 12 Market St. Weeks & Potter, Boston, General Agents for the New England States.

Wm. B. Oliver, Esq., P. M., of Drayton, Dodge county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to make a twenty-five cent piece on:

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 20th of April, 1858, she commenced the Resolvent; on the 20th of the ensuing day, twenty-one days after she commenced its use,

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.

R. R. Remedies are sold by Druggists generally.

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

SALEN'S DAGUERREAN GALLERY,

in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (cheap) pictures, are taken at this establishment, with a double lens Camera, (100 per day) by the celebrated Parisian artist—Monsieur Heavtontitornamnos.

Jaundice.

This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience prove that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflamation—will allay all pain, and it is curative to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

SHALL WE HAVE IT?—Arrangements for the People's Lyceum have been so far completed, that (if the previous subscription warrant their engagement) lectures may be had from the following distinguished speakers:

Rev. T. STARR KING, Tuesday, Oct. 11. Lecture on 'Personal Power and its Voices.'

Negotiations are also pending to secure the Germania Band if possible, for this the evening night.

Rev. J. C. FLETCHER, Tuesday, Oct. 18. Lecture on the "Land of Tell," illustrated with appropriate music.

Hon. HAMPDEN CUTTS, Tuesday, Oct. 25, Readings from Shakespeare and others.

Dr. WINDSHIP will also lecture and illustrate "Physical Education."

Rev. J. G. Adams will lecture.

Albert Laighton will read a new Poem.

And there will be four other lectures or concerts, (ten in all) of an equally high order with those named—and good music each evening. Citizens so disposed, will have immediate opportunity to provide themselves with tickets for the course.

NEW HAMPSHIRE LECTURERS.—The following item appeared in our columns on Tuesday, copied from the Concord Statesman:

Of one hundred and ninety-six men and eight women, who hold themselves in readiness to lecture audiences the coming season, only three are of New Hampshire—Rev. A. P. Peabody of Portsmouth, William Stark of Manchester, and Parker Pillsbury of Concord.—*Statesman.*

This item doubtless refers to the annual list of lecturers made up and published in the Boston Transcript, which is a very convenient document for reference, but from the nature of the case not perfect, as some of the names contained there were not put in that position at the request or with the knowledge of the persons named. This we know to be the case with one of the gentlemen above named, who, though he is to deliver some lectures, and though he may deliver a number, yet may not be able to go far out of his usual course to do so.

It is not improper in this connexion to say that there is one more New Hampshire lecturer, in Portsmouth, Samuel P. Long, Esq., who is able and prepared to interest any intelligent audience with a lecture or a course of several lectures on Art and Beauty. Lecture committees of lyceums or other literary bodies would do well to avail themselves of his services, to bring an interesting as well as interesting lecture before their audiences, such as no other lecturer has attempted.

☞ We learn that Miss Adelaide Odiorne, 18 or 20 years of age, daughter of Mr. Charles Odiorne, living at Blunt's Island, so called, in Little Harbor, disappeared on Monday morning, in such a manner as to render it probable that she is drowned. Her mother heard her at an early hour, and supposed she was dressing for the day; but on looking for her afterward found she had disappeared, leaving her clothes behind. The young woman had been out of health and in low spirits, though at meeting the day before; she was of estimable character, and was a member, we understand, of the Christian Church in Rye.

☞ We are informed that her body has since been found, in a well near the house.

☞ The Rockingham Weekly Chronicle, containing a summary of the news of the week, this day published, and for sale at the Chronicle Counting Room: price 3 cents; $1 per year, in advance.

The Chronicle for this week, among other good things, contains the most full, complete and entire report of the Rockingham County Fair, which will be published by any newspaper—including all the Premiums as awarded. Don't fail to secure a copy.

☞ The frost has after all been lenient the present month, and in many gardens the tomato and bean vines are as yet green. Dahlias and asters are still blossoming with the full richness of midsummer.

ROCKINGHAM QUARTERLY CONFERENCE.—A Quarterly Conference will be held on Wednesday and Thursday, Oct. 26 and 27, in the Universalist Church at Epping, N. H.—commencing at 1 o'clock P. M. on Wednesday, and closing on Thursday afternoon.

☞ The New York correspondent of the Boston Atlas & Bee says that Awful Gardner has been forced to appeal for aid in carrying on his 4th ward reading room, and it is to be hoped he will find a liberal response. This ward has 23,000 population, two places of Protestant worship, 100 vessels lying along its edges on the East River, and a grog shop to every four men. Gardner's former character and associations, to say nothing of his formidable pugilistic powers, gives him wonderful influence over the desperate characters he meets. The mission under the charge of Mr. Van Meter, is also doing a good work.

☞ A poultice of bruised horse radish, it is said, has given relief in cases of neuralgia.

BREAD MAKING.

There was plenty of good (looking) Bread and Butter at the Rockingham Fair. We regretted we were unable to accept the polite invitation of the Committee, to stay in Exeter Wednesday evening, and test the quality of said staff of life, accompanied with some of the Jellies and ——.

Below we give the several receipts attached to the loaves, with the premiums awarded.

MARRIED LADIES.

Mrs. John F. French, No. Hampton.—Raised milk bread. 1 pt. boiling water, 1 pt. new milk, small teaspoon of salt, flour to make thin batter; set in warm place five hours to rise, add flour to mould, bake one hour. [Received 1st premium, $3.]

Mrs. Sarah Ody, Exeter.—One-third cup home-made yeast; mix with half milk and half water; stir with a spoon to a thick batter, rise over night, pour into pans in morning without kneading or saleratus. [Received 2d premium, $2.]

Mrs. J. H. Kimball, Exeter.—1 pt. milk, cup yeast, 2 qts. flower, bake one hour.—[Received 3d premium, $1.]

Mrs. John Norris, Exeter.—Two-thirds pt. yeast, one and one-third pts. warm water, 4 qts. flour, knead well, make in form of baker's loaves, bake one hour.

UNMARRIED AND UNDER 20 YEARS.

Miss Mary French Hobbs, No. Hampton, 12 years.—To boiling water in a bowl, add wheat (flour) till stiff; then add more wheat and hop yeast; mix well, and place in warm place to rise; when light, mould and chop, and again set to rise, then bake. [Received 1st premium, $3.]

Miss Nellie Purdy, Exeter.—1 pt. new milk, 1 pt. boiling water, flour to make soft batter, rise to foam, mix hard, bake 20 minutes. [Received 2d premium, $2.]

Miss Lizzie Bragdon, Exeter, 17 years.—2 qts. flour, half tea-cup yeast, mixed with equal portions milk and water. [Received 3d premium $1.]

Miss Emma Dewhurst, Exeter, 19 yrs.—*Yeast Bread.*—cup leaven, cup new milk, 3 cups water, 3 lbs. flour, stand twelve hours and bake in hot oven.

Miss Anna Farrell, Exeter.—3 pts. flour, 1 cup yeast, 1 pt. milk, spoonful salt—bake one hour.

Margaret O'Shay,—2 qts. flour, cup of yeast, pt. warm water; bake three quarters hour.

M. E. Moulton, H. Falls.—*Drop Cakes.* 1 pt. milk, two-thirds cup cream, 1 egg, large quart of flour, drop with a spoon in brick oven.

CHEESE.—Only one mode of manufacture appended, and we couldn't understand *that.*

THE BEST LIGHT!!!

Cancemine Oil.

Every one is naturally desirous of obtaining the BEST LIGHT, at the SMALLEST COST; and this can secured by the use of Cancemine Oil,—a new article which is rapidly superseding the Kerosene Oils, for the following reasons, viz.:—IT COSTS LESS, GIVES MORE LIGHT, WILL NOT SMOKE, AND HAS NOT THE OFFENSIVE ODOR OF KEROSENE.

This Oil can be used in the ordinary Kerosene lamps; but an improved burner can be fitted to any lamp at a small expense.

This is by far the best light yet offered to the public. The subscriber has this Oil for sale in any quantity, also a supply of Lamps, &c.—A lamp may be seen in operation at store

WHEELER & WILSON'S

Medal Family Sewing Machines.

A NEW STYLE MACHINE.

PRICE $50.

This Machine makes the Lock Stitch, which is the only stitch that cannot be raveled, and that presents the same appearance upon each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

The Wheeler & Wilson Manufac'g Co.

Invites the attention of Housekeepers, Seamstresses, Dressmakers, Tailors, Manufacturers of Shirts, Skirts, Cloaks, Mantillas, Clothing, Hats Caps, Corsets, Ladies' Gaiters, Linen Goods, Umbrellas, Parasols and Silk Goods, to the perfect adaptation and unrivalled excellence of these SEWING MACHINES for their uses.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, and suited to the workshop—applicable alike to the use of the family and the manufacturer.

Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses.—Substituting as they do, healthful exercises and rational employment for the soul-and-body destroying drudgery of hand-sewing, they are hailed as WOMAN'S FRIEND.

Among their undoubted advantages are:

1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which, hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public; and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

Several varietics are manufactured, adapted to various purposes. So far as public opinion has been formed and uttered, the preference is emphatically accorded to the Wheeler & Wilson machine for family use, and for manufactures in the same range of purpose and material.

During the present autumn the trials have been numerous, and all the patents of any pretension have been brought fairly into competition. In every case, the Wheeler & Wilson machine has won the highest premium.

We may instance the State Fairs of New York, New Jersey, Pennsylvania, Kentucky, Illinois, Wisconsin, Virginia, Michigan, Indiana, Mississippi, Missouri and California, and the Fairs in Cincinnati, Chicago, St. Louis, Baltimore, Richmond, and San Francisco.

At the Fair of the St. Louis Mechanical Association, the Examining Committee was composed of twenty-five Ladies of the highest social standing, who, without a dissenting voice, awarded for the Wheeler & Wilson machine, the highest and only premium, a Silver Pitcher, valued at $75. If these facts do not establish a reputation, we know not what can.

We prefer the Wheeler & Wilson Sewing Machine for family use."—[N. Y. Tribune.

"Wheeler & Wilson's Sewing Machines are the favorites for families."—[N. Y. Times.

"The Wheeler & Wilson Machine has secured and justly maintains the pre-eminence for sewing every kind of material."—[N. Y. Express.

"There is not an invention of this inventive age that honors American genius more than the Sewing Machine. No family ought to be without its benefits."—[Independent.

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been

THOROUGHLY TESTED

by experienced Plowmen, who pronounce them

The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

The News.

☞ S. W. Boyer, of Memphis, was killed by Andrew J. Donaldson, (nephew of Hon. Andrew J. Donaldson,) at Clarendon, Monroe county, Arkansas, last week. The weapon used was a double-barrelled shot gun, load entering the heart, and producing instantaneous death. They were brothers-in-law, Boyer having married the other's sister. The affray had its origin in Boyer's alleged ill-treatment of his wife. Donaldson was taken before a magistrate, who, after hearing the facts in the case, dismissed the homicide from custody.

☞ One George Stacy, 23 or 24 years old, a hardened and desperate offender, who in 1855 was tried in Massachusetts for the murder, in their bed, of two aged maiden ladies named Kneeland, but escaped conviction from lack of conclusive evidence, and who has since then served a term in Clinton prison, N. Y., for burglary, is now fully recognized as the thief who has been for some time past stealing horses and cattle in Vermont. He was taken in Gardner, Mass. and upon a requisition from Gov. Hall of Vermont, taken to Burlington, where he will be tried.

ALBION, N. Y., Sept. 28.—Main street canal bridge, in this village, fell this afternoon, with an immense crowd of people, who were attending the County Fair. 18 dead bodies were taken out, and it supposed that many are still in the water. A great number were injured.

ARREST OF A FUGITIVE.—The Boston Police arrested John Shine, Wednesday night, who is an escaped convict from New Hampshire, where he was serving a sentence for stealing a horse and wagon, and a gold watch. Shine has been returned to New Hampshire.

☞ At St. Paul, on the 21st, after John P. Hale had made a speech, the Democrats would not rest until they had up the eccentric Tom Marshall, who coming from a slave State, was supposed to be all right. And so he pitched into the Compromise breakers, particularly including Douglas, with a vengeance. His Democratic backers then tried to stop him, but if to get him up was hard, to put him down was impossible.

AYER'S SARSAPARILLA.

A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will a complish their cure must be of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR THE DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By this timely expulsion of them many rankling disorders are nipped in the bud—Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores;—cleanse it when you find it to be obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health and live live healthier lives when the blood, Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing those ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it contain but little of the virtue of Sarsaparilla, or anything else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Acres bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is partly discredited, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have grounds for believing it has virtues which will irresistible be the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

DR. J. C. AYER & CO.,
LOWELL, MASS.

PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.

Ayer's Cherry Pectoral

Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills.

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price, 25 cents per box; five boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen and eminent persons, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agent below named furnishes gratis our American Almanac, in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on.—Demand AYER's, and take no other. The sick wan the best aid there is for them, and they should have it.

All our remedies are for sale by W. R. Preston, Portsmouth, and by all druggists and merchants in the civilized world. 6m—je14

Dr. C. P. Bronson's New Cures

—FOR—

Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from overpower, General Debility, or Nervous Prostration.

These new and successful preparations of Food for the Blood (based upon its analysis) in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and care of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.

THEIR RANGE OF CURE;

CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEBILITY, NERVOUS SYMPTOMS, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &c. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.

THEIR PARTICULAR SPHERE.

It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known.

Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c, the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, *one* will suffice.

There are three preparations, one for Consumption in Live various forms, one for Liver Complaints and their attendants; (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.

From numerous testimonials we select the following:

A VERY INTERESTING CASE.

Mr. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Horace Greeley and W. C. Bryant, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:

Mr. ELDER was actively engaged in the last Presidential campaign, and his intense labor, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued on to last spring, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 502 Hudson-street, New York.

Dr. Bronson can be consulted either by letter, addressed to Box 3298, P. O., or at the office of the General Agents from 9 to 12.

These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES

OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon A DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are A SUE PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In *most instances* the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * * Out of twenty-two *cases in the third or last stage*, treated at my Dispensary during the past year, EIGHT HAVE completely recovered, eight have died, and EX are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

BE SURE TO PURCHASE WINCHESTER'S GENUINE PREPARATION,

which is certified by Dr. James R. Chilton to be "PROPERLY MADE and *chemically pure*. My *fac simile* signature is upon every bottle.

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and world-wide reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Palliating Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" is a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using **"My Mother's Salve"** are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at intervals, according to their judgment, and many direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A. M. BECK BURRILL & BUNTING, SOLE PROPRIETORS,

No. 6 Tremont Street,

(Two doors south of Court st.,) BOSTON.

Will be found at all Apothecaries and Family Stores in the country. o15 1y

THE ONLY ARTICLE

UNRIVALLED IN THE MARKET,

WITH IMMENSE

HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the benefit of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll sts., Brooklyn.

LIVINGSTON, ALA., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 3, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact bald. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 403 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPERED BY DR. SANFORD,

COMPOUNDED ENTIRELY FROM GUMS, is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

BILIOUS ATTACKS are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

Only one dose taken before retiring, prevents NIGHTMARE.

One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

Only one dose taken at night, loosens the bowels gently and cures COSTIVENESS.

A few bottles will cure DROPSY by exciting the absorbents.

One dose taken after each meal will cure DYSPEPSIA.

We take pleasure in recommending this medicine as a preventive for FEVER AND AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

One dose taken after each meal will cure DYSPEPSIA.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 345 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. aug11 ly

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, who still suffer from a reluctance to make known their complaints, and consulting a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are described upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

AMERICAN & FOREIGN PATENTS.
R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington,
REMOVED TO SUITE OF 1-37,
70 STATE, OPPOSITE KILBY ST., BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting **One Dollar.** Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. This, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
BOSTON, February 8, 1858.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.
From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on twenty rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.
Boston, Jan. 1, 1859. R. H. EDDY.

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her
SOOTHING SYRUP,
For Children Teething.
Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS
We have put up and sold this article for over ten years, and *can say,* in confidence and truth, of it, what we have never been able to say of any other medicine, —NEVER HAS IT FAILED IN A SINGLE INSTANCE, to EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction used it. On the contrary, all are delighted with its operations, and speak in terms of the commendation of its magical effects and medical virtues. We speak, in this matter, *"what we do know,"* after years experience, and *pledge our reputation for the truth we declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.
This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success,* in THOUSANDS OF CASES.
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve
GRIPING IN THE BOWELS, AND WIND COLIC.
and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and surest REMEDY IN THE WORLD IN ALL CASES OF DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We have never lost a child to whom we have given it. To those of our friends and acquaintances, who may be doubting the truth of our statements, from *prejudices, or the prejudices of others,* we say, that no one more than the writer, has been a sufferer in his family, and he knows whereof he speaks when he says that no mother who has a child suffering from any of the foregoing complaints, between your suffering child and the relief that will be SURE — yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions accompany each bottle. None genuine without the fac-simile signature of CURTIS & PERKINS, New York, is on the outside wrapper. Sold by Druggists throughout the world. Principal Office, No. 13 Cedar st. New York.
Price only 25 cents per bottle.

SATURDAY, OCT. 1, 1859.

FOREFATHERS.

We copy from the present issue of the Almanac, for the year 1860, the following discription of the MONUMENT at Plymouth:

The design for the National Monument to the Forefathers, now erecting at Plymouth, consists of an octagon pedestal, on which stands a statue of Faith. From the four smaller faces of the pedestal project buttresses, upon which are seated figures emblematic of Morality, Education, Law, and Liberty. Below them, in panels, are alto-reliefs of 'The Departure from Delfthaven,' 'The Signing of the Social Compact in the Cabin of the May-Flower,' 'The Landing at Plymouth, and 'The First Treaty with the Indians.' Upon the four large faces of the main pedestal are large panels to contain records of the principal events in the history of the Pilgrims, with the names of those who came over in the May-Flower, and below are smaller panels for records connected with the society and the building of the monument.

A chamber within the pedestal, 26 feet in diameter, and well lighted, is to be a depository for all documents, &c., relating to the pilgrims and the society, including an accurate record of the receipts and expenditures for the monument, and the list of the names of subscribers of one dollar and over, arranged by states, counties, and towns, and alphabetically, so as to be easily referred to. In this chamber will be a stairway, leading to the platform, upon which stands the figure of Faith, from which may be seen all the places of interest connected with the history of the forefathers.

The whole monument will be about 150 feet high, and 80 feet at the base. The Statute of Faith rests her foot upon the Forefather's Rock; in her left hand she holds an open bible, with the right uplifted she points to heaven. Looking downward, as to those she is addressing, she seems to call them to trust in a higher power. The sitting figures are emblematic of the principles upon which the Pilgrims proposed to found their Commonwealth. The first of these is Morality. She holds the Decalogue in her left, and the Scroll of Revelation in her right hand,—her look is upward, towards the impersonation of the Spirit of Religion above. In a niche, on one side of her throne, is a Prophet, and in the other one of the Evangelists. The second of these figures is Law. On one side of his seat is Justice; on the other Mercy. The third is Education. In the niche on one side of her seat is Wisdom, ripe with years; on the other Youth, led by Experience.—The fourth figure is Freedom. On one side, Peace rests under his protection; on the other, Tyranny is overthrown by his prowess.

The statue of Faith will be 70 ft. high, and the sitting figures thirty-eight feet high,—thus making it in magnitude the greatest work of the kind in the world. The foundation alone, which is now laid, has consumed some fifteen hundred tons of granite, and it will require between eleven and twelve thousand tons more to complete the work.

Every person contributing five dollars to the Monument Fund becomes, by a special vote, a member of the Pilgrim Society, which now numbers about three thousand members, resident in every portion of the Union.

The corner stone of the Monument to the Forefathers was laid with imposing ceremonies on the 2d of August, 1859.

A few remarks upon the nature, extent and cost of the work will complete all that is necessary to be said in the present place. The Pilgrim Society, in determining to erect a monument to the Forefathers, intended to make a structure which should bear upon its face the avowed intention of its founders, and transmit to future generations not merely the fact that the Pilgrims landed on the Rock of Plymouth, and there commenced the founding of this nation—which might well be left to the records of history—but the regard in which their memory and sufferings were held by their descendants and heirs of the nineteenth century, who look back to them from an eminence of national prosperity, which shows a vast empire extending across a continent from ocean to ocean, and presenting to the imagination a future, to which the wealth and prosperity and power and resources of the present are as trivial as the possessions of that strong-souled band of adventurous emigrants compared with our own.

It was naturally concluded that the memorial of such a nation to its founders should bear some proportion to its means, and to the grandeur of the event which was to be commemorated. It was thought that the expenditure of a sum representing one cent for each inhabitant might not be regarded as an extent of national sacrifice—if that be the term—too enormous to be borne, nor the amount itself altogether too magnificent to be expended; and, in view of the fact that the monument is to stand for centuries, ten years (the term of one-fourth the existence of one generation) was not accounted too long a period to be occupied with the work.

It should be borne in mind, that, travel with what success we may, the career of the national glory and progress, the landing upon these shores of that hundred of self-exiled lovers of freedom will still be the starting-point of our history,—and that, grand as may be the events with which it is crowded, nothing will overshadow in pure, grand solemnity of thought and action, their determination to leave forever the scenes of civilized life, to settle in a savage wilderness,—and there to plant the seeds of a pure faith and of universal religious, social, and civil freedom. History will look in vain for a greater event to chronicle,—art will never again for us have the opportunity or the occasion to embody themes so simply grand, or peculiarly significant.

Nor will the generations which succeed us think greatly of our veneration for our forefathers, if sounding it as we do from the extreme boundaries of the Republic, in our speeches and our addresses, we stint with paltry pecuniary saving the stones which we raise to their memory,—and deny to their virtues, their sufferings, their labors, their wise forethought, the sum which we cheerfully give (and should cheerfully give) to rescue the dwelling and tomb of Washington from destruction,—or to build (as we should build) on spots made famous by the shock of battle, shafts which, meeting "the sun in his coming," proclaim that we owe our national glory in other directions to the sacrifices of those who have passed away.

Contributions to the Monument may be forwarded by mail to Rev. Willard R. Harding, General and Financial Agent, 289 Washington Street, Boston.

We do the reader a service by commending to his notice "THE ILLUSTRATED ALMANAC," issued annually in aid of the Monument Fund, commencing with the year 1860.

It should be understood that this publication is somewhat more than an ordinary Almanac. Its pages contain a great amount of Historical matter, mostly connected with the Pilgrims of the Mayflower,—a description of the principal Colossal monuments of the world, accompanied with elegantly engraved views,—the Almanac throughout is beautifully and most profusely illustrated with engravings. The price, twenty-five cents, is cheap when the character and quantity of the work in its pages are taken into consideration. It is sold at all the customary places, and should be found on every centre table throughout the land. The publishers send it by mail, post paid, on receipt of the price. Published by A. Williams & Co., Boston.

It is proposed to make the work a permanent annual contribution, to the History, Chronology and Social Customs of the early settlers of our country, and of those illustrious successors whose efforts in the cause of freedom and self-government have made the United States the home of liberty, and the refuge for the oppressed of every nation and of every creed.

The issue for the year 1861 will be filled with original matter relating to our national history, and illustrated and printed in the best possible style. Records and illustrations of the early discoveries and settlements, of pioneer life routes, and voyages,—of the Indian struggles,—of the War of Independence,—and other specialities of national interest and importance, carefully collected from the original documents and the best authorities, will make the Pilgrim Almanac a valuable volume for reference and preservation.

THE RISE ON FREIGHT SETTLED.—The hearing between the Concord, Manchester & Lawrence Road, and the Boston & Maine Road, which has been going on for several days at the American House in Boston, resulted in the favor of the Concord, Manchester & Lawrence Road, establishing the old rates paid over the Boston & Maine Road on most articles to the list of special rates. The rise claimed and so zealously fought for does not seem to stand an impartial examination, and has thus been rejected.

☞ Professor La Mountain, the missing aeronaut from Watertown, N. Y., has been traced but little farther. He was last seen in the town of Pitcairn, St. Lawrence Co., fifty miles due North East from Watertown, at a supposed altitude of five miles. He was going due East with great velocity. Mr. Morrison of Troy, his agent, proposes instituting a thorough search for him.

DESTRUCTIVE FIRE.—At nine o'clock on Tuesday evening, the large house, barn and out-buildings of Mr. Edward Gove of North Weare were burned. A visitor to the fair went into the barn for the purpose of feeding his horse, and accidentally set fire to it from a lantern. The house furniture was all saved. The barn was filled with hay and gray. The loss is estimated at $2200, a little more than half insured. The fire broke up the agricultural meeting which was in session.

☞ The Hereditary Prince of Servia has declined a donation of 200,000 thalers a year, voted him by the Senate, on the ground that the country is to poor to pay it.

Every word, says Bulwer, has its sequel, and the sequel of epicure is beggar.

☞ The New Bedford Standard makes a sad exposition of the clergyman who was detected in Boston stealing books. His name was formerly Daniel L. McGear, but he had it changed to Gear; was pastor of a Baptist church in Rochester, New York, and was deposed from the ministry and excommunicated from the church in December, 1855, for the crimes of fornication and lying. He went to Maine, joined the Methodist church on probation—removed from one place to another—and with a *forged* certificate got into full communion, and finally got an appointment over a church in Lynn. Subsequently the facts of the Rochester troubles became known, and a great excitement was the consequence in Lynn. A portion of the church took the part of the minister, and the result was a portion of the members seceded and raised an independent church, and Gear was in full feather under the patronage and defence of Rev. Parsons Cooke, the Congregational clergyman of the place. Gear continued preaching to his new society until within a very short time, when this last act came out;—then the people of Lynn sent a deputation to Boston to find out the truth of the rumors, and they returned and met a crowd at the depot anxiously awaiting the report. It is supposed that Gear will have a call to go somewhere else.

THE TROUBLES IN HAYTI. — Letters received from Port au Prince, Sept. 10, confirm the news of the assassination of Cora, the daughter of President Geffrard. She was shot through the head by the conspirators, from the garden of the palace.—She was the victim of a party formed to overthrow the President. This failed, and the result is as above stated. She was 19 years old, and had been married but two months. The Haytien papers are filled with particulars of the affair, which has produced great excitement. The guilty parties have been arrested in great numbers, and will be brought to condign punishment. The conspirators, who are composed of adherents of the late Emperor Soulouque and dissatified republicans, expected by this crime to entrap the President into an ambuscade and take his life, as he was at another part of the city at the time, and would naturally rush to the scene of the murder. His friends, however, would not permit him to leave, and the plot was frustrated.

TOBACCO.

Ladies, did you know that tobacco in your families, may poison you, your children, and your posterity? Men of sense say but little about it as a *nuisance*. They go deeper; they treat it as a rank poison, which penetrates flesh and blood and bone, becoming part and parcel of the Man, making him a living receptable of the virus, a poisoned body, which whether asleep or awake, at home or abroad, by insensible perspiration, poisons the common air and all about it! The tobacco effluvia of your son is sufficient to make a stage-load of women and children sick, who are not accustomed to it. The tobacco your husband uses each day, made into a tea, and given to a score of children, would poison the whole, and probably lay many of them dead.

Ladies, I am not attempting to show that the users of tobacco injure themselves; this would be superfluous; but do they injure others? Do they injure you and your children? I think they do. Fathers beget children in their own likeness. They transmit their color, features, temperaments, and diseases, and sometimes their appetites.—And the idea that the offspring of parents debauched on rum, or debauched on tobacco, can avoid the disabilities of birth, or avoid an eternal law of God, would be ridiculous were it not pitiable. Physicians of acumen and sense have sometimes pointed me to family after family of pitiable dwarfs and half-idiots, saying, in substance, "These are specimens of the inherited effects of tobacco! The parents were sots on the poison; like begets like, and here you have it!" Physicians and others have now and then named the case of an infant here and there, which actually inherited a taste for tobacco, and their wailings, when a few days old, were appeased by beastly parents actually applying tobacco to their tongues! A noble woman remarks, "if getting married does not reform the tobacco toper, one of its blessed effects ought to do so, for no man ought to poison his babe!"

Mothers, you who have lost young children; they grew sick and died strangely, and no cause was assigned which robbed you of these objects of endearment. But did it ever occur to you, that, as soon as born, your babes were enveloped in tobacco smoke, and their tender lungs played in a poisoned atmosphere the instant they began to play at all? Did it ever occur to you that your child, by sleeping with its father, slept with a *huge body of poison*, perspiring at a million pores, and lodging its exhalations on the babe? I believe that many fathers, of tearful eyes and noble hearts, have killed their own children without knowing it! Painful thought!

Mothers! are you willing that husbands and sons "should smoke to their heart's content, if they do nothing worse?"—*Anti-Tobacco Tracts.*

HAIL COLUMBIA.—A Londoner having asked a brother cockney the other day, how he liked 'Ail Columbia, he said he wouldn't give a glass of 'alf-and-alf for a 'ogshead of it.

Ten mills make one cent.—*Federal Currency Table.*

We know of several mills that haven't done anything of the sort these ten years.—*Hartford Times.*

Get what you get honestly, peaceably and prayerfully; then you will enjoy it gratefully.

For the Chronicle.

STREETS.—Our Street Commissioner a few days since, made a visit to School street, and though he left it, apparently, in a better condition than he found it, yet unfortunately for the residents in that locality, the materials used, were not of the best quality.

We would take the liberty to inform our Street Commissioner, that one or two heavy rains are going to propel a large portion of that dirt into the *middle* of the street, but the stones will remain where they are now placed—excellent things to "stub" one's toes against, but totally unfit for any other purpose, not excepting that of grading sidewalks.

School street at the present time presents an extensive field for the student of Geology, and it is our opinion that on some of "these dark nights" persons traveling in that thoroughfare, will have the pleasure of being introduced—suddenly and involuntarily, perhaps—to that interesting department of science. The dirt can be endured, but oh! Mr. Street Commissioner, pity the corns, and don't carry any more stones up in School st.

CITY COUNCIL.—In Board of Aldermen, Sept. 29th.—The subject of posts being set in Court Place was referred to Committee on Streets, to report at next meeting.

M. H. & A. T. Goodrich applied to relay side-walk on Hanover St. in front of their building. Granted.

Sundry bills were approved. Adjourned.

☞ Rev. M. M. Ransom, of Western New York, will preach at the Freewill Baptist Church, Pearl street, to-morrow, and give a lecture in the evening at 7 o'clock.

☞ There are to be no services at the Temple to-morrow. It is expected that the Rev. T. Cole will preach at that place on the 9th inst., and Rev. Moses Howe on the following Sabbath, and for several Sabbaths thereafter.

The Sunday School connected with the society will hold its session to-morrow as usual.

THE ELDER HIMES' IMPRISONMENT is strongly and unequivocally condemned by the Independent Democrat, the leading Republican paper of this State, edited by two able lawyers. It says, after giving in brief the statements of the Ballot and Journal, respectively, pro and con, that "after a hearing before Judge Fowler, Elder Himes was discharged as being imprisoned *without law*."

"The above is an accurate statement of the facts, as we gather them from the Journal and Ballot both. How far they are creditable to Currier and his "swift Justice," the public will judge. For ourselves, we have a very decided opinion that not only ought not a Republican press to defend them, but that both ought to be deprived of the "little brief authority" which enables them to do such acts under cover of law—as speedily as the requisite processes can reach them."

☞ Our information respecting the finding of Miss Odiorne's body in a well, was incorrect. A thorough search is being made, but as yet nothing definite is known.

☞ At the North Hillsboro' Fair, held at Weare, on Wednesday, says the Manchester American, the attendance was about 2000, three-fourths of whom were from Weare, Deering and Hopkinton.—There were some novel features to the exhibition. The location was in a valley, away from all dwellings, with a race track surrounding a circular meadow. The high land on each side afforded a fine opportunity to see the trotting. There was an entire absence of shows, wax figures, and liquor selling tents. The farming people had a good social time, and there was an entire freedom from the revels and inebriation of the old Cork musters. There was a good exhibition of cattle.

RIOT AMONG THE COAL MINERS.—Several of the Pennsylvania coal miners have been arrested and taken to Pittsburg for riotous conduct. Thirty-five men having gone to work, against the views of the strikers, the latter, to the number of 200, proceeded to the pit, and assailing the men as they came out from work, a terrible scene followed. The parties attacked defended themselves with vigor, and being joined by others from the adjoining works, they in the end put their assailants to flight, not, however, till one of the number was almost murdered, and several others dangerously injured.

☞ By steamer Asia, Liverpool dates to Sept. 18 are received.

It is officially announced that the Great Eastern would leave Portland, Weymouth, on her trial trip, on the 8th of October, instead of the 17th of September, and finally sail from Holyhead for Portland, Me., on the 20th of October, instead of the 29th of September.

Brunel, the great engineer, was only 54 years old. His last great work was the Great Eastern. On the 5th he was carried from the Great Eastern to his residence in a dangerous condition, having been seized with paralysis, induced it is believed by over anxiety. He died on the 15th.

The latest news from Italy leaves little doubt of the determination of the Italians to rely on themselves. Garibaldi was preparing for a general concentration of troops on any given point.

General Fanti, Commander-in-Chief of the troops of the Italian League, had fixed his headquarters at Bologna. The soldiers disbanded by Victor Emmanuel were flocking around him.

Letters from Rome say that the health of the Pope was almost entirely restored.

The Austrian party is represented as triumphant in Naples, and no reforms are to be expected. A new anti-reform ministry was spoken of.

☞ The United States Convention of Universalists, met at Rochester, N. Y., Sept. 12,—and in the evening, notwithstanding the unpleasant weather, both the Universalist Church and Corinthian Hall were crowded. At the former a Conference was held, in which S. Cobb, Dr. Whittemore, of Mass., M. Goodrich of R. I. and several laymen, took part.

At the hall, an audience of 2500 persons (while hundreds were not so fortunate) engaged in the services, and listened to a masterly sermon from John xii. 24.

On the 22d, at the Universalist Church, the Committee on Education presented an encouraging statement of the colleges and academies of the denomination. There are under the auspices of the body three colleges—Tufts, at Medford, St. Lawrence, N. Y.; and Lombard, at Galesburg, Ill.: and academies at Westbrook, Me., Clinton, N.Y. and Woodstock and Glover, Vt. They have about 850 students at present, and property amounting to about half a million of dollars.

The Divinity School in connection with the St. Lawrence University at Canton, under Prof. E. Fisher, though but one year old, has 17 students, and a valuable theological library of about 4000 volumes, with the promise of addition to the value of ten thousand dollars by one friend.

The Convention decided to hold the session of 1860 in Boston.

Rev. Dr. Williamson preached in the Baptist Church at 10 o'clock.

At the afternoon the Lord's Supper was administered in the Baptist and Universalist Churches, to very large congregations.

In the evening there was a Sermon at the Universalist Church, and a conference at the Baptist Church.

A very large number of visitors from all parts of the country have been in attendance on the Convention, and the meetings and services have been highly interesting.

So says the report in the Traveller. from which we condense this item.

FAILURES IN THE SHOE TRADE.—A Bridgewater correspondent of the Boston Journal says there have been during the past week three failures in the shoe business in that town. Mr. James S. Allen's liabilities are $14,000; Samuel Bates' liabilities $7500. Josiah Vinton left for parts unknown—liabilities $10,000. Business of all kinds is dull throughout the town.

☞ Mr. Southerland, while engaged in blasting rocks at Newburyport had his right arm blown off. He is 60 years old, and was drilling into a charge from which the fuse had burned, without an explosion. It threw out a large quantity of stone, and one piece just grazed the head of another man.

DR. SWETT'S

CORDIAL OF DANDELION,

SPIKENARD & BONESET,

A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.

Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.

[From Mrs. Ira Burnham, Exeter, N. H.]

I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.

Exeter, June 1, 1859.

This testimony of my wife is correct.

IRA BURNHAM.

[From Mrs. Ebenezer Blazo.]

GREENLAND, Nov. 20, 1858.

DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,

SALLY BLAZO.

ENFIELD, Sept. 8, 1859.

Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been

THOROUGHLY TESTED

by experienced Plowmen, who pronounce them

The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

PORTSMOUTH DIRECTORY FOR 1860.—We are purposing, should the subscription warrant, to issue a new City Directory at the commencement of the coming year, after the organization of City Government for 1860. Any memoranda of changes made since the issue of the last Directory, will receive attention, and aid us in canvassing the city.

In the Police Court, this week, Harriet Goodwin, for keeping a disorderly house, has been sentenced to fine and imprisonment in the county jail.

We are glad this matter is receiving the attention of the Police, and hope that they will progress until the twelve houses of ill-fame said to exist in Portsmouth at the present time, are broken up, before an indignant public break them down. We should rather see them suppressed by the city authorities, than an outraged community rising in a self-constituted committee of vigilance, and demolishing such places as these pests of society inhabit. The destruction of property, wrong as it may be, would be of less injury by far than the moral injury they do the community. We disapprove of mobs of any kind: our Police should take seasonable means to prevent them.

VALUABLE SPRING.—The spring on the track of the Concord Railroad, on the south side and near the bridge just above the Plains, is said to be ten or twelve feet higher than the fountain head of the Portsmouth Aqueduct. It has been continually flowing for the twelve years since the railroad was graded, and has never been iced over in the coldest weather. Its present flow is more than a barrel a minute, or about 50,000 gallons per day, enough to give ten gallons to every inhabitant of the city. The advantage of ten feet higher elevation than the present Aqueduct gives, would be a matter of great interest to our city.

WILLIAM FOGG, Esq. died in Eliot, Maine, on the 18th Sept. aged 69 years. He had been intimately connected with public affairs in the county of York for the last half century. His fondness for local historical investigations was remarkable; and he left in manuscript at his death a complete History of the ancient town of Kittery, including his native town of Eliot after its act of incorporation. The farm on which he was born, passed his life, and died, has been in the possession of the family since 1680—a period of 180 years—the deceased completing the fourth generation from the original owner. It now passes into the hands of his son, Dr. Fogg of Boston, the 5th generation, with a particular charge from the deceased not to part with any portion of it unless from extreme necessity.—His loss will be severely felt by the town and community in which he lived, for he was an upright man, a wise and prudent counsellor, and in all his daily walk and conversation a consistent christian.

From the N. H. Gazette.

FOR THE FALL AND WINTER TRADE.—Our enterprising young friends, Messrs. Allen & Paine, announce in our columns to-day, the arrival of their stock of new Fall and Winter goods, and next week will give full particulars. Among their new stock, is over $7000 worth of beautiful woolen fabrics for Cloaks, Capes and Raglans, in the manufacture of which they employ constantly the nimble fingers of more than fifty girls, assisted by half a dozen sewing machines. These articles are made up in the most tasty manner, and in the latest styles, and find a market in all parts of New England, not a few of them adorning the shoulders of our own fair daughters. Their assortment of Dress Goods, Trimmings and Shawls never was better, or more extensive.

STATE FAIR.—The State Fair will be held at Dover, on Wednesday, Thursday and Friday next. The Exhibition will be held on the Ricker Field, corner of High and Silver streets, which is very convenient of access, and is on an eminence which overlooks the whole city, and is well provided with water.

We have not as yet, heard of any special arrangements, whereby the people of this section of the State can attend the fair by any direct and easy means of communication.

FIRES IN NEWBURYPORT.—The roof of the boiler house of Bartlett Mills No. 2, at Newburyport, was partially burnt on Wednesday morning.—The house of Mr. Solomon Parks, on Purchase street, was totally destroyed by fire on Wednesday. Loss about $1000. The children were carried out of the burning house in blankets.

EXCITING BALLOON ASCENSION.—*Rome, N. Y., Sept.* 29.—Prof. Coe, accompanied by Mr. Cottmann of Rome, made a balloon ascension here today from the Fair Grounds. At the height of two miles the balloon burst, turning up in the netting, thus forming a parachute. The voyagers, after a perilous and exciting ascent, landed safely in a swamp, three miles from their starting point.

AERONAUTS MISSING.—*Watertown, N. Y. Sept.* 27.—No tidings of the fate of Messrs. La-Mountain and Haddock, now absent over five days, has come to hand here. When they were last seen they had traveled only about 30 miles, and were at altitude of about 3 miles, bearing nearly east, and over the New York Wilderness. Search is being made there.

☞ A few nights since, Dr. Jonathan Dearborn, of Seabrook, N. H., made a misstep and fell down the cellar stairway in his residence, striking violently upon his head. He was taken up senseless, in which condition he remained for a long time, but at last accounts he was slowly recovering.

Dissolution of Copartnership.

THE Partnership under the firm name AUERBACH & Co. has been this day dissolved by mutual consent E. GREEN is to pay all claims against Auerbach & Co. and also against Green & Co., and is rightful owner to the debts due to both of the above mentioned firms.

E. GREEN,

Who will now carry on the

Clothing Business,

alone, has gone to New York after New Goods for the New Store, to be finished by the 15th of October. Till then he remains at

32 Penhallow Street.

While absent from home a young favorite of Portsmouth will attend for him. Give him a rush in the present and certainly in the new Store—he deserves it for various reasons. He is honest and attentive, and dare not visit his fatherland, as I do now, being an exile of the Czar of Russia. I bid you one and all farewell.

AYER'S SARSAPARILLA.

A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will a complish their cure must be of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUMM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASES, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taking in the spring, to expel the foul humors which fester in the blood at this season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud.—Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores;—cleanse it when you find it is obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health and live live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life diseased, there can be no lasting exalth. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been gregrious to be deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it contain but little of the virtue of Sarsaparilla, or anything else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Aence bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justlyd espised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to apply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have grounds for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.

Ayer's Cherry Pectoral

Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills.

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaints, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price, 25 cents per box; five boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agent below named furnishes gratis our Ameritan Almanac, in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on.—Demand AYER'S, and take no other. The sick want the best aid there is for them, and they should have it.

All our remedies are for sale by W. R. Preston, Portsmouth, and by all druggists and merchants in the civilized word. 6m—je14

Dr. C. P. Bronson's New Cures

—FOR—

Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from over-use, General Debility, or Nervous Prostration.

These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, where we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood.) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.

THEIR RANGE OF CURE:

CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, LIVER COMPLAINTS, DYSPEPSIA, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &c. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.

THEIR PARTICULAR SPHERE.

It is not claimed that they will cure all diseases; but in those spoken of above, they are unrivaled, (as they are the most efficacious of any now known.

Be particular, in ordering, to mention which of the three Preparations are wanted, if for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c, the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, one will suffice.

There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants; to which particular attention is called; and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.

From numerous testimonials we select the following:

A VERY INTERESTING CASE.

Mr. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Hunt and Brown, W. C. Bryant, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:

Mr. ELDER was actively engaged in the last Presidential campaign, and his fortune's labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month at this time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 302 Hudson-street, New York.

Dr. Bronson can be consulted either by letter, addressed to Box 3288, P. O., or at the office of the General Agents from 9 to 12.

These Preparations can be obtained through any respectable Druggist in the United States or Canada. Price $1 per Bottle, with full directions. All orders must be addressed to

CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Celebrated Compound of the

HYPOPHOSPHITES

OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SUE PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In *most instances* the benefit derived from it has FAR EXCEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * * Out of twenty-two cases in *the third or last stage*, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

BE SURE TO PURCHASE WINCHESTER'S GENUINE PREPARATION,

which is certified by Dr. James R. Chilton to be "CORRECTLY MADE and *chemically pure*. My *fac simile* signature is upon every bottle.

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for ITS GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing Properties of a Specific kind, the virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES and all other diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" in a BURN or SCALD, takes out the fire, stops the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends, is a test of its worth.

Directions for using **"My Mother's Salve"** are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A.M. Beck BURRILL & HUNTING, SOLE PROPRIETORS,

No. 6 Tremont Street,

(Two doors south of Court st.,) BOSTON.

Will be found at all Apothecaries and Family Stores in the country. o15 1y

THE ONLY ARTICLE

UNRIVALLED IN THE MARKET,

WITH IMMENSE

HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & Co.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being oocular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir! Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a wound on my head I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds about twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of mercury after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER and AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

LOTTERIES.

THE LOTTERIES OF

WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of

WOOD, EDDY & CO.,

are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington, Delaware, and also at Augusta, Ga. All orders received being filled in the drawing next to take place after same comes to hand.

Whole tickets are $10; halves, $5; and quarters, $2.50.

No ticket sent unless the money accompanies the order. Prizes vary from $20 to $50,000.

Every prize is drawn, and the result of drawing forwarded to all purchasers.

☞ A circular showing the plan of receiving it. All communications strictly confidential.

Write your address plainly, and direct to

WOOD, EDDY & CO.,
Wilmington, Delaware.

Or to WOOD, EDDY & CO.,
Augusta, Georgia.

☞ All letters to our address will be promptly acknowledged—and prizes cashed without delay.

NOTICE TO CORRESPONDENTS.

Those who prefer not sending money by mail, can use the "ADAMS EXPRESS COMPANY," whereby money for tickets, in sums of ten dollars, and upwards, can be sent us

AT OUR RISK AND EXPENSE,

from any office where they have an office. The money and order must be enclosed in a "GOVERNMENT POST OFFICE STAMPED ENVELOPE," or the Express Company cannot receive them.

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES.

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, who still suffer from the ignorance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrical have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with base and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

AMERICAN & FOREIGN PATENTS.
R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington, under the act of 1837.
76 STATE, OPPOSITE KILBY ST., BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more desirous of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
BOSTON, February 8, 1858.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.
From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS. EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.
Boston, Jan. 1, 1859. R. H. EDDY.

MONDAY, OCT. 3, 1859.

FACTS vs. FALSEHOOD.

Not long ago we published an extract from an article by Gerrit Smith, in which he spoke of the cause of temperance as *dead*, and undertook to say how it was killed, and how *only* it could ever again be brought to life. The Concord Patriot of Sept. 28 also publishes the extract from Gerrit Smith, appending certain comments, applying to our own State, among which are the following:—

The men who were loudest in denouncing rum-selling and rum-drinking, have been most instrumental in promoting these vices; they have made them useful to themselves and their party. The black republican party has lived only by the permission of rum-sellers and rum-drinkers; without the active aid of these classes, that party would long since have been routed and destroyed. It can triumph hereafter only by the same aid.

Uncle Toby thinks the keepers of the 20 grog shops in Portsmouth will be somewhat amused with the idea that they and their customers uphold the *black republican party*, and that without their *active aid* it would tumble down. Yet the Patriot asserts this of the whole State of New Hampshire—and if it were true anywhere, it must be here, as will appear from these considerations.

Portsmouth contains about 10,000 people, or 1-26th part of the population of the State.

It is a nearly balanced town, as to political parties, and has been so for many years, 100 being about the majority in a vote of 1700.

It is the largest rum-selling hole in the State except one.

The rum influence, then, would be as likely to be called into requisition to turn the scale, here, as anywhere. And if there be any such dependence of the republican party on rum influence, or such unanimity of sellers and drinkers in support of it—*here* would be *the spot*, or at least *one* spot, for its operation.

Now, how are the *facts?* Of the 57 places where strong drinks are sold, or supposed to be sold, in this city, not more than six or seven are kept by men called republicans; none of these six or seven are known as leading politicians; and no one of them has ever been loud in denouncing the drinking or selling.

Of 20 grog shops or stores (included in the above 57) where mixed liquors are sold, not more than one or two (if any) are kept by men called republicans.

Of the 20 grocery and provision stores and shops here, which keep no spirits, at least three-fourths are kept by republicans, but no one of them by a conspicuous politician of either party.

At the town meetings here in 1856, when the democratic party took the power in the city government, partly on the liquor question, some keepers of liquor places changed their votes to the democratic side, and have since kept on voting and selling in the same way.

Among the *men* who were *loudest* in denouncing rum-selling and rum-drinking here, were three noted men of the democratic party; one of whom is living to-day, a pure teetotaler, and has never been guilty of promoting these vices," unless he has done so by voting the democratic ticket.—Another of them lived so and voted so till he died. A third became a seller and drinker to excess, but always remained the same as to voting. A number of the reformed men, and several who became reformers of others, have also found themselves of late years in the republican party.

No *one* of the active temperance men whose names are identified with the cause here for the last five or ten years, and who is now called a republican—has been accused, or can be accused *here*, of "promoting these vices," unless by the vague charges of undue zeal or apathy.

And *lastly*, the temperance cause is not dead.

☞ A young lady, aged about 16, of considerable intelligence, is now residing with the Sheriff of Ottawa county, Ohio, preparatory to her removal to the Lunatic Asylum. She became insane from viewing the Aurora Borealis a short time ago, which she was induced to believe betokened the approaching end of the world.

It would seem that a spectacle so sublime and beautiful should produce no bad effect on a mind in harmony with Creation and the Creator.

☞ Contrary to the statement forwarded by telegraph, the latest California correspondence states that the Republicans and anti-Lecomptonites have fused on Messrs. Joseph McKibben and E. D. Baker for Congress, and John O'Meara for State Printer. Accounts agree that Broderick opposed the fusion.

There are few who know how to be idle and innocent, and the very first step out of business is usually into vice and folly.

UTAH.—Letters from Great Salt Lake City, to the 1st inst., have been received. They are mostly occupied with details of the murders heretofore noticed in despatches by telegraph, and interferences with the administration of justice in the United States Court for the third district, which includes that city. Mr. Wilson, United States District Attorney, was absent on a journey to Washington, to meet charges preferred against him. He has deputized Hosea Stout, a Mormon, to act for him in his absence. Before the Court adjourned, Mr. Wilson entered a *nolle prosequi* on the indictment for treason returned against Brigham Young and others last year on account of the Mormon rebellion. P. K. Dotson, United States Marshal for the Territory, has tendered his resignation to the President, chiefly upon the ground that the policy of the Federal Government, through its forbearance towards the Mormons, has been fatal to federal supremacy in the Territory. In two cases against Mormons, the principal witnesses were killed, and in another the witness was carried off.

The details are interesting, but we have not room for them. The "*great principle of popular sovereignty*," as applied in Utah, bears such fruit as we see above. And now, if when a Territory asks to come into the Union, with a constitution Republican in *form*, but covering tyranny and crime, we *must* admit it as a State; it would follow that the Mormon Church would also presently be a State! Is any one so in love with the mere claptrap *name* of popular sovereignty, as to swallow all this? We suppose not: and yet the doctrine, *if it means anything*, can hardly stop short of this line.

☞ The Merimac County Fair, (first exhibition,) was held at Concord, beginning Sept. 28. The Atlas says:—

This Fair was perhaps designed, not directly as a rival of the State Fair, but was got up to accommodate farmers in this vicinity, who would not be likely to go the State Fair at Dover, on account of the distance. The first day was, as usual, the day of preparation. Nothing was done worthy of note, excepting the making of entries and other preparations, and a sort of impromptu trot.

A purse of $50 had been offered for the best time. Nothing had been entered but young Ethan, by J. S. Durgin of Concord, and a gray gelding entered by J. S. Appleton. Just before the trot was to commence, a man came through the gate with a "gamey" looking horse, wrapped in a blanket, while a man follwed behind with a pail and sponge. He came in front of the Judges' stand and desired to enter his horse, which he did as the "Flying Arrow," entered by F. A. Weir, of Walpole. On driving he took the middle track, and they started. The first round Ethan held his own with the stranger, but after that the Flying Arrow left both behind, and on the second round came in about four lengths ahead. The other two horses were then withdrawn, and he went round alone, and of course took the purse. It created quite a flurry among the horse men, and the Flying Arrow was the principal thing talked about among them. He is on his to the State Fair at Dover, where he will probably be heard from.

THE DIAMOND WEAVER.—A very sensible, uncommonly matter-of-fact gentleman in New York, unites to all the strong-minded qualities of his sex, the most feminine fondness for brilliants. He wears about $6000 worth stuck about him in every conceivable shape. Shirt studs, sleeve buttons, breast pin and numerous finger rings, are all single stones of the first water; and the same charming jewels gleam in the open links of his watch chain, and are thickly studded in the back of his time keeper. It is an odd fancy for a man who is exceedingly plain and rather negligent in his other attire.

BAD LUCK.—The heavy rain of last week played a smart trick not only with the owners of prancing horses, plump oxen, comely cows, &c., but the victualling men and women fared badly. One lady in Weare baked 165 pies and another 133 on Wednesday. They would'nt keep over the warm weather of Sunday, and on Saturday there was a liberality displayed which would have done great credit to old Halestown on any other occasion. Such a distribution among the children at the Five Points would have caused great rejoicing, but in Weare good mince pies are no rarity.—*Manchester Amer.*

☞ Some people are very fond of indulging in *after death* reflections. The Bath Times thinks it would be quite as well for them, and far better for their neighbors, if they would reflect more *before* death;—enough at any rate, to keep them in remembrance of life's common duties and obligations.

☞ The Jewish new year was celebrated in New York on Thursday with great display. There were celebrations in the synagogues. One part of the ceremonies consisted in blowing rams' horns, a musical instrument not much used in this age. One of the priests informed his hearers that this music would remind them of the creation of the world.

One cannot forfeit his claims to the character of a gentleman more effectually than by descending to jests upon a personal deformity.

The man who planted himself on his good intentions has not yet sprouted.

Love without money has been compared to a pair of shiny leather boots without soles.

Patent Indelible Pencil,

FOR MARKING CLOTHING.

Patented May 31, 1859.

This article has the following claims to public attention: It can be used with greater ease in writing upon all kinds of cloth; will not dry up like ink; will sharpen well without breaking, in being used as a Pencil; one box of pencils will mark THREE THOUSAND articles.

Many persons have found it difficult to procure an article that will be permanent—they will find this all they can desire. It does not cost one-third as much as Ink.

The marking inks so commonly used for marking linen and other fabrics are inconvenient and troublesome, each bottle being accompanied by a number of 'directions,' which considerably bother the brains of House keepers. This pencil will prevent this, as all the preparation necessary is the dampening of the fabric which is to be marked, and it will leave an indelible mark thereupon.—[Scientific American, June 11, 1859.

The Wheeler & Wilson Manufac'g Co.

Invites the attention of Housekeepers, Seamstresses, Dressmakers, Tailors, Manufacturers of Shirts, Skirts, Cloaks, Mantillas, Clothing, Hats, Caps, Corsets, Ladies' Gaiters, Linen Goods, Umbrellas, Parasols and Silk Goods, to the perfect adaptation and unrivalled excellence of these SEWING MACHINES for their uses.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, and suited to the workshop—applicable alike to the use of the family and the manufacturer.

Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses.—Substituting as they do, healthful exercises and rational employment for the soul-and-body destroying drudgery of hand-sewing, they are hailed as WOMAN'S FRIEND.

Among their undoubted advantages are:

1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which, hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public; and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

Several varieties are manufactured, adapted to various purposes. So far as public opinion has been formed and uttered, the preference is emphatically accorded to the Wheeler & Wilson machine for family use, and for manufactures in the same range of purpose and material.

During the present autumn the trials have been numerous, and all the patents of any pretension have been brought fairly into competition. In every case, the Wheeler & Wilson machine has won the highest premium.

We may instance the State Fairs of New York, New Jersey, Pennsylvania, Kentucky, Illinois, Wisconsin, Virginia, Michigan, Indiana, Mississippi, Missouri and California, and the Fairs in Cincinnati, Chicago, St. Louis, Baltimore, Richmond, and San Francisco.

At the Fair of the St. Louis Mechanical Association, the Examining Committee was composed of twenty-five Ladies of the highest social standing, who, without a dissenting voice, awarded for the Wheeler & Wilson machine, the highest and only premium, a Silver Pitcher, valued at $75. If these facts do not establish a reputation, we know not what can.

We prefer the Wheeler & Wilson Sewing Machine for family use."—[N. Y. Tribune.

"Wheeler & Wilson's Sewing Machines are the favorites for families."—[N. Y. Times.

"The Wheeler & Wilson Machine has secured and justly maintains the pre-eminence for sewing every kind of material."—[N. Y. Express.

"There is not an invention of this inventive age that honors American genius more than the Sewing Machine. No family ought to be without its benefits."—[Independent.

"A Sewing Machine is among the most useful and economical articles a housekeeper can purchase. In looking out for the best, see the machines of Wheeler & Wilson."—[Examiner.

"Wheeler & Wilson is the machine par excellence for family use, and we recommend it most emphatically."—[Advocate and Journal.

"Wheeler & Wilson's Sewing Machines combine everything that can be required in the manufacture of garments. Our friends abroad may be assured that to purchase one of them is a safe investment."—[Observer.

"Wheeler & Wilson is beyond all question THE machine for family use."—[Life Illustrated.

"There is but ONE Sewing Machine, and that is Wheeler & Wilson's."—[Judge Meigs, of the American Institute.

BENJAMIN CHEEVER,

TO DYSPEPTICS

And all who suffer the tortures which this disease inflicts in one form or another of its many phases, cure yourselves permanently and speedily by using the OXYGENATED BITTERS.

The "Weekly Novellette" of Sept. 18, says:

Dyspepsia is one of the prevailing diseases of our country. This is owing both to climate and the almost universal habit of eating our meals too rapidly to admit of proper digestion. But in spite of these adverse circumstances, this disease, even when it has become chronic, disappears rapidly by the use of the Oxygenated Bitters, which have been found to prove an infallible remedy.

From the publisher of a widely circulated Magazine.

BOSTON, July 1, 1858.

MESSRS. S. W. FOWLE & CO.,—I have taken bottles of the Oxygenated Bitters, and have derived great benefit from their use. I have been much troubled with Dyspepsia for several years and found nothing that afforded me any relief until I used the Bitters. I most cheerfully recommend them to all who are afflicted with the troublesome and *stubborn* complaint.

JAMES ROBINSON, of the "Student and Schoolmate."

From Gen. A. C. Dodge, our Minister to Spain.

WASHINGTON, D. C., May 18.

DR. GEO. B. GREEN,—*Dear Sir:*—The *Oxygenated Bitters* with which you were to furnish me have had a most salutary effect in my case. I was troubled with Dyspepsia for four years, during which time I tried many remedies, but never met with any so good as your Bitters. I am now in the enjoyment of good health, and I hope, and believe, that all who use the Oxygenated Bitters will find them as serviceable as I found them.

With high respect, your obt. servant,

A. C. DODGE.

Prepared by S. W. FOWLE & CO., Boston, and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, J. H. Hutchins, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spnot 4wd&w

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have actually been compelled, by the force of facts, to recommend the use of DR. HOSTETTER'S STOMACH BITTERS, for those diseases which are particularly prevalent during the summer and fall—They have ascertained that there are no remedies in the pharmacopia which can compare with the wonderful compound for derangements of the system. Thousands of families residing along the low grounds of the Western and Southern rivers, are now convinced that they have found a medicine peculiarly adapted for their ailments, while in other portions of the country, during the summer months, the demand for the article is equally large.

Sold by druggists and dealers generally, everywhere.

Wm. B. Oliver, Esq., P. M., of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to lay a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 20th of April, 1858, she commenced the Resolvent; on the 20th of May, twenty-one days after she commenced its use,

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.

R. R. Remedies are sold by Druggists generally.

Jaundice.

This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflamation—will allay all pain, and it is sure to regulate the bowels. PEOPLE'S LYCEUM FOR 1859-'60.

Tickets for the course of Ten Evenings, $1.
Evening Tickets, 25 cents.

The subscribers are prepared to furnish a series of first class Lyceum entertainments the present season, for the citizens of Portsmouth and vicinity, if they desire and will support it.

To ascertain this, a subscription paper will be circulated throughout the city at once, for the disposal of season tickets at $1 each.

The following speakers have already been provisionally engaged, and others equally acceptable have been applied to.

Rev. T. Starr King, Tuesday, Oct. 11. Lecture on 'Personal Power and its Voices.'

Gilmore's Serenade Band will furnish the music on this occasion.

Rev. J. C. Fletcher, Tuesday, Oct. 18. Lecture on the "Land of Tell," illustrated with appropriate music.

Hon. Hampden Cutts, Tuesday, Oct. 25, Readings from Shakespeare and others.

Dr. Windship will also lecture and illustrate "Physical Education."

Rev. J. G. Adams will lecture.

Albert Laighton will read a new Poem.

And there will be four other lectures or concerts, (ten in all) of an equally high order with those named.

Distinguished lecturers who may visit Boston or other cities during the winter, will be engaged to occupy evenings not otherwise filled; and no effort will be spared to provide the best entertainments circumstances will admit of.

Good Music will be supplied every evening—the character and expense of which must necessarily depend in some measure on the patronage extended.

Joseph M. Edmonds,
Frank W. Miller.

☞ Among our new advertisements this morning, is a notice to owners of Concord & Portsmouth Railroad stock to "call at the Captain's office and settle"—but they are asked to *take* some money this time,—the road having, in fact, declared a semi-annual dividend of two and a half per cent.

☞ The September quarterly meeting of the Freewill Baptists in the county of Rockingham, N. H., was held in Danville. Reports indicated considerable prosperity. Some churches have had additions by baptism during the quarter. The report from Raymond contained the intelligence that Rev. J. Hutchins had departed this life, and the services were appropriate to that event. At session at Dover, in January.

Police Court.—Before Justice Odell. Timothy Sullivan was convicted of an assault on John R. Oxford, and sentenced to 60 days' imprisonment, to pay $14.07, and to give $50 bonds. Committed.

☞ Compliments are sometimes piled on rather too thick;—for example, in the dispute now going on between the N. H. Gazette and N. H. Patriot, the latter paper speaks of the former,—

"To sustain its allegation of misrepresentation against us, it utters this bold, impudent and self-evident lie. Now if the Gazette is correct, then we falsified; if the Gazette is not correct, it is guilty of a gross fraud upon us and a deliberate misrepresentation of the public records, and betrays a severy and ignorance shameful to contemplate.

☞ It will be seen by the advertisement of P. S. Gilmore's celebrated Serenade Band, of Boston, is to furnish the music at the opening of the People's Lyceum. Starr King and Gilmore's Band—don't you want tickets?

Alarming Contingency.—Referring to the suggestion that the Great Eastern may be taken to send British troops to China, the Providence Journal remarks that "the State of Maine will declare war with England, if the ship is turned away from Portland."

A Mischievous Ball.—At the battle between the English and Chinese on the river Peiho, a cannon ball thrown from a Chinese fortification struck the British gunboat Kestrel, which afterwards was sunk, and took a leg from each of six men who were standing in a line!

Louis Napoleon the Beast of the Apocalypse.—Faber, one of the standard writers upon the prophecies of the Bible, some years since deceased, broached the theory that Louis Napoleon is one of the heads of the Beast spoken of in Revelation.

☞ Rev. Silas Ilsley, recently of Essex, Conn., has accepted the call of the Damariscotta Baptist Church. Mr. Ilsley is a native of Portland, and was once pastor of the Baptist Church in Portsmouth.

☞ Steamer Glasgow, from Glasgow 14th, arrived in New York on Saturday morning. Reports strong westerly gales on the passage.

A cynical writer asks "when women will cease to make fools of themselves." Probably when men cease to admire and love more than women of sense.—*Ledger.*

AUTUMN.

Bright flowers are sinking,
Streamlets are shrinking,
Now the wide forest is wither'd and sere;
Light clouds are flying,
Soft winds are sighing;
We will be thoughtful, for autumn is near.

Blossoms we cherish'd
Have wither'd and perish'd, [drear;
Scenes which we smiled on are yellow and
Feelings of sadness
O'ershadows the gladness, [is near.
And makes the mind thoughtful, for autumn

Thus all that is fairest,
And sweetest and rarest,
Must shortly be sever'd, and call for a tear.
Then let each emotion
Be warm with devotion,
And we will be thoughtful, for autumn is near.
—*Glasgow Courier.*

Blow, blow, thou winter wind,
Thou art not so unkind
As friends' ingratitude;
Thy tooth is not so keen
Because thou art not seen,
Although thy breath be rude.

Freeze, freeze, thou bitter sky,
Thou dost not bite so nigh
As benefits forgot:
Though thou the waters warp,
Thy sting is not so sharp
As friend remembered not.
—*Shakespeare.*

Watertown, N. Y., Sept. 30.—Mr. LaMountain was seen at Harrisville, Lewis county, passing over the New York wilderness, still going due east, and at a great elevation. A reward is offered by his brother of $1000 for the recovery of the æronauts alive, and $500 for their bodies, if dead. A party goes out to the woods tomorrow to prosecute the search.

☞ Rev. Morgan Dix has been elected Assistant Rector of Trinity Church, New York. He is a man of talent, and is, in sentiment, a high-churchman. The salary of the Assistant Rector is about $4000 per annum.

☞ Capt. Lowe, of the American barque Helen Mar, who is under examination at Bombay on a charge of murdering his wife, was one of the rescuers of the survivors of the wrecked steamship San Francisco.

☞ As the train at Amesbury was running into the depot, Mrs. Alfred Flanders started to cross the track, when she fell where the car wheels passed over one foot, taking off her toes.

☞ Beef is declining in New York.—Some of the people of that huge city have determined not to take it for some time, on account of its high price.

☞ In Manchester, the Young Men's Christian Association have advertised a course of lectures to be given by the "evangelical" clergymen of the city.

SPIKENARD & BONESET,
A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.
Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.
[From Mrs. Ira Burnham, Exeter, N. H.]
I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. Elizabeth Burnham.
Exeter, June 1, 1859.
This testimony of my wife is correct.
Ira Burnham.
[From Mrs. Ebenezer Blazo.]
Greenland, Nov. 20, 1858.
Dr. Swett—Dear Sir:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,
Sally Blazo.
Enfield, Sept. 8, 1859.
Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.
A. K. Currier.
This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 12 Cabot St., Portsmouth, N. H.

Breach of Promise.—A young lady by the name of Harrison, has sued a bachelor on the dock for a breach of promise, laying her damages at $10,000. Miss Harrison claims that she boards in the same house with the bachelor; that he has paid attentions to her for the last two years.—she also claims that he has taken her out riding at various times—made her presents—held her head, &c. Bachelor admits that he took her out riding on several occasions, but it was for the purpose of seeing Miss Harrison's sick aunt, who resides some five miles from the city. He admits that he gave her several presents, two pictorial Brother Jonathan's and the last new novel. He also admits he held her head, but says it was while she was oppressed with a fainting fit; that as soon as the fit left Miss Harrison he left her. The bachelor pleads guilty to kindness but not to love, and insists that that young lady has placed a construction on his acts not warranted by his feelings. He says he does not want a wife, but intends to contest the case to the end. We fear he will have an up hill job of it.—Holding the young lady's head, will decide the suit, we imagine, in the young lady's favor. Jurors are but men, and when a man sees a bachelor holding a young lady's head, they will insist that old bachelor is pouring the 'milk of roses' into the young lady's ear. The trial comes off at the next term of the Supreme Court.—*Albany Eve. Standard.*

CLIPPER PLOWS
Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been
THOROUGHLY TESTED
by experienced Plowmen, who pronounce them
The Best in the Market!
These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.
We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "it cannot be done."
Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

The News.

From Arizona.—Arizona dates of the 15th inst. are received. The presentation of the articles purchased for the Pimos and Aricopa Indians, under the act of Congress of February last, was made by Lieut. Mowry on the 15th of September. Between 4,000 and 5,000 Indians were present. About 2,000 farming implements, several thousand pounds of barley, and other grain for seed, axes, &c., several thousand yards of cloth and calico; also shirts, tobacco, and beads were distributed.

The reason of these large presents was explained in a speech by Lieut. Mowry, and in reply the chiefs expressed great satisfaction at the kindness of their great father, the President, and promised to continue in the good conduct which had brought them so great a reward. The Pimos and Maracopas cultivate this year 15,000 acres, and have supplied the Overland Mail Company with large quantities of grain. It is expected that next year their crops will be largely increased through the facilities given them by the government.

From Kansas.—*Leavenworth, Sept. 30.* Hon. Anson Burlingame of Mass., addressed the people here to-night, and will probably participate in the canvass for delegate to Congress.

The Denver City express arrived here today, with dates to the 22d, and $5000 in gold dust. The increase of crime, in and about Denver and Auroria had become alarming, and demanded prompt action for its suppression.

The State organization has been defeated by 3000 majority. It was alleged there was some fraudulent voting.

The hunting party of Arapahoes had returned, reporting that the contagion among the buffaloes was killing them by thousands.

Prospecting parties had penetrated to the head waters of the Blue River, a tributary to the Colorado, where rich leads had been discovered.

American Naval Movement in China.—The American frigate Powhatan, Capt. Tatnall, rendered some aid to the British near Peiho, China, relieving them from danger when their gunboats were sinking under the fire of the Chinese forts. Flag-officer Tatnall says that the British officer in charge of the gunboats, having visited him, said nothing about aid, but his silent appeal was powerful indeed. During the few moments he was on board the Powhatan he would look anxiously at his Admiral and at the boats. After he left, continues Capt. Tatnall,—

I held a communication with our Commissioner, Mr. Ward, and he agreed with me perfectly that, under the circumstances of our position with the English, and the aid the Admiral had tendered me the day before, I could do no less than go to his relief. I made the offer, which was thankfully and promptly accepted.

While the boats were making fast to the hawsers, which I moored astern, I insisted on Mr. Ward and his suite leaving the Toe-Wan, and going on board one of the junks, for reasons which will be obvious. He at first reluctantly yielded and left us, but soon returned in one of the English boats, declaring that as the Toe-Wan was his approbation and concurrence, he would remain in her. I reluctantly yielded to his gallant impulse. Capt. Tatnall towed the boats through the British line to within a short distance of the Admiral, whose flag was flying, when, casting them off, he retired to the rear of the line, and anchored for the night. He took up this position, as it might enable him to aid the wounded, and should any boats be sunk, to rescue their crews; in other words, to afford all the aid consistent with neutrality.

Having been informed by a British officer that the Admiral was dangerously wounded, Capt. Tatnall went in a barge to visit him. When within a few feet of the Cormorant, a round shot struck the boat, killed the coxswain, Mr. Hart of Brooklyn, N. Y., and slightly wounded flag-Lieutenant Trenchard. They reached the Cormorant before she fairly sunk. Capt. Tatnall says the Chinese had previously notified Mr. Ward of their arrangements, and requested him to accompany the British and French Ministers to the Peiho. To this he consented, thereby to a certain extent assuming the same platform as the latter. The sincerity of the Commissioners was much doubted at the time.

Philadelphia, Oct. 1.—The Empire Fire Company of Lynn, Mass., arrived at Kensington at half-past seven last evening. They were received by the United States Engine Company, and partook of a collation. Afterwards, under escort of sixty companies, comprising five thousand firemen, with their apparatus, they marched through the city, over a route ten miles in length, and the blaze of fire-works, bonfires, and illuminations, bell ringing and cannon firing. The streets were crowded with people. Everybody was jubilant. It was the greatest display of firemen ever witnessed.

New Orleans, Sept. 30.—We have advices from Brownsville, Texas, saying that the yellow fever was raging there and for thirty miles above.

Gen. Alvarez was preparing to march on the city of Mexico with a force of 6000 men, consisting of cavalry, infantry and artillery.

The defeat of the Liberals under Gen. Degolledi at Leon, by Gen. Woll, is confirmed.

Restoration of Bishop Onderdonk. *New York, Sept. 30.*—The Episcopal Convention to-day voted the restoration of Bishop Onderdonk by a very large majority, after a very exciting discussion.

Explosion and loss of Life.—The boiler at the Gerard House, in Chambers street, exploded this morning, killing two men, and damaging the building considerably.

AYER'S SARSAPARILLA,

A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will a complish their cure must be of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, BOILS, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at this season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud.—Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores;—cleanse it when you find it is obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health and live live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it contain but little of the virtue of Sarsaparilla, or anything else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Some bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly d espised, and has become synonymous with imposition and cheat. Still we call this a compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. We think we have grounds for believing it has virtues which are indisputable by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.

Ayer's Cherry Pectoral

Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills.

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price, 25 cents per box; five boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen and eminent persons have long lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agent below named furnishes gratis our American Almanac, in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on.—Demand AYER's, and take no other. The sick want the best aid there is for them, and they should have it.

All our remedies are for sale by W. R. Preston, Portsmouth, and by all druggists and merchants in the civilized word. 6m—je14

CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES
OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE RESERVOIRS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SUE PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In most instances the benefit derived from it has FAR EXCEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy." " " " Out of twenty-two cases *in the third or last stage,* treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and world-wide reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the Western prairies, possesses Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" in a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using **"My Mother's Salve"** are simple. Every mother and nurse knows how to spread a plaster and diffuse a salve, all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ailments, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A.M. Beck

THE ONLY ARTICLE

UNRIVALLED IN THE MARKET,

WITH IMMENSE

HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, relets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful,* and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & Co.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without any reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, your respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country; My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPERED BY DR. SANFORD,

COMPOUNDED ENTIRELY FROM GUMS,

Is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER AND AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 345 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. su31 1y

LOTTERIES.

THE LOTTERIES OF

WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of

WOOD, EDDY & CO.,

are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington, Delaware, and also at Augusta, Ga. All orders received being filled in the drawing next to take place after same comes to hand.

Whole tickets are $10; halves, $5; and quarters, $2.50.

No ticket sent unless the money accompanies the order. Prizes vary from $20 to $50,000.

Every prize is drawn, and the result of drawing forwarded to all purchasers.

☞ A circular showing the plan of receiving it. All communications strictly confidential.

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House,* and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 18 Howard street, Boston.

will continue the same business at the well known stand. A continuation of the same liberal patronage that has favored this Establishment for the thirty-four years past, is respectfully solicited
WILLIAM H. CHEEVER,
march21 No. 40 MARKET STREET.

Dr. B. S. Goodwin, Indian Physician,
Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 9 Market street. Dr. G. would respectfully invite all in need of Medical advice to call on him.
ADVICE FREE.
Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.
THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN.
Consumption in the first stages, Coughs, Asthma, Bronchitis, Dyspepsia, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhœa, Cholera Morbus, Cancers, Dropsey, Worms, all Diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.
No Mercury! No Bleeding! No Blisters!
Our philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of experience and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 14, 1858.

TOBACCO.

Ladies, did you know that tobacco tends to hinder salvation, and to destroy the souls of those you love? A whole college of physicians testify to the disturbing power of tobacco. "Tobacco," they say, "abnormalizes and hallucinates mind. A hard drinker may soon rise from his debauch, and be himself again; but not so with the habitual user of Tobacco, for he is always under its effects, and hence always in an abnormal state."

Tobacco, used in some forms, excites and exasperates, in others stupefies and stultifies. When smoked it tends to deaden sensibility and fills the soul with self-satisfaction.—The smoker whilst sublimely fumigating earth and air, is satisfied! He is satisfied whether rich or poor, married or single—he has a pipe! He is satisfied whether in the forecastle or cabin, whether at the head of a factory, or an understrapper—he has a pipe! He is satisfied whether he knows much or little, whether saint or sinner—he has a pipe!

Ladies, such is the power of this narcotic, that you perceive its effects on religion may be very disastrous. Look over the churches, and you will see mournful specimens of its effects. An eminent physician of Boston thus addresses you:—

"Ladies, you have the highest possible interest in this question; one involving the health and the lives of yourselves and families. Permit me to say that you have the power to do what gentlemen are unable to do. You can banish this curse from the community. Ponder, resolve, and act."

Act, ladies, act! Denounce the use of tobacco as a sin. Spread tracts against it. Remonstrate against raising it, or selling it. Do as others have done, object to settling a minister who is a slave to it. Object to your daughters marrying victims of it.—*Anti-Tobacco Tracts.*

CONSUMPTION IS CURABLE!
BY THE USE OF
Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the
HYPOPHOSPHITES
OF LIME, SODA AND POTASH,
Originally discovered and prescribed by him as a Specific Remedy for
CONSUMPTION!
The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America, and established the claim of the discoverer, that they are a SURE PREVENTATIVE, and a
SPECIFIC REMEDY FOR CONSUMPTION.
Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In *most instances* the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * Out of twenty-two cases *in the third or last stage,* treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."
BE SURE TO PURCHASE WINCHESTER'S GENUINE PREPARATION,
which is certified by Dr. James R. Chilton to be "PROPERLY MADE and *chemically pure.* My *fac simile* signature is upon every bottle.
☞ Price $2 per bottle, or three bottles for $5, with full directions for use. Write for Circulars, which will give RELIABLE INFORMATION, and save from all possibility of deception. Sold wholesale, at the lowest discount for cash, at the Sole General Depot in the United States, by J. WINCHESTER, American and Foreign Agency, 49 John street, New York.
Also, of P. H. NILES, Nos. 3 Arch street, Boston, Mass., Agent for the States of Mass., N. H., and Vt., to whom all orders must be addressed.

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her
SOOTHING SYRUP,
For Children Teething.
Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS
We have put up and sold this article for over ten years, and *can say, in confidence and truth,* never been able to say of any other medicine, —NEVER HAS IT FAILED IN A SINGLE INSTANCE, when timely used. Never did we know a dissatisfied instance of its operations, and consequently of its many virtues. We speak, in *this know,* whereof we *our reputation for the here declare.* In almost every instance where the infant is suffering from pain and exhaustion in fifteen or twenty minutes after the syrup is administered.
This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success,* in THOUSANDS OF CASES.
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve
GRIPING IN THE BOWELS, AND WIND COLIC.
and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and surest REMEDY IN THE WORLD in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own prejudices or those of others,* stand between you and your child and the relief that will be SURE — yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper throughout the world.
Sold by Druggists throughout the world.
Principal Office, No. 13 Cedar st. New York
Price only 25 cents per bottle.

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, OCT. 4, 1859.

☞ The triangular war of the French and English on the Chinese Empire, with Russia secretly peeping from the celestial battlements on the land side, was brought to a conclusion a year ago, and the main condition which the barbarian gunpowder wrung from the imperial brother of the sun and moon was, that ministers resident should be received from France and England in the sacred and forbidden vermillion city of Pekin. These treaties were to have been ratified and consummated in the "forbidden city" in the late month of June.

On the 20th June, the British ships arrived at the mouth of the Peiho. The Powhatan, with the American legation, arrived on the 21st. At that time the British officials had given the Chinese in command of the forts notice that if the barriers they commanded on the Peiho were not removed on the 25th, British power would remove them. On the 24th the American officials had intercourse with the Chinese officials, when the latter gave the information that the legations would be taken to Pekin thro' the *northern* mouth of the river, and that the Captain-General was there waiting to receive them. It was acted on by the Americans; and the Post asks, would it have been at all out of place for the British and French to have acted on it likewise? But they preferred a fight—had it, and got the worst end of it too. What next?

UTAH AFFAIRS.—Recent letters from Salt Lake City present a gloomy picture of the state of affairs in that miserably misgoverned Territory. At the July term of the United States District Court an attempt was made to bring to justice the outlaws who have set at defiance the laws of the land, but the effort was futile. Among the suits brought up for trial, was one by Franklin E. McNiell against Brigham Young and several others for false imprisonment, in which the damages claimed were $50,000. McNiell was imprisoned during the winter of 1857–'58, and kept during that time in chains, as a prisoner of war, for no other offense than that of being an American citizen, opposed in sentiment to the Mormon rebellion. On the night of the 2d of August, McNiell having occasion to step out on the sidewalk, was shot by a man who first offered him his hand. McNiell died the next day, having previously declared that he was shot by a member of the Danite band. The murderer escaped.

Another case was that of a suit against Bill Hickman, the notorious Danite leader, brought by a man named Drown, on a note of hand for $480, drawn five years ago and remaining upaid. The case was submitted to the decision of the Judge, who rendered judgment in favor of Drown. That same night a party of twenty or thirty horsmen—headed by Hickman—rode up to the house where Drown was stopping, and after battering down the door, shot the unfortunate man, who died the next day.

☞ A chemical committee has been appointed by the Agricultural Bureau at Washington, to make analyses of the tobacco plant and of the soils on which it grows, in order to determine its influence upon land with a view to its more extensive cultivation; and Dr. Jackson of Boston has spent nearly eight months in labors on this subject.

Wonder if it has ever occurred to the government officials to raise a committee, chemical or medical, or both, to make analyses and investigations in order to determine the influence of the tobacco plant on the *human* constitution; on the health and temper of those who use it; on the neatness, sweetness of breath, and general tastefulness it introduces into families; whether it produces trembling or strength of sinews;—whether it tends to prolong or shorten life; to render life more brilliant and elevated, or more gross and wanting refinement.

☞ It appears that the terrible bridge accident at Albion, N. Y., a brief telegraphic account of which has been published, was the result of the rope-walking mania. A man caused a rope to be stretched across the canal, and announced his intention to walk over upon it. The point selected for his performance was a few rods from the bridge, an iron arched structure, similar to most of the new canal bridges. The rope walker had crossed half way, when the bridge, which was crowded with people and teams, broke in two at the centre, and men, women, children, horses and wagons were precipitated indiscriminately into the canal.

☞ John Kennedy, while drunk in New York, killed his little daughter, six years old, of whom he was very fond when sober, by striking her with a shovel.

☞ The Canadians, adopting the Yankee example, are to celebrate "Thanksgiving day" on Thursday, Nov. 2.

☞ U. S. ship John Adams has been condemned at Rio Janeiro.

☞ It is usually supposed that the man who bawls the loudest and uses the goad the most, is the best ox-teamster. But one of the best ox-drivers we ever saw, scarcely ever spoke to his cattle, and never beat or shouted at them. And a boy of fifteen years, from Woodstock, Maine, had a pair of 3 year old steers on the Grounds of the State Fair, which obey him as an obediest boy will his parents, and which *he had never struck*. By a motion of his hand they will go forward, halt and return, will go to the right or left, kneel down, and perform other things, much to the surprise of some older farmers, who are in the habit of putting the brad though the hide. They will also draw 5600 pounds on a drag, with no apparent effort, and are not so large as many of the two year old cattle on exhibition.—The world will find out, by and by, that brute force is not the highest, most efficient element in educating man or beast. Then perhaps children at home or at school will be treated as well as criminals and sailors now are—that is, be exempt from the liability to the rod or the lash. F.

BOSTON MILK.—The daily consumption of milk in that city is 15,180 gallons. Of this large amount, says the Bee, we are mainly dependent upon the interior towns of Southboro', Westboro' and adjacent villages, and upon towns located on the Fitchburg Railroad above Concord, and even to Wilton, N. H., for the largest proportion of the supply. The town of Lexingington sends to the city daily about eight hundred gallons. Dedham nearly seven hundred, and Milton about three hundred, while Westboro' alone sends over twenty hundred gallons, and the Fitchburg Railroad brings in about forty-five hundred.—Of the milk sold at the shops, something like 25 per cent. is water, which is added at first or second hand. The recent milk inspection established is proving a great public utility.

☞ John W. Rand, whose criminal career is rather widely known, is now under arrest at Montreal, charged with the commission of several burglaries in that city. His home was once in Canterbury, this State, and it will be remembered that after robbing the Concord Savings Bank, several years ago, he escaped from jail. Since then he has been under arrest for burglaries committed in New Jersey and New Brunswick, but has had the uniform fortune of escaping punishment. He has resided in Canada for a considerable period, under the name of Henry Stewart.

PECUNIARY ESTIMATE OF EDUCATION. It is estimated that an education such as can be gained in the public schools of New England will enable a man to earn two hundred dollars a year more than he could command without any education at all. A college education makes a man worth four or five hundred dollars a year more than if he had not enjoyed it. No doubt of this—and yet, a physical and practical education is fully as valuable, and can even do better alone than the literary or scholastic can.

NORTH AMERICAN REVIEW.—The October number is promptly on our table, on the first day of the month, through the personal courtesy and attention of the editor, as usual—neither anticipating nor delaying its appearance at precisely the proper time. The list of contents is even more than usually rich in attraction and value:

James Fenimore Cooper; Causes of Mental Disease; The Depreciation of Gold; Educated Labor—Farm and Garden; The Age of Chivalry; Douglas Jerrold; Nuremberg; American Diplomacy in China; Biography—Plutarch's Lives; Praed and his Poems; Critical Notices.

J. H. Foster, agent in Portsmouth.

☞ The Vermont Journal thinks all religious congregations, especially poor and feeble ones, should build a barn, and buy a horse with a saddle and bridle; all of which should be sufficiently endowed so as to cover every future necessary expense; and as soon as the horse is properly installed, and not before, they may proceed to install a pastor. This will secure one original sermon every Sabbath morning; it will obviate the necessity of assistant chaplains, and save the expense of a voyage to Europe once in five years.

☞ The Illustrated Phrenological Almanac for 1860, is just published by Fowler & Well, New York.—It contains heads of Wm. H. Prescott, of the remarkable Triplet Sisters, now seventy-one years old, of Miss Ada Clifton, of Edward W. Serrel the engineer, George G. Briggs, Dr. Windship, Z. K. Pangborn and Robert Burns, with a great variety of matter.

The same publishers issue Life Illustrated, which is a valuable weekly paper,—the Phrenological Journal,—and the Water Cure Journal, both monthly.

☞ The wife of John McLaughlin, residing in Boston, was committed to the tombs, on Saturday night. Finding the door open Sunday morning, she walked out. She was found with a new-born male child, Sunday afternoon, in a woodshed, and was taken charge of by her husband.

oct3 THOMAS TULLOCK, Treas.

Patent Indelible Pencil,

FOR MARKING CLOTHING.

Patented May 31, 1859.

This article has the following claims to public attention: It can be used with greater ease in writing upon all kinds of cloth; will not dry up like ink; will sharpen well without breaking, in being used as a Pencil; one box of pencils will mark THREE THOUSAND articles.

Many persons have found it difficult to procure an article that will be permanent—they will find this all they can desire. It does not cost one-third as much as ink.

The marking inks so commonly used for marking linen and other fabrics are inconvenient and troublesome, each bottle being accompanied by a number of 'directions,' which considerably bother the brains of House keepers. This pencil will prevent this, as all the preparation necessary is the dampening of the fabric which is to be marked, and it will leave an indelible mark thereupon.—[Scientific American, June 11, 1859.

WHEELER & WILSON'S

Medal Family Sewing Machines.

A NEW STYLE MACHINE.

PRICE $50.

This Machine makes the Lock Stitch, which is the only stitch that cannot be raveled, and that presents the same appearance upon each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

The Wheeler & Wilson Manufac'g Co.

Invites the attention of Housekeepers, Seamstresses, Dressmakers, Tailors, Manufacturers of Skirts, Skirts, Cloaks, Mantillas, Clothing, Hats, Caps, Corsets, Ladies' Gaiters, Linen Goods, Umbrellas, Parasols and Silk Goods, to the perfect adaptation and unrivalled excellence of these SEWING MACHINES for their uses.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, and suited to the workshop—applicable alike to the use of the family and the manufacturer.

Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses.—Substituting as they do, healthful exercises and rational employment for the soul-and-body destroying drudgery of hand-sewing, they are hailed as WOMAN'S FRIEND.

Among their undoubted advantages are:

1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which, hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public; and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

Several varieties are manufactured, adapted to various purposes. So far as public opinion has been formed and uttered, the preference is emphatically accorded to the Wheeler & Wilson machine for family use, and for manufactures in the same range of purpose and material.

During the present autumn the trials have been numerous, and all the patents of any pretension have been brought fairly into competition. In every case, the Wheeler & Wilson machine has won the highest premium.

We may instance the State Fairs of New York, New Jersey, Pennsylvania, Kentucky, Illinois, Wisconsin, Virginia, Michigan, Indiana, Mississippi, Missouri and California, and the Fairs in Cincinnati, Chicago, St. Louis, Baltimore, Richmond, and San Francisco.

At the Fair of the St. Louis Mechanical Association, the Examining Committee was composed of twenty-five Ladies of the highest social standing, who, without a dissenting voice, awarded for the Wheeler & Wilson machine, the highest and only premium, a Silver Pitcher, valued at $75. If these facts do not establish a reputation, we know not what can.

We prefer the Wheeler & Wilson Sewing Machine for family use."—[N. Y. Tribune.

"Wheeler & Wilson's Sewing Machines are the favorites for families."—[N. Y. Times.

"The Wheeler & Wilson Machine has secured and justly maintains the pre-eminence for sewing every kind of material."—[N. Y. Express.

"There is not an invention of this inventive age that honors American genius more than the Sewing Machine. No family ought to be without its benefits."—[Independent.

"A Sewing Machine is among the most useful and economical articles a housekeeper can purchase. In looking out for the best, see the machines of Wheeler & Wilson."—[Examiner.

"Wheeler & Wilson is the machine par excellence for family use, and we recommend it most emphatically."—[Advocate and Journal.

"Wheeler & Wilson's Sewing Machines combine everything that can be required in the manufacture of garments. Our friends abroad may be assured that to purchase one of them is a safe investment."—[Observer.

"Wheeler & Wilson is beyond all question THE machine for family use."—[Life Illustrated.

"There is but ONE Sewing Machine, and that is Wheeler & Wilson's."—[Judge Meigs, of the American Institute.

Dropsies.

There is no disease in which the PERUVIAN SYRUP has achieved greater wonders than in Dropsy of the abdomen and the limbs, whether occasioned by disease of the liver, or of the kidneys. It stimulates the absorbents to take up the effused fluids, increases the urinary and cutaneous secretions, and gives tone to the stomach and intestines, thus removing both cause and consequences in these affections.

During the summer that has just passed away, thousands of sufferers from dysentery and diarrhœa have been relieved by the use of HOSTETTER'S BITTERS, a medicine which is evidently destined to maintain a permanent place in the public estimation. Billious diarrhœa is one of those diseases which baffles the skill of the physician. The medicine they administer to act upon the bowels never seems to reach the source of the evil. The difficulty is to get a remedy that will reach all the digestive organs, and give them simultaneously a rush of vigor, to rid themselves of this disease. This problem is solved by the BITTERS, which never fails to conquer the most stubborn cases. It is only fair to say, that during the season just closed, this medicine has achieved more cures than any other ever presented to the public, and during the fall, when that terrible scourge, the fever and ague, is so prevalent, the BITTERS will gain fresh fame.

Sold by druggists and dealers generally, everywhere.

TO DYSPEPTICS

And all who suffer the tortures which this disease inflicts in one form or another of its many phases, cure yourselves permanently and speedily by using the OXYGENATED BITTERS.

The "Weekly Novellette" of Sept. 18, says:

Dyspepsia is one of the prevailing diseases of our country. This is owing both to climate and the almost universal habit of eating our meals too rapidly to admit of proper digestion. But in spite of these adverse circumstances, this disease, even when it has become chronic, disappears rapidly by the use of the Oxygenated Bitters, which have been found to prove an infallible remedy.

From the publisher of a widely circulated Magazine.

BOSTON, July 1, 1858.

MESSRS. S. W. FOWLE & CO.,—I have taken bottles of the Oxygenated Bitters, and have derived great benefit from their use. I have been much troubled with Dyspepsia for several years and found nothing that afforded me any relief until I used the Bitters. I most cheerfully recommend them to all who are afflicted with the troublesome and *stubborn* complaint.

JAMES ROBINSON, of the "Student and Schoolmate."

From Gen. A. C. Dodge, our Minister to Spain.

WASHINGTON, D. C., May 18.

DR. GEO. B. GREEN,—*Dear Sir*:—The *Oxygenated Bitters* with which you were to furnish me have had a most salutary effect in my case. I was troubled with Dyspepsia for four years, during which time I tried many remedies, but never met with any so good as your Bitters. I am now in the enjoyment of good health, and I hope, and believe, that all who use the Oxygenated Bitters will find them as serviceable as I found them.

With high respect, your obt. servant,

A. C. DODGE.

R. R. R.

Wm. B. Oliver, Esq., P. M., of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to lay a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 20th of April, 1858, she commenced the Resolvent; on the 20th of May, twenty-one days after she commenced its use,

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.

R. R. Remedies are sold by Druggists generally.

STATE FAIR AT DOVER.—An extra train on the Concord road will leave Portsmouth at 7 3-4 o'clock on Wednesday, Thursday and Friday mornings, Oct. 5, 6, 7, connecting at New Market Junction with an extra train on the Boston and Maine Railroad for Dover.

FRIENDS AT EXETER.—During our late visit to Exeter, where we spent a couple of days very pleasantly, at the the time of the Nottingham Fair, we took down a few brief notes respecting some of the old and new friends we met—for which we have not had room for publication until now.

The officers of the Society, and managers at the Hall and Field, afforded us and our reporters every courtesy, and extended every hospitality in their power—and assisted us very much in making up so complete a report as we presented to our readers.

We visited the printing offices of the News Letter and Ballot, of course. Gen. Whitten occupies the old Town Hall, and has room enough to drill a battalion of the State Militia, if he should ever be called upon to do so. He has an excellent establishment, and we are glad to learn, is growing into a good business up that way. Among other things he has just procured a new Gordon job press. May he always have a press of good work.

The News Letter folks don't seem to change much in appearance, nor does their paper or the establishment—though it is always understood to be *making* "change;" perhaps as much as any other office in the county. Though a strong and staunch concern, it will have to work sharp to keep pace with so able a competitor as the Ballot.

The Portsmouth entries at the Fair were not numerous—but were all excellent of their kind. We have already published the list.

Dr. Fuller of Portsmouth exhibited a case of beautiful specimens of artificial teeth, mounted on gold, platina, and vulcanized rubber, together with samples of badly diseased natural teeth, completely restored by filling. The case was labeled, "Not entered for premiums," and was exhibited only that the few remaining people of the County who had not examined specimens of the Doctor's skill, might be allowed the opportunity. Dr. Fuller has a neat office in Exeter, which he visits two days in every month, to attend especially to the insertion of artificial teeth, it being well understood that the excellent resident dentist, Dr. Johnson, has entirely abandoned his branch of practice. The business will therefore naturaly fall into the hands of Dr. Fuller, whose reputation for superior skill extends far and wide, and is endorsed by the dental profession all over the country. Ability and gentlemanly manners, such as the Doctor possesses, will ensure success everywhere.

☞ According to Gen. Harney's despatches to government, there is not the least danger of a hostile collision at San Juan.

Rev. T. STARR KING, Tuesday, Oct. 11. Lecture on 'Personal Power and its Voices.'

Rev. J. C. FLETCHER, Tuesday, Oct. 18. Lecture on the "Land of Tell," illustrated with appropriate music.

Hon. HAMPDEN CUTTS, Tuesday, Oct. 25, Readings from Shakespeare and others.

GILMORE'S SERENADE BAND will give one of their splendid Concerts.

Dr. WINDSHIP will also lecture and illustrate "Physical Education."

Rev. J. G. Adams will lecture.

Albert Laighton will read a new Poem.

And there will be three other lectures or concerts, (ten in all) of an equally high order with those named.

Distinguished lecturers who may visit Boston or other cities during the winter, will be engaged to occupy evenings not otherwise filled; and no effort will be spared to provide the best entertainments circumstances will admit of.

Good Music will be supplied every evening—the character and expense of which must necessarily depend in some measure on the patronage extended.

JOSEPH M. EDMONDS,
FRANK W. MILLER.

☞ The subscription for the Lyceum commenced well on Monday, and the canvassing of the city will be continued through to-day. It is absolutely essential that all who desire to *have* the course, shall agree to take tickets now; the managers being ready to commence, as soon as they are guarantied from loss—which is certainly all that can be expected. Any persons who do not happen to be called upon, can leave their names at W. R. Preston's or N. P. Thacher's, as early as Wednesday evening.

THE
BAY STATE RANGE.
COMBINING
ALL THE GOOD QUALITIES
—OF A—
RANGE AND STOVE.

The Subscriber invites the attention of the public to the BAY STATE RANGE, a new cooking apparatus of great capacity, having

TWO LARGE OVENS
AND
SIX BOILING PLACES.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

Wood or Coal may be used for fuel, the castings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

These Ranges have been in use in this city during the past year, and been found perfect in operation.

THE RANGE IS PERFECT IN ITSELF, and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

[From Mrs. Ira Burnham, Exeter, N. H.]

I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.

Exeter, June 1, 1859.

This testimony of my wife is correct.
ILA BURNHAM.

[From Mrs. Ebenezer Blazo.]

GREENLAND, NOV. 20, 1858.

DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,
SALLY BLAZO.

ENFIELD, Sept. 8, 1859.

Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.
A. K. CURRIER.

This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 12 CABOT ST., Portsmouth, N. H.

CLIPPER PLOWS

Are manufactured ouly by the subscribers, the inventors, who offer them to the agricultural interest after they have been

THOROUGHLY TESTED

by experienced Plowmen, who pronounce them

The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

AMERICAN & FOREIGN PATENTS.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington, under the act of 1837.

76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.

I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.

BOSTON, February 8, 1858.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.

From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.
Boston, Jan. 1, 1859. R. H. EDDY.

The News.

☞ The latest news from Europe is by the Hungarian:—

The Coroner's investigation into the causes of the explosion on board the Great Eastern had been concluded. The evidence was very conflicting as to who had the responsible charge of the engines, Scott Russell and the head engineer, both denying the charge. The verdict was accidental death.

The Manchester Guardian and London Post both speak severely of Gen. Harney's conduct at San Juan Island, and threaten terrible things unless the government of the United States disavows the action.

The British government has contracted for the laying of a submarine telegraph cable, from Falmouth to Gibraltar.

There was no improvement in French commercial affairs. The crops had fallen off greatly from last year's figures.

After several days' suspension the Zurich Conference resumed its sitting on the 19th.

The King of Sardinia left Turin on the 19th, on a tour to Pavia, Cremona, Londi, etc.

The Pope's health was entirely re-established.

A ministerial crisis in Naples was reported. The rumor was contradicted that additional Austrian troops have been sent to Italy.

THE IRISH REVIVAL.—We gave an abridged account of the revival in Ireland, which has been published under the direction of the Evangelical preachers, who are leading in the work. Another view of the work has been publiished by an Escopalian clergyman. We find the following notice of the last named pamphlet:—

"Archdeacon Stopford, who has been studying the phenomena of the great Revival in Ireland, has just published a pamphlet in which he gives many instances, of the effect produced by it, and his reasons for concluding that they are only the usual phenomena of hysteria and hypochondriasis. He gives an analysis of the skill with which some of the preachers excite hysteria, carefully eliminating all intellectual action, and endeavoring to produce only a vague, undefined horror of "hell." He says that almost every girl now 'struck' in Belfast, has 'visions,' and she attributes these hysterical illusions to the action of the Holy Ghost.—A girl who told him that the Saviour had appeared to her and touched her, and from that moment she had enjoyed peace and happiness; further conversation showed such an unsatisfied spirit as to say she would not go to work untill she had proper clothes. The Archdeacon states that he has heard of more than twenty cases of insanity produced by this hysteria within a few weeks."

GREAT FIRES.—On Sunday evening Speyer's Lion Lager Beer Brewery at Manhattanville, N.Y., was burned, together with several houses occupied by the workmen. The main building was 400 ft. long, 50 ft. wide, and the whole establishment covered 16 acres, Loss $250,000, on which was $145,000 insurance, mostly in offices in New York city. $40,000 worth of grain was in the lofts, which had been stored there within a few days. The beer in the vaults is believed to be uninjured. The whole establishment was valued at $300,000.

A fire occurred Sunday morning at Sing Sing State Prison, consuming the file shop, augur shop and dye house. Loss $80,000, of which $65,000 falls on Homer & Co., who occupied the file shop. The fire was undoubtedly incendiary, as another fire broke out in the village almost simultaneously.—Two men were arrested on suspicion, believed to be discharged convicts.

☞ From California, overland, we have news from San Francisco to Sept. 9. Latham, the democratic candidate for Governor, has 20,000 majority; and the two Buchanan candidates are probably elected to Congress, defeating the combined Douglas and republican ticket. With one or two possible exceptions, the Lecompton State ticket is elected by an immense majority.—Both branches of the legislature are largely democratic.

The People's Reform ticket, being the regular succession of that inaugurated in 1856 by the Vigilance Committee, has again triumphed in San Francisco.

Person who keeps canaries and other birds, instead of putting fine gravel in the cages, that the poor birds may help themselves to flint, to assist their digestion, sometimes gives them a piece of cuttle fish bone (carbonate of lime) which is useless. The consequence is, the poor creatures sicken and die of dyspepsia. If any one will make the experiment and try the effect of some minute particles of silica on their favorite song birds, the extreme greediness with which it will be consumed will speedily assure them of its value.

☞ The export of specie from New York from January to September 1st, was $47,496,000, and from Boston to the first of August, $4,443,000, making an aggregate from these two ports of $51,949,000, or at the rate of eighty million a year.

☞ Mrs. Partington makes Shakespeare say, 'Sweet are the uses of advertisements.' It's so—if he didn't say it.

A boy was asked one day, what made him so dirty, and his reply was, "I am made, so they tell me, of the dust of the ground, and I reckon it's just working out.

☞ The Nashua Telegraph, speaking of a fire at which the firemen "swore terribly," says, "with such an amount of profanity, we almost wondered that the stream did not go on to the fire seething hot, and do more hurt than good."

A STORY ABOUT THE DEVIL.

BY G. W. C.

About fifty years ago, there lived in the town of ———, a man whose name we will call Grubb, who got his living by hunting, fishing, betting, horse-racing, &c. He was what now-a-days would be termed a "fast man." His wife also was not possessed of the strictest integrity, and whenever a favorable opportunity presented itself, she would go to the neighbor's fields, and take corn, potatoes, apples, &c., carry them to market, and the proceeds would enable her to make a fine appearance on particular occasions. She kept one cow, yet made more butter than any of her rustic neighbors;—had only a few apple-trees, yet sold a larger quantity of apples than those who had fifty or more;—had a very small patch of corn, yet even sold husks enough to buy her a nice dress! and in short, her crops were always abundant, and as she expressed it, "Providence smiled upon her."

She bore the cognomen of "Gossiping Bet," from the fact that she had an inveterate habit of busying herself about the business of others, and of running from house to house to hear and tell the news.—This peculiarity rendered her an intolerable bore, and she was disliked and discarded by the quiet villagers.

Her husband would have led a different life, had the partner of his joys and sorrows been more consistent and upright. But as it was, he was fond of gaming and drinking, and could almost always be found in the places where these ruling propensities could be gratified.

In the village there was a tavern, and, as every reader knows, a country tavern is as great an institution as a Broadway theatre. There, on cold winter evenings, around a roaring fire in the bar-room, might have been seen about a score of men of all ages,—whose countenances betrayed frequent intercourse with the bottle,—gathered there ready for the evening's entertainment.—After drinking "round," feats of strength and sleight-of-hand tricks were sometimes performed for the amusement of the company.

But the most prominent feature of the programme was story-telling; and the person who could spin the "longest yarn" in the best style, was the lion of the crowd, and of course, was entitled to the "drinks."

Grubb was a noted story-teller; in fact, it was his *forte*; and he never would scruple to diverge from the truth to a considerable extent, if he could thereby give his narration a good "color."

In consequence of this uncommon talent, our friend G. would get more liquor aboard than he bargained for; which, as a natural result, rendered him extremely regardless of his future welfare; and on the eventful evening of which we write, he had just arrived at this indifferent state of mind, when the party requested him to give them a good story. Accordingly he commenced by inquiring if either of them had ever seen the old adversary, commonly called the devil. Upon receiving a negative reply, he proceeded to narrate a thrilling adventure with his satanic majesty. After telling it with good grace, and receiving the congratulations of the crowd, he took a good "horn," and started for home.

Through much tribulation, in encountering numerous fences and stone walls, which would, in their erratic wanderings, run against him, and a few prostrations, he reached his place of abode in tolerable good season. His *better* half was anxiously awaiting his return, and as soon as he opened the door, communicated to him the fact that a stranger had called there two or three times during the evening, and on each occasion had given three loud raps upon the door, and that she upon opening it, saw no one there, but the last time she went to the door, found upon the sill a card with the devil's autograph thereon, written in a round, bold style, too legible to be misconstrued—"Satan."

The potency of the liquor had so benumbed the husband's senses, as to render him incapable of comprehending the import of such a narration; nevertheless he was somewhat frightened at the mention of the name of His Majesty of the lower dominions, and concluded that a fearful retribution awaited him, for belying his master as he had during the evening. He thought, however, there might possibly be nothing in it, and upon the suggestion of his wife, he retired to bed. About half an hour had elapsed, when rap! rap! rap! slow, but loud and distinct, which brought the terrified Grubb on his feet in much less time than it takes to write it.

He crept to the door, and opening it cautiously, beheld, sure enough, a bona fide devil, with hoofs, horns, and all the et ceteras which go to prove the connection with the "pit" of darkness. Dumbfounded, poor Grubb stood before him with his lamp in his hand, waiting for his nocturnal visitor to commence the conversation. At last, the latter spoke and told him of things which had occurred generations before, and also of circumstances which were to transpire in generations to come; with such an air of assurance and nonchalance as to astonish friend G. His intruder—for such he now began to regard him—being about to depart, requested Grubb to show him the way out of the gate, and upon so doing, told the former that he should soon come for him and take him home to himself, as his services were much needed as a subordinate in his kingdom, &c., when at this juncture, the light which the horror-stricken G. held firmly clenched in his hand, was suddenly extinguished, and Grubb, thinking it prudent to leave about that time, made tracks for the door, and reaching his bed, threw himself upon it, fainted, and knew nothing until the next morning. He was taken sick, and for a time it seemed as if the mysterious visitor's prediction was about to be verified; but by the assiduous attentions of his now devoted wife, he slowly recovered.

This proved an effectual cure. He never drank a drop after that, nor gambled or cheated his fellow man. He led the remaining portion of his life in an honest and upright manner; but fully believed, and confidently asserted to the day of his death, that "*he had seen the devil.*"

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"**My Mother's Salve**" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"**My Mother's Salve**" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"**My Mother's Salve**" is a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"**My Mother's Salve**" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using "**My Mother's Salve**" are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A. M. BECK BURRILL & HUNTING, SOLE PROPRIETORS,

No. 6 Tremont Street,
(Two doors south of Court st.,) BOSTON.

Will be found at all Apothecaries and Family Stores in the country. o15 1y

THE ONLY ARTICLE
UNRIVALED IN THE MARKET,
WITH IMMENSE
HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD,—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks, and find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well provided with promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPERED BY DR SANFORD,
COMPOUNDED ENTIRELY FROM GUMS,

Is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures CONSTIPENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER and AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 345 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 1y

LOTTERIES.

THE LOTTERIES OF
WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of

WOOD, EDDY & CO.,

are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington, Delaware, and also at Augusta, Ga. All orders received being filled in the drawing next to take place after same comes to hand.

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is speedy and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicine.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. j2 dly

I. P. Libbey, Watch and Clock Maker,
—WITH—
A. L. BENNETT, No. 7 Congress St.

Mr. L. would inform his friends and citizens generally, he has returned to Portsmouth and will attend exclusively to WATCH AND CLOCK REPAIRING as above, and by close attention to business, hopes to merit a share of the public patronage. All work warranted.

CLOCKS.—Those having Clocks at their residences which are inconvenient to remove, I will repair at the house without extra charge. A good assortment of French and American Clocks constantly on hand at low prices.

AMERICAN WATCHES.—Particular attention given to getting up nice AMERICAN WATCHES of any pattern, with the purchaser's name on dial and movement, if desired. Having had five years experience in their manufacture, I can cheerfully recommend them as reliable timekeepers.

AYER'S SARSAPARILLA,

A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from scrofulous complaints, and that one which will accomplish their cure must be of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUMS, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud.—Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and painful sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores;—cleanse it when you find it is obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it contain but little of the virtue of Sarsaparilla, or anything else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Acute bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. And we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have grounds for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY
DR. J. C. AYER & CO.,
LOWELL, MASS.
PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.

Ayer's Cherry Pectoral

Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills.
FOR THE CURE OF
Costiveness, Jaundice, Dyspepsia, Indigestion Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price, 25 cents per box; five boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agent below named furnishes gratis our Ameritan Almanac, in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on.—Demand AYER'S, and take no other. The sick want the best aid there is for them, and they should have it.

All our remedies are for sale by W. R. Preston, Portsmouth, and by all druggists and merchants in the civilized word. 6m—je14

MRS. WINSLOW,
An experienced Nurse and Female Physician,
presents to the attention of Mothers, her
SOOTHING SYRUP,
For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS

We have put up and sold this article for over ten years, and *can say in confidence and truth*, never been able to say a single instance, that it NEVER HAS IT—NEVER HAS IT—SINGLE INSTANCE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of the highest commendation of its magical effects and medical virtues. We speak, in this matter, *to what we do know*, after ten years experience, and *pledge our reputation for the fulfilment of what we here declare*. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success*, in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC.

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and SURE REMEDY IN THE WORLD IN ALL CASES OF DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own prejudices, or the prejudices of others*, stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper. Sold by Druggists throughout the world. Principal Office, No. 13 Cedar st. New York. *Price only 25 cents per bottle.*

Portsmouth, N. H.

WEDNESDAY, OCT. 5, 1859.

☞ A new and rather original doctrine, is just now broached by Mr. Wolfe, the great Schnapps man, in his gin pamphlet.—He says:

There is an unmistakable tendency in liquors distilled from impure grain, and in those adulterated by jobbers and mixers, to *intoxicate;* this effect is established by the experience of individuals and nations—equally with their influences in inducing lasting habits of intoxication.

That such is not the tendency of *pure* liquors and wines, is also an established truth, confirmed by individuals and nations.

The first idea, that impure liquors tend to intoxicate, is undoubtedly true; but the second, that pure liquors and wines *have not* this tendency! instead of being an established truth, is an utter falsehood, and might well be dismissed as such, without further notice,—but on the next page of the pamphlet, we find this item:—

Temperance and total abstinence differ from each other in their principle and effects. Total abstinence will necessarily insure temperance, but temperance may exist perfectly independent of total abstinence. Wine has been a beverage of all ages, from the time of the Patriarchs to the present day, with the solitary exception of some demi-civilized nations, as that of Turkey. By the Koran, wine and all stimulating drinks are forbidden.

When Mr. Wolfe gets among the Patriarchs, he fares as badly as other writers who are strangers there. The very *first* Patriarch, who is noticed in the Old Testament as a wine-maker and wine-drinker, is Noah, who after the flood, as the record runs, "began to be a husbandman, planted a vineyard, drank of the wine, and was *drunken* and uncovered in his tent.

Here the pure wine, not mixed nor adulterated, but pressed out of the grape by the man who raised the vine, not only had "an unmistakable tendency to intoxicate," but in very plain Hebrew and English, got the old Patriarch drunk;—and hundreds of other patriarchs and monarchs from that day to this have done and suffered likewise, from the same cause.

Mr. Wolfe, as a writer, is better qualified to eulogize his Schnapps, than to meddle with the Patriarchs, especially the drunken ones.

WHAT THE MASSES READ.—At the Liverpool Public Library there are *two* readers a day of classical literature; whilst the consumers of novels number *two hundred and seventy-two.* Of works on commerce, political economy and social statistics, there are only *three* readers daily, to offset *one hundred and eighty-seven* who fancy miscellaneous literature. Lord John Russell says:—"In the houses of persons who have magnificent libraries, of a party assembled of twenty or twenty-five persons, I have always observed that the first object of attraction was the newspaper, and that the next object of attraction was the novel. One class is very much like another in this respect."

☞ Mr. Latham, the democratic candidate for Governor of California, is severely rebuked in some of the religious papers for having announced a political stump speech for Sunday evening. Some of the orthodox papers regard this as one of the first fruits of the following example; Rev. Dr. Scott, pastor of the Calvary Presbyterian church in San Francisco, and the moderator of the Old School Assembly at its meeting in New Orleans, has commenced the issue of the Monthly Pacific Expositor, and takes ground against the Bible in schools, against chaplains in the legislature, against all Sunday laws, and generally goes in for the largest liberty on religious subjects, insisting that ours is not a Christian country or government, in distinction from Mormon, Mohammedan, or heathen.

☞ The Union Store in Starksboro', Vt., N. L. Boynton agent, was destroyed by fire on Monday last, about one o'clock. The village was alarmed by a large explosion,—supposed to have been the bursting of a barrel of fluid—and before any force could assemble the building was enveloped in flames. Scarcely anything was saved. It is supposed that the store was fired to conceal robbery of the goods, and Mr. Boynton offers $50 reward for the apprehension of thief, and $50 for the recovery of the property.

☞ Bennett, of the N. Y. Herald, has taken a premium for "some punkins" he exhibited at the State Fair, one of which weighed 159 pounds.

Nobody is more certain to be overreached than your sharp fellow. If nobody else overreaches him, he is sure to overreach himself.

James Shaw, of Vicksburg, was struck by his wife with a broomstick, and staggering in the yard, fell dead. The murderess was arrested.

A man, who don't believe the world is growing better, says the time may come when the lion and the lamb shall lie down together, but if it does, the lamb will be inside the lion.

A CHEERFUL RELIGION.—The Bulfinch Street Church, Boston, was thronged, Sunday evening, by a congregation which overrun its capacity by some hundreds who were unable to obtain a footing within the doors. Rev. Mr. Alger delivered the first of his Sunday evening lectures—the subject, "A Cheerful Religion."

The great diversity of religions in the world was represented under three comprehensive forms—the "Raw Religion of Barbaric Superstition;" the "Arbitrary Religion of Morbid Dogma;" the "Healthy Religion of Faith and Love." The spirit of the first form is natural alarm; of the second, artificial anxiety; of the third, grateful content. The first is the wild religion of ignorance; the second, the technical religion of disease; the third, the veracious religion of health.

A cheerful religion is to love your Maker and your neighbor, do your recognized duties to the best of your ability, and with grateful and bounding heart enjoy every good, without any fear of a Satanic power in nature, an inherited doom in history, or a yawning perdition in the future.

"Freesoilism, scantily veiled and slightly colored—when veiled or colored at all—holds a high head in many of the slaveholding States. It is quite bold in Western Virginia, defiant in Maryland, omnipotent in Delaware, does about as it pleases in the border counties of Kentucky, and holds absolute possession of an important portion of Missouri."

The above is an indignant paragraph from an article which recently appeared in one of the "fire-eating" papers of Richmond, Va., deprecating the rapid progress of anti-slavery sentiment in the slave States. If the pro-slavery organs can be credited, (and they would not be disposed to exaggerate the facts,) the advocates of free labor are making very rapid progress all along the Northern line of the "slave section," and at a rate, too, which assures to them the ascendancy, within a few years, in at least three States now in firm possession of the slaveholders. The agitation is upon their own soil, by their own people, and it no way originates from outside pressure, other than that which results from free discussion of moral questions, and the general progress of the age. The tendency is one which cannot be arrested, and it will be developed with astonishing rapidity within the next few years.

☞ A son of Chas. Davis, of Baltimore, 11 years old, for a long time has been a sufferer from spasms and severe choking spells, which no physician seemed able to account for, and a small fortune was spent for medicines. The boy grew no better, until a week or two ago, when by a sudden and violent retch a curious looking living frog was thrown from his stomach. The boy, however, experienced no relief by this ejection, and still continues to gasp and choke and retch, as though he was possessed up to the mouth with similar animals.

CRIME IN BOSTON.—For three months ending Oct. 1, 5682 arrests were made—3999 males and 1683 females; 4646 foreigners, 1036 Americans. Of the arrests, 2869 were for drunkenness, of which 1873 were discharged without trial. In addition to the arrests for intemperance, 461 drunkards were assisted to their homes by the police.

SUFFERING.—A gentleman named Frost, and his son, who started from Leavenworth City for the gold mines, were recently found in an unoccupied station of the Express Company, having lived for a number of days on grasshoppers, twenty or thirty of which they caught every day and stewed in a cup with some young corn stalks and buffalo hide. When discovered they were too weak to be removed.

☞ At the Erie county, N. Y., fair, last week, there was a young girl, aged 16, who had a box of snakes, comprising rattlesnakes, copper-heads, California racers and others, all of the most venomous character. These snakes she handled in the most fearless manner, winding them about her neck, waist and arms.

☞ Mr. Ten Broeck writes from England to a friend in Memphis that his winnings in England this year have topped $440,000, to gain which he risked only $20,000.

An Athenian, who was lame on one foot, joined the army, and was laughed at by the soldiery, on account of his lameness. "I am here to fight," said the hero, "not to run."

☞ Sparrows have been sent from England to Australia, in the hope that they will increase sufficiently to keep down the worms that annoy the farmers.

He is happy whose circumstances suit his temper; but he is more excellent who can suit his temper to any circumstances.

TOO TRUE.—Ralph Waldo Emerson remarked, in a recent lecture, that our trust in physicians was not confidence in their skill, but despair of our own.

The gold-hunters at Pike's Peak now wish that the bright visions with which they set out had been *pro-visions.*

☞ To see ourselves as others see us, we have only to have our daguerrotypes taken.

PEDESTRIANISM EXTRAORDINARY.—A lad, under 15 years old, walked fair heel and toe, 6 1-2 miles in 59 minutes 1 second, at Alnwick, England, Aug. 29th, accomplishing the task with apparent ease.

☞ A young man in Chicago recently died from over-exertion in the gymnastic institution of that city. Exercise is a very good thing, but too much of it is as bad as none.

PEOPLE'S LYCEUM FOR 1859–'60.

Tickets for the course of Ten Evenings, $1.
Evening Tickets, 25 cents.

The subscribers are prepared to furnish a series of first class Lyceum entertainments the present season, for the citizens of Portsmouth and vicinity, if they desire and will support it.

To ascertain this, a subscription paper is being circulated throughout the city, for the disposal of season tickets at $1 each. Or names may be left at W. R. Preston's or N. P. Thacher's, immediately, stating the number of tickets desired.

It is absolutely essential that all those who desire to *have* the course, shall agree to take tickets now; the managers being ready to commence, as soon as they are guarantied from loss—which is certainly all that can be expected.

The following speakers have already been provisionally engaged, and others equally acceptable will be secured, if the Course is decided upon.

Rev. T. STARR KING, Tuesday, Oct. 11. Lecture on 'Personal Power and its Voices.'

Rev. J. C. FLETCHER, Tuesday, Oct. 18. Lecture on the "Land of Tell," illustrated with appropriate music.

Hon. HAMPDEN CUTTS, Tuesday, Oct. 25 Readings from Shakespeare and others.

GILMORE'S SERENADE BAND will give one of their splendid Concerts.

DR. WINDSHIP will also lecture and illustrate "Physical Education."

Rev. J. G. Adams will lecture.

Albert Laighton will read a new Poem.

And there will be three other lectures or concerts, (ten in all) of an equally high order with those named.

Distinguished lecturers who may visit Boston or other cities during the winter, will be engaged to occupy evenings not otherwise filled; and no effort will be spared to provide the best entertainments circumstances will admit of.

Good Music will be supplied every evening—the character and expense of which must necessarily depend in some measure on the patronage extended.

Patent Indelible Pencil,

FOR MARKING CLOTHING.

Patented May 31, 1859.

This article has the following claims to public attention: It can be used with greater ease in writing upon all kinds of cloth; will not dry up like ink; will sharpen well without breaking, in being used as a Pencil; one box of pencils will mark THREE THOUSAND articles.

Many persons have found it difficult to procure an article that will be permanent—they will find this all they can desire. It does not cost one-third as much as ink.

The marking inks so commonly used for marking linen and other fabrics are inconvenient and troublesome, each bottle being accompanied by a number of 'directions,' which considerably bother the brains of House keepers. This pencil will prevent this, as all the preparation necessary is the dampening of the fabric which is to be marked, and it will leave an indelible mark thereupon.—[Scientific American, June 11, 1859.

Dropsies.

There is no disease in which the PERUVIAN SYRUP has achieved greater wonders than in Dropsy of the abdomen and the limbs, whether occasioned by disease of the liver, or of the kidneys. It stimulates the absorbents to take up the effused fluids, increases the urinary and cutaneous secretions, and gives tone to the stomach and intestines, thus removing both cause and consequences in these affections.

During the summer that has just passed away, thousands of sufferers from dysentery and diarrhœa have been relieved by the use of HOSTETTER'S BITTERS, a medicine which is evidently destined to maintain a permanent place in the public estimation. Bilious diarrhœa is one of those diseases which baffles the skill of the physician. The medicine they administer to act upon the bowels never seems to reach the source of the evil. The difficulty is to get a remedy that will reach all the digestive organs, and give them simultaneously a rush of vigor, to rid themselves of this disease. This problem is solved by the BITTERS, which never fails to conquer the most stubborn cases. It is only fair to say, that during the season just closed, this medicine has achieved more cures than any other ever presented to the public, and during the fall, when that terrible scourge, the fever and ague, is so prevalent, the BITTERS will gain fresh fame.

Sold by druggists and dealers generally, everywhere.

TO DYSPEPTICS

And all who suffer the tortures which this disease inflicts in one form or another of its many phases, cure yourselves permanently and speedily by using the OXYGENATED BITTERS.

The "Weekly Novelletto" of Sept. 18, says:

Dyspepsia is one of the prevailing diseases of our country. This is owing both to climate and the almost universal habit of eating our meals too rapidly to admit of proper digestion. But in spite of these adverse circumstances, this disease, even when it has become chronic, disappears rapidly by the use of the Oxygenated Bitters, which have been found to prove an infallible remedy.

From the publisher of a widely circulated Magazine.

BOSTON, July 1, 1858.

MESSRS. S. W. FOWLE & CO.,—I have taken 3 bottles of the Oxygenated Bitters, and have derived great benefit from their use. I have been much troubled with Dyspepsia for several years, and found nothing that afforded me any relief until I used the Bitters. I most cheerfully recommend them to all who are afflicted with this troublesome and *stubborn* complaint."

JAMES ROBINSON, of the
"Student and Schoolmate."

From Gen. A. C. Dodge, our Minister to Spain.

WASHINGTON, D. C., May 18.

DR. GEO. B. GREEN,—*Dear Sir*—The *Oxygenated Bitters* with which you were to furnish me, have had a most salutary effect in my case. I was troubled with Dyspepsia for four years, during which time I tried many remedies, but never met with any so good as your Bitters. I am now in the enjoyment of good health, and I hope, and believe, that all who use the Oxygenated Bitters, will find them as serviceble as I found them.

With high respect, your obt. servant,
A. C. DODGE.

Wm. B. Oliver, Esq., P. M., of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to lay a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 29th of April, 1855, she commenced the Resolvent; on the 20th of May, twenty-one days after she commenced its use,

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.

WHEELER & WILSON'S

Medal Family Sewing Machines

A NEW STYLE MACHINE

PRICE $50.

This Machine makes the Lock Stitch, which is the only stitch that cannot be raveled, and that presents the same appearance upon each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

The Wheeler & Wilson Manufac'g Co.

Invites the attention of Housekeepers, Seamstresses, Dressmakers, Tailors, Manufacturers of Shirts, Skirts, Cloaks, Mantillas, Clothing, Hats, Caps, Corsets, Ladies' Gaiters, Linen Goods, Umbrellas, Parasols and Silk Goods, to the perfect adaptation and unrivalled excellence of the SEWING MACHINES for their uses.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, and suited to the workshop—applicable alike to the use of the family and the manufacturer.

Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses. Substituting as they do, healthful exercise and rational employment for the soul-and-body-destroying drudgery of hand-sewing, they are hailed as WOMAN'S FRIEND.

Among their undoubted advantages are:

1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which, hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public; and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

Several varieties are manufactured, adapted to various purposes. So far as public opinion has been formed and uttered, the preference is emphatically accorded to the Wheeler & Wilson machine for family use, and for manufactures of the same range of purpose and material.

During the present autumn the trials have been numerous, and all the patents of any pretension have been brought fairly into competition. In every case, the Wheeler & Wilson machine has won the highest premium.

We may instance the State Fairs of New York, New Jersey, Pennsylvania, Kentucky, Illinois, Wisconsin, Virginia, Michigan, Indiana, Mississippi, Missouri and California, and the Fairs in Cincinnati, Chicago, St. Louis, Baltimore, Richmond, and San Francisco.

At the Fair of the St. Louis Mechanical Association, the Examining Committee was composed of twenty-five Ladies of the highest social standing, who, without a dissenting voice, awarded for the Wheeler & Wilson machine, the highest and only premium, a Silver Pitcher, valued at $75. If these facts do not establish a reputation, we know not what can.

We prefer the Wheeler & Wilson Sewing Machine for family use."—[N. Y. Tribune.

"Wheeler & Wilson's Sewing Machines are the favorites for families."—[N. Y. Times.

"The Wheeler & Wilson Machine has secured and justly maintains the pre-eminence for sewing every kind of material."—[N. Y. Express.

"There is not an invention of this inventive age that honors American genius more than the Sewing Machine. No family ought to be without its benefits."—[Independent.

"A Sewing Machine is among the most useful and economical articles a housekeeper can purchase, In looking out for the best, see the machines of Wheeler & Wilson."—[Examiner.

"Wheeler & Wilson is the machine par excellence for family use, and we recommend it most emphatically."—[Advocate and Journal.

"Wheeler & Wilson's Sewing Machines combine everything that can be required in the manufacture of garments. Our friends abroad may be assured that to purchase one of them is a safe investment."—[Observer.

"Wheeler & Wilson is beyond all question the machine for family use."—[Life Illustrated.

"There is but ONE Sewing Machine, and that is Wheeler & Wilson's."—[Judge Meigs, of the American Institute.

☞ It was designed to engage the Germania or Gilmore's Serenade Band for the opening night of the Lyceum; but it has been deemed advisable to substitute other music for the occasion, and have an entire evening's Concert from one or both of these celebrated Bands at some subsequent time. The best Boston Bands have engagements so numerous that it is necessary to make application for their services several days in advance.

☞ At the regular meeting of the Mercantile Association held on Friday evening of last week, the following resolutions were passed and adopted:

Resolved, That this Association learn with sincere regret of the death of their late member and associate, George H. Akerman.

Resolved, That we miss with sorrowing hearts a high-minded and honorable member—one for whom we entertained a high respect. In early manhood he has furnished to us an example eminently worthy to be kept in remembrance.

Resolved, That in this event, so solemn and impressive, we tender to the afflicted family of which our deceased brother was a member, our warmest sympathy in their sad bereavement.

Resolved, That a copy of these resolutions be published in the Daily Chronicle; also that a copy be forwarded to the afflicted family of the deceased.

J. B. BURLEIGH, Sec.

☞ During the month of September, eight persons died in this city, classified as follows:

Males four—aged 7 months, 8 mos., 9 mos., 22 years.

Females four—aged 8 mos., 9 mos., 3 years and 3 mos., 22 years.

☞ The News Letter learns that the whole number of letters sent from the Exeter Post Office, during the last quarter, was over 15,000. Letters for places in New England cannot be sent as formerly to Boston as a distributing office, but must be done up each with separate bills and wrappers, and forwarded directly to the towns or cities for which they are designed. Such an order from the Department is occasioned, probably, for the purpose of economy, but it imposes a burden of extra labor upon many post-masters without additional compensation.

It is very poor economy; for we know it often occasions *delay* of letters, which have to lie over one mail, at certain points, in consequence of the immense number of little packages to be examined.

Large Ox Teams.—At the Belknap County Fair, the town team from Meredith had *fifty-four* yoke of oxen; Gilford fifty-one; Upper Gilford forty-five; and the team from Sanbornton filled the street for nearly a quarter of a mile. This team had *twenty-nine* yoke of handsome oxen; after this Sanbonton will be set down as the banner town for big teams. The Laconia Gazette says:—"The town teams attracted universal attention, as they all shew excellent specimens of cattle. Belknap County cannot be excelled in this particular, in yoke or otherwise. While she can furnish, from four towns—Sanbornton, Meredith, Gilford, and Upper Gilmanton—*two hundred and twenty-nine* yokes of working oxen, the best in the several named sections, it is a fixed fact that *stock* here is good."

Steam Fire Engine.—The new Steam Fire Engine, Machigonne, arrived in Portland on Friday afternoon,—was built by the Amoskeag Company, and is a very trig looking machine. She has a nine inch stroke 7 3-4 inch cylinder, and weighs, watered and coaled, 6800 pounds.

☞ The Portland firemen are required to be 21 years of age, and are paid:—Directors $30, Assistant Directors $25, Clerks $30, Stewards $30, and all other members $20 each per year. The amount is paid to each individual, and not to the companies, by the City Treasurer; and in this way each man controls his own pay, while under the old system of paying by companies, a majority could always control the funds, and great difficulties were experienced in obtaining good men. These difficulties have all disappeared under the present system, and the Chief Engineer says they now have a very different kind of men.

☞ A careful demonstration has shown that 300 pounds of pure gold represents the entire quantity taken out of the graves at Chiriqui. This would give only $75,000, calculating the value at $250 per pound.—To gather this $75,000 has required nearly 46,500 days' work, performed by about 15,000 persons, mostly during the month of July.

☞ In Newburyport, on Monday evening, a salute of nine loud guns was fired in Ward one, in the honor of an heir which was born unto a married couple who had been for some years childless, and whose mother was formerly belle of the Ward.—One gun was fired for each pound of the child's weight.—*Herald.*

☞ A genuine "wooden nutmeg" was one of the features of the Hartford county fair, last week. It is said to have deceived even Connecticut folks.

☞ The New York State Fair opened on Monday. The accommodations for exhibition are very superior. The display of horses and cattle promises to be splendid.

☞ The marine losses for September amount to one million dollars.

INVESTMENTS.

Ben Adam had a golden coin one day,
Which he put out at interest with Jew;
Year after year, awaiting him it lay,
Until the doubled coin two pieces grew,
And these two, four—so on, till people said,
'How rich Ben Adam is!' and bowed the servile head.

Ben Selim had a golden coin that day,
Which, to a stranger asking alms, he gave,
Who went, rejoicing on his unknown way.
Ben Selim died too poor to own a grave;
But when his soul reached heaven, angels with pride
Showed him the wealth to which his coin had multiplied.

☞ Since the beginning of the new term, at Dartmouth College, three members of the College have died, viz.:—A. W. Chamberlain and P. K. Kimball of the Junior Class, and A. S. Symmes, of the Sophomore Class.

☞ One of the Harvard Shakers has recently withdrawn from that community, taking with him $1000 out of the general fund. This erratic movement elongates the long faces of the brethren.

GREAT ECONOMY
—AND—
CONVENIENCE.

THE
BAY STATE RANGE.
COMBINING
ALL THE GOOD QUALITIES
—OF A—
RANGE AND STOVE.

The Subscriber invites the attention of the public to the BAY STATE RANGE, a new cooking apparatus of great capacity, having

TWO LARGE OVENS
AND
SIX BOILING PLACES.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

Wood or Coal may be used for fuel, the castings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

These Ranges have been in use in this city during the past year, and been found perfect in operation.

THE RANGE IS PERFECT IN ITSELF, and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been
THOROUGHLY TESTED
by experienced Plowmen, who pronounce them
The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

The News.

☞ In Lynn, Mass., as Mr. Moses Goodridge, with his butcher cart, approached the Eastern railroad crossing, Tuesday, he alighted near the track and held his horse by the bridle, waiting for a gravel train to pass. As the train came up, the horse suddenly started and jumped upon the track, when the engine struck the animal, killing him instantly, and throwing Mr. Goodridge some feet ahead. He fell clear of the track, excepting one foot; in a moment the engine dashed along, cutting off the toes of his foot. He was taken up insensible, and it is thought will not recover, as he has received some internal injury.

☞ A scoundrel named Moses Murray, of Dorchester, fired at and tried to kill Benj. Lindsay, at Lynnfield. Lindsay had recently married a young woman who had rejected Murray, and M. had threatened to kill any one whom she should marry. The fellow will probably be arrested.

☞ Orders have been sent from the Navy Department for the return of the steam Wabash, the flag-ship of the Mediterranean squadron. The Wabash is to be relieved by the sloop-of-war Iroquis, now being fitted out at the Brooklyn Navy Yard, and Capt. Levy of the Macedonian will succeed the present flag-officer of the squadron.

Illinois State Fair.—*St. Louis, Oct. 3.*—The Fair has been prolonged two days beyond the allotted time. The interest is unabated, upwards of 20,000 persons being on the grounds to-day. For thorough bred stallions over four years of age, the first premium of $100 was awarded to Waterloo, owned by T B. Poindexter of New Orleans. For thorough bred mares over four years of age, Mary Weller took the first prize. Owned by George Goode of St. Louis county, Mo.

A Collision.—*New York, Oct. 3.*—About 6 o'clock, on Saturday afternoon, sloop Point Judith, of Newport came in collision with the ship Antarctic, which was lying at anchor in the East River. The ship sustained no damage, but the sloop lost her mast, bowsprit, sail, and was otherwise damaged. She was abandoned by her officers and crew, who pulled ashore in a small boat.—Boat's crew No. 8 of the harbor police secured the wreck as well as possible, hung out a light and left a man in charge to await the return of the crew, or the appearance of the owners.

La Mountain, the Balloonist, Found. *Troy, New York, Oct. 3.*—A dispatch was received in this city, this evening, from Prof. La Mountain, dated Ottawa, C W., 3d. It is as follows:—

"Lost all. Landed three hundred miles north of Watertown, in the Canada wilderness. We were four days without food.—Brought out by Indian guides, in canoes, etc. Please inform my wife. Signed,
John La Mountain."

Verdict of Guilty.—*Burlington, Vt., Oct. 3.*—In the case of Peter McDonnell, John Bain and John Kelly, who have been on trial for murder, before the Chittenden County Court for five days past, the jury returned a verdict of guilty as to McDonnell, and not guilty as to Bain and Kelly; and McDonnell was remanded for sentence, and Bain and Kelly were discharged.

New York, Oct. 3.—The evening papers put the loss by the burning of Speyer's brewery at $300,000; insurance only $110,000, all in the city offices. The building stood 500 feet front by 150 deep, and 36 feet high. Arrangements were just completed for manufacturing 500 barrels of beer, daily. An immense quantity of barley was in the building, and is still burning. Speyer commences to re-build immediately.

☞ Mrs. Judith Coggswell died at Atkinson, N. H., on the 30th of September, at the advanced age of 93. She was the widow of Dr. William Coggswell, who was a surgeon in the army of the Revolution, and a daughter of Gen. Joseph Badger of Gilmanton, N. H. She was the mother of nine children, all of whom, except one, are now living, and noted for good citizenship and influence. She lived to see descendants to the fifth generation.

A young man, strong and robust, who had been a voyage to the Labrador this summer, after spending a week in rum drinking, and within a day or two being robbed of the remains of his wages, was suddenly seized with madness in Market square, Newburyport, on Monday afternoon, and to a late hour had not recovered his reason. He was quietly sunning himself, when the "devil's trembling" seized him, and he pitched and tumbled in the street, and bellowed like a bull that had been knocked in the head. The sound of his outcry reached through several grog shops and was heard at a great distance. In ten minutes hundreds were on the spot, and such a picture of the terrible work of poisoned rum is not often exhibited. Some thought he had been shot or stabbed with a knife; but he had something worse than a pistol ball in his brain or a knife in his bowels—that terrible rum disease. The police took him in charge and provided for him in the Watch House,—*Herald.*

☞ The first Lecture of the People's Course in Manchester, was given by Rev. T. Starr King, on Wednesday evening. 600 season tickets have been sold, and there is demand for more. The next lecture will be by Rev. Wm. R. Alger.

Glory is well enough for a rich man, but it is of very little consequence to a poor man with a large family.

FRUIT BOX SHOOKS.—Quite a business is done in Carmel, Me., in the manufacture of fruit box-shook, which are carried to Bangor by railroad for shipment. Three vessels have recently taken cargoes, two for Palermo, and one for Messina. The stuff, hard wood, is got out by machinery, the ends and partitions, board thickness, and the sides, top and bottom, only from an eighth to a fourth of an inch in thickness.

A QUEEN CAN NEVER GO SHOPPING.—What belle will envy Her Majesty, when she knows the fact that, according to the royal etiquette, a Queen cannot speak to a tradesman.

Dr. C. P. Bronson's New Cures

—FOR—

Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from over-use, General Debility, or Nervous Prostration.

These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.

THEIR RANGE OF CURE:

CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &c. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.

THEIR PARTICULAR SPHERE.

It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known.

Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c, the 2d; of Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, *one* will suffice.

There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants; (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.

From numerous testimonials we select the following:

A VERY INTERESTING CASE.

Mr. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Horace Greeley and W. C. Bryant, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:

Mr. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 562 Hudson-street, New York.

Dr. Bronson can be consulted either by letter, addressed to Box 3586, P. O., or at the office of the General Agents from 9 to 12.

These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

AMERICAN & FOREIGN PATENTS.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington, under the act of 1837.

76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on reasonable terms, with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters appertaining thereto. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and, as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.

I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.

BOSTON, February 8, 1858.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his needs me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.

From Sept 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.

CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES

OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SUR PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In most instances the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * * Out of twenty-two cases in the third or last stage, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

BE SURE TO PURCHASE WINCHESTER'S GENUINE PREPARATION,

which is certified by Dr. James R. Chilton to be "PROPERLY MADE and *chemically pure*. My *fac simile* signature is upon every bottle.

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"**My Mother's Salve**" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"**My Mother's Salve**" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"**My Mother's Salve**" is a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"**My Mother's Salve**" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using "**My Mother's Salve**" are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed as their good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A. M. Beck.

THE ONLY ARTICLE

UNRIVALLED IN THE MARKET,

WITH IMMENSE

HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

Messrs. O. J. Wood & Co.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent nostrums, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.
Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.
Yours, &c., C. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,
D. R. THOMAS, M. D.,
No. 64 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPARED BY DR. SANFORD,

COMPOUNDED ENTIRELY FROM GUMS,

Is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

One dose often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER and AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, from the mistaken idea of the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false or fictitious medicines at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. j2 dly

AYER'S SARSAPARILLA,
A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will a complish their cure must be of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—
SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.
This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud.—Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores;—cleanse it when you find it is obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.
Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or anything else.
During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Aence bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly espised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have grounds for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

DR. J. C. AYER & CO.,
LOWELL, MASS.
PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.

Ayer's Cherry Pectoral
Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more tean assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief ull it has ever been found to do.

Ayer's Cathartic Pills.
FOR THE CURE OF
Costiveness, Jaundice, Dyspepsia, Indigestion Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.
They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.
Price, 25 cents per box; five boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agent below named furnishes gratis our Ameritan Almanac, in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.
Do not be put off by unprincipled dealers with other preparations they make more profit on.—Demand AYER'S, and take no other. The sick wan the best aid there is for them, and they should have it.

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her
SOOTHING SYRUP,
For Children Teething.
Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS
We have put up and sold this article for over ten years, and *can say, in confidence and truth,* on oath, that we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted to speak in terms of the highest medical effects and medical virtues. We speak, in this matter, "*what we do know,*" after ten years experience, and *pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.
This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success,* in THOUSANDS OF CASES.
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects, acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, AND WIND COLIC.
and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and surest remedy in the world in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*do not let your own prejudices, or the prejudices of others,* between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper. Sold by Druggists throughout the world. Principal Office, No. 13 Cedar st. New York
Price only 25 cents per bottle.

UNIVERSALISTS IN NEW HAMPSHIRE. The County Correspondence of the Exeter News Letter contains this item:

By the Universalist Register it appears that sect has 23 ministers in New Hampshire. We suspect, however, there are not near so many meetings sustained every Sabbath through the year.

This suspicion, in one respect, is well founded; there are not more than *one-third as* many Universalist societies which have 52 Sabbaths' preaching *each* through the year. But if any one infers from this that two-thirds of their ministers are unemployed, he deceives himself.

There are a large number of small societies, which have preaching one half the time, alternate Sundays, so that one preacher supplies two pulpits. Others, smaller still, have preaching once a month. So that about 20 resident ministers of that denomination have employment every Sabbath in this State.

Then, several societies are chiefly supplied by preachers living in Massachusetts, so that the number of Universalist congregations in New Hampshire, on the 52 Sabbaths, may be fairly set down as equal to the number of ministers, viz., 23 or 24—though some preachers supply three or four places in rotation.

WHEN HOMICIDE BY A POLICEMAN IS JUSTIFIABLE.—The case of policeman Samuel A. Cunningham, in Philadelphia, has just been decided by Judge Allison.—The rulings of the court in this case are important. Cunningham, a member of the police force of Philadelphia, was detailed on the 29th of April last to arrest one James McCrory, the keeper of a cigar store on Seventeenth street. McCrory refused to submit to the arrest, picked up a knife, and retreated towards a rear door, closely followed by Cunningham, who called upon him to surrender, and on his failure to do so, drew his revolver, fired, and killed him. Having been arrested on a charge of murder, Cunningham's trial took place last week. Judge Allison charged the jury that if they believed the prisoner had, under the circumstances, a well grounded apprehension that the next step taken by the deceased would be fatal to himself, the law gave him the right to take life.

The rights of a policeman under such circumstances were further defined by the Court as follows:

If, as an officer, charged with the duty of arresting McCrory, he attempted to make that arrest, and McCrory attempted to escape by the back passage, he was right in attempting to head him off. That would not only be justifiable, but it was his duty. It is the duty of an officer to face danger, and he is not bound to retreat when in the performance of his duty. According to the duty taken upon himself, he was bound to endeavor to make the arrest of McCrory, and if became necessary for him to use his pistol in the defence of his life, while in the discharge of that duty, it would be justifiable.

Under these circumstances, Cunningham was discharged.

☞ The price of beef in the New York as well as the Cambridge and Brighton markets,is declining. During the past month some 5500 bullocks per week have reached the New York market, which make more beef than even that great city can well consume. So the price ranges from six to eight cents per pound at wholesale, and is dull at that. Drovers in the farming towns buy very cautiously, and steak in Manchester N. H., retails two cents per pound lower than in the summer.

FIRE AT LONDONDERRY.—There was a fire at Londonderry, last Saturday, destroying a two-story dwelling house, belonging to John Proudman. A man by the name of Clark was arrested in that town, Monday, on suspicion of being the incendiary, and tried before Justice Richardson, but no case was made out against him. An application was made for insurance last Thursday, to take effect the Monday following, too late to do any good. The ground on which Clark was arrested, was that he had threatened to burn the buildings.

☞ In the accounts which are kept of the births and deaths, in Prussia, and in which the greatest exactness is observed, it appears that at the last census there were 32,678 persons who were not accounted for, and it is suspected that the difference arises from the number of young men who have clandestinely left the country during the last three years to avoid military service, or from the number of persons who have emigrated without having obtained that permission which the law requires.

☞ While a clerk in one of the departments at Washington was going to Alexandria on Saturday, with his month's salary in his pocket, by some means he inverted the pocket of his pantaloons, and the consequence was that the solid one hundred dollars slid into the water, and quietly reposed in the bottom of the Potomac.

EXCITING SCENE AT A FAIR.—At the St. Louis fair, on Thursday, about twenty-five horses and sulkies were flying round the ring, when one of the horses took fright, and bounding against several other horses, a general panic seized upon the equine collection. Gigs were smashed to splinters; drivers were hurled headlong from their seats to the ground, and run over; some of them held on to the reins, and were dragged along; one or two got caught with their feet in the wheels, and were hurled about in a frightful manner. Some of the horses attempted to jump over the railing among the frightened spectators. Others plunged madly for the entrance and exit places, and dashed their vehicles to pieces against the sides of the passage-way, while a general kicking and squealing among the horses,and the shouts of the crowd of spectators, added to the excitement of the scene. In five minutes it was all over, and horses, men and gigs had cleared the ring. Strange to tell, no one was killed, though several received severe contusions, and few escaped without bloody faces or soiled and torn garments.

☞ The New York Spirit of the Times says they have a famous Medicinal Spring in Texas, which cures every disease to which the flesh is heir to, and e'er long will be the resort for incurables, from all parts of the earth. Take a sample and put it in a wide-mouthed quart jar, pour on it a little sweetened water, say, half fill the jar, and watch its movements—it will effervesce; place your ear to the jar and hear it, and in a short time, say one hour, pour off the liquor, and flavor to suit the taste, and drink—fill up again; so continue for one week, and you will find the *sediment* nearly double in quantity, and you can always have good *ginger pop*, and fresh, of your own make. Let the liquor stand for twelve hours and it will become superb vinegar.—A very little of the sediment is a superior article of yeast, and makes most delicious bread. Put nothing but sweetened water, honey, sugar, or molasses in the jar.

LEGACIES OF AN ENGLISH BOOKSELLER.—George Riggs, of London, bookseller, lately deceased, in his will does not fail to remember the printers with whom his business was intimately connected. His property was valued at £70,000, of which he leaves £12,000 to his wife, £11,200 to other parties, and a considerable number of small legacies to his assistants and the contributors to the Family Herald, published by him. He bequeaths £500 to the Printers' Pension Society; to the Printers' Widow and Orphan Fund £100; to the Printers' Almshouse Fund £100; besides £100 each to the Servants' Home and Dressmaker's Institution, and a like amount to several hospitals. After these legacies are all paid, he bequeaths the residue of his property to the Printer's Almshouse Society, to be divided amongst the aged printers and widows of printers.

☞ A good story is told of a man from New Haven, who was sent down to New York with one of his fly-trap machines, as a "specimen number." A butcher was very desirous he should set it a going in his shop, and in the course of half an hour, something less than a peck of flies had been "hived." The butcher was pleased, but concluded, as the flies were all trapped, he didn't want the machine. "Very well," said the trap man, "I am a Yankee, and I won't take advantage of you by carrying off your flies," and drawing the slide, he liberated the whole swarm about the butcher's ears, and beat a retreat under cover of a little the loudest buzzing ever heard in that vicinity.

☞ The Albany Argus says:—"The apple crop of New York State, the present season, is unusually large. A Western exchange states that there now one hundred thousand barrels of apples awaiting shipment on the Rochester & Niagara Division of the Railroad. Buyers who have purchased the fruit of the growers are anxious to hurry it to the Eastern markets. We have heard of one gentleman who has contracted with the Western Road to carry from Albany to Boston 20,000 barrels, a portion of which is now being delivered.—Spitzenbergs are selling in the street market at $1.25 per bbl.

☞ A new and popular tale,—Mrs. H. B. Stowe's "Minister's Wooing," which has been published during the past year in the Atlantic Monthly, will be issued jointly in a few days by Messrs. Derby & Jackson of New York, and Brown, Taggard & Chase of Boston. Thousands have read the story in the Magazine,—and tens of thousands will read the book. It will meet with an immense sale.

☞ Punch says that the reason why editors are so apt to have their manners spoiled, is because they receive from one correspondent and another such a vast number of evil communications.

"Mr. S., is your customer B. a man to be trusted?" I know of none more so. He is to be trusted forever—he never pays."

☞ Thanksgiving in New York State is fixed for Thursday, Nov. 24.

FRETFUL PEOPLE.—"Men and women make themselves uncomfortable, destroy the peace of their families and actually make themselves hated by their fretfulness."—Beecher once said:—

It is not work that kills men; it worry. Work is healthy. You can hardly put more on a man than he can bear. Worry is rust upon the blade. It is not revolution that destroys the machinery, but friction. Fear secretes acid, but love and trust are sweet juices.

WALL STREET—AN EPIGRAM.

At the head of the street the lawyers are found,
At the foot, on the river, the vessels abound.
Fly—stranger—oh fly! to some safer retreat,
For there's *craft* on the river and *craft* in the street.

☞ Rev. H. D. Hodge has resigned the pastoral charge of the Baptist Church in Campton Village, N. H., and accepted a call from the church in West Braintree, Vt.

Did the man who ploughed the sea and afterwards planted his feet on his native soil, ever harvest the crops?

☞ Nearly one-half the children and youth of Connecticut, between the ages of four and eighteen, are not connected with a Sabbath school. This is the statement of Mr. Trumbull, the State Missionary.

☞ There are over 20,000 people in Arkansas, who either take no paper at all, or do not take a paper published in the State.

☞ Hon. T. W. Gillis, late Mayor of Nashua, has leased a large cotton factory in Wheeling, Va., upon which the Wheeling Times has a congratulatory paragraph, announcing the movement as greatly to the benefit of the city.

Patent Indelible Pencil,
FOR MARKING CLOTHING.
Patented May 31, 1859.
This article has the following ielaims to public attention: It can be used with greater ease in writing upon all kinds of cloth; will not dry up like ink; will sharpen well without breaking, in being used as a Pencil; one box of pencils will mark THREE THOUSAND articles.
Many persons have found it difficult to procure an article that will be permanent—they will find this all they can desire. It does not cost one-third as much as ink.
The marking inks so commonly used for marking linen and other fabrics are inconvenient and troublesome, each bottle being accompanied by a number of directions, which considerably bother the brains of House keepers. This pencil will prevent this, as all the preparation necessary is the dampening of the fabric which is to be marked, and it will leave an indelible mark thereupon.—[Scientific American, June 11, 1859.

Dropsies.
There is no disease in which the PERUVIAN SYRUP has achieved greater wonders than in Dropsy of the abdomen and the limbs, whether occasioned by disease of the liver, or of the kidneys. It stimulates the absorbents to take up the effused fluids, increases the urinary and cutaneous secretions, and gives tone to the stomach and intestines, thus removing both cause and consequences in these affections.

During the summer that has just passed away, thousands of sufferers from dysentery and diarrhœa have been relieved by the use of HOSTETTER'S BITTERS, a medicine which is evidently destined to maintain a permanent place in the public estimation. Billious diarrhœa is one of those diseases which baffles the skill of the physician. The medicine they administer to act upon the bowels never seems to reach the source of the evil. The difficulty is to get a remedy that will reach all the digestive organs, and give them simultaneously a rush of vigor, to rid themselves of this disease. This problem is solved by the BITTERS, which never fails to conquer the most stubborn cases. It is only fair to say, that during the season just closed, this medicine has achieved more cures than any other ever presented to the public, and during the fall, when that terrible scourge, the fever and ague, is so prevalent, the BITTERS will gain fresh fame.
Sold by druggists and dealers generally, everywhere.

TO DYSPEPTICS
And all who suffer the tortures which this disease inflicts in one form or another of its many phases, cure yourselves permanently and speedily by using the OXYGENATED BITTERS.
The "Weekly Novellette" of Sept. 18, says:
Dyspepsia is one of the prevailing diseases of our country. This is owing both to climate and the almost universal habit of eating our meals too rapidly to admit of proper digestion. But in spite of these adverse circumstances, this disease, even when it has become chronic, disappears rapidly by the use of the Oxygenated Bitters, which have been found to prove an infallible remedy.
From the publisher of a widely circulated Magazine.
BOSTON, July 1, 1858.
MESSRS. S. W. FOWLE & CO.,—I have taken 3 bottles of the Oxygenated Bitters, and have derived great benefit from their use. I have been much troubled with Dyspepsia for several years, and found nothing that afforded me any relief until I used the Bitters. I most cheerfully recommend them to all who are afflicted with this troublesome and *stubborn* complaint.
JAMES ROBINSON, of the
"Student and Schoolmate."
From Gen. A. C. Dodge, our Minister to Spain.
WASHINGTON, D. C., May 18.
DR. GEO. B. GREEN,—*Dear Sir*:—The *Oxygenated Bitters* with which you were to furnish me, have had a most salutary effect in my case. I was troubled with Dyspepsia for four years, during which time I tried many remedies, but never met with any so good as your Bitters. I am now in the enjoyment of good health, and I hope, and believe, that all who use the Oxygenated Bitters, will find them as serviceable as I found them.
With high respect, your obt. servant,
A. C. DODGE.

R. R. R.
Wm. B. Oliver, Esq., P. M., of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was cured from head to foot with sores; there was not sound flesh enough on her whole body to lay a twenty-five cent piece on.
SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.
The fourth day she was much better. On the 29th of April, 1853, she commenced the Resolvent; on the 20th of May, twenty-one days after she commenced its use,
SHE WAS SOUND.
Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.
Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.
R. R. Remedies are sold by Druggists generally.

WHEELER & WILSON'S
Medal Family Sewing Machines.

A NEW STYLE MACHINE.
PRICE $50.

This Machine makes the Lock Stitch, which is the only stitch that cannot be raveled, and that presents the same appearance upon each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

The Wheeler & Wilson Manufac'g Co.
Invites the attention of Housekeepers, Seamstresses, Dressmakers, Tailors, Manufacturers of Shirts, Skirts, Cloaks, Mantillas, Clothing, Hats, Caps, Corsets, Ladies' Gaiters, Linen Goods, Umbrellas, Parasols and Silk Goods, to the perfect adaptation and unrivalled excellence of their SEWING MACHINES for their uses.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, and suited to the workshop—applicable alike to the use of the family and the manufacturer.
Their speed is from 1200 to 2500 stitches per minute, or equal in efficiency to 12 seamstresses. Substituting as they do, healthful exercises and rational employment for the soul-and-body destroying drudgery of hand-sewing, they are hailed as WOMAN'S FRIEND.

Among their undoubted advantages are:
1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which, hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public; and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

Several varieties are manufactured, adapted to various purposes. So far as public opinion has been formed and uttered, the preference is emphatically accorded to the Wheeler & Wilson machine for family use, and for manufactures of the same range of purpose and material.

During the present autumn the trials have been numerous, and all the patents of any pretensions have been brought fairly into competition, in every case, the Wheeler & Wilson machine has won the highest premium.

We may instance the State Fairs of New York, New Jersey, Pennsylvania, Kentucky, Illinois, Wisconsin, Virginia, Michigan, Indiana, Mississippi, Missouri and California, and the Fairs in Cincinnati, Chicago, St. Louis, Baltimore, Richmond, and San Francisco.

At the Fair of the St. Louis Mechanical Association, the Examining Committee was composed of twenty-five Ladies of the highest social standing, who, without a dissenting voice, awarded for the Wheeler & Wilson machine, the highest and only premium, a Silver Pitcher, valued at $75. If these facts do not establish a reputation we know not what can.

We prefer the Wheeler & Wilson Sewing Machine for family use."—[N. Y. Tribune.

"Wheeler & Wilson's Sewing Machines are the favorites for families."—[N. Y. Times.

"The Wheeler & Wilson Machine has secured and justly maintains the pre-eminence for sewing every kind of material."—[N. Y. Express.

"There is not an invention of this inventive age that honors American genius more than the Sewing Machine. No family ought to be without its benefits."—[Independent.

"A Sewing Machine is among the most useful and economical articles a housekeeper can purchase. In looking out for the best, see the machines of Wheeler & Wilson."—[Examiner.

"Wheeler & Wilson is the machine par excellence for family use, and we recommend it most emphatically."—[Advocate and Journal.

"Wheeler & Wilson's Sewing Machines combine everything that can be required in the manufacture of garments. Our friends abroad may be assured that to purchase one of them is a safe investment."—[Observer.

"Wheeler & Wilson is beyond all question the machine for family use."—[Life Illustrated.

"There is but ONE Sewing Machine, and that is Wheeler & Wilson's."—[Judge Meigs, of the American Institute.

☞ There has been quite an overturn among the schoolmasters in the first District of this city, recently. Mr. Charles A. Shannon, from the Woodbury School, at Gravelly Ridge, takes the Franklin School, at Christian Shore—Mr. D. W. Jones going to Roxbury. Rev. Samuel Hoyt, of Newington, is to keep the Gravelly Ridge School. Mr. S. M. DeMerritt, of the Cabot Street School, takes the Bartlett School, in School street—Mr. J. P. Payson going to Chelsea. And Mr. Howe, an experienced teacher from Massachusetts, takes the Cabot Street School.

☞ We learn by persons from Dover, that on Tuesday evening there was a general row among scoundrels who had collected to honor (?) the fair by their presence. The jail there is full of those who were arrested on the occasion. People here, and those who go to Dover, would do well to look out for pickpockets, blacklegs, &c., who always float along as "side shows" to great assemblies.

A DISASTER NEAR THE SHOALS.—The following are two accounts of a marine disaster near the Shoals last Sunday night, or rather Monday morning:

GLOUCESTER, Oct. 4.—Schooner Senator, of Ellsworth, bound to Boston, with a cargo of wood and oil, was run into, off the Isle of Shoals about 3 o'clock, Monday morning last, by an unknown brig, cutting down her quarter timbers and cabin house. She was taken in tow three hours after by the Schooner Diadem, off Eastern Point, capsized, and was righted here by cutting away her masts. She was brought in here last evening, by a fishing schooner.

The other account, which follows, is from the Newburyport Herald.

As the brig Pilot Fisher, Capt. Savage, was on her way from Boston to this port last Monday, she was run into by the schooner Sinister at 3 1-2 o'clock, A. M., when about 8 miles out. The brig was close-hauled, standing in for shore, with light in the bowsprit. The schooner was running free, from Portsmouth to Boston, with no light. The jib-boom of the brig and all the head-gear was carried away, and the cutwater started. She reached this port Monday night. The damage of the schooner is not known; she kept on her course; it was not much however. She was loaded with lumber.

Mr. Edwin P. Parker, late of Bangor Theological Seminary, has declined the call of the first Parish in Exeter.

☞ Candia has a High School of about 60 pupils. Deerfield has one of about 40.

☞ The Boston Journal regrets to learn that Hon. John S. Wells of New Hampshire is confined to his house in Exeter by serious illness.

A LARGE AUDITORY.—Rev. Dr. Bellows, in his discourse entitled "A Sequel to the Suspense of Faith,'" just published, says:—"The audience I address represents I, the Independent Congregation and church over which I am set as a minister; II, the Unitarian Denomination; III, the Protestant World; IV, the nineteenth century and this new country." Dr. Bellows is the pastor of the Church of "*All* Souls."

THE SIDEWALK CEMETERY.—An exchange tells a good story of a jolly fellow who, on "the Glorious Fourth," passing along the streets of Springfield, saw the inscription, "B. K. Bliss, Apothecary," chiselled on a marble slab in the centre of the sidewalk. Stepping reverently over the name he turned around, and reading slowly, "B. K. Bliss *Apoplexy,*" exclaimed, "Apoplexy—yes—well—but what did they bury him under the sidewalk for?"

☞ We learn from the Rockland Gazette, that on Friday week, while two quarrymen, James Brainard and Dennis Murphy, were engaged in drilling out the tamping of a charge, in the ledge at Dix Island, which had failed to explode when fired, an explosion took place, which so seriously mangled the two men that they both died in a short time.

A shrewd committee man enclosed Henry Ward Beecher a check for two lectures, briefly asking "When will you come?"—Mr. Beecher's letter is characteristic:

B———, Sept. 11, '59.

My Dear Sir:—I have set down November 22 and 23 for Boston and Roxbury. Checks duly received. Long live common sense—and no bother.

Very truly yours, ———

THE CROP OF APPLES.—The total crop of apples in Western New York is variously estimated at from 600,000 to 1,000,000 barrels. All agree in representing that the principal part of the crop in the State will be gathered in the north-western counties. There are very few apples to spare in the northern tier of counties, and the same is the case in the eastern and southeastern part of the State.

The News.

FROM CALIFORNIA—OVERLAND.—San Francisco dates 12th ult.

Sufficient returns had been received to ensure the election of the entire Lecompton Democratic State ticket. The Lecompton candidates for Supreme Judge, State Printer, and the two Lecompton candidates for Congress were also elected. There was also a large Lecompton majority in both branches of the Legislature.

The People's Reform ticket in San Francisco was elected by a majority of from 1000 to 3000.

Business at San Francisco continued dull, with a light country demand.

☞ Bids for the transportation of supplies to the army in Utah and New Mexico were opened at the War Department in Washington on Saturday.

The Secretary of War being absent, the President deemed it of sufficient importance to go to the department and have the bids opened and registered before him. This unexpected step on the part of the President created some surprise. It appears that the old contractors, Messrs. Russell & Co., will not obtain any one of the three contracts, other bids being lower. It is understood that the bid of A. C. Irving & Co. will take the Utah contract at $1.34 per lb., 100 miles. The old contract was $1.80.

It is said the bids of Childs & Scott will take the contracts for New Mexico. The magnitude of these contracts may be judged from the fact that the amount of the Utah contract the first year was $20,000,000.

WALKER'S MOVEMENTS.—*New Orleans, Oct.* 4.—Collector Hatch has refused a clearance of the steamer Philadelphia for Aspinwall because it is alleged the steamer is engaged to take Gen. Walker and 200 or 300 men from Texas, Alabama, and elsewhere, now encamped below this city, and ready to start for Nicaragua. They are ostensibly bound to the Chiriqui diggings, and intended to leave on the 5th.

Gen. Walker and his men got off last night and sailed from Berwicks Bay this morning, in their own steamer, without a clearance.

Harry Maury commands Walker's steamer. The attempted clearance of the Philadelphia for Aspinwall, was made to blind the authorities.

FAIR AT ST. LOUIS.—*St Louis, Oct.* 4. The results of the 4th annual Fair, which closed yesterday, were eminently satisfactory. The display of animals was never, perhaps, equaled in this or any other country. The array of machines, agricultural implements, texile fabrics, and specimens of handicraft generally were unusualy comprehensive, while the varied fruits and flowers were very creditable to the horticultural progress of the West. The attendance on the grounds during the entire seven days was unprecedented, and the receipts amount to nearly $50,000.

FROM KANSAS.—*Leavenworth, Oct.* 4.—The election to-day on the question of the acceptance or rejection of the Wyandotte Constitution passed off quietly. The adoption of the Constitution is generally conceded. Leavenworth city gives 23 majority for it; Atchison township one majority.—Other townships to hear from will increase the majority.

☞ Advices from Liberia are to Aug. 2. The season on the Liberian coast had been very good for palm oil and camwood, and business was brisk.

GARDINER, Me., Oct. 4.—Capt. Joseph Waitt of South Gardiner, committed suicide, this morning, by hanging himself in the woods near his house. He was about 50 years of age, highly respected, and leaves a family.

GEORGIA ELECTION.—Returns received at Augusta, Ga., Oct. 4, show the re-election of Gov. Brown by a heavy majority.—In the 7th and 8th Congressional districts returns thus far indicate the election of the Democratic nominees.

☞ The race on the Abbey Park, St. Louis, on Tuesday afternoon, between Flora Temple, Princess and Ike Cook, was won by Flora in three straight heats. Time 2:25 1-4, 2:25 1-2, and 2:28.

☞ A trotting match for $2000, mile heats, best three in five, in harness, came off on the Union Course, L. I., on Monday afternoon, between br. g. Brown Dick and bl. g. Lancet—Brown Dick being the winner. Time—2.32, 2.31, 2.31 1-2.

NAVAL.—U. S. ship Vincennes was at Loando, Africa, August 14.

THE GREAT DISCOVERY OF OYSTERS. All New York and Connecticut are excited by the finding of an immense oyster bed in the Sound, near Norwalk. A New York newspaper thus describes this bivalvular deposite:—

"This bed is a mile long and two miles wide, and contains, it is believed, millions of bushels of the crustaceous bivalve. It has veteran fellows in it, as big as a garden spade. The bed was accidentally discovered last week by a party of fishermen, one of whom sold the secret for five hundred dollars. Since that time the people all along the Sound have been in as great a state of excitement as if some one had found the treasures which Kidd and other buccaneers are said to have burried thereabouts. The oysters are not of the finest quality, but it is said that they will compare favorably with the ordinary Virginians, which Gov. Wise made such a fuss about some time ago. The value of the bed is estimated at five millions of dollars, and as it is free to all comers every available boat in the vicinity is at work upon it."

Morning Chronicle.

Several years ago, when playing with one of his children, Mr. Brunel, the celebrated engineer, accidentally swallowed a golden half-sovereign, which stuck in his throat, and though the ablest surgical aid was employed, it was found impossible to remove it. The coin remained firmly fixed in his throat for a considerable period, and Mr. Brunel, being of a very nervous temperament, appeared literally pining away. At last, when things seemed at the worst, his Irish man-servant gave him a pinch of snuff, and the violent sneezing which this caused, suddenly removed the coin.

SCIENTIFIC COLLOQUY.—[Jones and Brown meet at the breakfast table.]

Brown—Saw the aurora Sunday night, I suppose?

Jones—I did.

Brown—How do you account for the red appearance of the sky?

Jones—The reflection of the late war, I presume.

Brown complains of a sick headache, and retires.

It is understood in musical circles that the new pitch recommended by the French commission will be adopted in England and the United States. The Messrs. Chickering have declared their intention to use it in their instruments. The pitch is one-third of a tone lower than that heretofore accepted.—*N. Y. Herald.*

☞ The Christian Watchman says: "We learn that Rev. Charles W. Flanders, D. D., of Concord, N. H., has received and accepted a call from the First Baptist Church in Worcester.

TALLEYRAND was enjoying his rubber when the conversation turned on a recent marriage of an elderly lady of respectable rank. "How ever could Madame, de S——— make such a match? a person of her birth, to marry a valet-de-chambre?"—"Ah," replied Tallyrand, "it was late in the game; at nine we don't reckon honors."

☞ A German named Schafer was killed at Brighton, N. Y., on Thursday, by a bull which he was leading home from the Monroe county fair.

Dr. C. P. Bronson's New Cures

—FOR—

Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from or cause, General Debility, or Nervous Prostration.

These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS in their practice with the most satisfactory results. They are taken by drops, not spoonfuls.

THEIR RANGE OF CURE:

CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, INFLUENZA, CHEST PLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &C. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.

THEIR PARTICULAR SPHERE.

It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known.

Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c, the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, one will suffice.

There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants; (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.

From numerous testimonials we select the following:

A VERY INTERESTING CASE.

MR. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Horace Greeley and W. C. Bryant, (of the *Tribune* and *Post*,) are familiar with the following facts and correspondence:

MR. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 562 Hudson-street, New York.

Dr. Bronson can be consulted either by letter, addressed to Box 2326, P. O., or at the office of the General Agents from 9 to 12.

These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been

THOROUGHLY TESTED

by experienced Plowmen, who pronounce them

The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES

OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SURE PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In *most instances* the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * Out of twenty-two cases in *the third or last stage*, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

BE SURE TO PURCHASE WINCHESTER'S GENUINE PREPARATION,

which is certified by Dr. James R. Chilton to be "PROPERLY MADE and *chemically pure*. My *facsimile* signature is upon every bottle.

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, COLD FEET, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" in a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using **"My Mother's Salve"** are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A. M. Beck

WITH IMMENSE

HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $8 a bottle.

The Liver Invigorator.

PREPARED BY DR. SANFORD,

COMPOUNDED ENTIRELY FROM GUMS,

IS one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

One dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

One dose often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER and AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 345 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 ly

LOTTERIES.

THE LOTTERIES OF

WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent to any place or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is prompt and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. j2 dly

AYER'S SARSAPARILLA.
A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will a complish their cure must be of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—
SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUMM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.
In this compound will be found a great promoter of health, when taken in the spring. It will expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud.—Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores;—cleanse it when you find it is obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.
Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it contain but little of the virtue of Sarsaparilla, or anything else.
During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly cspised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have grounds for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the medicine should be judiciously taken according to directions on the bottle.

Ayer's Cherry Pectoral
Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills.
FOR THE CURE OF
Costiveness, Jaundice, Dyspepsia, Indigestion Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.
They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.
Price, 25 cents per box; five boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agent below named furnishes gratis our American Almanac, in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.
Do not be put off by unprincipled dealers with other preparations they make more profit on.—Demand AYER'S, and take no other. The sick wan the best aid there is for them, and they should have it.
All our remedies are for sale by W. R. Preston, Portsmouth, and by all druggists and merchants in the civilized word. 6m—je14

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her
SOOTHING SYRUP,
For Children Teething.
Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS
We have put up and sold this article for over ten years, and *can say, in confidence and truth,* never been able to say of any other medicine, — NEVER HAS IT FAILED, IN A SINGLE INSTANCE, to effect a CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its medicinal effects and medical virtues. We speak, in this matter, *"what we do know,"* after ten years experience, and *pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.
This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success,* in THOUSANDS OF CASES.
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve
GRIPING IN THE BOWELS, AND COLIC, WIND
and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and surest REMEDY IN THE WORLD in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*do not let your own prejudices, or the prejudices of others,* stand between your suffering child and the relief that will ASSUREDLY BE GIVEN. SOLD BY ALL DRUGGISTS throughout the world. Principal Office, No. 13 Cedar st. New York.
Price only 25 cents per bottle.

FOREIGN IMMIGRANTS.

Persons removed from connection with new emigrants, and from the great centres where they congregate, are sometimes surprised at the political action and feeling in the large towns and cities. If all the immigrants to this country (says the Newburyport Herald) were of the character of those who settle in the rural districts and take up land for cultivation, no such feeling would exist; but thousands of criminals and vagabonds are yearly swept out from Europe to hang around our large cities, living in poverty, filth and crime, the disgrace of the better classes that come here, and a living nuisance before the eyes of our native population.

From statistics recently published in New York it appears that among offenders, in twenty-one months, were no fewer than 85,589 foreigners to 28,088 natives; 69,442 were Irish, 10,000 Germans, and 4000 English. In the city prison of New York, in ten years, 251,344 persons were committed, of whom but little over one-fifth, or 59,385, were natives, and the *rest foreigners*. This is perhaps about a fair proportion of criminals in all the large cities of the country;—nor is the proportion less in the Alms Houses and Asylums of the cities. The total number of admissions to the Alms House of New York, in three years, ending in 1858, was 11,653, of which only 2392 were natives, while 7661 were Irish, and the remainder were foreigners of other nations.—In ten years, 28,821 persons were admitted to the Alms House, among whom were 15,948 Irish, 1240 Germans, and 1297 English. Admissions into the several hospitals are in about the same proportion. Of 50,010 patients at the Bellevue hospital in ten years, 41,851 were foreigners; and of 4335 in the Lunatic Asylum, about 3360 were foreigners.

From these figures it will be seen that no small part of ten million dollars tax annually assessed in the city of New York, is occasioned by this foreign element; nor is this taxation the greatest evil. They collect in the cellars and garrets and miserable hovels of Five Points and like localities, where pestilence and ruin and death hold constant carnival, and there live out a most wretched existence, that would be loathed by even brutes.

The American population may, however, thank themselves for many of these evils, for in a great measure they come from the rum traffic, which is carried on or permitted to be carried on by Americans. Dr. Sanger, the Physician of Blackwell Island hospital reported that 61 in every hundred that come under his charge were habitual drunkards, and 85 in every hundred were addicted to the use of intoxicating liquors. So it is at the Alms House and Prison.

☞ About two weeks ago, Mr. John Elder of Fredericksburg, Va., had an undersack for a bed filled with straw by a negro man. It was brought home and placed under a feather bed, which was slept on by a daughter of Mr. E. The young lady complained on a number of occasions of having her slumbers disturbed by distinct thumps from underneath, but examinations revealed nothing. On Thursday morning, while Miss E. was sitting down stairs, facing the steps which led up to her room, she was startled by a curious noise, and looking up discovered a mocassin snake descending, blowing and hissing in a style peculiar to the reptile. An examination of the upstairs premises was made at once, when a small hole was discovered in the under-sacking, and on ripping the bed open, the full-length skin of a snake was found at the hole, which his snakeship had shed.

☞ Up to to last Saturday night the new oyster placer off Norfolk had yielded 250,000 bushels of oysters, the average earnings of each man being *twenty dollars a day*. This is better than Pike's Peak. It is estimated that the "placer" cannot be exhausted in five years. The origin of the bed is supposed to be the wreck of a Connecticut schooner with a deck load of thirty bushels of "seedling oysters" on the spot, eighteen years ago.

☞ On Tuesday evening, at Manchester, the agent of "Jo Pentland's" circus applied to the city government for a license, but the city fathers refused to grant it. Aldermen Farmer and Barnes objected to granting it; thought they had had enough of such amusements for one year. Then, again, the last circus which visited Manchester was a travelling liquor shop, and it was thought Manchester has liquor shops enough of her own, which certainly should not be compelled to compete with outsiders; and then it was voted that no more licenses be granted to circuses this year.

A Southern paper hopes that "the evident effects of Douglas' Harper article will be a lesson to him." Said a judge to a culprit at the bar, "You will be hung at noon on Tuesday, and may it prove a warning to you."

☞ A breach of promise case, says the Peterboro' Transcript, was tried in the Hillsboro' county court at a late term. The prosecutor was a widow lady, who has seen as many as fifty summers. The defendant, who broke his promise, cruelly wounding the affections of the old lady and putting her to much trouble and expense, likewise, is rather too far advanced in life to be flirting, being upwards of fifty. The evidence was rather against the old fellow, showing that he did squeeze the old lady's hand in a very affectionate way, and do divers other things which led her to believe that he meant something, and finally promised to *have her*. The old man *owned* up to enough to corroborate the widow's statement, and the jury gave her four hundred dollars for her pecuniary loss and to heal the wound of her lacerated affections.

☞ The Springfield Republican has a poor opinion of tobacco raising. It says: "If there is any dirtier work than raising tobacco, except chewing it, we should like to know it. A gum issues from green tobacco that covers everything that it comes in contact with. We met recently a troop of men fresh from the tobacco field, that, in any other portion of the world than this, would pass for Hottentots. They looked as if they always burrowed in the ground, and in hands and face, as well as dress, were the color of woodchucks."

PERSONAL.—The editor of the Provincetown Banner has a quaint way of defining his position:

"The Boston Traveller says the editor of this paper is a pretty good fellow, and thinks it important that our theology should be known. As we have before intimated, we are a republican and a sinner. Those who aim to know and act the truth, however bounded, will soon discover what our "theology" is. He inquires if we are a Ghost or a Shaker? We are almost lean enough to be a ghost, but we consume too much earthly substance for that; and if the editor of the Traveller should see all our children, he would know that we are no Shaker—though we do shake things up occasionally."

☞ The Washington States of the 30th ult., under the head of "personal," thus chronicles the arrival of a little stranger, which doubtless had an intimate connection with the hasty return of Judge Douglas from the stump in Ohio to his home in Washington:

"Miss Ellen Douglas received to-day a most hearty welcome from those who had the extreme pleasure of making her acquaintance. We congratulate the House of Douglas on the introduction of this new heir."

WHAT A PITY!—We observe that many of our country contemporaries are singing their sorrow to the tune of the "Pious Child," over that notable institution the Agricultural Fair. Cause of sorrow and lamentation—the races that have now become so popular and inevitable a feature of every Fair! These very honest, but rather slow old gentlemen, who can see nothing to admire in the horse but his patience and his pulling powers, have observed somehow, that the Fairs, which for many years had been continued with difficulty, have suddenly started into new life, and are attended with interest by everybody—but they regret the racing.—*Porter's Spirit.*

A JUMP FOR LIFE.—When the brig Pilot Fish, and schooner Senator, came in contact off Cape Ann Wednesday morning about 3 o'clock, two young women and a boy, passengers, awakened by the concussion, started from their berths in their night dresses, and at once jumped from the schooner to the brig, and in a minute the vessels had parted company, leaving them *en dishabille* with the strangers. They were brought into Newburyport and provided for.—*Herald.*

SARSAPARILLA.—This tropical root has a reputation wide as the world, for curing one class of the disorders that afflict mankind—a reputation too which it deserves as the best antidote we possess for scrofulous complaints. But to be brought into use its virtues must be concentrated and combined with other medicines that increase its power. Some reliable compound of this character is much needed in the community. Read the advertisement of Dr. Ayer's Sarsaparilla in our columns, and we know it needs no encomium from us to give our citizens confidence in what he offers.—*Organ, Syracuse, N. Y.*

DEATH FROM RAILROAD ACCIDENT.—We noticed at the time, an accident on the Salisbury Branch Road to Mrs. Alfred Flanders, who on the 24th ult., fell before the cars, near the Mills Village depot, and had her foot crushed so as to lose the toes. It was not supposed that she was dangerously injured, but on Tuesday, from the lock-jaw that set in, she expired, in the 48th year of her age.—*Newburyport Herald.*

The longer I live, the more certain I am that the great difference between men, the great and insignificant, is energy—invincible determination—honest purpose once fixed, and then victory. The quality will do anything that can be done in the world, and no circumstance, no opportunity, will make a two-legged creature a man without it.—*Goethe.*

MURDER CASES.—The Court of Appeals at Albany have affirmed the sentence of Jas. Stephens, who was condemned to be hung for poisoning his wife. The same court has reversed the sentence of Jas. Shepherd, who was also condemned to be hung for arson and wife-murder. The latter will have a new trial.

THE SUPREME COURT of the United States, consisting of only *nine* members in a population of twenty-five millions, all of them appointed by *one man* and holding office *for life*, in no way amenable to the people, and in no way liable to be reached by the people's representatives except upon the commission of crime, is now considered by a large class of politicians as the authoritive expounder of democratic truth! The democratic *platform* must be interpeted by its acts, its decisions, its *opinions* even! Did folly ever go further? The Judicial *Decisions* are to be regarded as law while they exist—while they remain unoverruled; but a democrat is no more bound to *endorse the theory of those decisions* than he is to endorse a sumptuary law, or an alien and sedition law, or any other odious law which may chance to escape conflict with the Constitution. Mr. Jefferson had so much jealousy of the Judiciary that he regarded the Supreme Court as the "corps of sappers and miners" which would undermine the Constitution.—*Bath Times.*

☞ Madame Mario and her husband are now safe in Switzerland. This fact is communicated to the papers by the brother of the lady, who says:—"Before they left Bologna, the governor, M. Cipriani, apologized, privately, for their having been imprisoned, and for ordering them to leave Central Italy, justifying these steps as measures of precaution rendered necessary by the exigencies of the time, but he acquitted them entirely of any revolutionary designs."

A QUEEN WITH TWELVE HUSBANDS. The Queen of Boni, South Pacific, after having spent some time with her seraglio of twelve husbands at Pasempa, has abdicated the sovereignty in favor of one of her native generals, rejoicing in the name of Aroe Palatta, who has been proclaimed king."

☞ The Duchess d'Ahumeda, the nearest friend of the Queen of Spain, died recently, under these circumstances: The Marquis de Miraflores gave at La Granaja a dinner party, followed by a ball; the Duchess was unusually gay and sprightly—all at once she fell back in her chair, her fan fell out of her hand, she was a corpse.

☞ Dr. Linus P. Brockett of Hartford, confessedly guilty of repeated, systematic forgery, and who was liberated on the plea that he was so sick that he could not live, has escaped from justice. The case was called on Thursday, and the accused party failing to appear, the bond of $3000 was declared forfeited. The Hartford Courant, denounces in severe terms this "demoralizing and flagrant violation of the due course of justice."

☞ Commander Rowan, of the U. S. Navy, says that "the story about Commander Maury, having, when a midshipman married a Sandwich Island Princess, or any other Kanaka girl, is a silly hoax. I was his shipmate during the only cruise he ever made among the islands of the Pacific, and no such incident occurred."

☞ The democratic candidates for Congress in the first five districts of Georgia have severally denounced Senator Toombs for his quasi support, or toleration rather, of Douglas. Mr. Crawford, the candidate for re-election in the 2d district, says that, "in the event of such a nomination, he would advise the Southern members to withdraw from the convention and go home."

☞ Samuel Hawkins, of Mt. Crawford, Va., shot an enormous bullsnake, over 11 feet in length. It was in pursuit of a young brother of Mr. Hawkins, making a kind of bellowing noise peculiar to this serpent, when it was shot. Its teeth were an inch in length.

☞ A dictum of Washington Irving's which will apply years hence as well as now: "In all ages the gentle sex have shown a disposition to infringe a little upon the laws of decorum, in order to betray a lurking beauty, or an innocent love of finery."

☞ Prof. Parsons, in his recent eulogy, well said, "Genius is nothing more than the faculty of laboring to advantage."

☞ The democratic party in Haverhill, Mass., has become so numerous that they have divided into two parties and elected two sets of delegates to thir County Contion.

☞ Mr. G. Dustin, of the last class at Andover, has received and accepted a call from the Union Congregational church at Peterboro'. His ordination will take place about the middle of October.

NO CALL.—The pastor of the First Baptist church in Concord, (Rev. C. W. Flanders, D. D.) informs the Congregational Journal that the report that he has received a call from Worcester, Mass., is not true.

☞ A correspondent of the London Times describes a "monster revival meeting" at Armagh, near Belfast, Ireland, which was attended by 10,000 persons.

Special Notices.

COUGHS, COLDS, BRONCHITIS, ASTHMA, CROUP, WHOOPING COUGH, DISEASES OF THE THROAT AND LUNGS, and PULMONARY AFFECTIONS of the severest type, are quite cured by that long tried and faithful remedy,
Dr. Wistar's Balsam of Wild Cherry.
Says a well known Editor:—"This is truly a Balsam and a blessing to invalids It contains the pure balsamic principle of Wild Cherry, the balsamic properties of tar and of pine. Its ingredients, which are mingled after the true principle of chemistry, are all balsamic, and therefore it is safe and sure in effect. Coughs, Colds, Consumption, and Bronchial troubles disappear under its balsamic influence as though charmed away. Probably no medicine has ever attained so extended a sale or accomplished so much good as this renowned Balsam."

CASSVILLE, GA., Feb. 26, 1858
Messrs. SETH W. FOWLE & CO., Boston, Mass.
Gentlemen:—At the request of your Traveling Agent, I give you a statement of my experience in the use of Dr. Wistar's Balsam of Wild Cherry. I have been using it for two years in my family, for Colds and Coughs, and have found it the *most efficacious remedy* that I have ever tried.
For Coughs and Colds in children I *know* it to be an excellent medium.
Respectfully yours,
JOHN H. RICE.

Dropsies.

There is no disease in which the PERUVIAN SYRUP has achieved greater wonders than in Dropsy of the abdomen and the limbs, whether occasioned by disease of the liver, or of the kidneys. It stimulates the absorbents to take up the effused fluids, increases the urinary and cutaneous secretions, and gives tone to the stomach and intestines, thus removing both cause and consequences in these affections.

During the summer that has just passed away, thousands of sufferers from dysentery and diarrhœa have been relieved by the use of HOSTETTER'S BITTERS, a medicine which is evidently destined to maintain a permanent place in the public estimation. Billious diarrhœa is one of those diseases which baffles the skill of the physician. The medicine they administer to act upon the bowels never seems to reach the source of the evil. The difficulty is to get a remedy that will reach all the digestive organs, and give them simultaneously a rush of vigor, to rid themselves of this disease. This problem is solved by the BITTERS, which never fails to conquer the most stubborn cases. It is only fair to say, that during the season just closed, this medicine has achieved more cures than any other ever presented to the public, and during the fall, when that terrible scourge, the fever and ague, is so prevalent, the BITTERS will gain fresh fame.

Sold by druggists and dealers generally, everywhere.

Wm. B. Oliver, Esq., P. M., of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to lay a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 29th of April, 1853, she commenced the Resolvent; on the 20th of May, twenty-one days after she commenced its use,

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.

R. R. Remedies are sold by Druggists generally.

Patent Indelible Pencil,
FOR MARKING CLOTHING.
Patented May 31, 1859.
This article has the following claims to public attention: It can be used with greater ease in writing upon all kinds of cloth; will not dry up like ink; will sharpen well without breaking, in being used as a Pencil; one box of pencils will mark THREE THOUSAND articles.
Many persons have found it difficult to procure an article that will be permanent—they will find this all they can desire. It does not cost one-third as much as ink.
The marking inks so commonly used for marking linen and other fabrics are inconvenient and troublesome, each bottle being accompanied by a number of 'directions,' which considerably bother the brains of House keepers. This pencil will prevent this, as all the preparation necessary is the dampening of the fabric which is to be marked, and it will leave an indelible mark thereupon.—[Scientific American, June 11, 1859.

☞ B. J. Lang, the talented and popular Pianist, of Boston, organist of the Handel and Haydn Society, is engaged to perform at the opening of the Lyceum in this city, next Tuesday evening.

Tickets may be subscribed for, at W. R. Preston's or N. P. Thacher's.

☞ Quite an excitement was occasioned in this city on Thursday morning, by the equestrianism of a little girl of about 10 years. She rode from the corner of Pleasant and Court streets to Market Square, standing erect upon the horse's back, and driving at a brisk trot, at that. Besides this she rode about an hour, handling her reins in a manner which couldn't be beat outside of a circus ring.

☞ A friend suggests that some gentlemen deem our estimate of the black republican liquor sellers in Portsmouth quite too low, and say all the apothecaries here are republicans. It may be so; but the apothecaries (five in number) were not included in the 57 places where liquors were known or supposed to be sold; nor were they included in the 6 or 7 supposed republicans. We add 5 to 7, and we have 12 republicans;—add 5 to 57, and we have 62 places. We are quite desirous to be correct in these matters, and willing to be corrected by any one who will show us the errors.

☞ As a gentleman and lady of this city were passing Rye Centre on Wednesday evening, about 7 1-2 o'clock, a party of rowdies standing a few feet from the horse, began blowing horns, and fired a gun, the ball passing under the horse. The thoughtless or vicious persons who do such acts, seem to disregard the fact that they peril the lives or limbs of those who ride—merely that they may indulge the boyish pleasure of making noise and confusion.

☞ At the annual meeting of the stockholders of the Portsmouth & Concord Railroad, holden in this city on Thursday, the following named gentlemen were elected Directors—Charles L. Frost, of New York; Charles Thompson, of Boston; Josiah Stevens, of Concord; S. Plumer Dow, of New Market; Aaron H. Hill, of Portsmouth. Subsequently the Directors made choice of Charles L. Frost, President; Thomas D. Lyley, Treasurer; and William H. Hackett, Clerk.

☞ At the meeting of the Board of Engineers, on Wednesday evening, at their room in the Court House, the subject of a building on Water street, recently occupied by James Goodrich, and the one on the southerly side of Long wharf, were taken from the table and referred to the Committee on Buildings, with power to act.

☞ There is to be an excursion train run from Portsmouth to Concord on Wednesday next, Oct. 12, affording a rare opportunity to visit the State House, State Prison, Insane Asylum, and other places of interest, in and about Concord. Tickets admitting the holder to the State Prison, the Insane Asylum, State House, &c., from Portsmouth to Concord and return, $1.00.

☞ A Sabbath School concert is to be held on Sunday evening, Oct. 9th, in the Methodist church. All interested are invited to attend.

DEATH OF JOHN R. PALMER, Esq.—The sudden decease of this gentleman, which occurred last Monday afternoon, says the Ballot, the town of Exeter loses an energetic and public-spirited citizen, and a circle of friends a well-beloved associate.—Mr. Palmer was appointed to the post of Marshal for the procession on the occasion of the late County Fair; but a few days before it occurred he was attacked with a throat distemper, which prevented him from acting in that capacity. His disease, which his friends at first hoped would prove but a temporary indisposition, rapidly increased in violence until it terminated fatally, taking him off in the prime of life and usefulness. Mr. Palmer buried his wife about two weeks since, and leaves two orphan children to deplore with our whole community his sudden departure. He was in his 40th year.

☞ 2600 dollars were taken at the N. H. State Fair in Dover on Wednesday. Among the oxen on the track were the great ones of David Towle, of Hampton. They are a Durham stock, red, without a white spot upon them, and girt 9 1-2 feet. They weigh about 6500, and are six years old.

☞ There was on Thursday, in Dover, a large attendance at the State Fair, estimated at ten or twelve thousand persons. A high wind prostrated some tents on the grounds. The pavilion in which the exhibition is held is badly damaged, and many of the articles on exhibition injured. Governor Collamer of Vermont delivered the address to a large audience.

What branch of education do you have charge of in your school?" "A willow branch, sir." The master has used most a willow tree."

Rev. J. C. FLETCHER, Tuesday, Oct. 18. Lecture on the "Land of Tell," illustrated with appropriate music.

Hon. HAMPDEN CUTTS, Tuesday, Oct. 25. Readings from Shakespeare and others.

GILMORE'S SERENADE BAND will give one of their splendid Concerts.

Dr. WINDSHIP will also lecture and illustrate "Physical Education."

Rev. J. G. Adams will lecture.

Albert Laighton will read a new Poem.

And there will be three other lectures or concerts, (ten in all) of an equally high order with those named.

Distinguished lecturers who may visit Boston or other cities during the winter, will be engaged to occupy evenings not otherwise filled; and no effort will be spared to provide the best entertainments circumstances will admit of.

Good Music will be supplied every evening—the character and expense of which must necessarily depend in some measure on the patronage extended.

☞ New Hampshire State Fair, at Dover, Wednesday, Thursday and Friday, Oct. 5, 6 and 7.

Friday, open at 7.

At 9, procession of teams entered for plowing, and Plowing Match.

At 11, exhibition of Stallions.

At 12, exhibition of Family and other Horses.

At 1 o'clock, the award of Premiums announced.

At 3, exhibition of Premium Horses of all classes.

At 4, exhibition of Premium Neat Stock.

STATE FAIR AT DOVER.—An extra train on the Concord road will leave Portsmouth at 7 3-4 o'clock on Wednesday, Thursday and Friday mornings, Oct. 5, 6, 7, connecting at New Market Junction with an extra train on the Boston and Maine Railroad for Dover.

HOW THEY DO IT.—It is stated that of the 600 inspectors of elections in New York city, hastily appointed by a chance democratic majority in the board of supervisors, 358 are known to be Irishmen, not a few unfortunately have the names of graduates from Blackwell's Island, and a great many of them are not found recorded in any of the directories.

☞ Governor Banks on Monday notified the Massachusetts Legislature that S. G. Howe and others had petitioned for a site on the capital grounds on which to place a bronze statue of the late Horace Mann.

☞ An American editor says:—"We don't mind recording the deaths of people without being paid for our trouble, though that is not fair; but panegyrics on the dead must be paid for—we positively cannot send people to heaven for nothing."

For a lady to sweep her carpet with embroidered undersleeves would be considered indecently dirty, but to drag the sidewalk with her skirts seems to be very genteel.

☞ The Manchester American says that those who attend the State Fair at Dover this week, have to pay full fare on all the railroads, except on the Boston & Maine.—[The Cochecho and Great Falls & Conway roads carry for half fare.] The American adds:

Last year the Concord & Portsmouth road and the Concord and Manchester roads ran extra trains, and carried for half fare, at an expense of $500, and received in return for tickets $79.
